FEDERAL REGISTER

Vol. 84 Wednesday,
No. 167 August 28, 2019

Pages 45055–45402

OFFICE OF THE FEDERAL REGISTER

The **FEDERAL REGISTER** (ISSN 0097–6326) is published daily, Monday through Friday, except official holidays, by the Office of the Federal Register, National Archives and Records Administration, under the Federal Register Act (44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). The Superintendent of Documents, U.S. Government Publishing Office, is the exclusive distributor of the official edition. Periodicals postage is paid at Washington, DC.

The **FEDERAL REGISTER** provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders, Federal agency documents having general applicability and legal effect, documents required to be published by act of Congress, and other Federal agency documents of public interest.

Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless the issuing agency requests earlier filing. For a list of documents currently on file for public inspection, see *www.federalregister.gov.*

The seal of the National Archives and Records Administration authenticates the Federal Register as the official serial publication established under the Federal Register Act. Under 44 U.S.C. 1507, the contents of the **Federal Register** shall be judicially noticed.

The **Federal Register** is published in paper and on 24x microfiche. It is also available online at no charge at *www.govinfo.gov*, a service of the U.S. Government Publishing Office.

The online edition of the **Federal Register** is issued under the authority of the Administrative Committee of the Federal Register as the official legal equivalent of the paper and microfiche editions (44 U.S.C. 4101 and 1 CFR 5.10). It is updated by 6:00 a.m. each day the **Federal Register** is published and includes both text and graphics from Volume 1, 1 (March 14, 1936) forward. For more information, contact the GPO Customer Contact Center, U.S. Government Publishing Office. Phone 202-512-1800 or 866-512-1800 (toll free). E-mail, *gpocusthelp.com.*

The annual subscription price for the **Federal Register** paper edition is $860 plus postage, or $929, for a combined **Federal Register, Federal Register** Index and List of CFR Sections Affected (LSA) subscription; the microfiche edition of the **Federal Register** including the **Federal Register** Index and LSA is $330, plus postage. Six month subscriptions are available for one-half the annual rate. The prevailing postal rates will be applied to orders according to the delivery method requested. The price of a single copy of the daily **Federal Register,** including postage, is based on the number of pages: $11 for an issue containing less than 200 pages; $22 for an issue containing 200 to 400 pages; and $33 for an issue containing more than 400 pages. Single issues of the microfiche edition may be purchased for $3 per copy, including postage. Remit check or money order, made payable to the Superintendent of Documents, or charge to your GPO Deposit Account, VISA, MasterCard, American Express, or Discover. Mail to: U.S. Government Publishing Office—New Orders, P.O. Box 979050, St. Louis, MO 63197-9000; or call toll free 1-866-512-1800, DC area 202-512-1800; or go to the U.S. Government Online Bookstore site, see *bookstore.gpo.gov.*

There are no restrictions on the republication of material appearing in the **Federal Register.**

How To Cite This Publication: Use the volume number and the page number. Example: 84 FR 12345.

Postmaster: Send address changes to the Superintendent of Documents, Federal Register, U.S. Government Publishing Office, Washington, DC 20402, along with the entire mailing label from the last issue received.

Presidential Documents

Title 3—

The President

Proclamation 9916 of August 23, 2019

Women's Equality Day, 2019

By the President of the United States of America

A Proclamation

On Women's Equality Day, we commemorate the 99th anniversary of the adoption of the 19th Amendment as part of the United States Constitution, which secured for women the right to vote. This historic event was the culmination of the decades-long struggle of courageous suffragists determined to ensure the right of women to shape the course of our Republic through the ballot box. On Women's Equality Day, we commemorate the efforts of those groundbreaking activists, celebrate the remarkable achievements of women, and reaffirm our commitment to equality under the law for all Americans.

My Administration is working every day to empower and promote women, and to facilitate their success. Thanks to our economic policies, including the enactment of the Tax Cuts and Jobs Act and the elimination of unnecessary and burdensome regulations, the unemployment rate for women recently fell to its lowest rate in 65 years. We also are fighting for policies that recognize the demands and challenges faced by working parents so that mothers can better provide for their families and thrive in the labor force. My Administration worked to double the child tax credit, protect the child and dependent care credit, and develop a tax credit for employers who offer paid family and medical leave. We continue to call upon the Congress to pass a nationwide paid family leave program. Additionally, we are working to break down the barriers faced by women in science, technology, engineering, and math (STEM) fields by expanding apprenticeships and vocational education. This year, my Administration launched the Women's Global Development and Prosperity (W–GDP) Initiative, which will reach 50 million women in the developing world by 2025. The W–GDP Initiative focuses on three pillars: improving access to quality education and skills training; promoting women's entrepreneurship and increasing access to capital, markets, technical assistance, and mentorship; and identifying and reducing the legal, regulatory, and cultural barriers that hinder the participation of women in the global economy.

As we celebrate Women's Equality Day, we honor the trailblazing American women who have fought for, and achieved, incredible gains in equality since the ratification of the 19th Amendment. Their hard-fought accomplishments have strengthened our economy, our communities, and our families, and have enriched the American spirit. Their resolve, innovation, leadership, passion, and compassion have changed the world and continue to inspire future generations of women.

NOW, THEREFORE, I, DONALD J. TRUMP, President of the United States of America, by virtue of the authority vested in me by the Constitution and the laws of the United States, do hereby proclaim August 26, 2019, as Women's Equality Day. I call upon the people of the United States to celebrate the achievements of women and observe this day with appropriate programs and activities.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-third day of August, in the year of our Lord two thousand nineteen, and of the Independence of the United States of America the two hundred and forty-fourth.

Rules and Regulations

Federal Register

Vol. 84, No. 167

Wednesday, August 28, 2019

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents.

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

7 CFR Part 1499

RIN 0551–AA94

Food for Progress Program

AGENCY: Foreign Agricultural Service and Commodity Credit Corporation, USDA.

ACTION: Final rule with request for comments.

SUMMARY: The Commodity Credit Corporation (CCC) is amending the regulations governing the Food for Progress Program to include colleges and universities among the entities eligible for awards under the program, and to make other minor changes. The Agricultural Improvement Act of 2018 added colleges and universities to the list of eligible entities in the Food for Progress Act of 1985. This amendment implements the statutory change to expand the types of entities that can receive awards under the program, and it makes other technical changes to update the regulations.

DATES: This rule is effective August 28, 2019. Written comments must be received by CCC or carry a postmark or equivalent no later than September 27, 2019.

ADDRESSES: Comments, identified by Regulatory Information Number (RIN) 0551–AA94, may be sent by any of the following methods:

- *Federal eRulemaking Portal: http://www.regulations.gov.* Follow the instructions for sending comments.
- *Email: PPDED@fas.usda.gov.* Include RIN 0551–AA94 in the subject line of the message.
- *Mail:* Director, Food Assistance Division, Office of Capacity Building and Development, Foreign Agricultural Service, 1400 Independence Ave. SW, STOP 1034, Washington, DC 20250.

Instructions: All submissions received must include the agency name and RIN 0551–AA94.

FOR FURTHER INFORMATION CONTACT: Angela Crooks, (202) 756–7194, *FAD_Contact@fas.usda.gov.*

SUPPLEMENTARY INFORMATION:

Background

The Food for Progress Program provides for the donation of U.S. agricultural commodities to developing countries and emerging democracies committed to introducing and expanding free enterprise in the agricultural sector. The commodities are generally sold on the local market and the proceeds are used to support agricultural development activities. The program has two principal objectives: To improve agricultural productivity and expand trade in agricultural products. The Food for Progress Program is authorized in section 1110 of the Food Security Act of 1985 (also known as the Food for Progress Act of 1985) (7 U.S.C. 1736o).

The Foreign Agricultural Service (FAS) implements the Food for Progress Program on behalf of CCC. FAS uses the regulations in 7 CFR part 1499, Food for Progress Program, in the administration of the Food for Progress Program. The previous version of the regulations was published as a final rule on September 12, 2016 (81 FR 62603).

Amendment of Regulations

FAS, on behalf of CCC, is amending the Food for Progress Program regulations in 7 CFR part 1499 through this final rule to implement a change made by the Agricultural Improvement Act of 2018 (Pub. L. 115–334) to the Food for Progress Act of 1985, which added colleges and universities, as defined in 7 U.S.C. 3103(4), to the list of entities eligible for awards under the program. FAS is adding the definition ''*College* or *university*'' to section 1499.2 and amending sections 1499.1(d), (f)(1), and (g)(1), and 1499.3(a) to implement this statutory change. The change will foster greater competition in proposal submissions and provide an opportunity for more innovative projects to be considered.

In addition, FAS is amending the regulations to make changes that are technical in nature and intended to improve the efficiency and effectiveness of the Food for Progress Program, including the following:

(1) Clarifying that regulatory provisions that are generally applicable to CCC apply to the Food for Progress Program (7 CFR 1499.1(c)).

(2) Clarifying that provisions specified by CCC during the negotiation of an agreement, which are in addition to provisions required by the regulations, will be included in the agreement but will not necessarily be in the plan of operation component of the agreement (7 CFR 1499.5(d)).

(3) Bringing the language in the regulations into better alignment with references in the Food for Progress Act of 1985 (7 CFR 1499.5(e)(1) and (e)(4)).

(4) Clarifying that the required assertion by a recipient that adequate transportation and storage facilities will be available in the target country refers to the time of arrival of the commodities in the target country (7 CFR 1499.5(e)(5)).

(5) Modifying references to economic sanction programs to allow for situations in which a U.S. Government economic sanction program is not country-specific (7 CFR 1499.11(e) and 1499.14(b)(2)).

(6) Replacing the specific reference to a percentage of the ''Grand Total Costs'' in the agreement budget with a more general reference to the amount specified in the agreement, which would allow CCC to make a change to the budget format if it determines that it would be beneficial (7 CFR 1499.11(h)(1)).

(7) Allowing CCC to specify in the agreement the circumstances in which a recipient must submit to CCC a contract with a provider of goods, services, or construction work (7 CFR 1499.11(k)).

(8) Allowing for the possibility that there might not be any closeout and post-closeout provisions specified in an agreement and that only those provisions in 2 CFR 200.343 and 200.344 would apply (7 CFR 1499.16(b)(3)).

(9) Modifying language to reflect that FAS personnel who act on behalf of CCC to make determinations under the Food for Progress Program are not necessarily CCC officials but are acting under delegated authority (7 CFR 1499.17(b) and (c)).

Notice and Comment

This rule is being issued as a final rule without prior notice and

opportunity for comment. The Administrative Procedure Act exempts rules ''relating to agency management or personnel or to public property, loans, grants, benefits, or contracts'' from the statutory requirement for prior notice and opportunity for comment (5 U.S.C. 553(a)(2)). Accordingly, this rule may be made effective less than 30 days after publication in the **Federal Register**. However, members of the public may participate in this rulemaking by submitting written comments, data, or views. CCC will consider the comments received and may conduct additional rulemaking based on the comments. Written comments must be received by CCC or carry a postmark or equivalent no later than September 27, 2019.

Catalog of Federal Domestic Assistance

The program covered by this regulation is listed in the Catalog of Federal Domestic Assistance (CFDA) under the following FAS CFDA number: 10.606, Food for Progress.

E-Government Act Compliance

CCC is committed to complying with the E-Government Act of 2002 (44 U.S.C. chapter 36), to promote the use of the internet and other information technologies to provide increased opportunities for citizens' access to Government information and services, and for other purposes.

Executive Order 12866

This rule is issued in conformance with Executive Order 12866, ''Regulatory Planning and Review.'' It has been determined to be not significant for the purposes of Executive Order 12866 and, therefore, was not reviewed by the Office of Management and Budget. Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), the Office of Information and Regulatory Affairs designated this rule as not a major rule, as defined by 5 U.S.C. 804(2).

Executive Order 12988

This rule has been reviewed in accordance with Executive Order 12988, ''Civil Justice Reform.'' This rule does not preempt State or local laws, regulations, or policies unless they present an irreconcilable conflict with this rule. This rule will not be retroactive.

Executive Order 12372

Executive Order 12372, ''Intergovernmental Review of Federal Programs,'' requires consultation with officials of State and local governments that would be directly affected by the proposed Federal financial assistance. The objectives of the Executive Order are to foster an intergovernmental partnership and a strengthened federalism by relying on State and local processes for the State and local government coordination and review of proposed Federal financial assistance and direct Federal development. This rule will not directly affect State or local officials and, for this reason, it is excluded from the scope of Executive Order 12372.

Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601–612), as amended by the Small Business Regulatory Enforcement Fairness Act of 1996, generally requires an agency to prepare a regulatory flexibility analysis of any rule that is subject to notice and comment rulemaking under the Administrative Procedure Act (APA) or any other law, unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. The Regulatory Flexibility Act does not apply to this rule because CCC is not required by the APA or any other law to publish a notice of proposed rulemaking with respect to the subject matter of the rule.

Executive Order 13132

This rule has been reviewed under Executive Order 13132, ''Federalism.'' This rule will not have any substantial direct effect on States, on the relationship between the Federal government and the States, or on the distribution of power and responsibilities among the various levels of government, except as required by law. This rule does not impose substantial direct compliance costs on State and local governments. Therefore, consultation with the States was not required.

Executive Order 13175

This rule has been reviewed in accordance with the requirements of Executive Order 13175, ''Consultation and Coordination with Indian Tribal Governments.'' Executive Order 13175 requires Federal agencies to consult and coordinate with tribes on a government-to-government basis on policies that have tribal implications, including regulations, legislative comments or proposed legislation, and other policy statements or actions that have substantial direct effects on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. CCC does not expect this rule to have any effect on Indian tribes.

Unfunded Mandates

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) does not apply to this rule because it does not impose any enforceable duty or contain any unfunded mandate as described under the UMRA.

List of Subjects in 7 CFR Part 1499

Agricultural commodities, Cooperative agreements, Exports, Food assistance programs, Foreign aid, Grant programs-agriculture, Technical assistance.

For the reasons set forth in the preamble, the Commodity Credit Corporation amends part 1499 of title 7 of the Code of Regulations as follows:

PART 1499—FOOD FOR PROGRESS PROGRAM

■ 1. The authority citation for part 1499 continues to read as follows:

Authority: 7 U.S.C. 1736o; and 15 U.S.C. 714b and 714c.

■ 2. In § 1499.1, revise paragraphs (c), (d), (f)(1), and (g)(1) and (2) to read as follows:

§ 1499.1 Purpose and applicability.

* * * * *

(c) Except as otherwise provided in this part, other regulations that are generally applicable to grants and cooperative agreements of USDA, including the applicable regulations set forth in 2 CFR chapters I, II, and IV, also apply to the FFPr Program. The provisions of the CCC Charter Act (15 U.S.C. 714 *et seq.*) and any other statutory or regulatory provisions that are generally applicable to CCC apply to the FFPr Program.

(d) In accordance with 7 U.S.C. 1736o(b)(5), assistance under the FFPr Program may be provided to governments of emerging agricultural countries, intergovernmental organizations, private voluntary organizations, nonprofit agricultural organizations or cooperatives, nongovernmental organizations, colleges or universities, and any other private entities.

* * * * *

(f)(1) The OMB guidance at subparts A through E of 2 CFR part 200, as supplemented by 2 CFR part 400 and this part, applies to all awards by CCC under the FFPr Program to all recipients that are private voluntary organizations, including a private voluntary organization that is a foreign organization, as defined in 2 CFR

200.47; nonprofit agricultural organizations or cooperatives, including a nonprofit agricultural organization or cooperative that is a foreign organization; nongovernmental organizations, including a nongovernmental organization that is a for-profit entity or a foreign organization; colleges or universities; or other private entities, including a private entity that is a for-profit entity or a foreign organization.

* * * * *

(g)(1) The OMB guidance at subpart F of 2 CFR part 200, as supplemented by 2 CFR part 400 and this part, applies only to awards by CCC to recipients that are private voluntary organizations, agricultural organizations or cooperatives, nongovernmental organizations, colleges or universities, or other private entities, but that are not for-profit entities or foreign organizations.

(2) The OMB guidance at subpart F of 2 CFR part 200, as supplemented by 2 CFR part 400 and this part, applies to subawards to subrecipients under this part, except where the subrecipient is a for-profit entity, foreign public entity, or foreign organization.

* * * * *

■ 3. In § 1499.2, add a definition for ''College or university'' in alphabetical order to read as follows:

§ 1499.2 Definitions.

* * * * *

College or *university* means an educational institution in any State which admits as regular students only persons having a certificate of graduation from a school providing secondary education, or the recognized equivalent of such a certificate; is legally authorized within such State to provide a program of education beyond secondary education; provides an educational program for which a bachelor's degree or any other higher degree is awarded; is a public or other nonprofit institution; and is accredited by a nationally recognized accrediting agency or association. The terms include a research foundation maintained by such a college or university. As used in this definition, State will have the meaning given in 7 U.S.C. 3103(16).

* * * * *

■ 4. In § 1499.3, revise paragraph (a) to read as follows:

§ 1499.3 Eligibility and conflicts of interest.

(a) A private voluntary organization, a nonprofit agricultural organization or cooperative, a nongovernmental organization, a colleges or university, or any other private entity is eligible to submit an application under this part to become a recipient under the Food for Progress Program. CCC will set forth specific eligibility information, including any factors or priorities that will affect the eligibility of an applicant or application for selection, in the full text of the applicable notice of funding opportunity posted on the U.S. Government website for grant opportunities.

* * * * *

■ 5. In § 1499.5:

■ a. Revise paragraphs (d)(2)(vii) and (viii);

■ b. Remove paragraph (d)(2)(ix);

■ c. Revise paragraphs (d)(3) and (4);

■ d. Add paragraph (d)(5); and

■ e. Revise paragraphs (e)(1), (4), and (5).

The revisions and addition read as follows:

§ 1499.5 Agreements.

* * * * *

(d) * * *

(2) * * *

(vii) Any other governmental or nongovernmental entities that will be involved in the implementation of the activities; and

(viii) Any processing, packaging, or repackaging of the donated commodities that will take place prior to their distribution, sale, or barter by the recipient;

(3) A budget, which will set forth the maximum amounts of sale proceeds, CCC-provided funds, interest, program income, and voluntary committed cost sharing or matching contributions that may be used for each line item, as well as other applicable budget requirements;

(4) Performance goals for the agreement, including a list of results, with long-term benefits where applicable, to be achieved by the activities and corresponding indicators, targets, and time frames; and

(5) Any additional provisions specified by CCC during the negotiation of the agreement.

(e) * * *

(1) The agreement will prohibit the sale or transshipment of the donated commodities by the recipient to a country not specified in the agreement, or the use of the donated commodities for other than domestic purposes, for as long as the recipient has title to such donated commodities;

* * * * *

(4) The recipient will assert that, to the best of its knowledge, any sale or barter of the donated commodities will not displace or interfere with any sales of United States commodities that may otherwise be made to or within the target country. The recipient must submit information to CCC to support this assertion; and

(5) The recipient will assert that adequate transportation and storage facilities will be available in the target country at the time of the arrival of the donated commodities to prevent spoilage or waste of the donated commodities. The recipient must submit information to CCC to support this assertion.

* * * * *

■ 6. In § 1499.6, revise paragraph (f)(6)(iv) to read as follows:

§ 1499.6 Payments.

* * * * *

(f) * * *

(6) * * *

(iv) If a recipient must return funds to CCC in accordance with paragraph (f)(6) of this section, the recipient must return the funds by the later of five business days after the 91st day after the funds were advanced, or five business days after the date on which the recipient receives notice from CCC that it has denied the recipient's request to roll over the funds; provided, however, that CCC may specify a different date for the return of funds in a written communication to the recipient.

* * * * *

■ 7. In § 1499.11, revise paragraphs (e), (h)(1), and (k) to read as follows:

§ 1499.11 Use of donated commodities, sale proceeds, CCC-provided funds, and program income.

* * * * *

(e) A recipient must not use sale proceeds, CCC-provided funds, interest, or program income to acquire goods and services, either directly or indirectly through another party, in a manner that violates a U.S. Government economic sanction program, as specified in the agreement.

* * * * *

(h)(1) Except as provided in paragraph (h)(2) of this section, a recipient may make adjustments within the agreement budget between direct cost line items without further approval, provided that the total amount of adjustments does not exceed the amount specified in the agreement. Adjustments beyond these limits require the prior approval of CCC.

* * * * *

(k) A recipient must enter into a written contract with each provider of goods, services, or construction work that is valued at or above the Simplified Acquisition Threshold. Each such contract must require the provider to

maintain adequate records to account for all donated commodities, funds, or both furnished to the provider by the recipient and to comply with any other applicable requirements that may be specified by CCC in the agreement. The recipient must submit a copy of each signed contract to CCC, as specified in the agreement.

■ 8. In § 1499.14, revise paragraph (b)(2) to read as follows:

§ 1499.14 Subrecipients.

* * * * *

(b) * * *

(2) The subrecipient is prohibited from using sale proceeds, CCC-provided funds, interest, or program income to acquire goods and services, either directly or indirectly through another party, in a manner that violates a U.S. Government economic sanction program, as specified in the agreement.

* * * * *

■ 9. In § 1499.16, revise paragraph (b)(3) to read as follows:

§ 1499.16 Suspension and termination of agreements.

* * * * *

(b) * * *

(3) Must comply with any closeout and post-closeout provisions specified in the agreement and 2 CFR 200.343 and 200.344.

■ 10. In § 1499.17, revise paragraphs (b) and (c) to read as follows:

§ 1499.17 Opportunities to object and appeals.

* * * * *

(b) The recipient must submit its objection in writing, along with any documentation, to the official specified in the agreement within 30 days after the date of CCC's written notification to the recipient of the CCC action being challenged. This official will endeavor to notify the recipient of his or her determination (the initial determination) within 60 days after the date that CCC received the recipient's written objection.

(c) The recipient may appeal the initial determination to the Administrator, FAS. An appeal must be in writing and be submitted to the Office of the Administrator within 30 days after the date of the initial determination. The recipient may submit additional documentation with its appeal.

* * * * *

Dated: July 19, 2019.

Robert Stephenson,

Executive Vice President, Commodity Credit Corporation.

In concurrence with.

Dated: July 18, 2019.

Ken Isley,

Administrator, Foreign Agricultural Service.

[FR Doc. 2019–18420 Filed 8–27–19; 8:45 am]

BILLING CODE 3410–10–P

SMALL BUSINESS ADMINISTRATION

13 CFR Part 120

504 Loan Program Rural Initiative—Extension of Pilot Program

AGENCY: U.S. Small Business Administration.

ACTION: Notification of extension of 504 Loan Program Rural Initiative Pilot Program.

SUMMARY: The 504 Loan Program Rural Initiative Pilot Program (504 Rural Pilot) authorizes Certified Development Companies (CDCs) to make 504 loans for projects in rural counties located in their Small Business Administration (SBA) Region during the two-year period beginning July 19, 2018 and ending July 20, 2020. The SBA announces the extension of the 504 Rural Pilot to September 30, 2021.

DATES: The 504 Rural Pilot, including the waiver of the restrictions in 13 CFR 120.839 on the CDC's authority to make loans outside their Area of Operations, is extended through September 30, 2021.

FOR FURTHER INFORMATION CONTACT: Linda Reilly, Chief, 504 Program Branch, Office of Financial Assistance, U.S. Small Business Administration, 409 Third Street SW, Washington, DC 20416; telephone: (202) 205–9949; email address: *linda.reilly@sba.gov.*

SUPPLEMENTARY INFORMATION: On July 19, 2018, SBA announced the availability of the 504 Rural Pilot for a two-year period, through July 20, 2020. *See* 83 FR 34021. In the notification, SBA explained that there has been a significant decline in the number of rural CDCs since 2013 and that SBA developed the 504 Rural Pilot to increase 504 lending in rural areas by allowing CDCs to make loans outside their Area of Operations. Specifically, the 504 Rural Pilot allows CDCs to make loans for 504 Projects with an address located in any county classified as ''rural'' by the U.S. Census Bureau if the 504 Project is located in the same SBA Region in which the CDC is incorporated.

Between July 19, 2018 and June 1, 2019, eight loans, in the aggregate amount of $2,983,000, have been approved under the 504 Rural Pilot. These loans range in size from $70,000 to $1,036,000 and are providing assistance for projects located in communities with populations that range in size from 276 to 34,538. From the size of the communities served, the pilot is beginning to reach communities that are hard to serve due to population size.

SBA would like to extend the time period of the 504 Rural Pilot to give CDCs more time to market the 504 Program in eligible rural areas. Because it takes time and additional investment for CDCs to market in new areas, CDCs have requested that the pilot be extended. By providing more time for CDCs to develop loan awareness and activity in the rural communities within their regions, SBA hopes that CDCs will be able to generate more new loans to assist rural businesses. Accordingly, SBA has decided to extend the pilot through September 30, 2021.

In addition, for purposes of this pilot, a rural county is currently defined as a county classified as ''mostly rural'' or ''completely rural'' by the U.S. Census Bureau in its most recent decennial census report. SBA is hereby modifying the definition of a ''rural county'' for purposes of this pilot to include any county that the U.S. Census Bureau classifies as greater than or equal to 30% rural in its most recent decennial census report. This definition will apply to any loan approved on or after August 28, 2019 under this pilot. These counties are identified in the County Classification Lookup Table that can be downloaded at *https://www.sba.gov/about-sba/sba-initiatives/sba-rural-lending-initiative* or on the Welcome Screen for the Capital Access Financial System (CAFS). SBA believes that the expanded definition of ''rural county'' will encourage more lending through the pilot and will bring capital to these underserved areas. Further, this change will align this pilot with the definition of rural that is used in the 7(a) and 504 loan programs. CDCs must continue to use the U.S. Census Bureau table for purposes of identifying the rural counties that are eligible for the 504 Rural Pilot. The terms and conditions of the pilot are otherwise unchanged.

As described in the original notification of this pilot (*see* 83 FR 34021), SBA will continue to use the following criteria to evaluate the 504 Rural Pilot to determine how well it is achieving its objectives and other aspects of performance: (1) The measurable objectives to be achieved through the 504 Rural Pilot, including the number of small business concerns served, and the delinquency and default rates on the 504 Rural Pilot loans compared to regular 504 loans; (2) the

number of CDCs that participate in the 504 Rural Pilot and their performance in making and servicing 504 Rural Pilot loans; and (3) the costs and standards of performance which, in order to be acceptable, must not impact the overall subsidy rate for the 504 Loan Program.

Authority: 13 CFR 120.3.

Dated: August 20, 2019.

Christopher M. Pilkerton,

Acting Administrator.

BILLING CODE P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA–2019–0257; Product Identifier 2018–NM–175–AD; Amendment 39–19714; AD 2019–16–11]

RIN 2120–AA64

Airworthiness Directives; Airbus SAS Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: The FAA is superseding Airworthiness Directive (AD) 2018–20–06, which applied to certain Airbus SAS Model A300 F4–600R series airplanes. AD 2018–20–06 required repetitive high frequency eddy current (HFEC) inspections of the aft lower deck cargo door (LDCD) frame forks; a one-time check of the LDCD clearances; a one-time detailed visual inspection of hooks, eccentric bushes, and x-stops; and corrective actions if necessary. This AD retains the actions of AD 2018–20–06 and requires new compliance times, depending on frame fork configuration. This AD was prompted by a report of two adjacent frame forks that were found cracked on the aft LDCD of two airplanes during scheduled maintenance, and a determination that certain compliance times need to be revised. The FAA is issuing this AD to address the unsafe condition on these products.

DATES: This AD is effective October 2, 2019.

The Director of the Federal Register approved the incorporation by reference of certain publications listed in this AD as of January 26, 2017 (81 FR 93801, December 22, 2016), and November 5, 2018 (83 FR 49265, October 1, 2018).

ADDRESSES: For service information identified in this final rule, contact Airbus SAS, Airworthiness Office—EAW, Rond-Point Emile Dewoitine No: 2, 31700 Blagnac Cedex, France; telephone +33 5 61 93 36 96; fax +33 5 61 93 44 51; email *account.airworth-eas@airbus.com;* internet *http://www.airbus.com.* You may view this referenced service information at the FAA, Transport Standards Branch, 2200 South 216th St., Des Moines, WA. For information on the availability of this material at the FAA, call 206–231–3195. It is also available on the internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2019–0257.

Examining the AD Docket

You may examine the AD docket on the internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2019–0257; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this final rule, the regulatory evaluation, any comments received, and other information. The address for Docket Operations is U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: Dan Rodina, Aerospace Engineer, International Section, Transport Standards Branch, FAA, 2200 South 216th St., Des Moines, WA 98198; telephone and fax 206–231–3225.

SUPPLEMENTARY INFORMATION:

Discussion

The FAA issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 to supersede AD 2018–20–06, Amendment 39–19440 (83 FR 49265, October 1, 2018) (''AD 2018–20–06''). AD 2018–20–06 applied to certain Airbus SAS Model A300 F4–600R series airplanes. The NPRM published in the **Federal Register** on May 7, 2019 (84 FR 19881). The NPRM was prompted by a report of two adjacent frame forks that were found cracked on the aft LDCD of two airplanes during scheduled maintenance, and a determination that certain compliance times need to be revised. The NPRM proposed to continue to require the actions of AD 2018–20–06 and also to require new compliance times, depending on frame fork configuration. The FAA is issuing this AD to address cracked or ruptured aft LDCD frames, which could allow loads to be transferred to the remaining structural elements. This condition could lead to the rupture of one or more vertical aft LDCD frames, which could result in reduced structural integrity of the aft LDCD.

The European Aviation Safety Agency (EASA), which is the Technical Agent for the Member States of the European Union, has issued EASA AD 2018–0266, dated December 11, 2018 (referred to after this as the Mandatory Continuing Airworthiness Information, or ''the MCAI''), to correct an unsafe condition for certain Airbus SAS Model A300 F4–600R series airplanes. The MCAI states:

> During scheduled maintenance at frames (FR) 61 and FR61A on the aft lower deck cargo door (LDCD) of two [Airbus SAS] A300–600F4 aeroplanes, two adjacent frame forks were found cracked. Subsequent analysis determined that, in case of cracked or ruptured aft cargo door frame(s), loads will be transferred to the remaining structural elements. However, these secondary load paths will be able to sustain the loads for a limited number of flight cycles (FC) only.
>
> This condition, if not detected and corrected, could lead to the rupture of one or more vertical aft cargo door frame(s), resulting in reduced structural integrity of the aft cargo door.
>
> To address this unsafe condition, Airbus issued Alert Operators Transmission (AOT) A52W011–15 to provide inspection instructions, and, consequently, EASA issued AD 2015–0152 to require repetitive inspections of the aft LDCD frame forks and, depending on findings, the accomplishment of applicable corrective action(s). Subsequently, Airbus published the modification SB [service bulletin] to provide frame fork reinforcement instructions, and the inspection SB to provide instructions to inspect the cargo door for cracks, as well as for frame fork replacement, including provisions for extended inspection intervals. EASA revised the AD accordingly.
>
> Since EASA AD 2015–0152R1 [which corresponds to FAA AD 2018–20–06] was issued, further investigations results allowed Airbus to define new thresholds and inspection intervals according to the frame fork configuration. Consequently, the inspection SB was revised to include these new thresholds and intervals.
>
> For the reasons described above, this [EASA] AD retains the requirements of EASA AD 2015–0152R1, which is superseded, and introduces new thresholds and intervals, depending on frame fork configuration.

You may examine the MCAI in the AD docket on the internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2019–0257.

Comments

The FAA gave the public the opportunity to participate in developing this final rule. The following presents the comments received on the NPRM and the FAA's response to each comment.

Support for the NPRM

FedEx stated agreement that this AD is required to maintain the continued airworthiness and safety of its fleet.

Request To Clarify Reason for Referencing Alert Operators Transmission

Airbus requested clarification as to why the proposed AD referenced Airbus Alert Operators Transmission A52W011–15, even though the MCAI no longer references Airbus Alert Operators Transmission A52W011–15, Revision 00, dated July 23, 2015 (''Airbus All Operators Transmission A52W011–15''), as it had in previous versions of the EASA ADs. Airbus pointed out that the MCAI no longer references Airbus Alert Operators Transmission A52W011–15, and now only references Airbus Service Bulletin A300–52–6086, Revision 01, dated May 2, 2018 (''Airbus Service Bulletin A300–52–6086''). Further, Airbus noted that the proposed AD retained the reference to Airbus Alert Operators Transmission A52W011–15.

The FAA acknowledges that the MCAI does not reference Airbus Alert Operators Transmission A52W011–15, and that the proposed AD retained this reference. We determined that, for the purposes of this AD, the inclusion of Airbus Alert Operators Transmission A52W011–15 is necessary to meet the requirements of this AD. The FAA carries over previous requirements for several reasons, including: To provide credit to operators who have already complied with the service information, to reduce the need for alternative method of compliance (AMOC) requests, and to prevent situations where operators could potentially be put out of compliance. For these reasons, the FAA has determined that this AD should include reference to Airbus Alert Operators Transmission A52W011–15. No changes have been made to this AD in this regard.

Conclusion

The FAA reviewed the relevant data, considered the comments received, and determined that air safety and the public interest require adopting this final rule as proposed, except for minor editorial changes. The FAA has determined that these minor changes:

- Are consistent with the intent that was proposed in the NPRM for addressing the unsafe condition; and
- Do not add any additional burden upon the public than was already proposed in the NPRM.

Related Service Information Under 1 CFR Part 51

This AD requires Airbus Service Bulletin A300–52–6085, Revision 01, dated May 2, 2018; and Airbus Service Bulletin A300–52–6086, Revision 01, dated May 29, 2018; which the Director of the Federal Register approved for incorporation by reference as of November 5, 2018 (83 FR 49265, October 1, 2018).

This AD also requires Airbus Alert Operators Transmission A52W011–15, Revision 00, including Appendices 1, 2, 3, and 4, dated July 23, 2015, which the Director of the Federal Register approved for incorporation by reference as of January 26, 2017 (81 FR 93801, December 22, 2016).

This service information is reasonably available because the interested parties have access to it through their normal course of business or by the means identified in the **ADDRESSES** section.

Costs of Compliance

The FAA estimates that this AD affects 58 airplanes of U.S. registry. The FAA estimates the following costs to comply with this AD:

ESTIMATED COSTS FOR REQUIRED ACTIONS

Action	Labor cost	Parts cost	Cost per product	Cost on U.S. operators
Retained actions from AD 2018–20–06	17 work-hours × $85 per hour = $1,445	$0	$1,445	$83,810

The new requirements of this AD add no additional economic burden.

The FAA estimates the following costs to do any necessary on-condition actions that would be required based on the results of any required actions. The FAA has no way of determining the number of aircraft that might need these on-condition actions:

ESTIMATED COSTS OF ON-CONDITION ACTIONS

Labor cost	Parts cost	Cost per product
Up to 65 work-hours × $85 per hour = Up to $5,525	Up to $10,000	Up to $15,525.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. Subtitle VII: Aviation Programs, describes in more detail the scope of the Agency's authority.

The FAA is issuing this rulemaking under the authority described in Subtitle VII, Part A, Subpart III, Section 44701: General requirements. Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

This AD is issued in accordance with authority delegated by the Executive Director, Aircraft Certification Service, as authorized by FAA Order 8000.51C. In accordance with that order, issuance of ADs is normally a function of the Compliance and Airworthiness Division, but during this transition period, the Executive Director has delegated the authority to issue ADs applicable to transport category airplanes and associated appliances to the Director of the System Oversight Division.

Regulatory Findings

The FAA determined that this AD will not have federalism implications under Executive Order 13132. This AD will not have a substantial direct effect on the States, on the relationship

between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify that this AD:

(1) Is not a ''significant regulatory action'' under Executive Order 12866,

(2) Will not affect intrastate aviation in Alaska, and

(3) Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

Adoption of the Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA amends 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by removing Airworthiness Directive (AD) 2018–20–06, Amendment 39–19440 (83 FR 49265, October 1, 2018), and adding the following new AD:

2019–16–11 Airbus SAS: Amendment 39–19714; Docket No. FAA–2019–0257; Product Identifier 2018–NM–175–AD.

(a) Effective Date

This AD is effective October 2, 2019.

(b) Affected ADs

This AD replaces 2018–20–06, Amendment 39–19440 (83 FR 49265, October 1, 2018) (''AD 2018–20–06'').

(c) Applicability

This AD applies to Airbus SAS Model A300 F4–605R and F4–622R airplanes, certificated in any category, on which Airbus modification 12046 has been embodied in production. Modification 12046 has been embodied in production on manufacturer serial numbers (MSNs) 0805 and above, except MSNs 0836, 0837, and 0838.

(d) Subject

Air Transport Association (ATA) of America Code 52, Doors.

(e) Reason

This AD was prompted by a report of two adjacent frame forks that were found cracked on the aft lower deck cargo door (LDCD) of two airplanes during scheduled maintenance, and a determination that certain compliance times need to be revised. The FAA is issuing this AD to address cracked or ruptured aft LDCD frames, which could allow loads to be transferred to the remaining structural elements. This condition could lead to the rupture of one or more vertical aft LDCD frames, which could result in reduced structural integrity of the aft LDCD.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) New Affected Part Definition

For the purposes of this AD, an affected part is a frame fork having a part number identified in figure 1 to paragraph (g) of this AD.

Figure 1 to paragraph (g) – *Part numbers of affected parts (frame forks)*

F523-72301-200	F523-72302-200
F523-72303-200	F523-72304-200
F523-72305-200	F523-72306-200
F523-72307-200	F523-72308-200
F523-72309-200	F523-72310-200

(h) Retained Inspection Requirements and On-Condition Actions, With Revised Compliance Language

This paragraph restates the requirements of paragraph (g) of AD 2018–20–06, with revised compliance language. At the applicable time specified in paragraph (i) of this AD, or before exceeding the threshold defined in figure 2 to paragraph (h) of this AD, whichever occurs later: Do the actions specified in paragraphs (h)(1) through (3) of this AD. Repeat the high frequency eddy current (HFEC) inspection specified in paragraph (h)(3) of this AD at all LDCD frame fork stations having affected parts thereafter at intervals not to exceed the applicable times specified in figure 2 to paragraph (h) of this AD.

(1) A one-time check of the aft LDCD clearances ''U'' and ''V'' between the latching hooks and the eccentric bush at frame (FR) 60 through FR64A, in accordance with the instructions of Airbus Alert Operators Transmission A52W011–15, Revision 00, dated July 23, 2015; or the Accomplishment Instructions of Airbus Service Bulletin A300–52–6086, Revision 01, dated May 29, 2018. If any value outside tolerance is found, adjust the latching hook before further flight, in accordance with the instructions of Airbus Alert Operators Transmission A52W011–15, Revision 00, dated July 23, 2015; or the Accomplishment Instructions of Airbus Service Bulletin A300–52–6086, Revision 01, dated May 29, 2018.

(2) A one-time detailed inspection to detect signs of wear of the hooks, eccentric bushes, and x-stops, in accordance with the instructions of Airbus Alert Operators Transmission A52W011–15, Revision 00, dated July 23, 2015. If any wear is found, do all applicable corrective actions before further flight, in accordance with the instructions of Airbus Alert Operators Transmission A52W011–15, Revision 00, dated July 23, 2015.

(3) An HFEC inspection to detect cracking at all frame fork stations of the aft LDCD, in accordance with the instructions of Airbus Alert Operators Transmission A52W011–15, Revision 00, dated July 23, 2015; or the Accomplishment Instructions of Airbus Service Bulletin A300–52–6086, Revision 01, dated May 29, 2018. If any crack is found, before further flight, replace the cracked frame fork, in accordance with the instructions of Airbus Alert Operators Transmission A52W011–15, Revision 00, dated July 23, 2015; repair the cracked frame fork, in accordance with the Accomplishment Instructions of Airbus Service Bulletin A300–52–6086, Revision 01, dated May 29, 2018; or modify (reinforce) the cracked frame fork, including doing all applicable related investigative and corrective actions, in accordance with the Accomplishment Instructions of Airbus Service Bulletin A300–52–6085, Revision 01, dated May 2, 2018; except as required by paragraph (j) of this AD.

Figure 2 to paragraph (h) – *Initial and repetitive HFEC inspections*

Status of Affected Part(s)	Threshold	Interval
No frame forks have been replaced since first flight of the airplane in accordance with Airbus Alert Operators Transmission A52W011-15, Revision 00, dated July 23, 2015, or modified in accordance with Airbus Service Bulletin A300-52-6085 or with Airbus Repair Drawing R523-70413, or repaired in accordance with Airbus Service Bulletin A300-52-6086	Before exceeding 4,500 flight cycles since first flight of the airplane	600 flight cycles
Any frame fork replaced in accordance with Airbus Alert Operators Transmission A52W011-15, Revision 00, dated July 23, 2015, or modified in accordance with Airbus Service Bulletin A300-52-6085 or with Airbus Repair Drawing R523-70413, or repaired in accordance with Airbus Service Bulletin A300-52-6086	Within 600 flight cycles since the last inspection, or 30 days after the effective date of this AD, whichever occurs later	600 flight cycles
All 10 frame forks previously replaced in accordance with Airbus Alert Operators Transmission A52W011-15, Revision 00, dated July 23, 2015, or previously modified in accordance with Airbus Service Bulletin A300-52-6085 or with Airbus Repair Drawing R523-70413	Before exceeding 12,500 flight cycles after frame forks replaced or modified	1,000 flight cycles

(i) Retained Compliance Times, With No Changes

At the later of the times specified in paragraphs (i)(1) and (2) of this AD, do the actions required by paragraph (h) of this AD.

(1) Before the accumulation of 4,500 total flight cycles.

(2) At the applicable time specified by paragraph (i)(2)(i) or (ii) of this AD.

(i) For airplanes that have accumulated 8,000 or more total flight cycles as of January 26, 2017 (the effective date of AD 2016–25–03, Amendment 39–18729 (81 FR 93801, December 22, 2016) (''AD 2016–25–03'')): Within 100 flight cycles after January 26, 2017.

(ii) For airplanes that have accumulated fewer than 8,000 total flight cycles as of January 26, 2017 (the effective date of AD 2016–25–03): Within 400 flight cycles after January 26, 2017.

(j) Service Information Exception

Where Airbus Service Bulletin A300–52–6085, Revision 01, dated May 2, 2018, specifies to contact Airbus for appropriate action: Before further flight, accomplish corrective actions in accordance with the procedures specified in paragraph (n)(2) of this AD.

(k) No Terminating Action

Accomplishment of corrective actions on an airplane as required by paragraph (h)(1) or (2) of this AD; or repair, modification, or replacement of a frame fork as required by paragraph (h)(3) of this AD, on the aft LDCD of an airplane; does not constitute terminating action for the repetitive HFEC

inspections required by paragraph (h)(3) of this AD for that airplane.

(l) No Reporting

Although the Accomplishment Instructions of Airbus Alert Operators Transmission A52W011–15, Revision 00, dated July 23, 2015; and Airbus Service Bulletin A300–52–6086, Revision 01, dated May 29, 2018; specify to submit certain information to the manufacturer, this AD does not include that requirement.

(m) Credit for Previous Actions

(1) This paragraph provides credit for actions required by paragraphs (h)(1) and (3) of this AD, if those actions were performed before the effective date of this AD using Airbus Service Bulletin A300–52–6086, Revision 00, dated December 25, 2016.

(2) This paragraph provides credit for actions required by paragraph (h)(3) of this AD, if those actions were performed before the effective date of this AD using Airbus Service Bulletin A300–52–6085, Revision 00, dated December 22, 2016.

(n) Other FAA AD Provisions

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, International Section, Transport Standards Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the International Section, send it to the attention of the person identified in paragraph (o)(2) of this AD. Information may be emailed to *9-ANM-116-AMOC-REQUESTS@faa.gov.*

(i) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(ii) AMOCs approved previously for AD 2018–20–06 are approved as AMOCs for the corresponding provisions of this AD.

(2) *Contacting the Manufacturer:* As of the effective date of this AD, for any requirement in this AD to obtain corrective actions from a manufacturer, the action must be accomplished using a method approved by the Manager, International Section, Transport Standards Branch, FAA; or the European Aviation Safety Agency (EASA); or Airbus SAS's EASA Design Organization Approval (DOA). If approved by the DOA, the approval must include the DOA-authorized signature.

(o) Related Information

(1) Refer to Mandatory Continuing Airworthiness Information (MCAI) EASA AD 2018–0266, dated December 11, 2018, for related information. This MCAI may be found in the AD docket on the internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2019–0257.

(2) For more information about this AD, contact Dan Rodina, Aerospace Engineer, International Section, Transport Standards Branch, FAA, 2200 South 216th St., Des Moines, WA 98198; telephone and fax 206–231–3225.

(3) Service information identified in this AD that is not incorporated by reference is available at the addresses specified in paragraphs (p)(5) and (6) of this AD.

(p) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless this AD specifies otherwise.

(3) The following service information was approved for IBR on November 5, 2018 (83 FR 49265, October 1, 2018).

(i) Airbus Service Bulletin A300–52–6085, Revision 01, dated May 2, 2018.

(ii) Airbus Service Bulletin A300–52–6086, Revision 01, dated May 29, 2018.

(4) The following service information was approved for IBR on January 26, 2017 (81 FR 93801, December 22, 2016).

(i) Airbus Alert Operators Transmission A52W011–15, Revision 00, dated July 23, 2015, including the following appendices:

(A) Appendix 1—Flowchart, undated.

(B) Appendix 2—Reporting Sheet, undated. (None of the pages of Appendix 2 are numbered.)

(C) Appendix 3—titled ''Technical Disposition,'' Ref. TD/K12/L3/02978/2015, Issue B, dated July 21, 2015. (Appendix 3 is identified with an appendix number only on page 1 of Airbus Alert Operators Transmission A52W011–15, Revision 00, dated July 23, 2015.)

(D) Appendix 4—P/N identification for frame forks and bushings, undated.

(ii) [Reserved]

(5) For service information identified in this AD, contact Airbus SAS, Airworthiness Office—EAW, Rond-Point Emile Dewoitine No: 2, 31700 Blagnac Cedex, France; telephone +33 5 61 93 36 96; fax +33 5 61 93 44 51; email *account.airworth-eas@airbus.com;* internet *http://www.airbus.com.*

(6) You may view this service information at the FAA, Transport Standards Branch, 2200 South 216th St., Des Moines, WA. For information on the availability of this material at the FAA, call 206–231–3195.

(7) You may view this service information that is incorporated by reference at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202–741–6030, or go to: *http://www.archives.gov/federal-register/cfr/ibr-locations.html.*

Issued in Des Moines, Washington, on August 15, 2019.

Suzanne Masterson,

Acting Director, System Oversight Division, Aircraft Certification Service.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA–2019–0253; Product Identifier 2019–NM–006–AD; Amendment 39–19686; AD 2019–14–08]

RIN 2120–AA64

Airworthiness Directives; Airbus SAS Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: The FAA is superseding Airworthiness Directive (AD) 2016–07–22, which applied to all Airbus SAS Model A300 B4–600, B4–600R, and F4–600R series airplanes, and Model A300 C4–605R Variant F airplanes (collectively called Model A300–600 series airplanes); and Model A310 series airplanes. AD 2016–07–22 required modifying the electrical routing installation at the right-hand (RH) and left-hand (LH) wings to achieve a minimum distance between wiring bundles and surrounding structures. This new AD retains the requirements of AD 2016–07–22 and, for certain airplanes, adds a requirement to further modify the electrical installations in both wings, as specified in a European Aviation Safety Agency (EASA) AD, which is incorporated by reference. This AD was prompted by reports of missing installation information for certain airplanes. The FAA is issuing this AD to address the unsafe condition on these products.

DATES: This AD is effective October 2, 2019.

The Director of the Federal Register approved the incorporation by reference of a certain publication listed in this AD as of October 2, 2019.

ADDRESSES: For the material incorporated by reference (IBR) in this AD, contact the EASA, Konrad-Adenauer-Ufer 3, 50668 Cologne, Germany; telephone +49 221 89990 1000; email *ADs@easa.europa.eu;* internet *www.easa.europa.eu.* You may find this IBR material on the EASA website at *https://ad.easa.europa.eu.* You may view this IBR material at the FAA, Transport Standards Branch, 2200 South 216th St., Des Moines, WA. For information on the availability of this material at the FAA, call 206–231–3195. It is also available in the AD docket on the internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2019–0253.

Examining the AD Docket

You may examine the AD docket on the internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2019–0253; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The address for Docket Operations is U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: Dan Rodina, Aerospace Engineer, International Section, Transport Standards Branch, FAA, 2200 South 216th St., Des Moines, WA 98198; telephone and fax 206–231–3225.

SUPPLEMENTARY INFORMATION:

Discussion

The EASA, which is the Technical Agent for the Member States of the European Union, has issued EASA AD 2019–0014, dated January 29, 2019 (''EASA AD 2019–0014'') (also referred to as the Mandatory Continuing Airworthiness Information, or ''the MCAI''), to correct an unsafe condition for all Model A300–600 and A310 series airplanes.

The FAA issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 to supersede AD 2016–07–22, Amendment 39–18467 (81 FR 21236, April 11, 2016) (''AD 2016–07–22''). AD 2016–07–22 applied to all Model A300–600 and A310 series airplanes. The NPRM published in the **Federal Register** on May 7, 2019 (84 FR 19888). The NPRM was prompted by reports of insufficient clearance for the electrical wiring bundles in the leading and trailing edges of the RH and LH wings. The NPRM proposed to retain the requirements of AD 2016–07–22 and, for certain airplanes, add a requirement to further modify the electrical installations in both wings. The FAA is issuing this AD to address insufficient clearance between wing structures and electrical wiring, which could lead to chafing damage and arcing, possibly resulting in an on-board fire. See the MCAI for additional background information.

Comments

The FAA gave the public the opportunity to participate in developing this final rule. The FAA received no comments on the NPRM or on the determination of the cost to the public.

Conclusion

The FAA reviewed the relevant data and determined that air safety and the public interest require adopting this final rule as proposed, except for minor editorial changes. The FAA has determined that these minor changes:

- Are consistent with the intent that was proposed in the NPRM for addressing the unsafe condition; and
- Do not add any additional burden upon the public than was already proposed in the NPRM.

Explanation of Retained Requirements

Although this AD does not explicitly restate the requirements of AD 2016–07–22, this AD would retain all of the requirements of AD 2016–07–22. Those requirements are referenced in EASA AD 2019–0014, which, in turn, is referenced in paragraph (g) of this AD.

Related IBR Material Under 1 CFR Part 51

EASA AD 2019–0014 describes procedures for modifying the electrical installations in both wings (RH and LH). This material is reasonably available because the interested parties have access to it through their normal course of business or by the means identified in the **ADDRESSES** section, and it is publicly available through the EASA website.

Costs of Compliance

The FAA estimates that this AD affects 123 airplanes of U.S. registry. The FAA estimates the following costs to comply with this AD:

ESTIMATED COSTS FOR REQUIRED ACTIONS

Action	Labor cost	Parts cost	Cost per product	Cost on U.S. operators
Retained actions from AD 2016–07–22 ..	56 work-hours × $85 per hour = $4,760	Up to $18,000 ..	Up to $22,760 ..	Up to $2,799,480.
New actions	Up to 38 work-hours × $85 per hour = Up to $3,230.	Up to $29,547 ..	Up to $32,777 ..	Up to $4,031,571.

According to the manufacturer, some or all of the costs of this AD may be covered under warranty, thereby reducing the cost impact on affected individuals. The FAA does not control warranty coverage for affected individuals. As a result, the FAA has included all known costs in the cost estimate.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. Subtitle VII: Aviation Programs, describes in more detail the scope of the Agency's authority.

The FAA is issuing this rulemaking under the authority described in Subtitle VII, Part A, Subpart III, Section 44701: ''General requirements.'' Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

This AD is issued in accordance with authority delegated by the Executive Director, Aircraft Certification Service, as authorized by FAA Order 8000.51C. In accordance with that order, issuance of ADs is normally a function of the Compliance and Airworthiness Division, but during this transition period, the Executive Director has delegated the authority to issue ADs applicable to transport category airplanes and associated appliances to the Director of the System Oversight Division.

Regulatory Findings

The FAA has determined that this AD will not have federalism implications under Executive Order 13132. This AD will not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify that this AD:

1. Is not a ''significant regulatory action'' under Executive Order 12866;

2. Will not affect intrastate aviation in Alaska; and

3. Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

Adoption of the Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA amends 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by removing airworthiness directive (AD) 2016–07–22, Amendment 39–18467 (81 FR 21236, April 11, 2016), and adding the following new AD:

2019–14–08 Airbus SAS: Amendment 39–19686; Docket No. FAA–2019–0253; Product Identifier 2019–NM–006–AD.

(a) Effective Date

This AD is effective October 2, 2019.

(b) Affected ADs

This AD replaces AD 2016–07–22, Amendment 39–18467 (81 FR 21236, April 11, 2016) (''AD 2016–07–22'').

(c) Applicability

This AD applies to all Airbus SAS airplanes identified in paragraphs (c)(1), (c)(2), (c)(3), (c)(4), and (c)(5) of this AD, certificated in any category.

(1) Model A300 B4–601, B4–603, B4–620, and B4–622 airplanes.

(2) Model A300 B4–605R and B4–622R airplanes.

(3) Model A300 F4–605R and F4–622R airplanes.

(4) Model A300 C4–605R Variant F airplanes.

(5) Model A310–203, –204, –221, –222, –304, –322, –324, and –325 airplanes.

(d) Subject

Air Transport Association (ATA) of America Code 24, Electrical power.

(e) Reason

This AD was prompted by reports of insufficient clearance for the electrical wiring bundles in the leading and trailing edges of the right-hand (RH) and left-hand (LH) wings. The FAA is issuing this AD to address insufficient clearance between wing structures and electrical wiring, which could lead to chafing damage and arcing, possibly resulting in an on-board fire.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Requirements

Except as specified in paragraph (h) of this AD: Comply with all required actions and compliance times specified in, and in accordance with, European Aviation Safety Agency (EASA) AD 2019–0014, dated January 29, 2019 (''EASA AD 2019–0014'').

(h) Exceptions to EASA AD 2019–0014

(1) For purposes of determining compliance with the requirements of this AD: Where EASA AD 2019–0014 refers to its effective date, this AD requires using the effective date of this AD.

(2) Where paragraph (1) of EASA AD 2019–0014 specifies a compliance time of ''Within 36 months after 19 February 2014,'' for this AD, the compliance time for that paragraph is ''Within 30 months after May 16, 2016 (the effective date of AD 2016–07–22).''

(3) Where paragraph (3) of EASA AD 2019–0014 specifies a date of ''06 September 2016,'' for this AD, use ''May 16, 2016 (the effective date of AD 2016–07–22).''

(4) For Group 1 and Group 3 airplanes: This paragraph provides credit for actions required by paragraph (1) of EASA AD 2019–0014, if those actions were performed before the effective date of this AD using Airbus Service Bulletin A300–24–6103, Revision 03, dated July 3, 2015, provided that the additional work specified in paragraphs (6) and (7) of EASA AD 2019–0014 is accomplished.

(5) The ''Remarks'' section of EASA AD 2019–0014 does not apply to this AD.

(i) Other FAA AD Provisions

The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, International Section, Transport Standards Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the International Section, send it to the attention of the person identified in paragraph (j) of this AD. Information may be emailed to: *9-ANM-116-AMOC-REQUESTS@faa.gov.* Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(2) *Contacting the Manufacturer:* For any requirement in this AD to obtain instructions from a manufacturer, the instructions must be accomplished using a method approved by the Manager, International Section, Transport Standards Branch, FAA; or EASA; or Airbus SAS's EASA Design Organization Approval (DOA). If approved by the DOA, the approval must include the DOA-authorized signature.

(3) *Required for Compliance (RC)*: For any service information referenced in EASA AD 2019–0014 that contains RC procedures and tests: Except as required by paragraph (i)(2) of this AD, RC procedures and tests must be done to comply with this AD; any procedures or tests that are not identified as RC are recommended. Those procedures and tests that are not identified as RC may be deviated from using accepted methods in accordance with the operator's maintenance or inspection program without obtaining approval of an AMOC, provided the procedures and tests identified as RC can be done and the airplane can be put back in an airworthy condition. Any substitutions or changes to procedures or tests identified as RC require approval of an AMOC.

(j) Related Information

(1) For more information about this AD, contact Dan Rodina, Aerospace Engineer, International Section, Transport Standards Branch, FAA, 2200 South 216th St., Des Moines, WA 98198; telephone and fax 206–231–3225.

(2) Service information identified in this AD that is not incorporated by reference is available at the addresses specified in paragraphs (k)(3) and (k)(4) of this AD.

(k) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless this AD specifies otherwise.

(i) European Aviation Safety Agency (EASA) AD 2019–0014, dated January 29, 2019.

(ii) [Reserved]

(3) For EASA AD 2019–0014, contact the EASA, Konrad-Adenauer-Ufer 3, 50668 Cologne, Germany; telephone +49 221 89990 6017; email *ADs@easa.europa.eu;* Internet *www.easa.europa.eu.* You may find this EASA AD on the EASA website at *https://ad.easa.europa.eu.*

(4) You may view this EASA AD at the FAA, Transport Standards Branch, 2200 South 216th St., Des Moines, WA. For information on the availability of this material at the FAA, call 206–231–3195. EASA AD 2019–0014 may be found in the AD docket on the internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2019–0253.

(5) You may view this material that is incorporated by reference at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202–741–6030, or go to: *http://www.archives.gov/federal-register/cfr/ibr-locations.html.*

Issued in Des Moines, Washington, on July 23, 2019.

Suzanne Masterson,

Acting Director, System Oversight Division, Aircraft Certification Service.

Airworthiness Directives; Learjet, Inc. Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: The FAA is superseding Airworthiness Directive (AD) 2017–11–09 for certain Learjet, Inc. (Learjet), Model 60 airplanes. AD 2017–11–09 required a one-time fluorescent dye penetrant inspection of the fuselage skin for corrosion, additional related inspections and corrective actions as necessary, and reporting the inspection results to the FAA. This AD clarifies the compliance time for the inspection and corrects an error in the inspection area of the fuselage skin. This AD was prompted by the identification of an error in the fluorescent dye penetrant inspection of the fuselage skin and an ambiguity in the compliance time for the fluorescent dye penetrant inspection. The FAA is issuing this AD to address the unsafe condition on these products.

DATES: This AD is effective October 2, 2019.

The Director of the Federal Register approved the incorporation by reference of a certain publication listed in this AD as of May 22, 2017 (82 FR 18084, April 17, 2017).

ADDRESSES: For service information identified in this final rule, contact Learjet, Inc., One Learjet Way, Wichita, KS 67209–2942; telephone: 316–946–2000; fax: 316–946–2220; email: *ac.ict@aero.bombardier.com;* internet: *http://www.bombardier.com.* You may view this service information at the FAA, Policy and Innovation Division, 901 Locust, Kansas City, Missouri 64106. For information on the availability of this material at the FAA, call (816) 329–4148. It is also available on the internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2019–0046.

Examining the AD Docket

You may examine the AD docket on the internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2019–0046; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this final rule, the regulatory evaluation, any comments received, and other information. The address for Docket Operations is U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: Tara Shawn, Aerospace Engineer, Wichita ACO Branch, 1801 Airport Road, Room 100, Wichita, Kansas 67209; telephone: (316) 946–4141; fax: (316) 946–4107; email: *tara.shawn@faa.gov* or *Wichita-COS@faa.gov.*

SUPPLEMENTARY INFORMATION:

Discussion

The FAA issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 to supersede AD 2017–11–09, Amendment 39–18908 (82 FR 24462, May 30, 2017) (''AD 2017–11–09''). AD 2017–11–09 applied to certain serial-numbered Learjet Model 60 airplanes with either a dorsal-mounted oxygen bottle or with a retained oxygen line fairing installed on top of the fuselage after removing the dorsal-mounted oxygen bottle. AD 2017–11–09 required a one-time fluorescent dye penetrant inspection of the fuselage skin for corrosion and reporting the results of the inspection to the FAA. AD 2017–11–09 resulted from an evaluation by the design approval holder that indicated the upper fuselage skin under the aft oxygen line fairing is subject to multi-site damage. The FAA issued AD 2017–11–09 to detect and correct corrosion of the fuselage skin, which could result in reduced structural integrity of the airplane.

AD 2017–11–09 superseded AD 2017–08–07, Amendment 39–18856 (82 FR 18084, April 17, 2017) (''2017–08–07''). AD 2017–11–09 retained all of the actions of AD 2017–08–07 but revised the applicability to include only those airplanes with a dorsal-mounted oxygen bottle or airplanes with a retained the oxygen line fairing installed on top of the fuselage after removing the dorsal-mounted oxygen bottle. AD 2017–11–09 was prompted by the FAA's determination that only certain airplanes listed in the applicability of AD 2017–08–07 were affected by the unsafe condition.

The NPRM published in the **Federal Register** on February 8, 2019 (84 FR 2793). The NPRM was prompted by the FAA's identification of an error in the area of the fluorescent dye penetrant inspection requirement. AD 2017–11–09 required a fluorescent penetrant inspection of the fuselage skin between stringer (S)–2L and S–2R. Bombardier Learjet 60 Service Bulletin (SB) 60–53–19, Revision 3, dated August 29, 2016, specifies inspecting only out to the fairing end caps, which is a smaller area.

The FAA also identified an ambiguity in the compliance time for the inspection of the fuselage skin. Paragraphs (g)(1) through (3) of AD 2017–11–09 do not specify that the date used for compliance is either the date of issuance of the original airworthiness certificate or the date of issuance of the original export certificate of airworthiness, whichever date is earlier.

The FAA is issuing this AD to correct the error of the inspection area and clarify the compliance times for the fluorescent dye penetrant inspection of the fuselage skin. The actions of this AD will detect and correct corrosion of the fuselage skin, which could result in reduced structural integrity of the airplane.

Comments

The FAA gave the public the opportunity to participate in developing this AD. The FAA received no comments on the NPRM or on the determination of the cost to the public.

Conclusion

The FAA reviewed the relevant data and determined that air safety and the public interest require adopting this AD as proposed except for minor editorial changes. It has determined that these minor changes:

- Are consistent with the intent that was proposed in the NPRM for addressing the unsafe condition; and
- Do not add any additional burden upon the public than was already proposed in the NPRM.

Related Service Information Under 1 CFR Part 51

The FAA reviewed Bombardier Learjet 60 Service Bulletin (SB) 60–53–19, Revision 3, dated August 29, 2016. This service information was previously approved for incorporation by reference in AD 2017–08–07 and retained in AD 2017–11–09. The service information describes procedures for inspections of the fuselage crown skin for corrosion and, as necessary, related investigative inspections and corrective actions. This service information is reasonably available because the interested parties have access to it through their normal course of business or by the means identified in the **ADDRESSES** section.

Costs of Compliance

The FAA estimates that this AD affects 284 airplanes of U.S. registry.

The FAA estimates the following costs to comply with this AD:

ESTIMATED COSTS

Action	Labor cost	Parts cost	Cost per product	Cost on U.S. operators
Inspection (retained action from AD 2017–11–09).	46 work-hours × $85 per hour = $3,910	$265	$4,175	$1,185,700
Reporting (retained action from AD 2017–11–09).	1 work-hour × $85 per hour = $85	0	85	24,140

This AD adds no additional economic burden. The FAA has not received definitive data that would enable us to provide cost estimates for the on-condition actions specified in this AD. According to the manufacturer, some of the costs of this AD may be covered under warranty, thereby reducing the cost impact on affected individuals. The FAA does not control warranty coverage for affected individuals. As a result, it has included all known costs in the cost estimate.

Paperwork Reduction Act

A federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB Control Number. The OMB Control Number for this information collection is 2120–0056. Public reporting for this collection of information is estimated to be approximately 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, completing and reviewing the collection of information. All responses to this collection of information are mandatory. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Information Collection Clearance Officer, Federal Aviation Administration, 10101 Hillwood Parkway, Fort Worth, TX 76177–1524.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the Agency's authority.

The FAA is issuing this rulemaking under the authority described in Subtitle VII, Part A, Subpart III, Section 44701, General requirements. Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

This AD is issued in accordance with authority delegated by the Executive Director, Aircraft Certification Service, as authorized by FAA Order 8000.51C. In accordance with that order, issuance of ADs is normally a function of the Compliance and Airworthiness Division, but during this transition period, the Executive Director has delegated the authority to issue ADs applicable to small airplanes, gliders, balloons, airships, domestic business jet transport airplanes, and associated appliances to the Director of the Policy and Innovation Division.

Regulatory Findings

The FAA determined that this AD will not have federalism implications under Executive Order 13132. This AD will not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify that this AD:

(1) Is not a ''significant regulatory action'' under Executive Order 12866,

(2) Will not affect intrastate aviation in Alaska, and

(3) Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

Adoption of the Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA amends 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by removing Airworthiness Directive (AD) 2017–11–09, Amendment 39–18908 (82 FR 24462, May 30, 2017), and adding the following new AD:

2019–17–01 Learjet, Inc.: Amendment 39–19721; Docket No. FAA–2019–0046; Product Identifier 2018–CE–040–AD.

(a) Effective Date

This AD is effective October 2, 2019.

(b) Affected ADs

This AD replaces AD 2017–11–09, Amendment 39–18908 (82 FR 24462, May 30, 2017) (''AD 2017–11–09'').

(c) Applicability

This AD applies to Learjet, Inc., Model 60 airplanes, certificated in any category, having serial numbers 60–002 through 60–430 inclusive, and having a configuration identified in paragraph (c)(1) or (2) of this AD.

(1) Airplanes with a dorsal-mounted oxygen bottle.

(2) Airplanes that have had the dorsal mounted oxygen bottle removed but have retained the oxygen line fairing installed on top of the fuselage.

(d) Subject

Joint Aircraft System Component (JASC)/ Air Transport Association (ATA) of America Code 53, Fuselage.

(e) Unsafe Condition

This AD was prompted by an evaluation by the design approval holder indicating that the upper fuselage skin under the aft oxygen line fairing is subject to multi-site damage. The FAA is issuing this AD to detect and correct corrosion of the fuselage skin, which could result in reduced structural integrity of the airplane.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Inspection of the Fuselage Skin, Related Investigative Inspections, and Corrective Actions

At the applicable compliance times specified in paragraphs (g)(1) through (3) of this AD, do the fluorescent dye penetrant inspection of the fuselage skin for corrosion. Before further flight, do all related investigative and corrective actions. Follow the Accomplishment Instructions of Bombardier Learjet 60 Service Bulletin 60–53–19, Revision 3, dated August 29, 2016, (SB 60–53–19, Revision 3) except as required by paragraph (h) of this AD.

(1) As of May 22, 2017 (the effective date of AD 2017–08–07, Amendment 39–18856 (82 FR 18084, April 17, 2017) (''2017–08–07''), which was superseded by AD 2017–11–09), any airplanes with more than 12 years since the date of issuance of the original airworthiness certificate or the date of issuance of the original export certificate of airworthiness, whichever date is earlier: Inspect within 12 months after May 22, 2017 (the effective date of AD 2017–08–07, which was superseded by 2017–11–09).

(2) As of May 22, 2017 (the effective date of AD 2017–08–07, which was superseded by AD 2017–11–09), any airplanes with more than 6 years but equal to or less than 12 years since the date of issuance of the original airworthiness certificate or the date of issuance of the original export certificate of airworthiness, whichever date is earlier: Inspect within 24 months after May 22, 2017 (the effective date of AD 2017–08–07, which was superseded by AD 2017–11–09).

(3) As of May 22, 2017 (the effective date of AD 2017–08–07, which was superseded by AD 2017–11–09), any airplanes with 6 years or less since the date of issuance of the original airworthiness certificate or the date of issuance of the original export certificate of airworthiness, whichever date is earlier: Inspect within 36 months after May 22, 2017 (the effective date of AD 2017–08–07, which was superseded by AD 2017–11–09).

(h) Retained Service Information Exception, With No Changes

This paragraph restates the requirements of paragraph (h) of AD 2017–11–09, with no changes. Where SB 60–53–19, Revision 3, specifies contacting Learjet, Inc., for appropriate action: Before further flight, repair using a method approved in accordance with the procedures specified in paragraph (l) of this AD.

(i) Retained Reporting, With No Changes

This paragraph restates the requirements of paragraph (i) of AD 2017–11–09, with no changes. At the applicable time specified in paragraph (i)(1) or (i)(2) of this AD: Submit a report of the findings (both positive and negative) of the inspection required by the introductory text of paragraph (g) of this AD to: *Wichita-COS@faa.gov;* or Ann Johnson, Wichita ACO Branch, 1801 Airport Road, Wichita, KS 67209. The report must include the name of the owner, the address of the owner, the name of the organization incorporating Learjet 60 Service Bulletin 60–53–19, the date that inspection was completed, the name of the person submitting the report, the address, telephone number, and email of the person submitting the report, the airplane serial number, the total time (flight hours) on the airplane, the total number of landings on the airplane, whether corrosion was detected, whether corrosion was repaired, the structural repair manual (SRM) chapter and revision used (if repaired), and whether corrosion exceeded the minimum thickness specified in Bombardier Learjet 60 SB 60–53–19 (and specify the SRM chapter and revision, if used as an aid to determine minimum thickness).

(1) If the inspection was done on or after May 22, 2017 (the effective date of AD 2017–08–07, which was superseded by AD 2017–11–09): Submit the report within 30 days after the inspection.

(2) If the inspection was done before May 22, 2017 (the effective date of AD 2017–08–07, which was superseded by AD 2017–11–09): Submit the report within 30 days after May 22, 2017 (the effective date of AD 2017–08–07, which was superseded by AD 2017–11–09).

(j) Credit for Previous Actions

This AD allows credit for the actions required in the introductory text of paragraph (g) if completed before the effective date of this AD using the Accomplishment Instructions in Learjet 60 SB 60–53–19, dated November 23, 2015; Learjet 60 SB 60–53–19 Revision 1, dated April 4, 2016; or Learjet 60 SB 60–53–19 Revision 2, dated April 18, 2016.

(k) Paperwork Reduction Act Burden Statement

A federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control Number. The OMB Control Number for this information collection is 2120–0056. Public reporting for this collection of information is estimated to be approximately 1 hour per response, including the time for reviewing instructions, completing and reviewing the collection of information. All responses to this collection of information are mandatory. Comments concerning the accuracy of this burden and suggestions for reducing the burden should be directed to the FAA at: 800 Independence Ave. SW, Washington, DC 20591, Attn: Information Collection Clearance Officer, AES–200.

(l) Alternative Methods of Compliance (AMOCs)

(1) The Manager, Wichita ACO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the ACO Branch, send it to the attention of the person identified in paragraph (m)(1) of this AD.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(3) An AMOC that provides an acceptable level of safety may be used for any repair, modification, or alteration required by this AD if it is approved by a Learjet, Inc., Designated Engineering Representative (DER), or a Unit Member (UM) of the Learjet Organization Designation Authorization (ODA), that has been authorized by the Manager, Wichita ACO Branch, to make those findings. To be approved, the repair, modification deviation, or alteration deviation must meet the certification basis of the airplane, and the approval must specifically refer to this AD.

(4) AMOCs approved previously for AD 2017–08–07 or AD 2017–11–09 are approved for the corresponding requirements in paragraph (g) of this AD.

(m) Related Information

For more information about this AD, contact Tara Shawn, Aerospace Engineer, Wichita ACO Branch, 1801 Airport Road, Room 100, Wichita, Kansas 67209; telephone: (316) 946–4141; fax: (316) 946–4107; email: *tara.shawn@faa.gov* or *Wichita-COS@faa.gov.*

(n) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless the AD specifies otherwise.

(3) The following service information was approved for IBR on May 22, 2017, (82 FR 18084, April 17, 2017).

(i) Bombardier Learjet 60 Service Bulletin 60–53–19, Revision 3, dated August 29, 2016.

(ii) [Reserved]

(4) For service information identified in this AD, contact Learjet, Inc., One Learjet Way, Wichita, KS 67209–2942; telephone: 316–946–2000; fax: 316–946–2220; email: *ac.ict@aero.bombardier.com;* internet: *http://www.bombardier.com.*

(5) You may view this service information at the FAA, Policy and Innovation Division, 901 Locust, Kansas City, Missouri 64106. For information on the availability of this material at the FAA, call (816) 329–4148.

(6) You may view this service information that is incorporated by reference at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call

202–741–6030, or go to: *http://www.archives.gov/federal-register/cfr/ibr-locations.html.*

Issued in Kansas City, Missouri, on August 20, 2019.

Melvin J. Johnson,

Aircraft Certification Service, Deputy Director, Policy and Innovation Division, AIR–601.

BILLING CODE 4910–13–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2019–0718]

RIN 1625–AA00

Safety Zone; Gulf Intracoastal Waterway, Lafitte, LA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters of the Gulf Intracoastal Waterway in Lafitte, LA. The safety zone is necessary to protect persons, vessels, and the marine environment from potential hazards created by the Jean Lafitte Pirogue Race. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Sector New Orleans or a designated representative.

DATES: This rule is effective from 10 a.m. through 5 p.m. on September 7, 2019.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to *https://www.regulations.gov,* type USCG–2019–0718 in the ''SEARCH'' box and click ''SEARCH.'' Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Lieutenant Commander Corinne Plummer, Sector New Orleans, U.S. Coast Guard; telephone 504–365–2375, email *Corinne.M.Plummer@uscg.mil.*

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
COTP Captain of the Port Sector New Orleans
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are ''impracticable, unnecessary, or contrary to the public interest.'' Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. It is impracticable to publish an NPRM because we must establish this safety zone by September 7, 2019 and lack sufficient time to provide a reasonable comment period and then consider those comments before issuing the rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register.** Delaying the effective date of this rule would be contrary to the public interest because immediate action is needed to respond to the potential safety hazards associated with the boat race.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Sector New Orleans (COTP) has determined that potential hazards associated with a boat race on September 7, 2019, will be a safety concern for anyone within a one-mile section of the Gulf Intracoastal Waterway. Possible hazards include risks of injury or death from near or actual contact among participant vessels and mariners traversing through the safety zone. This rule is necessary to protect persons, vessels, and the marine environment during the race.

IV. Discussion of the Rule

This rule establishes a safety zone from 10 a.m. through 5 p.m. on September 7, 2019. The safety zone will encompass all navigable waters of the Gulf Intracoastal Waterway between mile markers (MMs) 11 and 12 west of the Harvey Locks in Lafitte, LA. The duration of the zone is intended to protect persons, vessels, and the marine environment during the race and will include breaks and opportunity for vessels to transit through the regulated area.

No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Sector New Orleans. Vessels requiring entry into this safety zone must request permission from the COTP or a designated representative. They may be contacted on VHF–FM Channel 16 or 67 or by telephone at (504) 365–2200.

A designated representative may be a Patrol Commander (PATCOM). The PATCOM may be aboard either a Coast Guard or Coast Guard Auxiliary vessel. The PATCOM may be contacted on Channel 16 VHF–FM (156.8 MHz) by the call sign ''PATCOM''. The ''official patrol vessels'' consist of any Coast Guard, state, or local law enforcement and sponsor provided vessels assigned or approved by the COTP or a designated representative to patrol the zone. All persons and vessels not registered with the sponsor as participants or official patrol vessels are considered spectators.

Spectator vessels desiring to transit the zone may do so only with prior approval of the COTP or a designated representative and when so directed by that officer must be operated at a minimum safe navigation speed in a manner that will not endanger any other vessels. No spectator vessel shall anchor, block, loiter, or impede the through transit of official patrol vessels in the zone during the effective date and times, unless cleared for entry by or through the COTP or a designated representative. Any spectator vessel may anchor outside the zone, but may not anchor in, block, or loiter in a navigable channel. Spectator vessels may be moored to a waterfront facility within the zone in such a way that they shall not interfere with the progress of the event. Such mooring must be complete at least 30 minutes prior to the establishment of the zone and remain moored through the duration of the event.

The COTP or a designated representative may forbid and control the movement of all vessels in the zone. When hailed or signaled by an official patrol vessel, a vessel shall come to an immediate stop and comply with the directions given. Failure to do so may result in expulsion from the zone, citation for failure to comply, or both.

The COTP or a designated representative may terminate the

operation of any vessel at any time it is deemed necessary for the protection of life or property. The COTP or a designated representative will terminate enforcement of the safety zone at the conclusion of the event.

The COTP or a designated representative will inform the public of the enforcement periods of this safety zone through Broadcast Notices to Mariners (BNMs), Local Notices to Mariners (LNMs), and/or Marine Safety Information Bulletins (MSIBs) as appropriate.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a ''significant regulatory action,'' under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size and duration of the temporary safety zone. This temporary safety zone covers a one-mile section of the Gulf Intracoastal Waterway for only seven hours on one day. Moreover, the rule allows vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term ''small entities'' comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01 and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting only seven hours on one day that will prohibit entry within a one-mile stretch of the Gulf Intracoastal Waterway. It is categorically excluded from further review under paragraph L60(a) in Table 3–1 of U.S. Coast Guard Environmental Planning Implementing Procedures. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T08–0718 to read as follows:

§ 165.T08–0718 Safety Zone; Gulf Intracoastal Waterway, Lafitte, LA.

(a) *Location.* The following area is a safety zone: All navigable waters of the Gulf Intracoastal Waterway, from mile markers (MMs) 11 to 12 west of the Harvey Locks, Lafitte, LA.

(b) *Effective period.* This section is effective from 10 a.m. through 5 p.m. on September 7, 2019.

(c) *Enforcement periods.* This section will be enforced during the effective period. However, breaks in the racing may occur during the enforcement periods, which will allow for vessels to pass through the safety zone. The Captain of the Port Sector New Orleans (COTP) or a designated representative will provide notice of breaks as appropriate under paragraph (e) of this section.

(d) *Regulations.* (1) In accordance with the general regulations in § 165.23, entry into this zone is prohibited unless authorized by the COTP or designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Sector New Orleans. They may be contacted on VHF–FM Channel 16 or 67 or by telephone at (504) 365–2200. A designated representative may be a Patrol Commander (PATCOM). The PATCOM may be aboard either a Coast Guard or Coast Guard Auxiliary vessel. The Patrol Commander may be contacted on Channel 16 VHF–FM (156.8 MHz) by the call sign ''PATCOM''.

(2) All persons and vessels not registered with the sponsor as participants or official patrol vessels are considered spectators. The ''official patrol vessels'' consist of any Coast Guard, state, or local law enforcement and sponsor provided vessels assigned or approved by the COTP or a designated representative to patrol the regulated area.

(3) Spectator vessels desiring to transit the regulated area may do so only with prior approval of the Patrol Commander and when so directed by that officer will be operated at a minimum safe navigation speed in a manner which will not endanger participants in the regulated area or any other vessels.

(4) No spectator vessel shall anchor, block, loiter, or impede the through transit of participants or official patrol vessels in the regulated area during the effective dates and times, unless cleared for entry by or through an official patrol vessel.

(5) Any spectator vessel may anchor outside the regulated area, but may not anchor in, block, or loiter in a navigable channel. Spectator vessels may be moored to a waterfront facility within the regulated area in such a way that they shall not interfere with the progress of the event. Such mooring must be complete at least 30 minutes prior to the establishment of the regulated area and remain moored through the duration of the event.

(6) The COTP or a designated representative may forbid and control the movement of all vessels in the regulated area. When hailed or signaled by an official patrol vessel, a vessel shall come to an immediate stop and comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(7) The COTP or a designated representative may terminate the event or the operation of any vessel at any time it is deemed necessary for the protection of life or property.

(8) The COTP or a designated representative will terminate enforcement of the special local regulations at the conclusion of the event.

(e) *Informational broadcasts.* The COTP or a designated representative will inform the public of the effective period for the safety zone as well as any changes in the dates and times of enforcement through Local Notice to Mariners (LNMs), Broadcast Notices to Mariners (BNMs), and/or Marine Safety Information Bulletins (MSIBs) as appropriate.

Dated: August 22, 2019.

K.M. Luttrell,

Captain, U.S. Coast Guard, Captain of the Port Sector New Orleans.

[FR Doc. 2019–18523 Filed 8–27–19; 8:45 am]

BILLING CODE 9110–04–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG–2019–0610]

Recurring Safety Zone; Wheeling Heritage Port Sternwheel Festival, Wheeling, WV

AGENCY: Coast Guard, DHS.

ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will enforce the safety zone for the Wheeling Heritage Port Sternwheel Festival Fireworks, to provide for the safety of persons, vessels, and the marine environment on the navigable waters of the Ohio River during this event. Our regulations for marine events within the Eighth Coast Guard District identifies the regulated area for this event in Wheeling, WV. During the enforcement periods, entry into this zone is prohibited unless authorized by the Captain of the Port Marine Safety Unit Pittsburgh or a designated representative.

DATES: The regulations in 33 CFR 165.801, Table 1, Line 77 will be enforced from 10:15 p.m. through 11 p.m. on September 14, 2019.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notice of enforcement, call or email Petty Officer Trevor VanNatta, Marine Safety Unit Pittsburgh, U.S. Coast Guard; telephone 412–221–0807, email *Trevor.J.VanNatta@uscg.mil.*

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce a safety zone for the Wheeling Heritage Port Sternwheel Festival in 33 CFR 165.801, Table 1, Line 77 from 10 p.m. through 11 p.m. on September 14, 2019. This action is being taken to provide for the safety of persons, vessels, and the marine environment on navigable waters of the Ohio River during this event. Our regulation for marine events within the Eighth Coast Guard District, § 165.801, specifies the location of the safety zone for the Wheeling Heritage Port Sternwheel Festival, which covers a one-half mile stretch of the Ohio River. Entry into the safety zone is prohibited unless authorized by the Captain of the Port Marine Safety Unit Pittsburgh (COTP) or a designated representative. Persons or vessels desiring to enter the safety zone must request permission from the COTP or a designated representative. They can be reached on VHF FM channel 16. If permission is

granted, all persons and vessels shall comply with the instructions of the COTP or designated representative.

In addition to this notice of enforcement in the **Federal Register**, the COTP or a designated representative will inform the public through Broadcast Notices to Mariners (BNMs), Local Notices to Mariners (LNMs), Marine Safety Information Bulletins (MSIBs), and/or through other means of public notice as appropriate at least 24 hours in advance of enforcement.

A.W. Demo,

Commander, U.S. Coast Guard, Captain of the Port Marine Safety Unit Pittsburgh.

[FR Doc. 2019–18525 Filed 8–27–19; 8:45 am]

BILLING CODE 9110–04–P

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 62

RIN 2900–AQ40

Rental and Utility Assistance for Certain Low-Income Veteran Families

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: The Department of Veterans Affairs (VA) is amending its regulations that govern the Supportive Services for Veteran Families (SSVF) Program. This final rule will enable grantees to augment available housing options for homeless veterans in high rent burden communities by increasing the rental assistance for up to two years before recertification. Conditions in some local housing markets such as low vacancy rates and higher costs have made it increasingly difficult to recruit landlords and help homeless veteran families find and sustain permanent housing. Providing enhanced rental assistance in these communities is necessary to help VA progress in its goal to end veteran homelessness.

DATES: This final rule is effective September 27, 2019.

FOR FURTHER INFORMATION CONTACT: John Kuhn, Homeless Program Office, Supportive Services for Veteran Families Program Office, 810 Vermont Ave. NW, Washington DC 20420 (202) 632–8596. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: In a document published in the **Federal Register** on May 17, 2019, VA published a proposed rule, which proposed to revise its regulations that govern the Supportive Services for Veteran Families (SSVF) Program, which is authorized under section 2044 of title 38 United States Code (U.S.C.). 84 FR 22407. VA provided a 30-day comment period, which ended on June 17, 2019. We received 9 comments on the proposed rule.

Section 2044 requires the Secretary to provide financial assistance to eligible entities, approved under this section, to provide and coordinate the provision of supportive services for very low-income veteran families occupying permanent housing. VA implements the SSVF Program under the regulations in title 38 Code of Federal Regulations (CFR), Part 62.

Through the SSVF Program, VA awards supportive services grants to private non-profit organizations or consumer cooperatives to provide and coordinate the provision of supportive services to very low-income veteran families who are occupying permanent housing. Pursuant to 38 CFR 62.11, there are three situations in which a very low-income veteran family is considered to be occupying permanent housing. The first possibility is if a family is residing in permanent housing at the risk of becoming homeless but for the grantee's assistance. The second possible situation is if a family is lacking a fixed, regular, and adequate nighttime residence; is at risk of remaining in that state if they do not receive grantee assistance; and is scheduled to become a resident of permanent housing within 90 days pending the location or development of housing suitable for permanent housing. Finally, if a family is lacking a fixed, regular, and adequate nighttime residence after exiting permanent housing within the previous 90 days to seek other housing that is responsive to their needs and preferences, that very low-income family is considered to be occupying permanent housing.

This rulemaking extends the ability of SSVF grantees to provide rental assistance in areas where the limited availability of affordable housing makes it difficult to reduce a community's population of homeless veterans. Through the provision of these subsidies, the pool of available housing can be expanded as program participants have access to a broader rental market.

One commenter was in favor of the proposed rule stating that by allowing for shallow, flat subsidies linked to fair market residential rental rates, families served by rapid rehousing programs will be able to further stabilize in housing and, ultimately, achieve greater self-sufficiency. The commenter added that the communities in which these families reside will benefit from the residual socio-economic value of a reduced demand for emergency services, improved physical and mental well-being for participating households, greater neighborhood stability, and similarly improved educational outcomes for affected youth. As such, the proposed rule will not only fulfill our moral imperative to our fellow citizens, but will pay for itself as a result of reduced demand on local community systems. Another commenter stated that this was a great rule. We make no changes based on these comments.

Another commenter was also in support of the proposed rule stating that this is a highly valuable program, to the extent that it provides additional, and longer, housing assistance, especially for low income veterans and their families in high cost areas. The commenter stated that there are numerous instances in the San Francisco Bay Area of veterans needing housing assistance, because the San Francisco Bay Area, with its limited land space, and hi-tech industries, has some of the highest housing costs in the country. The commenter added that the result is that low income veterans will have difficulty finding and maintaining payments for housing. VA agrees that the proposed changes provide additional and longer housing assistance for low income veterans and their families in high cost areas, such as the San Francisco Bay Area. We are not making any changes based on this comment.

Another commenter supportive of the proposed rule stated that by giving veterans rental assistance, we are allowing them more breathing room in terms of becoming financially stable. The commenter added that VA should also provide veterans with extra money every month so that they can purchase food and pay for utilities. The commenter also stated that if the government cannot come up with this extra money for food allowance, then the government must at least provide them with discounts when veterans go grocery shopping. VA agrees that it is important for some veterans to receive assistance to pay for food and utilities. Under § 62.34 grantees may provide services that are necessary for maintaining independent living in permanent housing and housing stability. Such services include rental and utility assistance. For ongoing support, SSVF works with participants to get mainstream benefits assistance, for example linking participants to Supplemental Nutrition Assistance Program (SNAP), commonly known as food stamps, to address food needs. In emergent situations, SSVF grantees can

make purchases of food for grantees under § 62.34(e)(1). We are not making any changes based on this comment.

A commenter stated that the proposed rule would potentially enhance SSVFs innovative model of public-private partnership. However, the commenter added that the rule could be strengthened by requiring or effectively encouraging beneficiaries to also engage in alternatively-funded, complimentary VA and/or Continuum of Care (CoC) local or telehealth services that are likely to improve the veteran's future capacity to maintain housing stability. The commenter recommended that beneficiaries of expanded federal assistance under the proposed rule, in collaboration with SSVF personnel, be required to identify and actively engage in whole health or related services to strengthen relationships with family, friends and social supports, and/or increase opportunities to pursue, obtain and maintain employment throughout the period of assistance. As such, veteran families themselves would be more actively represented in the partnership throughout their period of participation.

The commenter also suggested that defining expectations, recommendations and/or commitments around the unique circumstances, goals and priorities of each unique veteran family, including the ability of SSVF personnel to issue time-limited waivers as appropriate based on veteran circumstances and/or local conditions, can contribute to greater integration, collaboration, modernization, and cost efficiencies in our commitment to ending veteran homelessness.

We agree that SSVF should be provided in conjunction with VA health care to eligible veterans to address all of the veteran's needs. As such, VA provides eligible veterans a whole health approach to health care that addresses not only the veteran's health care needs, but also identifies the aspects of the veteran's life that are affecting their health, then work with a team to establish strategies to address them as needed. This approach includes assisting homeless veterans obtain and retain permanent housing. Also, eligible veterans may receive health care in locations that are convenient for the veteran, which includes care in the community as well as telehealth services. Providing accessible care to veterans allows for better management of a veteran's health care needs.

Furthermore, SSVF requires that grantees provide case management services in accordance with 38 CFR 62.31. Such case management includes linkages with appropriate agencies and service providers in the area or community to help participants obtain needed supportive services. SSVF is uniquely positioned in that it can provide case management services to each family member, even non-veterans, to develop a service plan tailored to meet the needs of each family. The case management services are extensive and in addition to facilitating access to health care include delivering or facilitating access to legal services, transportation, benefits, employment, child care, and a host of other services. Accordingly, it is not necessary to make any changes based on this comment.

Another commenter inquired whether the Continuum of Care and SSVF grantees can agree to set different rates, up to the 35 percent cap, for different subpopulations of veterans and suggested that they be able to set different rates. The commenter included two examples. First, can a higher rental subsidy, expressed as a percent of the Fair Market Rent (FMR), be offered to extremely low-income households compared to very-low income households? In addition, can higher subsidy rates be offered to those with disabilities who are on a fixed income? The Continuum of Care and the SSVF grantees can recommend setting differing rates for different sub-populations. This flexibility affords the best level of assistance to those veterans with greater need. We make no changes based on this comment.

This same commenter also stated that at the time of recertification (after two years), if the household is still eligible for the shallow subsidy, it would be useful if the subsidy were reset at the new Fair Market Rent level published for that location and that year rather than the original Fair Market Rent level from a year or two prior. VA agrees with the commenter, and if the household is retained in SSVF and provided another period of shallow subsidy, the new period would be based on the Fair Market Rent in effect at the time of recertification. We are not making any changes based on this comment.

Another commenter asked whether, if a household seeks other SSVF services while enrolled in the shallow subsidy program, they would also only be required to get re-certified after the two-year period described in the proposed rule for other types of financial assistance, or would participants still need to get re-certified every three months for other (non-shallow subsidy) financial assistance? The two-year recertification period would apply to all SSVF services and benefits, including other types of financial assistance. The only exception would be for rental assistance, other than the shallow subsidy, as a household cannot receive both the shallow subsidy and other forms of rental assistance described in § 62.34(a)(1). Should the household receive a Housing Choice voucher, or any similar form of subsidy designed to make the housing unit affordable for very-low income residents, including rental units with a significant underlying subsidy such as those found in Housing and Urban Development (HUD) supported Public Housing, the shallow subsidy would be discontinued. See § 62.34(a)(6). We are not making any changes based on this comment.

Two commenters were in support of the proposed rule, but suggested that VA add Contra Costa County to the list of CoCs that will receive enhanced rental assistance funding with the proposed amendment. The commenters stated that there is a clear and serious need for this assistance in Contra Costa County: The HUD-published Fair Market Rate (FMR) in Contra Costa is $2,126 for a 2-bedroom unit, which is identical to Alameda and Berkeley's FMR of $2,126 up from $1,295 only ten years ago. According to the commenters, this massive rise in rental costs has put a strain on the county's low-income residents, including its homeless and at-risk veteran population. Residents are considered severely burdened by living costs if they pay more than 50 percent of their income on housing. In Contra Costa County, 25.8 percent, or one out of every four residents, pay more than half of their entire income on rent (U.S. Census Bureau). With a very low 4.8 percent vacancy rate, Contra Costa has one of the highest FMRs, lowest vacancy rates, and most severely housing-burdened populations of any county in California. These commenters contend that increased rental assistance for service providers in Contra Costa would make a huge impact in the fight to alleviate this housing crisis for veterans and their families. The commenters added that recent data shows that there is a growing number of veterans in this community that would benefit from this assistance. Contra Costa's 2019 Point in Time (PIT) Count revealed a 14 percent increase in the number of homeless veterans compared to the previous year. The commenters explained that expanding the proposed rule to include Contra Costa County would make a difference in the lives of hundreds of at-risk veterans in the coming years.

These comments are beyond the scope of the final rule. Nevertheless, VA understands the commenters' concerns, and it is VA's intention to review the list of potential shallow subsidy locations and publish the list of

counties in the **Federal Register** as required by the regulation soon after it becomes final and annually thereafter.

Another commenter suggested that VA remove the subsidy level cap of 35 percent of the FMR. The commenter stated that they understand the importance of differentiating this subsidy from the rental supports provided by the U.S. Department of Housing and Urban Development–VA Supportive Housing (HUD–VASH) Program. However, there are eligibility requirements for HUD Housing Choice Vouchers that exclude a substantial number of homeless veterans in need of long-term rental assistance. The commenter added that many homeless veterans fall well below 30 percent Area Median Income. With the FMR as high as $2,126 in Alameda County and $3,170 in San Francisco County for a 2-bedroom unit, even with a 35 percent subsidy exceptionally few homeless veterans will be able to afford the $1,381-$2,060 remaining for the rental unit. This amendment would enable SSVF grantees to provide a subsidy program for veterans who do not otherwise qualify for HUD–VASH. VA acknowledges the commenter's concern and will now allow States and communities to offer State and local housing subsidy funds to participants in order to increase the level of subsidy up to the rent paid. We are amending § 62.34(a)(6) to allow State and local rental subsidies to be combined with SSVF rental assistance described at § 62.34(a). However, Federal subsidies still cannot be accepted by the participant who is receiving a subsidy under section 62.34. In instances where a higher level of federal rental assistance is required, the use of HUD housing vouchers, or other forms of subsidized housing, including other available rental subsidies should be considered. We are amending § 62.34(a)(6) to now state that rental assistance payments cannot be provided on behalf of participants for the same period of time and for the same cost types that are being provided through another Federal housing subsidy program; however, State and local funds may be combined as long as the total subsidy does not exceed the rent.

Based on the rationale set forth in the Supplementary Information to the proposed rule and in this final rule, VA is adopting the proposed rule as final with one change as explained above.

Effect of Rulemaking

Title 38 of the Code of Federal Regulations, as revised by this rule, represents VA's implementation of its legal authority on this subject. Other than future amendments to this rule or governing statutes, no contrary guidance or procedures are authorized. All existing or subsequent VA guidance must be read to conform with this rule if possible. If not possible, such guidance is superseded by this rule.

Paperwork Reduction Act

This rule contains no provisions constituting a collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3521).

Regulatory Flexibility Act

The Secretary hereby certifies that this rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. Therefore, pursuant to 5 U.S.C. 605(b), this rulemaking is exempt from the initial and final regulatory flexibility analysis requirements of 5 U.S.C. 603 and 604.

Executive Orders 12866, 13563 and 13771

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits of reducing costs, of harmonizing rules, and of promoting flexibility. The Office of Information and Regulatory Affairs has determined that this rule is not a significant regulatory action under Executive Order 12866.

VA's impact analysis can be found as a supporting document at *http://www.regulations.gov,* usually within 48 hours after the rulemaking document is published. Additionally, a copy of the rulemaking and its impact analysis are available on VA's website at *http://www.va.gov/orpm* by following the link for ''VA Regulations Published from FY 2004 through FYTD.'' This rule is not an E.O. 13771 regulatory action because this rule is not significant under E.O. 12866.

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995, 2 U.S.C. 1532, requires that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of $100 million or more (adjusted annually for inflation) in any one year. This rule will have no such effect on State, local, and tribal governments, or on the private sector.

Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), the Office of Information and Regulatory Affairs designated this rule as not a major rule, as defined by 5 U.S.C. 804(2).

Catalog of Federal Domestic Assistance Program

The Catalog of Federal Domestic Assistance numbers and titles for the programs affected by this document are: 64.009, Veterans Medical Care Benefits, and 64.033, VA Supportive Services for Veteran Families Program.

List of Subjects in 38 CFR Part 62

Administrative practice and procedure, Day care, Disability benefits, Government contracts, Grant programs—health, Grant programs—housing and community development, Grant programs—veterans, Heath care, Homeless, Housing, Indian—lands, Individuals with disabilities, Low and moderate income housing, Manpower training program, Medicare, Medicaid, Public assistance programs, Public housing, Relocation assistance, Rent subsidies, Reporting and recordkeeping requirements, Rural areas, Social Security, Supplemental Security Income (SSI), Travel and transportation expenses, Unemployment compensation.

Signing Authority

The Secretary of Veterans Affairs approved this document and authorized the undersigned to sign and submit the document to the Office of the Federal Register for publication electronically as an official document of the Department of Veterans Affairs. Robert L. Wilkie, Secretary, Department of Veterans Affairs, approved this document on August 23, 2019, for publication.

Dated: August 23, 2019.

Michael P. Shores,

Director, Office of Regulation Policy & Management, Office of the Secretary, Department of Veterans Affairs.

For the reasons stated in the preamble, the Department of Veterans Affairs amends 38 CFR part 62 as follows:

PART 62—SUPPORTIVE SERVICES FOR VETERAN FAMILIES PROGRAM

■ 1. The authority citation for part 62 continues to read as follows:

Authority: 38 U.S.C. 501, 2044, and as noted in specific sections.

■ 2. Amend § 62.34 by revising paragraph (a)(6) and adding paragraph (a)(8) to read as follows:

§ 62.34 Other supportive services.

* * * * *

(a) * * *

(6) Rental assistance payments cannot be provided on behalf of participants for the same period of time and for the same cost types that are being provided through another Federal housing subsidy program; however, such payments may be provided even though the participant is receiving State and local housing subsidy funds as long as the total subsidy received (including payments under this section) does not exceed the rent.

* * * * *

(8) Extremely low-income veteran families and very low-income veteran families who meet the criteria of § 62.11 may be eligible to receive a rental subsidy for a 2-year period without recertification. The applicable counties will be published annually in the **Federal Register**. A family must live in one of these applicable counties to be eligible for this subsidy. The counties will be chosen based on the cost and availability of affordable housing for both individuals and families within that county. The maximum amount of this rental subsidy is 35 percent of the applicable Fair Market Rent (FMR) published by HUD. Grantees must collaborate with their local Continuum of Care (CoC) as defined at 24 CFR 578.3 to determine the proper subsidy amounts to be used by all grantees in each applicable county. Grantees must provide a letter of support from their local CoC to the SSVF Program Office when requesting VA approval of this subsidy. The SSVF Program Office must approve all subsidy requests before the subsidy is used. Very low-income veteran families may receive this subsidy for a period of two years before certification minus the number of months in which the recipient received the rental assistance provided under paragraph (a)(1) of this section. Extremely low-income veteran families may receive this subsidy for up to a 2-year period before recertification following receipt of the paragraph (a)(1) rental assistance. For any month, the total rental payments provided to a family under this paragraph cannot be more than the total amount of rent. Payment of this subsidy by a grantee must conform to the requirements set forth in paragraphs (a)(2) through (7) of this section. The rental subsidy amount will not change for the veteran family in the second year of the two-year period, even if the annual amount published changes. A veteran family will not need to be recertified as a very low-income veteran family as provided for by § 62.36(a) during the initial two-year period. After an initial two-year period, a family receiving this subsidy, or a combination of the rental assistance under paragraph (a)(1) and this subsidy, may continue to receive rental payments under this section, but would require recertification at that time and once every two years.

Migratory Bird Hunting; Seasons and Bag and Possession Limits for Certain Migratory Game Birds

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule.

SUMMARY: This rule prescribes the hunting seasons, hours, areas, and daily bag and possession limits for migratory game birds. Taking of migratory birds is prohibited unless specifically provided for by annual regulations. This rule permits the taking of designated species during the 2019–20 season.

DATES: This rule takes effect on August 28, 2019.

ADDRESSES: You may inspect comments received on the migratory bird hunting regulations during normal business hours at the Service's office at 5275 Leesburg Pike, Falls Church, Virginia. You may obtain copies of referenced reports from the street address above, or from the Division of Migratory Bird Management's website at *http://www.fws.gov/migratorybirds/,* or at *http://www.regulations.gov* at Docket No. FWS–HQ–MB–2018–0030.

SUPPLEMENTARY INFORMATION:

Regulations Schedule for 2018

On June 14, 2018, we published a proposal to amend title 50 of the Code of Federal Regulations (CFR) at part 20 (83 FR 27836). The proposal provided a background and overview of the migratory bird hunting regulations process, and addressed the establishment of seasons, limits, and other regulations for hunting migratory game birds under §§ 20.101 through 20.107, 20.109, and 20.110 of subpart K. Major steps in the 2019–20 regulatory cycle relating to open public meetings and **Federal Register** notifications were also identified in the June 14, 2018, proposed rule.

The June 14, 2018, proposed rule also provided detailed information on the proposed 2019–20 regulatory schedule and announced the Service Regulations Committee (SRC) and Flyway Council meetings.

On September 21, 2018, we published in the **Federal Register** (83 FR 47868) a second document providing supplemental proposals for migratory bird hunting regulations. The September 21 supplement also provided detailed information on the 2019–20 regulatory schedule and re-announced the SRC meetings. On October 16–17, 2018, we held open meetings with the Flyway Council consultants, at which the participants reviewed information on the current status of migratory game birds and developed recommendations for the 2019–20 regulations for these species. On April 17, 2019, we published in the **Federal Register** (84 FR 16152) the proposed frameworks for the 2019–20 season migratory bird hunting regulations. On August 19, 2019, we published in the **Federal Register** (84 FR 42996) final season frameworks for migratory game bird hunting regulations, from which State wildlife conservation agency officials selected season hunting dates, hours, areas, and limits for 2019–20 seasons.

The final rule described here is the final in the series of proposed, supplemental, and final rulemaking documents for migratory game bird hunting regulations for 2019–20, and deals specifically with amending subpart K of 50 CFR part 20. It sets hunting seasons, hours, areas, and limits for migratory game bird species. This final rule is the culmination of the rulemaking process for the migratory game bird hunting seasons, which started with the June 14, 2018, proposed rule. As discussed elsewhere in this document, we supplemented that proposal on September 21, 2018, and April 17, 2019, and published final season frameworks on August 19, 2019, that provided the season selection criteria from which the States selected these seasons. This final rule sets the migratory game bird hunting seasons based on that input from the States. We

previously addressed all comments in the August 19 **Federal Register**.

Required Determinations

Executive Order 13771—Reducing Regulation and Controlling Regulatory Costs

This action is not subject to Executive Order (E.O.) 13771 (82 FR 9339, February 3, 2017) because it establishes annual harvest limits related to routine hunting or fishing.

National Environmental Policy Act (NEPA) Consideration

The programmatic document, ''Second Final Supplemental Environmental Impact Statement: Issuance of Annual Regulations Permitting the Sport Hunting of Migratory Birds (EIS 20130139),'' filed with the Environmental Protection Agency (EPA) on May 24, 2013, addresses NEPA compliance by the Service for issuance of the annual framework regulations for hunting of migratory game bird species. We published a notice of availability in the **Federal Register** on May 31, 2013 (78 FR 32686), and our Record of Decision on July 26, 2013 (78 FR 45376). We also address NEPA compliance for waterfowl hunting frameworks through the annual preparation of separate environmental assessments, the most recent being ''Duck Hunting Regulations for 2019–20,'' with its corresponding July 2019, finding of no significant impact. The programmatic document, as well as the separate environmental assessment, is available on our website at *https://www.fws.gov/birds/index.php,* or from the address indicated under the caption **FOR FURTHER INFORMATION CONTACT**.

Endangered Species Act Consideration

Section 7 of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), provides that the Secretary shall insure that any action authorized, funded, or carried out is not likely to jeopardize the continued existence of any endangered species or threatened species or result in the destruction or adverse modification of critical habitat. Consequently, we conducted formal consultations to ensure that actions resulting from these regulations would not likely jeopardize the continued existence of endangered or threatened species or result in the destruction or adverse modification of their critical habitat. Findings from these consultations are included in a biological opinion, which concluded that the regulations are not likely to jeopardize the continued existence of any endangered or threatened species. Additionally, these findings may have caused modification of some regulatory measures previously proposed, and the final frameworks (84 FR 42996; August 19, 2019) reflect any such modifications. Our biological opinions resulting from this section 7 consultation are public documents available for public inspection at the address indicated under **ADDRESSES**.

Regulatory Planning and Review (Executive Orders 12866 and 13563)

E.O. 12866 provides that the Office of Information and Regulatory Affairs (OIRA) will review all significant rules. OIRA has reviewed this rule and has determined that this rule is significant because it will have an annual effect of $100 million or more on the economy.

E.O. 13563 reaffirms the principles of E.O. 12866 while calling for improvements in the nation's regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. The executive order directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 emphasizes further that regulations must be based on the best available science and that the rulemaking process must allow for public participation and an open exchange of ideas. We have developed this rule in a manner consistent with these requirements.

An economic analysis was prepared for the 2019–20 season. This analysis was based on data from the 2011 National Hunting and Fishing Survey, the most recent year for which data are available (see discussion under Regulatory Flexibility Act, below). This analysis estimated consumer surplus for three alternatives for duck hunting (estimates for other species are not quantified due to lack of data). The alternatives are (1) issue restrictive regulations allowing fewer days than those issued during the 2018–19 season, (2) issue moderate regulations allowing more days than those in alternative 1, and (3) issue liberal regulations identical to the regulations in the 2018–19 season. For the 2019–20 season, we chose Alternative 3, with an estimated consumer surplus across all flyways of $334–$440 million with a mid-point estimate of $387 million. We also chose alternative 3 for the 2009–10 through 2018–19 seasons. The 2019–20 analysis is part of the record for this rule and is available at *http://www.regulations.gov* at Docket No. FWS–HQ–MB–2018–0030.

Final Regulatory Flexibility Act Analysis

The annual migratory bird hunting regulations have a significant economic impact on substantial numbers of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). We analyzed the economic impacts of the annual hunting regulations on small business entities in detail as part of the 1981 cost-benefit analysis. This analysis was revised annually from 1990 through 1995. In 1995, the Service issued a Small Entity Flexibility Analysis (Analysis), which was subsequently updated in 1996, 1998, 2004, 2008, 2013, 2018, and 2019. The primary source of information about hunter expenditures for migratory game bird hunting is the National Hunting and Fishing Survey, which is generally conducted at 5-year intervals. The 2019 Analysis is based on the 2011 National Hunting and Fishing Survey and the U.S. Department of Commerce's County Business Patterns, from which it was estimated that migratory bird hunters would spend approximately $1.5 billion at small businesses in 2019. Copies of the analysis (contained within the above referenced RIA document) are available upon request from the Division of Migratory Bird Management (see **FOR FURTHER INFORMATION CONTACT**) or from *http://www.regulations.gov* at Docket No. FWS–HQ–MB–2018–0030.

Small Business Regulatory Enforcement Fairness Act

This final rule is a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. For the reasons outlined above, this rule will have an annual effect on the economy of $100 million or more. However, because this rule establishes hunting seasons, we do not plan to defer the effective date under the exemption contained in 5 U.S.C. 808(1).

Paperwork Reduction Act

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. This rule does not contain any new collection of information that requires approval by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). OMB has previously approved the information collection requirements associated with migratory bird surveys and the procedures for establishing annual migratory bird hunting seasons

under the following OMB control numbers:

- 1018–0019, ''North American Woodcock Singing Ground Survey'' (expires 6/30/2021).
- 1018–0023, ''Migratory Bird Surveys, 50 CFR 20.20'' (expires 8/31/2020). Includes Migratory Bird Harvest Information Program, Migratory Bird Hunter Surveys, Sandhill Crane Survey, and Parts Collection Survey.
- 1018–0171, ''Establishment of Annual Migratory Bird Hunting Seasons, 50 CFR Part 20'' (expires 06/30/2021).

Unfunded Mandates Reform Act

We have determined and certify, in compliance with the requirements of the Unfunded Mandates Reform Act, 2 U.S.C. 1502 *et seq.,* that this rulemaking will not impose a cost of $100 million or more in any given year on local or State government or private entities. Therefore, this rule is not a ''significant regulatory action'' under the Unfunded Mandates Reform Act.

Civil Justice Reform—Executive Order 12988

The Department, in promulgating this rule, has determined that this rule will not unduly burden the judicial system and that it meets the requirements of sections 3(a) and 3(b)(2) of E.O. 12988.

Takings Implication Assessment

In accordance with E.O. 12630, this rule, authorized by the Migratory Bird Treaty Act, does not have significant takings implications and does not affect any constitutionally protected property rights. This rule will not result in the physical occupancy of property, the physical invasion of property, or the regulatory taking of any property. In fact, this rule will allow hunters to exercise otherwise unavailable privileges and, therefore, reduce restrictions on the use of private and public property.

Energy Effects—Executive Order 13211

E.O. 13211 requires agencies to prepare Statements of Energy Effects when undertaking certain actions. While this rule is a significant regulatory action under E.O. 12866, it is not expected to adversely affect energy supplies, distribution, or use. Therefore, this action is not a significant energy action and no Statement of Energy Effects is required.

Government-to-Government Relationship With Tribes

In accordance with the President's memorandum of April 29, 1994, ''Government-to-Government Relations with Native American Tribal Governments'' (59 FR 22951), E.O. 13175, and 512 DM 2, we have evaluated possible effects on Federally recognized Indian tribes and have determined that there are no effects on Indian trust resources. However, in the June 14, 2018, **Federal Register** (83 FR 27836), we solicited proposals for special migratory bird hunting regulations for certain Tribes on Federal Indian reservations, off-reservation trust lands, and ceded lands for the 2019–20 migratory bird hunting season. The resulting proposals were contained in a July 8, 2019 (84 FR 32385), proposed rule. By virtue of these actions, we have consulted with affected Tribes.

Federalism Effects

Due to the migratory nature of certain species of birds, the Federal Government has been given responsibility over these species by the Migratory Bird Treaty Act. We annually prescribe frameworks from which the States make selections regarding the hunting of migratory birds, and we employ guidelines to establish special regulations on Federal Indian reservations and ceded lands. This process preserves the ability of the States and tribes to determine which seasons meet their individual needs. Any State or Indian tribe may be more restrictive than the Federal frameworks at any time. The frameworks are developed in a cooperative process with the States and the Flyway Councils. This process allows States to participate in the development of frameworks from which they will make selections, thereby having an influence on their own regulations. These rules do not have a substantial direct effect on fiscal capacity, change the roles or responsibilities of Federal or State governments, or intrude on State policy or administration. Therefore, in accordance with E.O. 13132, these regulations do not have significant federalism effects and do not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement.

Review of Public Comments

The preliminary proposed rulemaking (June 14, 2018; 83 FR 27836) opened the public comment period for 2019–20 migratory game bird hunting regulations. We previously addressed all comments in a August 19, 2019, **Federal Register** publication (84 FR 42996).

Regulations Promulgation

The rulemaking process for migratory game bird hunting, by its nature, operates under a time constraint as seasons must be established each year or hunting seasons remain closed. However, we intend that the public be provided extensive opportunity for public input and involvement in compliance with Administrative Procedure Act (5 U.S.C. subchapter II) requirements. Thus, when the preliminary proposed rulemaking was published, we established what we believed were the longest periods possible for public comment and the most opportunities for public involvement. We also provided notification of our participation in multiple Flyway Council meetings, opportunities for additional public review and comment on all Flyway Council proposals for regulatory change, and opportunities for additional public review during the Service Regulations Committee meeting. Therefore, we believe that sufficient public notice and opportunity for involvement have been given to affected persons.

Further, States need sufficient time to communicate these season selections to their affected publics, and to establish and publicize the necessary regulations and procedures to implement these seasons. Thus, we find that ''good cause'' exists, within the terms of 5 U.S.C. 553(d)(3) of the Administrative Procedure Act, and therefore, under authority of the Migratory Bird Treaty Act (July 3, 1918), as amended (16 U.S.C. 703–711), these regulations will take effect less than 30 days after publication. Accordingly, with each conservation agency having had an opportunity to participate in selecting the hunting seasons desired for its State or Territory on those species of migratory birds for which open seasons are now prescribed, and consideration having been given to all other relevant matters presented, certain sections of title 50, chapter I, subchapter B, part 20, subpart K, are hereby amended as set forth below.

List of Subjects in 50 CFR Part 20

Exports, Hunting, Imports, Reporting and recordkeeping requirements, Transportation, Wildlife.

Dated: August 12, 2019.

Rob Wallace,

Assistant Secretary for Fish and Wildlife and Parks.

For the reasons set out in the preamble, title 50, chapter I, subchapter B, part 20, subpart K of the Code of Federal Regulations is amended as follows:

PART 20—MIGRATORY BIRD HUNTING

■ 1. The authority citation for part 20 continues to read as follows:

Authority: 16 U.S.C. 703 *et seq.,* and 16 U.S.C. 742a–j.

Note: The following annual hunting regulations provided for by §§ 20.101 through 20.107 and 20.109 of 50 CFR part 20 will not appear in the Code of Federal Regulations because of their seasonal nature.

■ 2. Section 20.101 is revised to read as follows:

§ 20.101 Seasons, limits, and shooting hours for Puerto Rico and the Virgin Islands.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset.

CHECK COMMONWEALTH REGULATIONS FOR AREA DESCRIPTIONS AND ANY ADDITIONAL RESTRICTIONS.

(a) *Puerto Rico.*

	Season dates	Limits	
		Bag	Possession
Doves and Pigeons:			
Zenaida, white-winged, and mourning doves (1) ..	Sept. 7–Nov. 4	20	60
Scaly-naped pigeons	Sept. 7–Nov. 4	5	15
Ducks	Nov. 16–Dec. 23 &	6	12
	Jan. 11–Jan. 27	6	12
Common Moorhens	Nov. 16–Dec. 23 &	6	12
	Jan. 11–Jan. 27	6	12
Common Snipe	Nov. 16–Dec. 23 &	8	16
	Jan. 11–Jan. 27	8	16

(1) Not more than 10 Zenaida and 3 mourning doves in the aggregate.

Restrictions: In Puerto Rico, the season is closed on the ruddy duck, white-cheeked pintail, West Indian whistling duck, fulvous whistling duck, masked duck, purple gallinule, American coot, Caribbean coot, white-crowned pigeon, and plain pigeon.

Closed Areas: Closed areas are described in the August 19, 2019, **Federal Register** (84 FR 42996).

(b) *Virgin Islands.*

	Season dates	Limits	
		Bag	Possession
Zenaida doves	Sept. 1–Sept. 30	10	10
Ducks	Closed		

Restrictions: In the Virgin Islands, the seasons are closed for ground or quail doves, pigeons, ruddy duck, white-cheeked pintail, West Indian whistling duck, fulvous whistling duck, masked duck, and all other ducks, and purple gallinule.

Closed Areas: Ruth Cay, just south of St. Croix, is closed to the hunting of migratory game birds. All Offshore Cays under jurisdiction of the Virgin Islands Government are closed to the hunting of migratory game birds.

■ 3. Section 20.102 is revised to read as follows:

§ 20.102 Seasons, limits, and shooting hours for Alaska.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset.

Area descriptions were published in the August 19, 2019, **Federal Register** (84 FR 42996).

CHECK STATE REGULATIONS FOR AREA DESCRIPTIONS AND ANY ADDITIONAL RESTRICTIONS.

Area seasons	Dates
North Zone	Sept. 1–Dec. 16.
Gulf Coast Zone	Sept. 1–Dec. 16.
Southeast Zone	Sept. 1–Dec. 16.
Pribilof and Aleutian Islands Zone.	Oct. 8–Jan. 22.
Kodiak Zone	Oct. 8–Jan. 22.

Area	Daily bag and possession limits							
	Ducks (1)	Canada Geese (2)(3)	White Fronted Geese (4)(5)	Light Geese (6)	Brant	Emperor Geese (7)(8)	Snipe	Sandhill Cranes (9)
North Zone	10–30	4–12	4–12	6–18	3–9	1–1	8–24	3–9
Gulf Coast Zone	8–24	4–12	4–12	6–18	3–9	1–1	8–24	2–6
Southeast Zone	7–21	4–12	4–12	6–18	3–9	1–1	8–24	2–6
Pribilof and Aleutian Islands Zone	7–21	4–12	4–12	6–18	3–9	1–1	8–24	2–6

Area	Daily bag and possession limits							
	Ducks (1)	Canada Geese (2)(3)	White Fronted Geese (4)(5)	Light Geese (6)	Brant	Emperor Geese (7)(8)	Snipe	Sandhill Cranes (9)
Kodiak Zone	7–21	4–12	4–12	6–18	3–9	1–1	8–24	2–6

(1) The basic duck bag limits may include no more than 2 canvasbacks daily, and may not include sea ducks. In addition to the basic duck limits, the sea duck limit is 10 daily (singly or in the aggregate), including no more than 6 each of either harlequin or long-tailed ducks. Sea ducks include scoters, common and king eiders, harlequin ducks, long-tailed ducks, and common and red-breasted mergansers. The season for Steller's and spectacled eiders is closed.

(2) In Units 5 and 6, the taking of Canada geese is only permitted from September 28 through December 16. In the Middleton Island portion of Unit 6, the taking of Canada geese is by special permit only. The maximum number of Canada goose permits is 10 for the season. A mandatory goose-identification class is required. Hunters must check in and out. The daily bag and possession limit is 1. The season will close if harvest includes 5 dusky Canada geese. A dusky Canada goose is any dark-breasted Canada goose (Munsell 10 YR color value five or less) with a bill length between 40 and 50 millimeters.

(3) In Units 9, 10, 17, and 18, for Canada geese, the daily bag limit is 6 and the possession limit is 18.

(4) In Units 9, 10, and 17, for white-fronted geese, the daily bag limit is 6 and the possession limit is 18.

(5) In Unit 18, for white-fronted geese, the daily bag limit is 10 and the possession limit is 30.

(6) Light geese include snow geese and Ross's geese.

(7) In Unit 8, the Kodiak Island Roaded Area is closed to emperor goose hunting. The Kodiak Island Roaded Area consists of all lands and water (including exposed tidelands) east of a line extending from Crag Point in the north to the west end of Saltery Cove in the south and all lands and water south of a line extending from Termination Point along the north side of Cascade Lake extending to Anton Larsen Bay. Marine waters adjacent to the closed area are closed to harvest within 500 feet from the water's edge. The offshore islands are open to harvest, for example: Woody, Long, Gull and Puffin Islands.

(8) Emperor goose hunting is by State permit only; no more than 1 emperor goose may be harvested per hunter per season. Hunters will be required to file a harvest report with the State after harvesting an emperor goose. Total emperor goose harvest may not exceed 1,000 birds. See State regulations for specific dates, times, and conditions of permit hunts and closures.

(9) In Unit 17 of the North Zone, for sandhill cranes, the daily bag limit is 2 and the possession limit is 6.

Falconry: The total combined bag and possession limit for migratory game birds taken with the use of a raptor under a falconry permit is 3 per day, 9 in possession, and may not exceed a more restrictive limit for any species listed in this subsection.

Special Tundra Swan Season: In Units 17, 18, 22, and 23, there will be a tundra swan season from September 1 through October 31 with a season limit of 3 tundra swans per hunter. This season is by State permit only; hunters will be issued 1 permit allowing the take of up to 3 tundra swans. Hunters will be required to file a harvest report with the State after the season is completed. Up to 500 permits may be issued in Unit 18; 300 permits each in Units 22 and 23; and 200 permits in Unit 17.

■ 4. Section 20.103 is revised to read as follows:

§ 20.103 Seasons, limits, and shooting hours for doves and pigeons.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset except as otherwise noted. Area descriptions were published in the August 19, 2019, **Federal Register** (84 FR 42996).

CHECK STATE REGULATIONS FOR AREA DESCRIPTIONS AND ANY ADDITIONAL RESTRICTIONS.

(a) *Doves.*

Note: Unless otherwise noted, the seasons listed below are for mourning and white-winged doves. Daily bag and possession limits are in the aggregate for the two species.

	Season dates	Limits

OTHER POPULATIONS			
Hawaii (5)	Nov. 3–Jan. 13	10	30

(1) In *Illinois,* shooting hours are sunrise to sunset.

(2) In *Texas,* the daily bag limit is 15 mourning, white-winged, and white-tipped doves in the aggregate, of which no more than 2 may be white-tipped doves with a maximum 90-day season. Possession limits are three times the daily bag limit. During the special season in the Special White-winged Dove Area of the South Zone, the daily bag limit is 15 mourning, white-winged, and white-tipped doves in the aggregate, of which no more than 2 may be mourning doves and 2 may be white-tipped doves. Possession limits are three times the daily bag limit.

(3) In *Arizona,* during September 1 through 15, the daily bag limit is 15 mourning and white-winged doves in the aggregate, of which no more than 10 may be white-winged doves. During November 22 through January 5, the daily bag limit is 15 mourning doves.

(4) In *California,* the daily bag limit is 15 mourning and white-winged doves in the aggregate, of which no more than 10 may be white-wing doves.

(5) In *Hawaii,* the season is only open on the islands of Hawaii and Maui. On the island of Hawaii, the daily bag limit is 10 mourning doves, spotted doves, and chestnut-bellied sandgrouse in the aggregate. On the island of Maui, the daily bag limit is 10 mourning doves. Shooting hours are from one-half hour before sunrise through one-half hour after sunset. See State regulations for additional restrictions on hunting dates and areas.

(b) *Band-tailed Pigeons.*

(1) Each band-tailed pigeon hunter must have a band-tailed pigeon hunting permit issued by the State.

■ 5. Section 20.104 is revised to read as follows:

§ 20.104 Seasons, limits, and shooting hours for rails, woodcock, and snipe.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset except as otherwise noted. Area descriptions were published in the August 19, 2019, **Federal Register** (84 FR 42996).

(1) The daily bag and possession limits for sora and Virginia rails apply singly or in the aggregate of the two species.
(2) All daily bag and possession limits for clapper and king rails apply singly or in the aggregate of the two species and, unless otherwise specified, the limits are in addition to the limits on sora and Virginia rails in all States. In *Delaware, Maryland,* and *New Jersey,* the limits for clapper and king rails are 10 daily and 30 in possession.
(3) In *Connecticut,* the limits for clapper and king rails apply singly or in the aggregate of the two species. Limits for clapper and king rail are 10 daily and 30 in possession and may include no more than 1 king rail per day.
(4) In *Maine,* the daily bag and possession limit for sora and Virginia rails is 25.
(5) In *Maryland,* no more than 1 king rail may be taken per day.
(6) In *Massachusetts,* the sora rail limits are 5 daily and 15 in possession; the Virginia rail limits are 10 daily and 30 in possession.
(7) In *New Jersey,* the season for king rail is closed by State regulation.
(8) In *New York,* the rail daily bag and possession limits are 8 and 24, respectively. Seasons for sora and Virginia rails and snipe are closed on Long Island.
(9) In *Pennsylvania,* the daily bag and possession limits for sora and Virginia rails, singly or in the aggregate, are 3 and 9, respectively.
(10) In *Rhode Island,* the sora and Virginia rails limits are 3 daily and 9 in possession, singly or in the aggregate; the clapper and king rail limits are 1 daily and 3 in possession, singly or in the aggregate; the snipe limits are 5 daily and 15 in possession.
(11) In *Illinois,* shooting hours are from sunrise to sunset.
(12) In *Indiana,* the season on Virginia rails is closed.
(13) In *Iowa,* the limit for sora and Virginia rails are 12 daily and 36 in possession.
(14) In *Nebraska,* the rail limits are 10 daily and 30 in possession.
(15) In *New Mexico,* in the Central Flyway portion of the State, the rail limits are 10 daily and 20 in possession.
(16) In *South Dakota,* the snipe limits are 5 daily and 15 in possession.
(17) In *Arizona,* Ashurst Lake in Unit 5B is closed to snipe hunting.
(18) In *Nevada,* the snipe season in that portion of the South Zone including the Moapa Valley to the confluence of the Muddy and Virgin rivers is only open November 2 through January 31.

■ 6. Section 20.105 is revised to read as follows:

§ 20.105 Seasons, limits, and shooting hours for waterfowl, coots, and gallinules.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset, except as otherwise noted. Area descriptions were published in the August 19, 2019, **Federal Register** (84 FR 42996).

CHECK STATE REGULATIONS FOR AREA DESCRIPTIONS AND ANY ADDITIONAL RESTRICTIONS.

(1) Shooting hours are one-half hour before sunrise to one-half hour after sunset.
(2) The use of shotguns capable of holding more than 3 shotshells is allowed.
(3) The use of electronic calls is allowed.
(4) In *New York,* shooting hours are one-half hour before sunrise to one-half hour after sunset, the use of shotguns capable of holding more than 3 shotshells is allowed, and the use of electronic calls is allowed, except during Youth Waterfowl Hunting Days in Lake Champlain, Northeastern, and Southeastern Goose Hunting Areas. During the designated Youth Waterfowl Hunting Days in these areas, shooting hours are one-half hour before sunrise to sunset, shotguns must be capable of holding no more than 3 shotshells, and electronic calls are not allowed. See State regulations for further details.
(5) In *North Carolina,* the use of unplugged guns and electronic calls is allowed in that area west of U.S. Highway 17 only.
(6) In *North Carolina,* shooting hours are one-half hour before sunrise to one-half hour after sunset in that area west of U.S. Highway 17 only.
(7) In *Pennsylvania,* shooting hours are one-half hour before sunrise to one-half hour after sunset from September 2 to September 13 and September 16 to September 24. On September 14, shooting hours are one-half hour before sunrise to sunset.
(8) In *Pennsylvania,* in the area south of SR 198 from the Ohio State line to intersection of SR 18, SR 18 south to SR 618, SR 618 south to U.S. Route 6, U.S. Route 6 east to U.S. Route 322/SR 18, U.S. Route 322/SR 18 west to intersection of SR 3013, SR 3013 south to the Crawford/Mercer County line, the season dates are September 2 to September 14. The daily bag limit is 1 goose with a possession limit of 3 geese. The season is closed on State Game Lands 214. However, during youth waterfowl hunting days, regular season regulations apply.
(9) In *Pennsylvania,* in the area of Lancaster and Lebanon Counties north of the Pennsylvania Turnpike, east of SR 501 to SR 419, south of SR 419 to the Lebanon-Berks County line, west of the Lebanon-Berks County line and the Lancaster-Berks County line to SR 1053, west of SR 1053 to the Pennsylvania Turnpike I–76, the daily bag limit is 1 goose with a possession limit of 3 geese. On State Game Lands No. 46 (Middle Creek Wildlife Management Area), the season is closed. However, during youth waterfowl hunting days, regular season regulations apply.
(10) In *Vermont,* the season in the Connecticut River Zone is the same as the New Hampshire Inland Zone season, set by New Hampshire.
(11) In *Virginia,* shooting hours are one-half hour before sunrise to one-half hour after sunset from September 1 to September 16 in the area east of I–95. Shooting hours are one-half hour before sunrise to one-half hour after sunset from September 1 to September 20 in the area west of I–95.
(12) See State regulations for additional information and restrictions.
(13) In *Washington,* in Pacific County, the daily bag and possession limits are 15 and 45 Canada geese, respectively.

(e) Waterfowl, Coots, and Pacific-Flyway Seasons for Common Moorhens.

Definitions

The Atlantic Flyway: Includes Connecticut, Delaware, Florida, Georgia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia, and West Virginia.

The Mississippi Flyway: Includes Alabama, Arkansas, Illinois, Indiana, Iowa, Kentucky, Louisiana, Michigan, Minnesota, Mississippi, Missouri, Ohio, Tennessee, and Wisconsin.

The Central Flyway: Includes Colorado (east of the Continental Divide), Kansas, Montana (Blaine, Carbon, Fergus, Judith Basin, Stillwater, Sweetgrass, Wheatland, and all counties east thereof), Nebraska, New Mexico (east of the Continental Divide except that the Jicarilla Apache Indian Reservation is in the Pacific Flyway), North Dakota, Oklahoma, South Dakota, Texas, and Wyoming (east of the Continental Divide).

The Pacific Flyway: Includes the States of Arizona, California, Colorado (west of the Continental Divide), Idaho, Montana (including and to the west of Hill, Chouteau, Cascade, Meagher, and Park Counties), Nevada, New Mexico (the Jicarilla Apache Indian Reservation and west of the Continental Divide), Oregon, Utah, Washington, and Wyoming (west of the Continental Divide including the Great Divide Basin).

Light Geese: Includes lesser snow (including blue) geese, greater snow geese, and Ross's geese.

Dark Geese: Includes Canada geese, white-fronted geese, emperor geese, brant (except in California, Oregon, Washington, and the Atlantic Flyway), and all other geese except light geese.

ATLANTIC FLYWAY

Flyway-Wide Restrictions

Duck Limits: The daily bag limit of 6 ducks may include no more than 2 mallards (1 female mallard), 2 scaup, 2 black ducks, 1 pintail, 2 canvasbacks, 1 mottled duck, 3 wood ducks, 2 redheads, 4 scoters, 4 eiders, 4 long-tailed ducks, and 1 fulvous tree duck. The possession limit is three times the daily bag limit.

Harlequin Ducks: All areas of the Flyway are closed to harlequin duck hunting.

Merganser Limits: The daily bag limit is 5 mergansers and may include no more than 2 hooded mergansers. In States that include mergansers in the duck bag limit, the daily limit is the same as the duck bag limit, of which only 2 may be hooded mergansers. The possession limit is three times the daily bag limit.

(1) In *Delaware,* the Bombay Hook National Wildlife Refuge (NWR) snow goose season is open Mondays, Wednesdays, and Fridays only.
(2) In *Maine,* the daily bag limit may include no more than 4 of any species, with no more than 12 of any one species in possession. The season for Barrow's goldeneye is closed.
(3) In *Maryland,* the black duck season is closed October 12 through October 19. Additionally, the daily bag limit of 6 ducks may include no more than 5 sea ducks, of which no more than 4 may be scoters, eiders, or long-tailed ducks.
(4) In *Massachusetts,* the daily bag limit may include no more than 4 of any single species in addition to the flyway-wide bag restrictions.
(5) In *Massachusetts,* the January 27 to February 15 portion of the season in the Coastal Zone is restricted to that portion of the Coastal Zone north of the Cape Cod Canal.
(6) In *New York,* the use of electronic calls and shotguns capable of holding more than 3 shotshells are allowed for hunting of light geese on any day when all other waterfowl hunting seasons are closed.
(7) In *North Carolina,* the season is closed for black ducks October 2 through October 5 and November 16 through November 22.
(8) In *North Carolina,* a permit is required to hunt Canada geese in the Northeast Hunt Zone.
(9) In *South Carolina,* the daily bag limit of 6 may not exceed 1 black-bellied whistling duck or hooded merganser in the aggregate. Further, the black duck/mottled duck limit is as follows: (1) for areas east and south of Interstate 95, either 1 black or 1 mottled duck in the daily bag in the aggregate; (2) for areas west and north of Interstate 95, either 2 black ducks, or 1 black duck and 1 mottled duck in the daily bag.
(10) In *South Carolina,* on November 16, only hunters 17 years of age or younger can hunt ducks, coots, and mergansers. The youth must be accompanied by a person at least 21 years of age who is properly licensed, including State and Federal waterfowl stamps. Youth who are 16 or 17 years of age who hunt on this day are not required to have a State license or State waterfowl stamp but must possess a Federal waterfowl stamp and migratory bird permit.
(11) In *South Carolina,* the daily bag limit for mergansers may include no more than 1 hooded merganser.
(12) In *South Carolina,* the daily bag limit may include no more than 2 white-fronted geese.
(13) In *South Carolina,* the hunting area for Canada geese excludes that portion of Clarendon County bounded to the north by S–14–25; to the east by Hwy 260; and to the south by the markers delineating the channel of the Santee River. It also excludes that portion of Clarendon County bounded on the north by S–14–26 and extending southward to that portion of Orangeburg County bordered by Hwy 6.
(14) In *Virginia,* the season is closed for black ducks October 11 through October 14.
(15) In *West Virginia,* the season is closed for eiders, whistling ducks, and mottled ducks.

MISSISSIPPI FLYWAY

Flyway-wide Restrictions

Duck Limits: The daily bag limit of 6 ducks may include no more than 4 mallards (no more than 2 of which may be females), 1 mottled duck, 2 black ducks, 1 pintail, 2 canvasbacks, 2 redheads, 3 scaup, and 3 wood ducks. The possession limit is three times the daily bag limit.

Merganser Limits: The daily bag limit is 5 mergansers and may include no more than 2 hooded mergansers. In States that include mergansers in the duck bag limit, the daily limit is the same as the duck bag limit, of which only 2 may be hooded mergansers. The possession limit is three times the daily bag limit.

(1) The dark goose daily bag limit is an aggregate daily bag limit for Canada geese, white-fronted geese, and brant.
(2) In *Alabama* and *Michigan,* the dark goose daily bag limit may not include more than 1 brant. Additionally, after September 30, the daily bag may not include more than 3 Canada geese.
(3) In *Indiana,* the dark goose daily bag limit of 5 may include 5 Canada geese during September 14 through September 22. During all other open season segments, the dark goose daily bag limit may not include more than 3 Canada geese. The possession limit is three times the daily bag limit.
(4) In *Iowa,* in the North Zone, the Missouri River Zone, and the South Zone, the dark goose daily bag limit may not include more than 2 Canada geese until October 31. After October 31, the daily bag limit may not include more than 3 Canada geese. The possession limit is three times the daily bag limit.
(5) In *Minnesota,* the daily bag limit is 15 and the possession limit is 45 coots and moorhens in the aggregate.
(6) In *Ohio* and *Wisconsin,* the daily bag limit may include no more than one female mallard.
(7) In *Ohio,* only Canada geese may be taken during the September 7 to September 15 portion of the dark goose season.
(8) In *Wisconsin,* the daily bag limit may include no more than 1 black duck.
(9) In *Wisconsin,* a Canada goose season permit is required if hunting Canada geese in either the early or regular season. See State regulations for further information.

Central Flyway

Flyway-Wide Restrictions

Duck Limits: The daily bag limit is 6 ducks, which may include no more than 5 mallards (2 female mallards), 1 pintail, 2 canvasbacks, 2 redheads, 3 scaup, and 3 wood ducks. The possession limit is three times the daily bag limit.

Merganser Limits: The daily bag limit is 5 mergansers and may include no more than 2 hooded mergansers. In States that include mergansers in the duck bag limit, the daily limit is the same as the duck bag limit, of which only 2 may be hooded mergansers. The possession limit is three times the daily bag limit.

Light Geese	Sept. 28–Dec. 29 &	20	60
	Feb. 5–Feb. 16	20	60

(1) In *Kansas* and *Oklahoma,* the dark geese daily bag limit includes Canada geese, brant, and all other geese except white-fronted geese and light geese.

(2) In *Montana,* during the first 9 days of the duck season, and in *North Dakota, South Dakota,* and *Wyoming,* during the first 16 days of the duck season, the daily bag and possession limit may include 2 and 6 additional blue-winged teal, respectively.
(3) In *New Mexico,* Mexican-like ducks are included in the aggregate with mallards.
(4) In *North Dakota,* see State regulations for additional shooting hour restrictions.
(5) In *Texas,* the daily bag limit is 6 ducks, which may include no more than 5 mallards (only 2 of which may be females), 2 redheads, 3 wood ducks, 3 scaup, 2 canvasbacks, 1 pintail, and 1 dusky duck (mottled duck, Mexican-like duck, black duck and their hybrids). The season for dusky ducks is closed the first 5 days of the season in all zones. The possession limit is three times the daily bag limit.
(6) In *Texas,* in the West Goose Zone, the daily bag limit for dark geese is 5 in the aggregate and may include no more than 2 white-fronted geese. Possession limits are three times the daily bag limits.
(7) See State regulations for additional restrictions.

Pacific Flyway

Flyway-Wide Restrictions

Duck and Merganser Limits: The daily bag limit of 7 ducks (including mergansers) may include no more than 2 female mallards, 1 pintail, 2 redheads, 3 scaup, and 2 canvasbacks. The possession limit is three times the daily bag limit.

Coot and Common Moorhen Limits: Daily bag and possession limits are in the aggregate for the two species.

(1) In *Arizona,* the daily bag limit may include no more than either 2 female mallards or 2 Mexican-like ducks, or 1 of each; and not more than 6 female mallards and Mexican-like ducks, in the aggregate, may be in possession. For black-bellied whistling ducks, the daily bag limit is 1 and the possession limit is 3.
(2) In *California,* the daily bag and possession limits for Canada geese and white-fronted geese are in the aggregate.
(3) In *California,* small Canada geese are Cackling and Aleutian Canada geese, and large Canada geese are Western and Lesser Canada geese.
(4) In *California,* in the Northeastern Zone, the daily bag limit may include no more than 2 large Canada geese.
(5) In *Idaho,* the season on light geese is closed in Fremont and Teton Counties.
(6) In *Montana,* check State regulations for special seasons and exceptions.
(7) In *Nevada,* youth 17 years of age or younger are allowed to hunt on October 19 on the Moapa Valley portion of Overton WMA. Youth must be accompanied by an adult who is at least 18 years of age.
(8) In *Nevada,* there is no open season on light geese in Ruby Valley within Elko and White Pine Counties. In addition, the season is closed in Alkali Lake, Fernley, Humboldt, Kirch, Mason Valley, Scripps, and Steptoe Valley WMAs and Washoe State Park from February 22 to March 8.
(9) In *Oregon,* in the Northwest Permit Zone, see State regulations for specific dates, times, and conditions of permit hunts and closures.
(10) In *Oregon,* in the Northwest Permit Zone, the season for dusky Canada geese is closed.
(11) In *Oregon,* in Lake County, the daily bag and possession limits for white-fronted geese are 1 and 3, respectively.
(12) In *Oregon,* in Klamath County, Harney and Lake County, and Malheur County Zones, during January 27 through March 10, the daily bag and possession limits are 20 and 60, respectively.
(13) In *Washington,* the daily bag limit in the West Zone may include no more than 2 scoters, 2 long-tailed ducks, and 2 goldeneyes, with the possession limit three times the daily bag limit. The daily bag and possession limit, and the season limit, for harlequins is 1.
(14) In *Washington,* in Areas 1, 3, and 5, hunting is allowed everyday. In Area 4, hunting is allowed only on Saturdays, Sundays, Wednesdays, and certain holidays. See State regulations for details, including shooting hours.
(15) In *Washington,* in Areas 2 Inland and 2 Coast, see State regulations for specific dates, times, and conditions of permit hunts and closures.
(16) In *Washington,* in Areas 2 Inland and 2 Coast, the season for dusky Canada geese is closed.
(17) In *Washington,* brant may be hunted in Clallam, Pacific, Skagit, and Watcom Counties only; see State regulations for specific dates.

(f) Youth, Veteran, and Active Military Personnel Waterfowl Hunting Days.

The following seasons are open only to youth hunters, veterans, and active military personnel, except where noted. Youth hunters must be accompanied into the field by an adult at least 18 years of age. This adult cannot duck hunt but may participate in other open seasons.

Definitions

Youth Hunters: States may use their established definition of age for youth hunters. However, youth hunters may not be over the age of 17. Youth hunters 16 years of age and older must possess a Federal Migratory Bird Hunting and Conservation Stamp (also known as Federal Duck Stamp). Swans may only be taken by participants possessing applicable swan permits.

Veterans and Active Military Personnel: Veterans (as defined in section 101 of title 38, U.S. Code) and members of the Armed Forces on active duty, including members of the National Guard and Reserves on active duty (other than for training), may participate. All hunters must possess a Federal Migratory Bird Hunting and Conservation Stamp (also known as Federal Duck Stamp). Swans may only be taken by participants possessing applicable swan permits.

Washington (7)(8)	Ducks, geese, brant, mergansers, and coots:.	
	East Zone	Sept. 28 & Feb. 1.
	West Zone	Sept. 21 & Feb. 1.

		Season dates
Wyoming (1)	Ducks, geese, mergansers, and coots.	Sept. 14 & 15.

(1) The season is open to youth hunters only.
(2) In *Maryland,* youth hunter(s) must be accompanied by an adult at least 21 years old and who possesses a current Maryland hunting license or is exempt from the hunting license requirement. The adult accompanying the youth hunter(s) may not possess a hunting weapon and may not participate in other seasons that are open on the youth days.
(3) In *Maryland,* the bag limit for Canada geese is 1 in the AP Zone and 5 in the RP Zone.
(4) In *North Carolina,* the daily bag limit in the Northeast Hunt Zone may not include dark geese except by permit.
(5) In *North Carolina, Virginia, Nevada,* and *Utah,* the daily bag limit may not include swans except by permit.
(6) In *Kansas,* the adult accompanying the youth must possess any licenses and/or stamps required by law for that individual to hunt waterfowl.
(7) In *Washington,* the season is open to youth hunters only on September 28 in the East Zone and September 21 in the West Zone.
(8) In *Washington,* the brant season and light goose season is closed in September.

■ 7. Section 20.106 is revised to read as follows:

§ 20.106 Seasons, limits, and shooting hours for sandhill cranes.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits on the species designated in this section are as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset, except as otherwise noted. Area descriptions were published in the August 19, 2019, **Federal Register** (84 FR 42996).

Federally authorized, State-issued permits are issued to individuals, and only the individual whose name and address appears on the permit at the time of issuance is authorized to take sandhill cranes at the level allowed by the permit, in accordance with provisions of both Federal and State regulations governing the hunting season. The permit must be carried by the permittee when exercising its provisions and must be presented to any law enforcement officer upon request. The permit is not transferable or assignable to another individual, and may not be sold, bartered, traded, or otherwise provided to another person. If the permit is altered or defaced in any way, the permit becomes invalid.

Check state regulations for area descriptions and any additional restrictions.

(1) Each person participating in the regular sandhill crane seasons must have a valid sandhill crane hunting permit in their possession while hunting.
(2) In *Kansas* and *Kentucky,* shooting hours are from sunrise until sunset.
(3) In *Tennessee,* in the Southeast Zone, the season is also closed from January 17 through January 19, 2020.
(4) In *Kansas,* each person desiring to hunt sandhill cranes is required to pass an annual, online sandhill crane identification examination.
(5) Hunting is by State permit only. See State regulations for further information.
(6) In *New Mexico,* in the Middle Rio Grande Valley Area (Bernardo WMA and Casa Colorado WMA), the season is only open for youth hunters on December 7. See State regulations for further details.
(7) In *New Mexico,* in the Estancia Valley Area, the season will be closed to crane hunting on October 30.
(8) In *Arizona,* in Zone 1, season dates are November 15 to 17, November 22 to 24, November 26 to 28, November 30 to December 2, December 4 to 6, December 8 to 10, and December 13 to 15. November 15 to 17 is restricted to archery hunters only and December 13 to 15 is restricted to youth hunters only.
(9) In *Arizona,* in Zone 2, season dates are November 30 to December 2, December 4 to 6, December 8 to 10, December 12 to 14, and December 16 to 18.
(10) In *Arizona,* in Zone 3, season dates are November 22 to 24 and November 30 to December 2.

■ 8. Section 20.107 is revised to read as follows:

§ 20.107 Seasons, limits, and shooting hours for swans.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits on the species designated in this section are as follows:

Shooting hours are one-half hour before sunrise until sunset, except as otherwise restricted by State regulations. Hunting is by State permit only.

Federally authorized, State-issued permits are issued to individuals, and only the individual whose name and address appears on the permit at the time of issuance is authorized to take swans at the level allowed by the permit, in accordance with provisions of both Federal and State regulations governing the hunting season. The permit must be carried by the permittee when exercising its provisions and must be presented to any law enforcement officer upon request. The permit is not transferable or assignable to another individual, and may not be sold, bartered, traded, or otherwise provided to another person. If the permit is altered or defaced in any way, the permit becomes invalid.

Check State regulations for additional restrictions and delineations of geographical areas. Special restrictions may apply on Federal and State public hunting areas and Federal Indian reservations.

Note: Successful permittees must immediately validate their harvest by that method required in State regulations.

	Season dates	Limits
ATLANTIC FLYWAY		
Delaware	Oct. 25–Jan. 31	1 tundra swan per permit.
North Carolina	Nov. 9–Jan. 31	1 tundra swan per permit.
Virginia	Nov. 20–Jan. 31	1 tundra swan per permit.
CENTRAL FLYWAY (1)		
Montana	Sept. 28–Jan. 2	1 tundra swan per permit.
North Dakota	Sept. 28–Dec. 29	1 tundra swan per permit.
South Dakota	Sept. 28–Jan. 10	1 tundra swan per permit.
PACIFIC FLYWAY (1)		
Montana (2)	Oct. 5–Dec. 1	1 swan per season.
Nevada (3)(4)	Oct. 19–Jan. 31	2 swans per season.
Utah (4)(5)	Oct. 5–Dec. 8	1 swan per season.

(1) See State regulations for description of area open to swan hunting.
(2) In *Montana,* all harvested swans must be reported by way of a bill measurement card within 3 days of harvest.

(3) In *Nevada,* all harvested swans and tags must be checked or registered within 3 days of harvest.

(4) Harvests of trumpeter swans are limited to 10 in Nevada and 20 in Utah. When it has been determined that the quota of trumpeter swans allotted to Nevada and Utah have been filled, the season for taking of any swan species in the respective State will be closed by either the Director upon giving public notice through local information media at least 48 hours in advance of the time and date of closing, or by the State through State regulations with such notice and time (not less than 48 hours) as they deem necessary.

(5) In *Utah,* all harvested swans and tags must be checked or registered within 3 days of harvest.

■ 9. Section 20.109 is revised to read as follows:

§ 20.109 Extended seasons, limits, and hours for taking migratory game birds by falconry.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Hawking hours are one-half hour before sunrise until sunset except as otherwise restricted by State regulations.

Area descriptions were published in the August 19, 2019, **Federal Register** (84 FR 42996).

Check State regulations for additional restrictions and delineations of geographical areas. Special restrictions may apply on Federal and State public hunting areas and Federal Indian reservations.

Limits: The daily bag limit may include no more than 3 migratory game birds, singly or in the aggregate. The possession limit is three times the daily bag limit. These limits apply to falconry during both regular hunting seasons and extended falconry seasons, unless further restricted by State regulations. The falconry bag and possession limits are not in addition to regular season limits. Unless otherwise specified, extended falconry for ducks does not include sea ducks within the special sea duck areas.

Although many States permit falconry during the gun seasons, only extended falconry seasons are shown below. Please consult State regulations for details.

BILLING CODE 4333–15–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 1807136333–9174–02]

RIN 0648–XY020

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Catcher Vessels Equal to or Greater Than 60 Feet (18.3 Meters) Length Overall Using Hook-and-Line Gear in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by catcher vessels equal to or greater than 60 feet (18.3 meters (m)) length overall (LOA) using hook-and-line gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2019 Pacific cod total allowable catch allocated to catcher vessels equal to or greater than 60 feet (18.3 m) LOA using hook-and-line gear in the BSAI.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), August 23, 2019, through 2400 hours, A.l.t., December 31, 2019.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2019 Pacific cod total allowable catch (TAC) allocated to catcher vessels equal to or greater than 60 feet (18.3 m) LOA using hook-and-line gear in the BSAI is zero metric tons (mt) as established by the final 2019 and 2020 harvest specifications for groundfish in the BSAI (84 FR 9000, March 13, 2019) and inseason adjustment (84 FR 43727, August 22, 2019).

In accordance with § 679.20(d)(1)(iii), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2019 Pacific cod TAC allocated as a directed fishing allowance to catcher vessels equal to or greater than 60 feet (18.3 m) LOA using hook-and-line gear in the BSAI has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by catcher vessels equal to or greater than 60 feet (18.3 m) LOA using hook-and-line gear in the BSAI.

While this closure is effective the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of directed fishing for Pacific cod by catcher vessels equal to or greater than 60 feet (18.3 m) LOA using hook-and-line gear in the BSAI. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of August 22, 2019.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1901 *et seq.*

Dated: August 23, 2019.

Jennifer M. Wallace,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Proposed Rules

Federal Register
Vol. 84, No. 167
Wednesday, August 28, 2019

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

FEDERAL ELECTION COMMISSION

11 CFR Part 104

[Notice 2019–13]

Rulemaking Petition: Requiring Reporting of Exchanges of Email Lists

AGENCY: Federal Election Commission.

ACTION: Rulemaking Petition: Notification of availability.

SUMMARY: On June 28, 2019, the Federal Election Commission received a Petition for Rulemaking asking the Commission to amend its existing regulation requiring political committees to report receipts and disbursements to specify that the regulation also applies to the receipt and disbursement of a mailing list or other valuable list, even if such a list is received or disbursed as part of an equal-value exchange. The Commission seeks comments on the petition.

DATES: Comments must be submitted on or before October 28, 2019.

ADDRESSES: All comments must be in writing. Commenters are encouraged to submit comments electronically via the Commission's website at *http://sers.fec.gov/fosers/,* reference REG 2019–03. Alternatively, commenters may submit comments in paper form, addressed to the Federal Election Commission, Attn.: Esther Gyory, Acting Assistant General Counsel, 1050 First Street NE, Washington, DC 20463.

Each commenter must provide, at a minimum, his or her first name, last name, city, and state. All properly submitted comments, including attachments, will become part of the public record, and the Commission will make comments available for public viewing on the Commission's website and in the Commission's Public Records Office. Accordingly, commenters should not provide in their comments any information that they do not wish to make public, such as a home street address, personal email address, date of birth, phone number, social security number, or driver's license number, or any information that is restricted from disclosure, such as trade secrets or commercial or financial information that is privileged or confidential.

FOR FURTHER INFORMATION CONTACT: Ms. Esther Gyory, Acting Assistant General Counsel, or Mr. Tony Buckley, Attorney, Office of the General Counsel, 1050 First Street NE, Washington, DC 20463, (202) 694–1650 or (800) 424–9530.

SUPPLEMENTARY INFORMATION: On June 28, 2019, the Commission received a Petition for Rulemaking from the Campaign Legal Center (''Petition''). The Petition asks the Commission to amend 11 CFR 104.3 to clarify that ''a political committee's receipt or disbursement of a membership or other valuable list must be reported, even when the list was received or disbursed as part of a purported equal-value list swap.'' Petition at 5.

The Federal Election Campaign Act, 52 U.S.C. 30101–45 (the ''Act''), and Commission regulations require a political committee to report its receipts and disbursements. 52 U.S.C. 30104(a); 11 CFR 104.3(a) (reporting of receipts), (b) (reporting of disbursements). The Act lists specific categories of receipts and disbursements that must be reported, such as contributions, expenditures, and transfers to and from other political committees, as well as ''other forms of receipts,'' 52 U.S.C. 30104(b)(2)(J), and ''any other disbursements,'' 52 U.S.C. 30104(b)(4)(G), (b)(4)(H)(v). Political committees must also report the total amount of all receipts and all disbursements. 52 U.S.C. 30104(b)(2), (b)(4). The Commission's regulations implementing these statutory provisions require that political committees report contributions, expenditures, and other specified categories of receipts and disbursements, as well as ''other receipts'' and ''other disbursements.'' 11 CFR 104.3(a)(2)(viii), (b)(1)(ix), (b)(2)(vi).

In several advisory opinions, the Commission has determined that an exchange of equally valued mailing lists between political committees would not result in a contribution or an expenditure, and therefore, would not be reportable under the Act. Advisory Opinion 1982–41 (Dellums) at 2; *see also* Advisory Opinion 2002–14 (Libertarian National Committee) at 5 (concluding that exchanges of mailing lists of equal value would not be reportable event because ''no 'contribution, donation, or transfer of funds or any other thing of value' takes place'').

The Petition argues that the Commission has improperly narrowed the scope of committees' disclosure obligations ''for lists that are received or disbursed as part of a purported equal-value exchange.'' Petition at 3. The Petition requests that the Commission amend 11 CFR 104.3 ''to clarify that a political committee's receipt or disbursement of a membership or other valuable list must be reported, even when the list was received or disbursed as part of a purported equal-value list swap.'' Petition at 5.

The Commission seeks comments on the Petition. The public may inspect the Petition on the Commission's website at *http://sers.fec.gov/fosers/,* or in the Commission's Public Records Office, 1050 First Street NE, 12th Floor, Washington, DC 20463, Monday through Friday, from 9 a.m. to 5 p.m.

The Commission will not consider the Petition's merits until after the comment period closes. If the Commission decides that the Petition has merit, it may begin a rulemaking proceeding. The Commission will announce any action that it takes in the **Federal Register**.

Dated: August 22, 2019.

On behalf of the Commission.

Ellen L. Weintraub,

Chair, Federal Election Commission.

BILLING CODE 6715–01–P

FEDERAL ELECTION COMMISSION

11 CFR Part 104

[Notice 2019–12]

Rulemaking Petition: Filing Dates for Unauthorized Political Committees

AGENCY: Federal Election Commission.

ACTION: Rulemaking Petition: Notification of Availability.

SUMMARY: On June 14, 2019, the Federal Election Commission received a Petition for Rulemaking, which asks the Commission to amend its existing regulation that sets forth filing dates for unauthorized political committees. The proposed amendment would require any unauthorized committee that starts

an election year as a quarterly filer to maintain that status through any primary elections in which the committee is involved. The Commission seeks comment on the petition.

DATES: Comments must be submitted on or before October 28, 2019.

ADDRESSES: All comments must be in writing. Commenters are encouraged to submit comments electronically via the Commission's website at *http://www.fec.gov/fosers,* reference REG 2019–02. Alternatively, commenters may submit comments in paper form, addressed to the Federal Election Commission, Attn.: Mr. Robert M. Knop, Assistant General Counsel, 1050 First Street NE, Washington, DC 20463.

Each commenter must provide, at a minimum, his or her first name, last name, city, and state. All properly submitted comments, including attachments, will become part of the public record, and the Commission will make comments available for public viewing on the Commission's website and in the Commission's Public Records Office. Accordingly, commenters should not provide in their comments any information that they do not wish to make public, such as a home street address, personal email address, date of birth, phone number, social security number, or driver's license number, or any information that is restricted from disclosure, such as trade secrets or commercial or financial information that is privileged or confidential.

FOR FURTHER INFORMATION CONTACT: Mr. Robert M. Knop, Assistant General Counsel, or Ms. Jennifer G. Waldman, Attorney, Office of the General Counsel, 1050 First Street NE, Washington, DC 20463, (202) 694–1650 or (800) 424–9530.

SUPPLEMENTARY INFORMATION: On June 14, 2019, the Commission received a Petition for Rulemaking (''Petition'') from the Campaign Legal Center asking the Commission to amend 11 CFR 104.5(c)—which sets forth the filing dates for unauthorized political committees [1]—to require any unauthorized committee that starts an election year as a quarterly filer to maintain that status through any primary elections in which the committee is involved.

The Federal Election Campaign Act, 52 U.S.C. 30101–45 (the ''Act''), provides unauthorized political committees with two methods to report their receipts and disbursements to the Commission. The first method allows unauthorized committees to file semi-annual reports in non-election years and quarterly reports in election years. 52 U.S.C. 30104(a)(4)(A). Quarterly filers that make contributions or expenditures in a primary or general election must file pre-election reports 12 days before the election and must report the committee's election activities up to 20 days before the election. 52 U.S.C. 30104(a)(4)(A)(ii). All quarterly filers also must file a post-general election report no later than 30 days after the general election and must report the committee's election activities up to 20 days after the election. 52 U.S.C. 30104(a)(4)(A)(iii).

The second method allows unauthorized committees to file on a monthly basis, except that in election years, a monthly filer must file pre- and post-general election reports in lieu of the monthly report for November and December and a year-end report no later than January 31 of the following calendar year. 52 U.S.C. 30104(a)(4)(B). Monthly filers are not required to file pre- or post-election reports for primary elections. *Id.*

Commission regulations allow an unauthorized committee to change the frequency of its reporting once every calendar year. To do so, an unauthorized committee must notify the Commission of its intent in writing at the time it files a required report under its current frequency and then file its next required report on the new filing frequency. 11 CFR 104.5(c).

The Petition asks the Commission to open a rulemaking to amend section 104.5(c) ''to ensure that all unauthorized committees are required to file a pre-election report.'' Petition at 4. The Petition argues that ''a well-timed switch from reporting on a quarterly cycle to a monthly cycle just before a pre-election report is due can allow a political committee to take advantage of the laxer quarterly filing deadline, then avoid disclosing receipts and disbursements from the last few weeks of the campaign until after the election is over—when the information is of less value to voters.'' Petition at 2. The Petition suggests that the Commission revise section 104.5(c) to prohibit committees from switching their filing schedules during an election year; prohibit committees from switching from quarterly to monthly filing in any quarter in which they participate in a primary; or establish that committees that switch to monthly filers automatically revert back to quarterly filers if they are involved in a primary in their first quarter after the switch. *Id.* at 4.

The Commission seeks comments on the petition. The public may inspect the petition on the Commission's website, at *http://www.fec.gov/fosers,* or in the Commission's Public Records Office, 1050 First Street NE, 12th Floor, Washington, DC 20463, Monday through Friday, from 9 a.m. to 5 p.m.

The Commission will not consider the petition's merits until after the comment period closes. If the Commission decides that the petition has merit, it may begin a rulemaking proceeding. The Commission will announce any action that it takes in the **Federal Register**.

Dated: August 22, 2019.

On behalf of the Commission,

Ellen Weintraub,

Chair, Federal Election Commission.

BILLING CODE 6715–01–P

[1] An unauthorized committee ''is a political committee which has not been authorized in writing by a candidate to solicit or receive contributions or make expenditures on behalf of such a candidate, or which has been disavowed pursuant to [11 CFR 100.3(a)(3)].'' 11 CFR 100.5(f)(2).

FEDERAL ELECTION COMMISSION

11 CFR Part 104

[Notice 2019–14]

Rulemaking Petition: Requiring Reporting of Segregated Party Accounts

AGENCY: Federal Election Commission.

ACTION: Rulemaking Petition: Notification of Availability.

SUMMARY: On August 5, 2019, the Federal Election Commission received a Petition for Rulemaking asking the Commission to promulgate rules to specifically require reporting of receipts and disbursements of the accounts created by the Consolidated and Further Continuing Appropriations Act of 2015. The Commission seeks comments on the petition.

DATES: Comments must be submitted on or before October 28, 2019.

ADDRESSES: All comments must be in writing. Commenters are encouraged to submit comments electronically via the Commission's website at *http://sers.fec.gov/fosers/,* reference REG 2019–04. Alternatively, commenters may submit comments in paper form, addressed to the Federal Election Commission, Attn.: Esther Gyory, Acting Assistant General Counsel, 1050 First Street NE, Washington, DC 20463.

Each commenter must provide, at a minimum, his or her first name, last name, city, and state. All properly submitted comments, including attachments, will become part of the public record, and the Commission will

make comments available for public viewing on the Commission's website and in the Commission's Public Records Office. Accordingly, commenters should not provide in their comments any information that they do not wish to make public, such as a home street address, personal email address, date of birth, phone number, social security number, or driver's license number, or any information that is restricted from disclosure, such as trade secrets or commercial or financial information that is privileged or confidential.

FOR FURTHER INFORMATION CONTACT: Ms. Esther Gyory, Acting Assistant General Counsel, or Mr. Tony Buckley, Attorney, Office of the General Counsel, 1050 First Street NE, Washington, DC 20463, (202) 694–1650 or (800) 424–9530.

SUPPLEMENTARY INFORMATION: On August 5, 2019, the Commission received a Petition for Rulemaking from the Campaign Legal Center and the Center for Responsive Politics (''Petition''). The Petition asks the Commission to ''promulgate rules and forms requiring national party committees to delineate within their reports the individual and aggregate transactions involving'' the accounts created by the Consolidated and Further Continuing Appropriations Act, 2015, Public Law 113–235, 128 Stat. 2130, 2772 (2014) (''Appropriations Act''). Petition at 6.

The Appropriations Act amended the Federal Election Campaign Act, 52 U.S.C. 30101–45 (''FECA''), by establishing separate limits on contributions to three types of segregated accounts of national party committees (collectively ''segregated party accounts''). The segregated party accounts are for expenses incurred with respect to (1) presidential nominating conventions; (2) party headquarters buildings; and (3) election recounts or contests and other legal proceedings. 52 U.S.C. 30116(a)(9). The segregated party accounts are in addition to any other federal accounts that the committee may lawfully maintain.

FECA and Commission regulations require a political committee to report its receipts and disbursements. 52 U.S.C. 30104(a); 11 CFR 104.3(a) (reporting of receipts), (b) (reporting of disbursements). On February 13, 2015, the Commission issued interim guidance regarding the reporting of the activities of the segregated party accounts. *See https://www.fec.gov/updates/fec-issues-interim-reporting-guidance-for-national-party-committee-accounts/.*

In that guidance the Commission noted that ''[a]lthough party committees normally disclose their contributions on Form 3X, Line 11(a), the Commission['s] forms currently do not provide a clear way to distinguish between contributions deposited into the committees' separate accounts.'' The guidance instructed committees to report contributions to the three accounts on Line 17 of Form 3X titled ''Other Federal Receipts.'' When itemizing contributions of $200 or more on Schedule A, the committees were instructed to enter ''Convention Account'' ''Headquarters Account,'' or ''Recount Account,'' as appropriate, in the description field. The guidance instructed committees to report administrative or operating expenses paid from the accounts on Line 21(b) of Form 3X titled ''Other Federal Operating Expenditures'' (for expenses paid from a convention or headquarters account) and Line 29 of Form 3X titled ''Other Disbursements'' (for expenses paid from a recount account). When itemizing disbursements on Schedule B, the committees were instructed to enter ''Convention Account,'' ''Headquarters Account,'' or ''Recount Account,'' as appropriate, in the Purpose of Disbursement field along with the required purpose of the disbursement.[1]

The Petition asserts that ''each national party committee reports its receipts to and disbursements from the [segregated party] accounts in inconsistent and insufficient ways. As a result, it is effectively impossible for the public to track the large quantities of funds flowing into and out of the accounts.'' Petition at 2. Further, ''[e]very political committee is required to file periodic reports that include the committee's total receipts, total disbursements, and cash-on-hand for the reporting period and election cycle to-date. The national party committees, however, report none of these figures for their [segregated party] accounts.'' *Id.* The Petition also asserts that ''there is no consistent location or terminology that committees use to denote transactions involving the'' segregated party accounts. *Id.* at 2–3. As a result, the Petition claims, ''there is no simple way for any member of the public—even the most sophisticated users of FEC data—to determine the amounts of money being received into and disbursed from the [segregated party] accounts.'' Petition at 5. The Petition requests that the Commission ''promulgate rules and forms requiring national party committees to delineate within their reports the individual and aggregate transactions involving their [segregated party] accounts.'' Petition at 6.

The Commission seeks comments on the Petition. The public may inspect the Petition on the Commission's website at *http://sers.fec.gov/fosers/,* or in the Commission's Public Records Office, 1050 First Street NE, 12th Floor, Washington, DC 20463, Monday through Friday, from 9 a.m. to 5 p.m.

The Commission will not consider the Petition's merits until after the comment period closes. If the Commission decides that the Petition has merit, it may begin a rulemaking proceeding. The Commission will announce any action that it takes in the **Federal Register**.

Dated: August 22, 2019.

RIN 2120–AA64

Airworthiness Directives; Bombardier, Inc., Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Proposed rule; withdrawal.

SUMMARY: The FAA is withdrawing a notice of proposed rulemaking (NPRM) that proposed to adopt a new airworthiness directive (AD) that would have applied to certain Bombardier, Inc., Model DHC–8–400 series airplanes. The NPRM was prompted by reports of wear on fuel couplings, bonding springs, and sleeves as well as fuel tube end ferrules and fuel component end ferrules. The NPRM would have required repetitive inspections of the existing clamshell coupling bonding wires, fuel couplings, and associated sleeves for certain criteria, and replacement as necessary. The NPRM would also have required repetitive inspections of the fuel tube end ferrules, fuel component end ferrules, and ferrule o-ring flanges for damage and wear, and rework as necessary. Since issuance of the NPRM, the FAA determined that more restrictive airworthiness limitations are also necessary, that an

optional terminating modification is appropriate for certain airplanes, and that the NPRM does not adequately address the identified unsafe condition. Accordingly, the NPRM is withdrawn.

DATES: The FAA is withdrawing the proposed rule published July 6, 2018 (83 FR 31488), as of August 28, 2019.

ADDRESSES:

Examining the AD Docket

You may examine the AD docket on the internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2018–0547; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this AD action, the regulatory evaluation, any comments received, and other information. The street address for Docket Operations is U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: Joseph Catanzaro, Aerospace Engineer, Airframe and Propulsion Section, FAA, New York ACO Branch, 1600 Stewart Avenue, Suite 410, Westbury, NY 11590; telephone 516–228–7366; fax 516–794–5531; email *9-avs-nyaco-cos@faa.gov.*

SUPPLEMENTARY INFORMATION:

Discussion

The FAA issued an NPRM that proposed to amend 14 CFR part 39 by adding an AD that would apply to the specified products. The NPRM was published in the **Federal Register** on July 6, 2018 (83 FR 31488). The NPRM was prompted by reports of wear on fuel couplings, bonding springs, and sleeves as well as fuel tube end ferrules and fuel component end ferrules.

The NPRM proposed to require repetitive inspections of the existing clamshell coupling bonding wires, fuel couplings, and associated sleeves for certain criteria, and replacement as necessary. The NPRM also proposed to require repetitive inspections of the fuel tube end ferrules, fuel component end ferrules, and ferrule o-ring flanges for damage and wear, and rework as necessary. The proposed actions were intended to address wear on fuel couplings, bonding springs, and sleeves as well as fuel tube end ferrules and fuel component end ferrules, which could reduce the integrity of the electrical bonding paths through the fuel line and components, and ultimately lead to fuel tank ignition in the event of a lightning strike.

Actions Since the NPRM Was Issued

Since issuance of the NPRM, Bombardier developed a new optional terminating modification for certain Model DHC–8–400 series airplanes and issued associated service information. In addition, the applicability for certain required actions was revised and more restrictive airworthiness limitations related to the identified unsafe condition were developed. In light of these changes, the FAA is considering further rulemaking.

Withdrawal of the NPRM constitutes only such action and does not preclude the FAA from further rulemaking on this issue, nor does it commit the FAA to any course of action in the future.

FAA's Conclusions

Upon further consideration, the FAA has determined that the NPRM does not adequately address the identified unsafe condition. Accordingly, the NPRM is withdrawn.

Regulatory Findings

Since this action only withdraws an NPRM, it is neither a proposed nor a final rule. This action therefore is not covered under Executive Order 12866, the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

The Withdrawal

■ Accordingly, the notice of proposed rulemaking, Docket No. FAA–2018–0547, which was published in the **Federal Register** on July 6, 2018 (83 FR 31488), is withdrawn.

Issued in Des Moines, Washington, on August 22, 2019.

Suzanne Masterson,

Acting Director, System Oversight Division, Aircraft Certification Service.

Federal Register

Vol. 84, No. 167

Wednesday, August 28, 2019

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

August 23, 2019.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by September 27, 2019 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@omb.eop.gov* or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250–7602. Copies of the submission(s) may be obtained by calling (202) 720–8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food and Nutrition Service

Title: 7 CFR Part 235—State Administrative Expense (SAE) Funds.

OMB Control Number: 0584–0067.

Summary of Collection: The authority for this collection is provided for in Sections 7 and 10 of the Child Nutrition Act of 1966, 80 Stat. 888, 889, as amended (42 U.S.C. 1776, 1779). As required, the Food and Nutrition Service (FNS) issued regulations in 7 CFR part 235, which prescribes the methods for making payments of funds to State agencies to use for administrative expenses incurred in supervising and giving technical assistance in connection with activities undertaken by them under the National School Lunch Program (NSLP) (7 CFR part 210), the Special Milk Program (SMP) (7 CFR part 215), the School Breakfast Program (SBP) (7 CFR part 220), the Child and Adult Care Food Program (CACFP) (7 CFR part 226), and the Food Distribution Program (FDP) (7 CFR part 250). The State agencies also maintain current accounting records of State administrative expense funds which identify fund authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income.

Need and Use of the Information: Under this mandatory information collection, FNS collects the information necessary for making payments for funds to State agencies to use for the administrative expenses incurred in supervising and giving technical assistance in connection with the activities undertaken by the State agency under NSLP, SMP, SBP, CACFP, and the FDP. The Federal regulations in 7 CFR part 235 SAE Funds require the collection of information associated with this collection. This information is collected through written agreements that cover the operation of the Program during a specified period; State Administrative Expense plans that outline funding and activities; State Administrative Expense Funds Reallocation Reports that describe the use of SAE funds; and annual reports containing information on School Food Authorities (SFAs) under agreement with the State agency to participate in the National School Lunch or Commodity School Programs.

Description of Respondents: State, Local, or Tribal Government.

Number of Respondents: 83.

Frequency of Responses: Recordkeeping; Reporting: Quarterly and Annually.

Total Burden Hours: 6,551.

Food and Nutrition Service

Title: 7 CFR part 225, Summer Food Service Program.

OMB Control Number: 0584–0280.

Summary of Collection: Section 13 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1758), as amended, authorizes the Summer Food Service Program (SFSP). The SFSP is directed toward children in low-income areas when school is not in session and is operated locally by approved sponsors. Local sponsors may include public or private non-profit school food authorities (SFAs), public or private non-profit residential summer camps, units of local, municipal, county or State governments, or other private non-profit organizations that develop a special summer or other school vacation program and provide meal service similar to that available to children during the school year under the National School Lunch Program and the School Breakfast Program. Under the program, a sponsor receives reimbursement for serving nutritious, well-balanced meals to eligible children at the food service sites.

Need and Use of the Information: Response to this information collection is required if respondents wish to obtain or retain a benefit. FNS uses the information to determine an organization's eligibility and to monitor program performance for compliance and reimbursement purposes.

Description of Respondents: Individuals or households; Business or other for-profit; Not-for-profit institutions; and State, Local, or Tribal Government.

Number of Respondents: 64,275.

Frequency of Responses: Recordkeeping; Reporting; Third Party Disclosure (Public Disclosure): On occasion; Monthly; Annually.

Total Burden Hours: 348,884.

Food and Nutrition Service

Title: WIC Participant and Program Characteristics Study 2020 and 2022.

OMB Control Number: 0584–0609.

Summary of Collection: This data collection effort for the Special

Supplemental Nutrition Program for Women, Infants, and Children (WIC) Participant and Program Characteristics Study is authorized by 7 CFR 246.25(b)(3) (2011). This legislation requires State and local agencies to provide information required by the U.S. Department of Agriculture's (USDA) Food and Nutrition Service (FNS) for the creation of biennial reports on WIC participant and program characteristics (PC). This information includes, at a minimum, income and nutritional risk characteristics of participants, information on breastfeeding incidence and duration, and participation in the program by category (pregnant, breastfeeding, and postpartum women; infants; and children) within each priority level (as established in 7 CFR 246.7 (e)(4)) and by migrant farmworker households. The study affirms FNS's seventh strategic goal for 2018–2022: To provide all Americans access to a safe, nutritious, and secure food supply.

Need and Use of the Information: The WIC PC Study will collect updated program characteristics data from each of the 90 WIC State agencies. The data collection involves extracting data from the certification systems of each of the 90 WIC State agencies. The data files from this extraction contain two sets of data elements—the Minimum Data Set (MDS) and the Supplemental Data Set (SDS). All of the WIC State agencies are required to submit the MDS but it is optional to submit the SDS. FNS uses this data for general program monitoring as well as for managing the information needs of the program. The data is used to estimate budgets, submit civil rights reporting, identify needs for research, and review current and proposed WIC policies and procedures. FNS uses this data to produce the WIC PC reports which provide the most comprehensive and up-to-date statistics on WIC.

Description of Respondents: State, Local, or Tribal Government.

Number of Respondents: 360.

Frequency of Responses: Reporting: Biennially.

Total Burden Hours: 629.

Ruth Brown,

Departmental Information Collection Clearance Officer.

BILLING CODE 3410–30–P

DEPARTMENT OF AGRICULTURE

U.S. Codex Office

Codex Alimentarius Commission: Meeting of the Codex *Ad Hoc* Intergovernmental Task Force on Antimicrobial Resistance

AGENCY: U.S. Codex Office, USDA.

ACTION: Notice of public meeting and request for comments.

SUMMARY: The U.S Codex Office is sponsoring a public meeting on November 21, 2019. The objective of the public meeting is to provide information and receive public comments on agenda items and draft United States (U.S.) positions to be discussed at the 7th Session of the Codex *Ad Hoc* Intergovernmental Task Force on Antimicrobial Resistance (TFAMR) of the Codex Alimentarius Commission, in Pyeongchang, Republic of Korea, December 9–13, 2019. The U.S. Manager for Codex Alimentarius and the Under Secretary for Trade and Foreign Agricultural Affairs recognize the importance of providing interested parties the opportunity to obtain background information on the 7th Session of the TFAMR and to address items on the agenda.

DATES: The public meeting is scheduled for November 21, 2019, from 1:00–4:00 EST.

ADDRESSES: The public meeting will take place in Meeting Room 107–A of the Whitten Building, 1400 Independence Ave. SW, Washington, DC 20250. Documents related to the 7th Session of the TFAMR will be accessible via the internet at the following address: *http://www.fao.org/fao-who-codexalimentarius/meetings/en/.*

Dr. Donald A. Prater, U.S. Delegate to the 7th Session of the TFAMR, invites U.S. interested parties to submit their comments electronically to the following email address: *donald.prater@fda.hhs.gov.*

Call-In-Number: If you wish to participate in the public meeting for the 7th Session of the TFAMR by conference call, please use the call-in-number: 888–844–9904 and participant code 5126092.

Registration: Attendees may register to attend the public meeting by emailing *uscodex@usda.gov* by November 18, 2019. Early registration is encouraged because it will expedite entry into the building. The meeting will take place in a Federal building. Attendees should bring photo identification and plan for adequate time to pass through the security screening systems. Attendees who are not able to attend the meeting in person, but who wish to participate, may do so by phone, as discussed above.

FOR FURTHER INFORMATION CONTACT: About the 7th Session of the TFAMR, contact U.S. Delegate, Dr. Donald Prater, Assistant Commissioner for Food Safety Integration, Office of Food and Veterinary Medicine, Food and Drug Administration, 10903 New Hampshire Avenue, Silver Spring, MD 20993; phone: +1 (301) 348–3007, email: *donald.prater@fda.hhs.gov.*

For Further Information About the Public Meeting Contact: U.S. Codex Office, 1400 Independence Avenue SW, Room 4861, South Agriculture Building, Washington, DC 20250. Phone 202 720 7760, Fax: (202) 720–3157, Email: *uscodex@usda.gov.*

SUPPLEMENTARY INFORMATION:

Background

Codex was established in 1963 by two United Nations organizations, the Food and Agriculture Organization and the World Health Organization. Through adoption of food standards, codes of practice, and other guidelines developed by its committees, and by promoting their adoption and implementation by governments, Codex seeks to protect the health of consumers and ensure fair practices in the food trade.

The Terms of Reference of the Codex *Ad Hoc* Intergovernmental Task Force on Antimicrobial Resistance (TFAMR) are:

(a) To review and revise as appropriate the Code of Practice to Minimize and Contain Antimicrobial Resistance (CAC/RCP 61–20005) to address the entire food chain, in line with the mandate of Codex;

(b) To consider the development of Guidance on Integrated Surveillance of Antimicrobial Resistance, taking into account the guidance developed by the WHO Advisory Group on Integrated Surveillance of Antimicrobial Resistance (AGISAR) and relevant World Organization for Animal Health (OIE) documents.

The TFAMR is hosted by the Republic of Korea. The United States attends the TFAMR as a member country of Codex.

Issues To Be Discussed at the Public Meeting

The following items on the Agenda for the 7th Session of the TFAMR will be discussed during the public meeting:

- ☐ Matters referred by the Codex Alimentarius Commission and other subsidiary bodies
- ☐ Matters arising from FAO, WHO, and OIE

☐ Proposed draft revision of the *Code of Practice to Minimize and Contain Antimicrobial Resistance* (CSX 61–2005)

☐ Proposed draft Guidelines on the Integrated Surveillance of Antimicrobial Resistance

Public Meeting

At the November 21, 2019 public meeting, draft U.S. positions on the agenda items will be described and discussed, and attendees will have the opportunity to pose questions and offer comments. Written comments may be offered at the meeting or sent to Dr. Donald Prater, U.S. Delegate for the 7th Session of the TFAMR (see **ADDRESSES**). Written comments should state that they relate to activities of the 7th Session of the TFAMR.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, the U.S. Codex Office will announce this **Federal Register** publication on-line through the USDA web page located at: *https://www.usda.gov/codex,* a link that also offers an email subscription service providing access to information related to Codex. Customers can add or delete their subscription themselves and have the option to password protect their accounts.

USDA Non-Discrimination Statement

No agency, officer, or employee of the USDA shall, on the grounds of race, color, national origin, religion, sex, gender identity, sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, or political beliefs, exclude from participation in, deny the benefits of, or subject to discrimination any person in the United States under any program or activity conducted by the USDA.

How To File a Complaint of Discrimination

To file a complaint of discrimination, complete the USDA Program Discrimination Complaint Form, which may be accessed online at *https://www.ocio.usda.gov/sites/default/files/docs/2012/Complain_combined_6_8_12.pdf,* or write a letter signed by you or your authorized representative. Send your completed complaint form or letter to USDA by mail, fax, or email.

Mail: U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue SW, Washington, DC 20250–9410.

Fax: (202) 690–7442, Email: *program.intake@usda.gov.*

Persons with disabilities who require alternative means for communication (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720–2600 (voice and TDD).

Done at Washington, DC, on August 22, 2019.

Mary Lowe,

U.S. Manager for Codex Alimentarius.

BILLING CODE P

ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

Meetings

AGENCY: Architectural and Transportation Barriers Compliance Board.

ACTION: Notice of meetings.

SUMMARY: The Architectural and Transportation Barriers Compliance Board (Access Board) plans to hold its regular committee and Board meetings in Washington, DC, Monday through Wednesday, September 9–11, 2019, at the times and location listed below.

DATES: The schedule of events is as follows:

Monday, September 9, 2019

10:00 a.m.–10:30 a.m.—Planning and Evaluation Committee

10:30 a.m.–Noon—Meeting with the Kiosk Manufacturers Association on the development of a code of practice for accessibility of self-service kiosks and point-of-sale machines

1:30 p.m.–2:00 p.m.—Technical Programs Committee

2:00 p.m.–3:30 p.m.—Ad Hoc Committee on Design Guidance

Tuesday, September 10, 2019

11:00 a.m.–Noon—Presentation on Accredited Standards Committee A117 on Architectural Features and Site Design of Public Buildings and Residential Structures for Persons with Disabilities

1:30 p.m.–3:00 p.m.—Ad Hoc Committee on Frontier Issues: Presentations on changing places restroom at O'Hare Airport and Comcast's Eye Control for TVs

3:30 p.m.–4:30 p.m.—Presentation on the Washington Metropolitan Area Transit Authority's Beacon Wayfinding Project

Wednesday, September 11, 2019

11:30 a.m.–Noon—Budget Committee

1:30 p.m.–3:00 p.m.—Board Meeting

ADDRESSES: Meetings will be held at the Access Board Conference Room, 1331 F Street NW, Suite 800, Washington, DC 20004.

FOR FURTHER INFORMATION CONTACT: For further information regarding the meetings, please contact David Capozzi, Executive Director, (202) 272–0010 (voice); (202) 272–0054 (TTY).

SUPPLEMENTARY INFORMATION: At the Board meeting scheduled on the afternoon of Wednesday, September 11, the Access Board will consider the following agenda items:

- Approval of July 10, 2019 draft meeting minutes (vote)
- Ad Hoc Committee Reports: Design Guidance; Frontier Issues
- Technical Programs Committee
- Planning and Evaluation Committee
- Budget Committee
- Election Assistance Commission Report
- Executive Director's Report
- Public Comment (final 15 minutes of the meeting)

Members of the public can provide comments either in-person or over the telephone during the final 15 minutes of the Board meeting on Wednesday, September 11, 2019. Any individual interested in providing comment is asked to pre-register by sending an email to *bunales@access-board.gov* with the subject line ''Access Board meeting—Public Comment'' with your name, organization, state, and topic of comment included in the body of your email. All emails to register for public comment must be received by Wednesday, September 4, 2019. Commenters will be provided with a call-in number and passcode before the meeting. Commenters will be called on in the order by which they are pre-registered. Due to time constraints, each commenter is limited to two minutes. The Board will listen respectfully to comments; however, they will not engage in dialogue or answer questions. The purpose of the public comments is to hear the public's views. Commenters on the telephone will be in a listen-only capacity until they are called on.

All meetings are accessible to persons with disabilities. An assistive listening system, Communication Access Realtime Translation (CART), and sign language interpreters will be available at the Board meeting and committee meetings. You may view the Wednesday, September 11, 2019 meeting through a live webcast from 1:30 p.m. to 3:00 p.m. at: *www.access-board.gov/webcast.* Persons attending Board meetings are requested to refrain from using perfume, cologne, and other fragrances for the comfort of other

participants (see *www.access-board.gov/the-board/policies/fragrance-free-environment* for more information).

On September 12, 2019 from 9:30 a.m. to 4 p.m. the Board will hold a public hearing on draft advisory guidelines for aircraft onboard wheelchairs. For further information, see the **Federal Register** notice on the draft advisory guidelines, 84 FR 43100 (Aug. 20, 2019) or *https://www.access-board.gov/onboard*.

David M. Capozzi,

Executive Director.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[S–173–2019]

Foreign-Trade Zone 7—Mayaguez, Puerto Rico; Application for Subzone; Café Oro de Puerto Rico, Inc.; Lares, Puerto Rico

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Puerto Rico Industrial Development Company, grantee of FTZ 7, requesting subzone status for the facility of Café Oro de Puerto Rico, Inc., located in Lares, Puerto Rico. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on August 22, 2019.

The proposed subzone (1.8429 acres) is located at Road 129, Km. 25.4, Piletas Ward, Lares, Puerto Rico. No authorization for production activity has been requested at this time. The proposed subzone would be subject to the existing activation limit of FTZ 7.

In accordance with the Board's regulations, Camille Evans of the FTZ Staff is designated examiner to review the application and make recommendations to the Executive Secretary.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: *ftz@trade.gov.* The closing period for their receipt is October 7, 2019. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to October 22, 2019.

A copy of the application will be available for public inspection in the ''Reading Room'' section of the Board's website, which is accessible via *www.trade.gov/ftz.*

For further information, contact Camille Evans at *Camille.Evans@trade.gov* or (202) 482–2350.

Dated: August 23, 2019.

Andrew McGilvray,

Executive Secretary.

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

International Trade Administration

[A–570–847]

Persulfates From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on persulfates from the People's Republic of China (China) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing a notice of continuation of the AD duty order.

DATES: Applicable August 28, 2019.

FOR FURTHER INFORMATION CONTACT: Thomas Hanna or Howard Smith, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0835 or (202) 482–5193, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 7, 1997, Commerce published in the **Federal Register** the AD order on persulfates from China.[1] On February 5, 2019, Commerce published the notice of initiation of this sunset review of the AD order on persulfates from China pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).[2] Commerce conducted this sunset review on an expedited basis, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2) because it received a complete timely and adequate response from a domestic interested party[3] but no substantive responses from respondent interested parties. As a result of its review, Commerce determined pursuant to sections 751(c)(1) and 752(c) of the Act, that revocation of the *Order* would likely lead to a continuation or recurrence of dumping. Commerce also notified the ITC of the magnitude of the dumping margins likely to prevail should the *Order* be revoked.[4] On August 21, 2019, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the AD duty order on persulfates from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.[5]

Scope of the Order

The products covered by the order are persulfates, including ammonium, potassium, and sodium persulfates. The chemical formulas for these persulfates are, respectively, (NH4)2S2O8, K2S2O8, and Na2S2O8. Potassium persulfates are currently classifiable under subheading 2833.40.10 of the Harmonized Tariff Schedule of the United States (HTSUS). Sodium persulfates are classifiable under HTSUS subheading 2833.40.20. Ammonium and other persulfates are classifiable under HTSUS subheadings 2833.40.50 and 2833.40.60. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Continuation of the Order

As a result of the determinations by Commerce and the ITC that revocation of the *Order* would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the AD order on persulfates from China. U.S. Customs

[1] *See Notice of Antidumping Duty Order and Amended Final Determination of Sales at Less Than Fair Value: Persulfates from the People's Republic of China,* 62 FR 36259 (July 7, 1997) (*Order*), amended by *Notice of Amended Antidumping Duty Order: Persulfates from the People's Republic of China,* 62 FR 39212 (July 22, 1997).

[2] *See Initiation of Five-Year (Sunset) Review,* 84 FR 1704 (February 5, 2019).

[3] *See* PeroxyChem's Letter, ''Persulfates from the People's Republic of China—Five-Year (4th Sunset) Review of Antidumping Duty Order—Notice of Intention to Participate,'' dated February 19; *see also* PeroxyChem's Letter, ''Persulfates from the People's Republic of China—Domestic Industry's Substantive Response,'' dated March 6, 2019.

[4] *See* Persulfates from the People's Republic of China: Final Results of the Expedited Fourth *Sunset Review of the Antidumping Duty Order,* 84 FR 27087 (June 11, 2019).

[5] *See Persulfates from China,* Investigation No. 731–TA–749, 84 FR 43615 (August 21, 2019).

and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the *Order* will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next sunset review of the *Order* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Notification to Interested Parties

This five-year sunset review and this notice are in accordance with section 751(c) and 751(d)(2) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: August 22, 2019.

Christian Marsh,

Deputy Assistant Secretary for Enforcement and Compliance.

International Trade Administration

[A–580–839]

Certain Polyester Staple Fiber From the Republic of Korea: Notice of Final Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On July 12, 2019, the Department of Commerce (Commerce) initiated, and published the preliminary results of, the changed circumstances review (CCR) of the antidumping duty (AD) order on certain polyester staple fiber (PSF) from the Republic of Korea (Korea). For these final results, Commerce continues to find that Toray Advanced Materials Korea, Inc. (TAK) is the successor-in-interest to Toray Chemical Korea, Inc. (TCK).

DATES: Applicable August 28, 2019.

FOR FURTHER INFORMATION CONTACT: Nicholas Czajkowski, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1395.

SUPPLEMENTARY INFORMATION:

Background

On May 23, 2019, TAK requested that, pursuant to section 751(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216(b), Commerce conduct a CCR of the AD order on PSF from Korea.[1] In its request, TAK argued that it is the successor-in-interest to its wholly-owned subsidiary TCK and, accordingly, Commerce should assign it the cash deposit rate established for TCK.[2] TAK stated that, in April 2019, TAK merged with TCK and, as a result of the merger, TAK assumed all of TCK's assets, rights, and liabilities.[3]

On July 12, 2019, Commerce initiated this CCR and concurrently published the notice of preliminary results, determining that TAK is the successor-in-interest to TCK.[4] In the *Initiation and Preliminary Results,* we provided all interested parties an opportunity to comment and to request a public hearing regarding our preliminary finding that TAK is the successor-in-interest to TCK.[5] We received no comments or requests for a public hearing from interested parties within the time period set forth in the *Initiation and Preliminary Results.*[6]

Scope of the Order

The product covered by the order is certain polyester staple fiber (PSF). PSF is defined as synthetic staple fibers, not carded, combed or otherwise processed for spinning, of polyesters measuring 3.3 decitex (3 denier, inclusive) or more in diameter. This merchandise is cut to lengths varying from one inch (25 mm) to five inches (127 mm). The merchandise subject to these orders may be coated, usually with a silicon or other finish, or not coated. PSF is generally used as stuffing in sleeping bags, mattresses, ski jackets, comforters, cushions, pillows, and furniture. Merchandise of less than 3.3 decitex (less than 3 denier) currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 5503.20.00.25 is specifically excluded from these orders. Also, specifically excluded from these orders are polyester staple fibers of 10 to 18 denier that are cut to lengths of 6 to 8 inches (fibers used in the manufacture of carpeting). In addition, low-melt PSF is excluded from these orders. Low-melt PSF is defined as a bi-component fiber with an outer sheath that melts at a significantly lower temperature than its inner core.

The merchandise subject to these orders is currently classifiable in the HTSUS at subheadings 5503.20.00.45 and 5503.20.00.65.[7] Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the orders is dispositive.

Final Results of Changed Circumstances Review

For the reasons stated in the *Initiation and Preliminary Results,* and because we received no comments from interested parties to the contrary, Commerce continues to find that TAK is the successor-in-interest to TCK. As a result of this determination and consistent with established practice, we find that TAK should receive the cash deposit rate assigned to TCK. Consequently, Commerce will instruct U.S. Customs and Border Protection to suspend entries of subject merchandise produced or exported by TAK at TCK's current cash deposit rate of 2.13 percent.[8] This cash deposit requirement will be effective on the publication date of our final results and shall remain in effect until further notice.

Notification to Interested Parties

We are issuing this determination and publishing these final results and notice in accordance with sections 751(b)(1) and 777(i)(1) and (2) of the Act and 19 CFR 351.216(e), 351.221(b), and 351.221(c)(3).

Dated: August 22, 2019.

Christian Marsh,

Deputy Assistant Secretary for Enforcement and Compliance.

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Final Results of Countervailing Duty Administrative Review and Rescission of Review, in Part; 2016

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that exporters and/or producers subject to the administrative review of crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells) from the People's Republic of China (China), received countervailable subsidies during the period of review (POR) January 1, 2016 through December 31, 2016.

DATES: Applicable August 28, 2019.

FOR FURTHER INFORMATION CONTACT: Gene H. Calvert, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3586.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the *Preliminary Results* of this administrative review in the **Federal Register** on February 20, 2019.[1] We invited interested parties to comment on the *Preliminary Results.*

On May 23, 2019, we extended the deadline for issuing the final results of this administrative review to August 19, 2019.[2] On August 1, 2019, we received timely filed case briefs from the following interested parties: SolarWorld Americas, Inc. (the petitioner); the Government of China (the GOC); Canadian Solar, Inc. (Canadian Solar); and Jinko Solar Import & Export Co., Ltd. (Jinko Solar).[3] On this same day, Changzhou Trina Solar Energy Co., Ltd., a non-selected company subject to this administrative review, submitted a letter in lieu of a case brief.[4]

On August 6, 2019, we received timely filed rebuttal briefs from the petitioner, the GOC, Canadian Solar, and Jinko Solar.[5] Also on August 6, 2019, BYD (Shangluo) Industrial Co., Ltd. (BYD Shangluo) and Shanghai BYD Co., Ltd. (collectively, BYD Companies), which are non-selected companies that are subject to this administrative review, collectively submitted a letter in lieu of a rebuttal brief.[6] For a detailed history of the events that occurred since the *Preliminary Results, see* the Issues and Decision Memorandum.[7]

Scope of the Order

The products covered by this countervailing duty (CVD) order are solar cells from China. A full description of the scope of the order is contained in the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by interested parties are addressed in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic System (ACCESS). ACCESS is available to registered users at *https://access.trade.gov,* and is available to all parties in the Central Records Unit, Room B8024 of the main Commerce Building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at *http://enforcement.trade.gov/frn/.* The signed Issues and Decision Memorandum and its electronic version are identical in content.

A list of the issues raised by interested parties, and to which we responded in the Issues and Decision Memorandum, is attached as the appendix to this notice.

Changes From the Preliminary Results

Based on our analysis of the comments received, Commerce made certain revisions to the CVD subsidy rates calculated for Canadian Solar and Jinko Solar (the mandatory company respondents). The Issues and Decision Memorandum contains descriptions of these revisions.

Methodology

Commerce conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, we find that there is a subsidy, *i.e.,* a financial contribution from a government or public entity that gives rise to a benefit to the recipient, and that the subsidy is specific.[8] For a full description of the methodology underlying all of Commerce's conclusions, including any determination that relied upon the use of facts available pursuant to sections 776(a) and (b) of the Act, *see* the Issues and Decision Memorandum.

Partial Rescission of Administrative Review

As noted in the *Preliminary Results,* Commerce received a timely filed no-shipments certification from BYD Shangluo. Commerce inquired with U.S. Customs and Border Protection (CBP) as to whether BYD Shangluo shipped merchandise subject to this review to

the United States during the POR. In response to our inquiry, CBP informed Commerce that it found no evidence of shipments concerning subject merchandise that were produced and/or exported by BYD Shangluo to the United States during the POR. Based on the no-shipments certification submitted by BYD Shangluo, and CBP's response to our no-shipments inquiry, we are rescinding this review with respect to BYD Shangluo in accordance with 19 CFR 351.213(d)(3).

Final Results of Administrative Review

In accordance with section 777A(e) of the Act and 19 CFR 351.221(b)(5), we calculated a countervailable subsidy rate for the two mandatory respondents, Canadian Solar and Jinko Solar. For the non-selected companies subject to this review, we followed our practice, which is to base the subsidy rates on an average of the subsidy rates calculated for those companies selected for individual review, excluding *de minimis* rates or rates based entirely on adverse facts available.[9] In this case, for the non-selected companies, we calculated a rate by weight-averaging the calculated subsidy rates of the two mandatory respondents using their publicly-ranged sales data for exports of subject merchandise to the United States during the POR. We find the countervailable subsidy rates for the producers/exporters under review to be as follows:

Company	Subsidy rate (percent)
Canadian Solar Inc. and Cross-Owned Affiliates [10]	9.70
Jinko Solar Import and Export Co., Ltd. and Cross-Owned Affiliates [11]	12.76

Review-Specific Rate Applicable to the Non-Selected Companies Subject to this Review:

Disclosure

We will disclose to the parties in this proceeding the calculations performed for these final results within five days of publication of this notice in the **Federal Register.**[12]

Assessment Rates

Consistent with 19 CFR 351.212(b)(2), we intend to issue assessment instructions to CBP 15 days after the date of publication of these final results of review, to liquidate shipments of subject merchandise produced and/or exported by the companies listed above, entered, or withdrawn from warehouse, for consumption on or after January 1, 2016 through December 31, 2016, at the *ad valorem* rates listed above.

Cash Deposit Instructions

In accordance with section 751(a)(1) of the Act, we intend to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown for each of the respective companies listed above. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to APO of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

[12] *See* 19 CFR 351.224(b).

Dated: August 19, 2019.

Steel Wire Garment Hangers From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on steel wire garment hangers (hangers) from the People's Republic of China (China) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing this notice of continuation of the AD order.

DATES: Applicable August 28, 2019.

FOR FURTHER INFORMATION CONTACT: Genevieve Coen, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3251.

SUPPLEMENTARY INFORMATION:

Background

On October 6, 2008, Commerce published the AD order on hangers from China.[1] A continuation of the AD order was published on January 10, 2014, at the conclusion of the first five-year (sunset) review.[2] On February 5, 2019, Commerce initiated the second five-year (sunset) review of the *Order* pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).[3] As a result of its

[1] *See Notice of Antidumping Duty Order: Steel Wire Garment Hangers from the People's Republic of China,* 73 FR 58111 (October 6, 2008) (*Order*).

[2] *See Final Results of Expedited Sunset Review of the Antidumping Duty Order,* 79 FR 1829 (January 10, 2014).

[3] *See Initiation of Five-Year (Sunset) Reviews,* 84 FR 1704 (February 5, 2019).

review, Commerce determined, pursuant to sections 751(c)(1) and 752(c) of the Act, that revocation of the AD order on hangers from China would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins of dumping likely to prevail should the order be revoked.[4] On August 21, 2019, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the *Order* would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.[5]

Scope of the Order

The merchandise that is subject to the order is steel wire garment hangers, fabricated from carbon steel wire, whether or not galvanized or painted, whether or not coated with latex or epoxy or similar gripping materials, and/or whether or not fashioned with paper covers or capes (with or without printing) and/or nonslip features such as saddles or tubes. These products may also be referred to by a commercial designation, such as shirt, suit, strut, caped, or latex (industrial) hangers. Specifically excluded from the scope of the order are wooden, plastic, and other garment hangers that are not made of steel wire. Also excluded from the scope of the order are chrome-plated steel wire garment hangers with a diameter of 3.4 mm or greater. The products subject to the order are currently classified under U.S. Harmonized Tariff Schedule (HTSUS) subheadings 7326.20.0020, 7323.99.9060, and 7323.99.9080.

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Continuation of the Order

As a result of the determinations by Commerce and the ITC that revocation of the *Order* would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the AD order on hangers from China. U.S. Customs and Border Protection will continue to collect cash deposits for estimated antidumping duties at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the *Order* will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year review of the *Order* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Administrative Protective Order (APO)

This notice also serves as the only reminder to parties subject to APO of their responsibility concerning the return, destruction, or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation of the APO which may be subject to sanctions.

Notification to Interested Parties

This five-year (sunset) review and this notice are in accordance with section 751(c) of the Act, and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: August 22, 2019.

Laminated Woven Sacks From the People's Republic of China: Continuation of Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) that revocation of the antidumping (AD) and countervailing duty (CVD) orders on laminated woven sacks (woven sacks) from the People's Republic of China (China) would likely lead to a continuation or recurrence of dumping and countervailable subsidies, as well as material injury to an industry in the United States, Commerce is publishing a notice of continuation of the AD and CVD orders.

DATES: Applicable August 28, 2019.

FOR FURTHER INFORMATION CONTACT: Genevieve Coen at (202) 482–3251 (Antidumping Duty); and Thomas Dunne or Jacqueline Arrowsmith at (202) 482–2328 and (202) 482–5255, respectively (Countervailing Duty); AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On August 7, 2008, Commerce published the AD and CVD orders on woven sacks from China.[1] On July 1, 2013, Commerce initiated the first five-year (sunset) review of the AD and orders on woven sacks from China, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).[2] As a result of its review, Commerce determined that revocation of the AD and CVD orders on woven sacks from China would likely lead to a continuation or recurrence of dumping and countervailable subsidies and, therefore, notified the ITC of the magnitude of the margins and net countervailable subsidy rates likely to prevail should the orders be revoked.[3] The ITC determined, pursuant to section 751(c) of the Act, that revocation of the AD and CVD orders on woven sacks from China would lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.[4] Accordingly, the continuation of the AD duty order was published on March 26, 2014, and the continuation of the CVD order was published on March 27, 2014, at the conclusion of the first five-year (sunset) reviews.[5]

On February 5, 2019, Commerce initiated the second five-year (sunset) review of the AD and CVD orders on woven sacks from China, pursuant to section 751(c) of the Act.[6] As a result of its review, Commerce determined that revocation of the AD and CVD orders on woven sacks from China would likely lead to a continuation or recurrence of dumping and countervailable subsidies and, therefore, notified the ITC of the magnitude of the margins and net countervailable subsidy rates likely to prevail should the orders be revoked.[7] On August 21, 2019, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the AD and CVD orders on woven sacks from China would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.[8]

Scope of the Orders

The merchandise covered by the orders is laminated woven sacks. Laminated woven sacks are bags or sacks consisting of one or more plies of fabric consisting of woven polypropylene strip and/or woven polyethylene strip, regardless of the width of the strip; with or without an extrusion coating of polypropylene and/or polyethylene on one or both sides of the fabric; laminated by any method either to an exterior ply of plastic film such as biaxially-oriented polypropylene (BOPP) or to an exterior ply of paper that is suitable for high quality print graphics;[9] printed with three colors or more in register; with or without lining; whether or not closed on one end; whether or not in roll form (including sheets, lay-flat tubing, and sleeves); with or without handles; with or without special closing features; not exceeding one kilogram in weight. Woven sacks are typically used for retail packaging of consumer goods such as pet foods and bird seed.

Effective July 1, 2007, laminated woven sacks are classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 6305.33.0050 and 6305.33.0080. Laminated woven sacks were previously classifiable under HTSUS subheading 6305.33.0020. If entered with plastic coating on both sides of the fabric consisting of woven polypropylene strip and/or woven polyethylene strip, laminated woven sacks may be classifiable under HTSUS subheadings 3923.21.0080, 3923.21.0095, and 3923.29.0000. If entered not closed on one end or in roll form (including sheets, lay-flat tubing, and sleeves), laminated woven sacks may be classifiable under other HTSUS subheadings including 3917.39.0050, 3921.90.1100, 3921.90.1500, and 5903.90.2500. If the polypropylene strips and/or polyethylene strips making up the fabric measure more than 5 millimeters in width, laminated woven sacks may be classifiable under other HTSUS subheadings including 4601.99.0500, 4601.99.9000, and 4602.90.0000. Although HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the orders is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to a continuation or recurrence of dumping and countervailable subsidies, as well as material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the AD and CVD orders on woven sacks from China. U.S. Customs and Border Protection will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the orders will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, Commerce intends to initiate the next five-year review of the orders not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Notification to Interested Parties

This five-year (sunset) review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: August 22, 2019.

Christian Marsh,

Deputy Assistant Secretary for Enforcement and Compliance.

Low Melt Polyester Staple Fiber From the Republic of Korea: Notice of Final Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On July 12, 2019, the Department of Commerce (Commerce) initiated, and published the preliminary results of, the changed circumstances review (CCR) of the antidumping duty (AD) order on low melt polyester staple fiber (low melt PSF) from the Republic of Korea (Korea). For these final results, Commerce continues to find that Toray Advanced Materials Korea, Inc. (TAK) is the successor-in-interest to Toray Chemical Korea, Inc. (TCK).

DATES: Applicable August 28, 2019.

FOR FURTHER INFORMATION CONTACT: Alice Maldonado, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4682.

SUPPLEMENTARY INFORMATION:

Background

On May 23, 2019, TAK requested that, pursuant to section 751(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216(b), Commerce conduct a CCR of the AD order on low melt PSF from Korea.[1] In its request, TAK argued that it is the successor-in-interest to its wholly-owned subsidiary TCK and, accordingly, Commerce should assign it the cash deposit rate established for TCK.[2] TAK stated that, in April 2019, TAK merged with TCK and, as a result of the merger, TAK assumed all of TCK's assets, rights, and liabilities.[3]

On July 12, 2019, Commerce initiated this CCR and concurrently published the notice of preliminary results, determining that TAK is the successor-

[1] *See* TAK's Letter, ''Low Melt Polyester Staple Fiber from the Republic of Korea: Changed Circumstances Review Request,'' dated May 23, 2019, at 1–2.

[2] *Id.*

[3] *Id.* at 2.

in-interest to TCK.[4] In the *Initiation and Preliminary Results,* we provided all interested parties an opportunity to comment and to request a public hearing regarding our preliminary finding that TAK is the successor-in-interest to TCK.[5] We received no comments or requests for a public hearing from interested parties within the time period set forth in the *Initiation and Preliminary Results.*[6]

Scope of the AD Order

The merchandise subject to this order is synthetic staple fibers, not carded or combed, specifically bi-component polyester fibers having a polyester fiber component that melts at a lower temperature than the other polyester fiber component (low melt PSF). The scope includes bi-component polyester staple fibers of any denier or cut length. The subject merchandise may be coated, usually with a finish or dye, or not coated.

Low melt PSF is classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) subheading 5503.20.0015. Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Final Results of Changed Circumstances Review

For the reasons stated in the *Initiation and Preliminary Results,* and because we received no comments from interested parties to the contrary, Commerce continues to find that TAK is the successor-in-interest to TCK. As a result of this determination and consistent with established practice, we find that TAK should receive the cash deposit rate assigned to TCK. Consequently, Commerce will instruct U.S. Customs and Border Protection to suspend entries of subject merchandise produced or exported by TAK at TCK's current cash deposit rate of 16.27 percent.[7] This cash deposit requirement will be effective on the publication date of our final results and shall remain in effect until further notice.

Notification to Interested Parties

We are issuing this determination and publishing these final results and notice in accordance with sections 751(b)(1) and 777(i)(1) and (2) of the Act and 19 CFR 351.216(e), 351.221(b), and 351.221(c)(3).

Dated: August 22, 2019.

Christian Marsh,

Deputy Assistant Secretary for Enforcement and Compliance.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Application Package for AmeriCorps Affiliates Application

AGENCY: Corporation for National and Community Service (CNCS).

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, CNCS is proposing to renew an information collection.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by October 28, 2019.

ADDRESSES: You may submit comments, identified by the title of the information collection activity, by any of the following methods:

(1) *By mail sent to:* Corporation for National and Community Service, Attention Lisa Bishop, 250 E Street SW, Washington, DC 20525.

(2) By hand delivery or by courier to the CNCS mailroom at the mail address given in paragraph (1) above, between 9:00 a.m. and 4:00 p.m. Eastern Time, Monday through Friday, except federal holidays.

(3) Electronically through *www.regulations.gov.*

Comments submitted in response to this notice may be made available to the public through *regulations.gov.* For this reason, please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. If you send an email comment, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. Please note that responses to this public comment request containing any routine notice about the confidentiality of the communication will be treated as public comment that may be made available to the public, notwithstanding the inclusion of the routine notice.

FOR FURTHER INFORMATION CONTACT: Lisa Bishop, 202–606–6869, or by email at *lbishop@cns.gov.*

SUPPLEMENTARY INFORMATION:

Title of Collection: AmeriCorps Affiliates Application.

OMB Control Number: 3045–0182.

Type of Review: Renewal.

Respondents/Affected Public: Nonprofit Organizations.

Total Estimated Number of Annual Responses: 20.

Total Estimated Number of Annual Burden Hours: 200.

Abstract: This information collection seeks feedback on CNCS's AmeriCorps Affiliate Application Instructions in the event that CNCS conducts future AmeriCorps Affiliate competitions after the expiration of the current Application Instructions. CNCS also seeks to continue using the currently approved information collection until the revised information collection is approved by OMB. The currently approved information collection is due to expire on December 31, 2019.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information. All written comments will be available for public inspection on *regulations.gov.*

Dated: August 22, 2019.

DEPARTMENT OF DEFENSE

Office of the Secretary

Charter Renewal of Department of Defense Federal Advisory Committees

AGENCY: Department of Defense.

ACTION: Renewal of Federal Advisory Committee.

SUMMARY: The Department of Defense (DoD) is publishing this notice to announce that it is renewing the charter for the Defense Policy Board (''the Board'').

FOR FURTHER INFORMATION CONTACT: Jim Freeman, Advisory Committee Management Officer for the Department of Defense, 703–692–5952.

SUPPLEMENTARY INFORMATION: The Board's charter is being renewed in accordance with the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C., Appendix) and 41 CFR 102–3.50(d). The charter and contact information for the Board's Designated Federal Officer (DFO) are found at *https://www.facadatabase.gov/FACA/apex/FACAPublicAgencyNavigation.*

The Board provides the Secretary of Defense independent advice and recommendations on matters concerning defense policy. Specifically, the Board will focus on: (a) Issues central to strategic DoD planning; (b) policy implications of U.S. force structure and force modernization on DoD's ability to execute U.S. defense strategy; (c) U.S. regional defense policies; (d) and any other topics raised by the Secretary of Defense, the Deputy Secretary of Defense, or the Under Secretary of Defense for Policy.

The Board shall be composed of not more than 20 members who have distinguished backgrounds in defense and national security affairs. Individual members will be appointed according to DoD policy and procedures, and serve a term of service of one-to-four years with annual renewals. One member will be appointed as Chair of the Board. No member, unless approved according to DoD policy and procedures, may serve more than two consecutive terms of service on the Board, to include its subcommittees, or serve on more than two DoD federal advisory committees at one time.

Members of the Board who are not full-time or permanent part-time Federal officers, employees, or members of the Armed Forces will be appointed as experts or consultants, pursuant to 5 U.S.C. 3109, to serve as special government employee members. Board members who are full-time or permanent part-time Federal officers, employees, or members of the Armed Forces will be appointed pursuant to 41 CFR 102–3.130(a), to serve as regular government employee members.

All members of the Board are appointed to provide advice on the basis of their best judgment without representing any particular point of view and in a manner that is free from conflict of interest. Except for reimbursement of official Board-related travel and per diem, members serve without compensation.

The public or interested organizations may submit written statements to the Board membership about the Board's mission and functions. Written statements may be submitted at any time or in response to the stated agenda of planned meeting of the Board. All written statements shall be submitted to the DFO for the Board, and this individual will ensure that the written statements are provided to the membership for their consideration.

Dated: August 22, 2019.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001–06–P

DEPARTMENT OF EDUCATION

President's Board of Advisors on Historically Black Colleges and Universities

AGENCY: U.S. Department of Education, President's Board of Advisors on Historically Black Colleges and Universities, Office of Undersecretary, U.S. Department of Education.

ACTION: Announcement of an open meeting.

SUMMARY: This notice sets forth the agenda for the September 11, 2019 meeting of the President's Board of Advisors on Historically Black Colleges and Universities (PBA) and provides information to members of the public on submitting written comments and on the process as to how to request time to make oral comments at the meeting. The notice also describes the functions of the PBA. Notice of the meeting is required by § 10(a)(2) of the Federal Advisory Committee Act (FACA) and is intended to notify the public of its opportunity to attend.

DATE: The PBA meeting will be held on September 11, 2019, from 9:30 a.m. to 2 p.m. E.D.T. in the Renaissance Ballroom East at the Renaissance Washington, DC Downtown Hotel, 999 9th Street NW, Washington, DC 20001.

FOR FURTHER INFORMATION CONTACT: Sedika Franklin, Designated Federal Official/Associate Director, U.S. Department of Education, White House Initiative on Historically Black Colleges and Universities, 400 Maryland Avenue SW, Washington, DC 20204; telephone: (202) 453–5634 or (202) 453–5630, or email *sedika.franklin@ed.gov.*

SUPPLEMENTARY INFORMATION:

PBA's Statutory Authority and Function: The PBA is established by Executive Order 13779 (February 28, 2017) and is continued by Executive Order 13811 (September 29, 2017). The PBA is governed by the provisions of FACA (Pub. L. 92–463; as amended, 5 U.S.C.A., Appendix 2), which sets forth standards for the formation and use of advisory committees. The purpose of the PBA is to advise the President through the White House Initiative on Historically Black Colleges and Universities (Initiative) on all matters pertaining to strengthening the educational capacity of Historically Black Colleges and Universities (HBCUs).

The PBA shall advise the President in the following areas: (i) Improving the identity, visibility, and distinctive capabilities and overall competitiveness of HBCUs; (ii) engaging the philanthropic, business, government, military, homeland-security, and education communities in a national dialogue regarding new HBCU programs and initiatives; (iii) improving the ability of HBCUs to remain fiscally secure institutions that can assist the nation in reaching its goal of having the highest proportion of college graduates by 2020; (iv) elevating the public awareness of HBCUs; and (v) encouraging public-private investments in HBCUs.

Meeting Agenda: The meeting agenda will include welcoming remarks; a discussion of Opportunity Zones; presentations and discussion with federal officials related to HBCUs; and a PBA member group discussion. An Opportunity Zone is an economically-distressed community where new investments, under certain conditions, may be eligible for preferential tax treatment. Localities qualify as Opportunity Zones if they have been nominated for that designation by the state and that nomination has been certified by the Secretary of the U.S. Treasury via his delegation of authority to the Internal Revenue Service. The public comment period will begin immediately following the conclusion of the agenda items mentioned above.

Access to the Meeting: An RSVP is required for anyone interested in attending the meeting in person on September 11, 2019. Submit an RSVP by email to the *whirsvps@ed.gov* mailbox. RSVPs must be received by close of business on September 5, 2019. Include in the subject line of the email request ''Meeting RSVP: (organization name).'' The email must include the name(s), title, organization/affiliation, mailing address, email address, telephone number, of the person(s) requesting to attend.

Submission of requests to make an oral comment: There are two methods the public may use to provide an oral comment pertaining to the work of the PBA at the September 11, 2019 meeting.

Method One: Submit a request by email to the *whirsvps@ed.gov* mailbox. Please do not send materials directly to PBA members. Requests must be received by September 5, 2019. Include in the subject line of the email request ''Oral Comment Request: (organization name).'' The email must include the name(s), title, organization/affiliation, mailing address, email address, telephone number, of the person(s) requesting to speak, and a brief summary (not to exceed one page) of the principal points to be made. All individuals submitting an advance request in accordance with this notice will be afforded an opportunity to speak for three minutes.

Method Two: Register at the meeting location on September 11, 2019, to make an oral comment during the public comment period. The requestor must provide his or her name, title, organization/affiliation, mailing address, email address, and telephone number. Individuals will be selected on a first-come, first-served basis. If selected, each commenter will have an opportunity to speak for three minutes.

All oral comments made will become part of the official record of the PBA. Similarly, written materials distributed during oral presentations will become part of the official record of the meeting.

Submission of written public comments: The PBA invites written comments, which will be read during the Public Comment segment of the agenda. Comments must be received by September 5, 2019, in the *whirsvps@ed.gov* mailbox, include in the subject line ''Written Comments: Public Comment''. The email must include the name(s), title, organization/affiliation, mailing address, email address, and telephone number, of the person(s) making the comment. Comments should be submitted as a Microsoft Word document or in a medium compatible with Microsoft Word (not a PDF file) that is attached to an electronic mail message (email) or provided in the body of an email message. Please do not send material directly to the PBA members.

Access to Records of the Meeting: The Department will post the official report of the meeting on the PBA website 90 days after the meeting. Pursuant FACA, the public may also inspect PBA materials at 400 Maryland Avenue SW, Washington, DC, by emailing *oswhi-hbcu@ed.gov* or by calling (202) 453–5634 to schedule an appointment.

Reasonable Accommodations: The meeting site is accessible to individuals with disabilities. If you will need an auxiliary aid or service to participate in the meeting (*e.g.,* interpreting service, assistive listening device, or materials in an alternate format), notify the contact person listed in this notice at least one week before the meeting date. Although we will attempt to meet a request received after that date, we may not be able to make available the requested auxiliary aid or service because of insufficient time to arrange it.

Electronic Access to this Document: The official version of this document is the document published in the **Federal Register**. Free internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available via the Federal Digital System at: *www.gpo.gov/fdsys.* At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Adobe Portable Document Format (PDF). To use PDF, you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at: *www.federalregister.gov.* Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Authority: Presidential Executive Order 13779, continued by Executive Order 13811.

Diane Auer Jones,

Principal Deputy Under Secretary.

BILLING CODE 4000–01–P

DEPARTMENT OF EDUCATION

[Docket No. ED–2019–ICCD–0105]

Agency Information Collection Activities; Comment Request; Federal Direct Loan Program Regulations for Forbearance and Loan Rehabilitation

AGENCY: Federal Student Aid (FSA), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing an extension of an existing information collection.

DATES: Interested persons are invited to submit comments on or before October 28, 2019.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use *http://www.regulations.gov* by searching the Docket ID number ED–2019–ICCD–0105. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at *http://www.regulations.gov* by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the *regulations.gov* site is not available to the public for any reason, ED will temporarily accept comments at *ICDocketMgr@ed.gov.* Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 550 12th Street SW, PCP, Room 9086, Washington, DC 20202–0023.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Beth Grebeldinger, 202–377–4018.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Federal Direct Loan Program Regulations for Forbearance and Loan Rehabilitation.

OMB Control Number: 1845–0119.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 129,027.

Total Estimated Number of Annual Burden Hours: 35,094.

Abstract: This information collection for the Direct Loan (DL) Program is related to regulations for dealing with defaulted loans and forbearance in § 685.205 and reasonable and affordable loan rehabilitation in § 685.211. We are requesting an extension of the current burden calculated for this information collection. These regulations provide additional flexibilities for Direct Loan borrowers and permit oral requests for forbearance, as well as allow a borrower to object to the initially established reasonable and affordable loan repayment amount. In addition, if a borrower incurs changes to his or her financial circumstances, the borrower can provide supporting documentation to change the amount of the reasonable and affordable loan monthly repayment amount. There has been no change to the regulatory language.

Dated: August 22, 2019.

Kate Mullan,

PRA Coordinator, Information Collection Clearance Program, Information Management Branch, Office of the Chief Information Officer.

DEPARTMENT OF EDUCATION

[Docket No. ED–2019–ICCD–0050]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Individuals With Disabilities Education Act (IDEA) State and Local Implementation Study 2019

AGENCY: Institute of Education Sciences (IES), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a new information collection.

DATES: Interested persons are invited to submit comments on or before September 27, 2019.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use *http://www.regulations.gov* by searching the Docket ID number ED–2019–ICCD–0050. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at *http://www.regulations.gov* by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the *regulations.gov* site is not available to the public for any reason, ED will temporarily accept comments at *ICDocketMgr@ed.gov.* Please include the docket ID number and the title of the information collection request when requesting documents or submitting

comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 550 12th Street SW, PCP, Room 9089, Washington, DC 20202–0023.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Erica Johnson, 202–245–7676.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Individuals with Disabilities Education Act (IDEA) State and Local Implementation Study 2019.

OMB Control Number: 1850–NEW.

Type of Review: A new information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 1,153.

Total Estimated Number of Annual Burden Hours: 970.

Abstract: The data collection for the Individuals with Disabilities Education Act (IDEA) State and Local Implementation Study 2019 will examine how states, districts, and schools are identifying and supporting children and youth with disabilities. The study is one component of a Congressionally-mandated National Assessment of IDEA.

The purpose of this data collection is to develop an up-to-date national picture of how states, districts, and schools are implementing IDEA in order to provide ED, Congress, and other stakeholders with knowledge that can inform the next reauthorization of IDEA and, ultimately, how services are provided to children. This study of IDEA is necessary because a decade has passed since the previous IDEA national implementation study, and subsequent developments may have influenced the context and implementation of special education and early intervention.

The surveys will be administered in Fall 2019. All respondents will have the opportunity to complete an electronic survey (or paper survey, if preferred). The survey respondents are described briefly below:

State Surveys: The study team will administer three separate electronic surveys that focus on the Part C program for infants and toddlers (administered to the Part C infants and toddlers program coordinator), the Part B program for preschool-age children (administered to the Part B program for preschool-age children coordinator), and the Part B program for school-age children and youth (administered to the special education director). Three surveys are necessary because different state administrators are likely to oversee IDEA programs for children at those different age levels. The state surveys will be administered to the respondents in each of the 61 state-level entities that receive IDEA funding: All 50 states, the District of Columbia, 8 U.S. territories, the Bureau of Indian Education, and the Department of Defense Education Activity.

School District Surveys: The study team will administer two separate electronic surveys that focus on the Part B program for preschool-age children (administered to the Part B program for pre-school age children coordinator) and the IDEA Part B program for school-age children and youth (administered to the special education director). If a district does not have a Part B program for preschool-age children coordinator, the study team will work with the district to identify the survey's most appropriate respondent, likely someone in the pre-school special education leadership. Two surveys are necessary because different district staff members are likely to oversee IDEA programs for students at those different age levels. The study team will administer the Part B program for preschool-age children survey to a nationally representative sample of 602 school districts and the Part B program for school-age children survey to a nationally representative sample of 665 school districts. (Of the 665 districts selected overall, 63 do not offer pre-kindergarten instruction and are not eligible for the preschool-age district survey.)

School Surveys: A single school survey covers the Part B program for school-age children, the Part B program for preschool-age children, the transition from the Part C infants and toddlers program, and transition planning for secondary school students. The school survey will be administered to the school principal or lead special education staff. The study team will administer an electronic survey to a nationally representative sample of 2,750 schools from the 665 selected districts.

Dated: August 22, 2019

[Docket No. ED–2019–ICCD–0106]

Agency Information Collection Activities; Comment Request; 2019–20 National Postsecondary Student Aid Study (NPSAS:20)

AGENCY: National Center for Education Statistics (NCES), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a revision of an existing information collection.

DATES: Interested persons are invited to submit comments on or before October 28, 2019.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use *http://www.regulations.gov* by searching the Docket ID number ED–2019–ICCD–0106. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at *http://www.regulations.gov* by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the *regulations.gov* site is not available to the public for any reason,

ED will temporarily accept comments at *ICDocketMgr@ed.gov*. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 550 12th Street SW, PCP, Room 9086, Washington, DC 20202–0023.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Kashka Kubzdela, 202–245–7377 or email *NCES.Information.Collections@ed.gov*.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: 2019–20 National Postsecondary Student Aid Study (NPSAS:20).

OMB Control Number: 1850–0666.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 111,614.

Total Estimated Number of Annual Burden Hours: 131,801.

Abstract: The 2019–20 National Postsecondary Student Aid Study (NPSAS:20) is a nationally representative cross-sectional study of how students and their families finance education beyond high school in a given academic year. NPSAS is conducted by the National Center for Education Statistics (NCES) and was first implemented by NCES during the 1986–87 academic year and has been fielded every 3 to 4 years since. This request is to conduct the 11th cycle in the NPSAS series during the 2019–20 academic year. NPSAS:20 will be both nationally- and state-representative and will serve as the base year data collection for the 2020 cohort of the Beginning Postsecondary Students Longitudinal Study (BPS:20), a study of first-time beginning postsecondary students that will be conducted three years (BPS:20/22) and six years (BPS:20/25) after beginning their postsecondary education. NPSAS:20 will consist of a nationally-representative sample of undergraduate and graduate students, and a nationally-representative sample of first-time beginning students (FTBs). Subsets of questions in the NPSAS:20 student interview will focus on describing aspects of the experience of beginning students in their first year of postsecondary education, including student debt and education experiences. This request is to conduct all activities related to NPSAS:20, and thus this submission covers materials and procedures related to: The NPSAS:20 student data collection, consisting of abstraction of student data from institutions and a student survey; panel maintenance activities for a NPSAS:2020 follow-up field test (for BPS:20/22); and carries over respondent burden, procedures, and materials related to the NPSAS:20 institution sampling, enrollment list collection, and matching to administrative data files as approved by OMB in July and anticipated change request in September 2019 (OMB#1859–0666 v.23–24). The NPSAS:20 enrollment list collection from institutions will take place from October 2019 through July 2020, the student records collection will take place from February through November 2020, and the student survey data collection will take place from January through November 2020.

Dated: August 23, 2019.

If the *regulations.gov* site is not available to the public for any reason, ED will temporarily accept comments at *ICDocketMgr@ed.gov*. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 550 12th Street SW, PCP, Room 9086, Washington, DC 20202–0023.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Molly Budman, 202–453–5791.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department

assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: 2019 Immediate Aid to Restart School Operations.

OMB Control Number: 1810–NEW.

Type of Review: A new information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 31.

Total Estimated Number of Annual Burden Hours: 1,240.

Abstract: This is an emergency collection request for 2019 Immediate Aid to Restart School Operations. The Additional Supplemental Appropriations for Disaster Relief Act, 2019 (Pub. L. 116–20, hereafter referred to as the Disaster Supplemental) was signed into law by President Trump on June 6, 2019. The law provides $165 million for education-related disaster recovery activities for certain natural disasters in 2018 and 2019 for which a major disaster or emergency (covered disasters) has been declared by the President.

The Department of Education plans to use the discretion afforded to the Secretary by the Disaster Supplemental to implement four programs: Immediate Aid to Restart School Operations program (Restart), Emergency Impact Aid for Displaced Students (EIA), Emergency Assistance to Institutions of Higher Education program (Emergency Assistance to IHEs), and Project School Emergency Response to Violence (Project SERV).

Under this request, the Department is seeking emergency clearance for the 2019 Restart Program. Under this program, the Department will award Restart funding to SEAs, which, in turn, will provide assistance to LEAs to defray expenses related to the restart of operations in, the reopening of, and the re-enrollment of students in elementary and secondary schools that serve an area affected by a covered disaster.

Due to the severe impact (*e.g.,* physical, social, emotional) of the covered programs and the degree to which they have disrupted teaching and learning, we are requesting emergency clearance by August 30, 2019. In light of the late enactment of the Disaster Supplemental and the fact that the 2018–2019 school year is effectively over, it is critical that these data are collected quickly, to enable ED to make timely payments and provide necessary relief.

Additional Information: An emergency clearance approval for the use of the system is described below due to the following conditions:

The Additional Supplemental Appropriations for Disaster Relief Act of 2019, signed into law by President Trump on June 06, 2019, included new funding to support disaster relief. The U.S. Department of Education (Department) will award up to $165 million to assist K–12 schools and school districts in meeting the educational needs of students affected by Hurricanes Florence and Michael, Typhoon Mangkhut, Super Typhoon Yutu, and wildfires, earthquakes, and volcanic eruptions occurring in calendar year 2018 and tornadoes and floods occurring in calendar year 2019 in those areas for which a major disaster or emergency is declared under section 401 or 501 of the Robert T. Stafford Disaster Relief and Emergency Act (42 U.S.C. 5170 and 5190).This disaster assistance will help schools and school districts return to their full capabilities as quickly and effectively as possible. Pursuant to 5 CFR 1320.13, the Department requests that OMB review and approved this collection by August 30, 2019 under its emergency procedures, based on harm to public due to an unanticipated/unforeseen natural disaster event that occurred beyond ED's control.

Dated: August 22, 2019.

Kate Mullan,

PRA Coordinator, Information Collection Clearance Program, Information Management Branch, Office of the Chief Information Officer.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

Agency Information Collection Extension

AGENCY: U.S. Department of Energy.

ACTION: Notice and request for comments.

SUMMARY: The Department of Energy (DOE) has submitted an information collection request to the OMB for an extension under the provisions of the Paperwork Reduction Act of 1995. The information collection requests a three-year extension of its Environment, Safety and Health reporting requirements, OMB Control Number 1910–0300. This information collection request covers information necessary for the DOE to exercise management oversight and control over Management and Operating (M&O) contractors of the DOE's Government-Owned Contractor-Operated (GOCO) facilities, and offsite contractors. The contractor management oversight and control function concerns the ways in which the DOE's contractors provide goods and services for DOE organizations and activities in accordance with the terms of their contract(s); the applicable statutory, regulatory and mission support requirements of the DOE; and regulations in the functional area covered in this request.

DATES: Comments regarding this collection must be received on or before September 27, 2019. If you anticipate difficulty in submitting comments within that period of time allowed by this notice, please advise the OMB Desk Officer of your intention to make a submission as soon as possible. The Desk Officer may be telephoned at (202) 395–4718.

ADDRESSES: Written comments should be sent to the DOE Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10102, 735 17th Street NW, Washington, DC 20503, and to Sandra K. Dentinger, AU–70/E–455 Germantown Building, U.S. Department of Energy, 1000 Independence Ave. SW, Washington, DC 20585–1290 or by fax at (301) 903–0048, by email at *Sandra.Dentinger@hq.doe.gov,* or information about the collection instruments may be obtained at: *https://energy.gov/ehss/information-collection.*

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Sandra K. Dentinger at *Sandra.Dentinger@hq.doe.gov,* or (301) 903–5139.

SUPPLEMENTARY INFORMATION: The information collection request contains the following: (1) OMB No: 1910–0300; (2) Information Collection Request Title: Environment, Safety and Health; (3) Type of Review: renewal; (4) Purpose: The collections are used by DOE to exercise management oversight and control over its contractors in the ways in which the DOE's contractors provide goods and services for DOE organizations and activities in accordance with the terms of their contract(s); the applicable statutory, regulatory and mission support requirements of the Department. The collections are: Computerized Accident/Incident Reporting System (CAIRS); Occurrence Reporting and Processing System (ORPS); Noncompliance Tracking System (NTS); Radiation Exposure Monitoring System (REMS); Annual Fire Protection Summary Application; Safety Basis Information System; and Lessons Learned System; (5) Annual Estimated Number of Respondents: 845; (6) Annual Estimated Number of Total Responses: 82,155; (7) Response Obligation: Required, except for Noncompliance Tracking System (see Statutory Authority section below); (8) Annual Estimated Number of Burden Hours: 37,280; (9) Annual Estimated Reporting and Recordkeeping Cost Burden: $0.

Statutory Authority: Section 641 of the Department of Energy Organization Act, codified at 42 U.S.C. 7251, and the following additional authorities:

Computerized Accident/Incident Reporting System (CAIRS): DOE Order 231.1B (June 27, 2011).

Occurrence Reporting and Processing System (ORPS): DOE Order 232.2 (August 30, 2011).

Noncompliance Tracking System (NTS): 10 CFR part 820; 10 CFR part 851.

Radiation Exposure Monitoring System (REMS): 10 CFR part 835; DOE Order 231.1B (June 27, 2011).

Annual Fire Protection Summary Application: DOE Order 231.1B (June 27, 2011).

Safety Basis Information System: 10 CFR part 830; DOE O 231.1B (June 27, 2011).

Lessons Learned System: DOE Order 210.2A (April 8, 2011).

Signed in Washington, DC, on August 15, 2019.

Matthew B. Moury,

Associate Under Secretary for Environment, Health, Safety and Security.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER19–2644–000]

Whitney Hill Wind Power, LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced Whitney Hill Wind Power, LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is September 10, 2019.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at *http://www.ferc.gov.* To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email *FERCOnlineSupport@ferc.gov,* or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Dated: August 21, 2019.

Nathaniel J. Davis, Sr.,

Deputy Secretary.

[Project No. 14974–000]

Lock+™ Hydro Friends Fund XXI, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

August 22, 2019.

On March 1, 2019, Lock+™ Hydro Friends Fund XXI, LLC, filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the East Branch Dam Hydropower Project to be located at the U.S. Army Corps of Engineers' (Corps) East Branch Dam on the Clarion River in Elk County, Pennsylvania. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of the following: (1) A new 30-foot-long, 30-foot-wide, 160-foot-high Large Frame Module; (2) two turbine-generator units with a total rated capacity of 1.6 megawatts; (3) a new 4-foot-long, 4-foot-wide, 3-foot-high pad-mounted transformer; (4) a new 200-foot-long, 13-kilovolt transmission line connecting the new transformer to an existing distribution line; and (5) appurtenant facilities. The proposed project would have an annual generation of 7,100 megawatt-hours.

Applicant Contact: Wayne Krouse, Lock+™ Hydro Friends Fund XXI, LLC, P.O. Box 43796, Birmingham, AL 35243; phone: 877–556–6566 ext. 709.

FERC Contact: Woohee Choi; phone: (202) 502–6336.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice.

Competing applications and notices of intent must meet the requirements of 18 CFR 4.36.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at *http://www.ferc.gov/docs-filing/efiling.asp.* Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at *http://www.ferc.gov/docs-filing/ecomment.asp.* You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at *FERCOnlineSupport@ferc.gov,* (866) 208–3676 (toll free), or (202) 502–8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. The first page of any filing should include docket number P–14974–000.

More information about this project, including a copy of the application, can be viewed or printed on the ''eLibrary'' link of the Commission's website at *http://www.ferc.gov/docs-filing/elibrary.asp.* Enter the docket number (P–14974) in the docket number field to access the document. For assistance, contact FERC Online Support.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER19–2672–000]

Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization: SR Arlington II MT, LLC

This is a supplemental notice in the above-referenced SR Arlington II MT, LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is September 11, 2019.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at *http://www.ferc.gov.* To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email *FERCOnlineSupport@ferc.gov.* or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Dated: August 22, 2019.

[Project No. 14966–000]

Grid Balance Hydropower, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On February 25, 2019, Grid Balance Hydropower, LLC, filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Packer-Banks Pumped Storage Project to be located in Carbon County, Pennsylvania. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of the following: (1) A new 9,500-foot-long, 80- to 120-foot-high roller-compacted concrete and/or rock-filled dam or dike forming an upper reservoir having a surface area of 120 acres and a total storage capacity of approximately 9,300 acre-feet at a normal maximum water surface elevation between approximately 1,960 and 1,860 feet above mean sea level (msl); (2) a lower reservoir with three different options: Option A (site 1) or B (site 2) would include a new 9,500-foot-long, 85- to 95-foot-high roller-compacted concrete and/or rock-filled dam or dike forming a lower reservoir having a surface area of 120 acres and a total storage capacity of approximately 9,300 acre-feet at a normal maximum water surface elevation between approximately 1,250 and 1,350 feet msl. Option C (site 3) would include a below grade mine pit with a surface area of 200 acres and a total storage capacity of approximately 10,000 acre-feet at a normal maximum water surface elevation between approximately 1,250 and 1,350 feet msl; (3) a 5,500-foot-long tunnel and/or penstock connecting the upper and lower reservoirs; (4) a powerhouse containing four turbine-generator units with a total rated capacity of 400 megawatts; (5) a transmission line connecting to an existing 230-kilovolt transmission line traversing the site; and (6) appurtenant facilities. Initial fill and make-up water for the project would come from a nearby abandoned mine drainage source. The proposed project would have an annual generation of 1,680,000 megawatt-hours.

Applicant Contact: Paul A. DiRenzo, Jr., Grid Balance Hydropower, LLC, 214 Norwegian Woods Drive, Pottsville, PA 17901; phone: 570–617–7810.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2715–025]

Kaukauna Utilities; Notice of Intent To File License Application, Filing of Pre-Application Document, Approving Use of the Traditional Licensing Process

a. *Type of Filing:* Notice of Intent To File License Application and Request To Use the Traditional Licensing Process.

b. *Project No.:* 2715–025.

c. *Date Filed:* July 10, 2019.

d. *Submitted By:* Kaukauna Utilities.

e. *Name of Project:* Combined Locks Hydroelectric Project.

f. *Location:* Located on the Lower Fox River in the Village of Combined Locks and the Village of Little Chute, Outagamie County, Wisconsin. No federal lands are occupied by the project works or located within the project boundary.

g. *Filed Pursuant to:* 18 CFR 5.3 of the Commission's regulations.

h. *Potential Applicant Contact:* Mike Pedersen, Director of Operations, Kaukauna Utilities, 777 Island Street, P.O. Box 1777, Kaukauna, WI 54130–7077, phone: (920) 462–0220.

i. *FERC Contact:* Patrick Ely at (202) 502–8570; or email at *patrick.ely@ferc.gov.*

j. Kaukauna Utilities filed its request to use the Traditional Licensing Process on July 10, 2019. Kaukauna Utilities provided public notice of its request on July 17, 2019. In a letter dated August 22, 2019, the Director of the Division of Hydropower Licensing approved Kaukauna Utilities' request to use the Traditional Licensing Process.

k. With this notice, we are initiating informal consultation with the U.S. Fish and Wildlife Service and/or NOAA Fisheries under section 7 of the Endangered Species Act and the joint agency regulations thereunder at 50 CFR part 402; and NOAA Fisheries under section 305(b) of the Magnuson-Stevens Fishery Conservation and Management Act and implementing regulations at 50 CFR 600.920. We are also initiating consultation with the Wisconsin State Historic Preservation Officer, as required by section 106, National Historic Preservation Act, and the implementing regulations of the Advisory Council on Historic Preservation at 36 CFR 800.2.

l. With this notice, we are designating Kaukauna Utilities as the Commission's non-federal representative for carrying out informal consultation pursuant to section 7 of the Endangered Species Act; and consultation pursuant to section 106 of the National Historic Preservation Act.

m. Kaukauna Utilities filed a Pre-Application Document (PAD); including a proposed process plan and schedule with the Commission, pursuant to 18 CFR 5.6 of the Commission's regulations.

n. A copy of the PAD is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website (*http://www.ferc.gov*), using the eLibrary link. Enter the docket number, excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at *FERCONlineSupport@ferc.gov,* (866) 208–3676 (toll free), or (202) 502–8659 (TTY). A copy is also available for inspection and reproduction at the address in paragraph h.

o. The licensee states its unequivocal intent to submit an application for a new license for Project No. 2715. Pursuant to 18 CFR 16.8, 16.9, and 16.10 each application for a new license and any competing license applications must be filed with the Commission at least 24 months prior to the expiration of the existing license. All applications for license for this project must be filed by July 29, 2024.

p. Register online at *http://www.ferc.gov/docs-filing/esubscription.asp* to be notified via email of new filing and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Dated: August 22, 2019.

Kimberly D. Bose,

Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 10821–005]

Pacific Gas & Electric Company; Notice of Application Accepted for Filing and Soliciting Motions To Intervene and Protests

Take notice that the following application has been filed with the Commission and is available for public inspection.

a. *Type of Application:* Subsequent License—Transmission Line Only.

b. *Project No.:* P–10821–005.

c. *Date filed:* June 27, 2019.

d. *Applicant:* Pacific Gas & Electric Company (PG&E).

e. *Name of Project:* Camp Far West Transmission Line Project.

f. *Location:* The existing transmission line project, with the proposed modification, would be located in Placer and Yuba Counties, California. The project would occupy a total of 52.3 acres and would include tribal land (Auburn Off-Reservation Land Trust) managed by the U.S. Department of the Interior, Bureau of Indian Affairs and federal land (Beale Air Force Base) managed by the U.S. Department of Defense.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791 (a)–825(r).

h. *Applicant Contact:* Mr. Robert Donovan, Senior Transmission Planner, Pacific Gas & Electric Company, 245 Market Street, Room 1053B, Mail Code N10A, San Francisco, California 94105.

have been notified by the first notice issued on May 1, 2019. Any comments filed in response to either notice will be considered in evaluating the permit application.

i. *FERC Contact:* Quinn Emmering, (202) 502–6382, *quinn.emmering@ferc.gov*.

j. Deadline for filing motions to intervene and protests and requests for cooperating agency status: 60 days from the issuance date of this notice.

The Commission strongly encourages electronic filing. Please file motions to intervene and protests and requests for cooperating agency status using the Commission's eFiling system at *http://www.ferc.gov/docs-filing/efiling.asp.* For assistance, please contact FERC Online Support at *FERCOnlineSupport@ferc.gov,* (866) 208–3676 (toll free), or (202) 502–8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. The first page of any filing should include docket number P–10821–005.

The Commission's Rules of Practice require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. This application has been accepted, but is not ready for environmental analysis at this time.

l. Project *Description:* The existing Camp Far West Transmission Line Project (P–10821) is a transmission line-only project and does not generate power. The project serves as the primary transmission line for South Sutter Water District's Camp Far West Hydroelectric Project No. 2997. The licensed project includes a 1.9-mile-long, three-phase, 60-kilovolt (kV) transmission line extending from the powerhouse of the Camp Far West Hydroelectric Project to an interconnection with PG&E's Smartville-Lincoln 60-kV transmission line.

PG&E proposes to connect the project's licensed 1.9-mile-long transmission line to an existing 9-mile-long, northbound segment of the Smartville-Lincoln transmission line that connects to the Smartville-Nicholas No. 1 transmission line at Beale Air Force Base. Because the 9-mile-long northbound segment of the Smartville-Lincoln transmission line would only carry electricity transmitted by the project, PG&E proposes to incorporate the 9-mile-segment into any subsequent license issued for the project.

m. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at *http://www.ferc.gov* using the eLibrary link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support. A copy is also available for inspection and reproduction at the address in item h above.

You may also register online at *http://www.ferc.gov/docs-filing/esubscription.asp* to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

n. Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

All filings must (1) bear in all capital letters the title PROTEST or MOTION TO INTERVENE; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application.

o. Procedural schedule: The application will be processed according to the following schedule. Revisions to the schedule will be made as appropriate.

Deadline for Filing Motions to Intervene and Protests and Requests for Cooperating Agency Status.	October 21, 2019
Commission issues Scoping Document 1.	November 2019
Scoping Comments due	December 2019
Commission issues Request for Additional Information (if necessary).	January 2020
Commission issues Scoping Document 2 (if necessary).	February 2020
Commission issues Notice of Ready for Environmental Analysis.	February 2020
Commission issues EA, Draft EA, or Draft EIS.	August 2020
Comments on EA, Draft EA, or Draft EIS due.	September 2020
Commission issues Final EA or Final EIS.	December 2020

Dated: August 22, 2019.

At this time, we do not anticipate holding on-site public or agency scoping meetings. Instead, we are soliciting your comments and suggestions on the preliminary list of issues and alternatives to be addressed in the EA, as described in scoping document 1 (SD1), issued August 22, 2019.

Copies of the SD1 outlining the subject areas to be addressed in the EA were distributed to the parties on the Commission's mailing list and the applicant's distribution list. Copies of SD1 may be viewed on the web at *http://www.ferc.gov* using the eLibrary link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call 1–866–208–3676 or for TTY, (202) 502–8659.

Dated: August 22, 2019.

Kimberly D. Bose,

Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Combined Notice of Filings #1

Take notice that the Commission received the following electric rate filings:

Docket Numbers: ER19–2387–001.
Applicants: New England Power Pool Participants Committee.
Description: Tariff Amendment: Viridity Energy Termination Correction to be effective 9/10/2019.
Filed Date: 7/12/19.
Accession Number: 20190712–5148.
Comments Due: 5 p.m. ET 8/29/19.

Docket Numbers: ER19–2671–000.
Applicants: SR Arlington II, LLC.
Description: Baseline eTariff Filing: MBR Application to be effective 10/21/2019.
Filed Date: 8/21/19.
Accession Number: 20190821–5116.
Comments Due: 5 p.m. ET 9/11/19.

Docket Numbers: ER19–2672–000.
Applicants: SR Arlington II MT, LLC.
Description: Baseline eTariff Filing: MBR Application to be effective 10/21/2019.
Filed Date: 8/21/19.
Accession Number: 20190821–5127.
Comments Due: 5 p.m. ET 9/11/19.

Docket Numbers: ER19–2673–000.
Applicants: NorthWestern Corporation.
Description: Tariff Cancellation: Notice of Cancellation; SA 811, Fast Process Agreement with MDT (Russell St.) to be effective 8/22/2019.
Filed Date: 8/21/19.
Accession Number: 20190821–5130.
Comments Due: 5 p.m. ET 9/11/19.

Docket Numbers: ER19–2674–000.
Applicants: New Mexico PPA Corporation.
Description: Baseline eTariff Filing: Application for Market-Based Rate Sales to be effective 10/22/2019.
Filed Date: 8/22/19.
Accession Number: 20190822–5078.
Comments Due: 5 p.m. ET 9/12/19.

Docket Numbers: ER19–2675–000.
Applicants: Southwest Power Pool, Inc.
Description: § 205(d) Rate Filing: 3517R1 Plum Creek Wind, LLC GIA to be effective 7/25/2019.
Filed Date: 8/22/19.
Accession Number: 20190822–5086.
Comments Due: 5 p.m. ET 9/12/19.

Docket Numbers: ER19–2676–000.
Applicants: Southern California Edison Company.
Description: § 205(d) Rate Filing: Correction to Appendix 2 Under WDAT Recollation Filing 1 to be effective 5/1/2019.
Filed Date: 8/22/19.
Accession Number: 20190822–5094.
Comments Due: 5 p.m. ET 9/12/19.

The filings are accessible in the Commission's eLibrary system by clicking on the links or querying the docket number.

Any person desiring to intervene or protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Regulations (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: *http://www.ferc.gov/docs-filing/efiling/filing-req.pdf.* For other information, call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Dated: August 22, 2019.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. OR19–33–000]

Tesoro Refining & Marketing Company LLC; Western Refining Company, L.P. v. SFPP, L.P.; Notice of Complaint

Take notice that July 22, 2019, pursuant to Rule 206 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission (Commission),[1] section 343.2 of the Procedural Rules Applicable to Oil Pipeline Proceedings,[2] and sections 1(5), 8, 9, 13, 15, and 16 of the Interstate Commerce Act,[3] Western Refining Company, L.P. (Western) and Tesoro Refining & Marketing Company LLC (Tesoro) (collectively, Complainants) hereby file a complaint against SFPP, L.P. (SFPP), challenging the justness and reasonableness of SFPP's West Line (Tariff No. 198.20.0), East Line (Tariff No. 197.13.0), North Line (Tariff No. 199.9.0), and Oregon Line (Tariff No.

[1] 18 CFR 385.206.
[2] 18 CFR 343.2.
[3] 49 U.S.C. App. 1(5), 8, 9, 13, 15 and 16 (1988).

200.12.0) index increases taken in 2018. Complainants allege that SFPP's rates for this transportation are unjust and unreasonable and request that the Commission investigate SFPP's rates, set the proceedings for an evidentiary hearing to determine the just and reasonable rates for SFPP's index rate increases, require SFPP to pay reparations starting two years before the date of the Complaint for all rates, and award such other relief as is necessary and appropriate under the Interstate Commerce Act, all as more fully explained in the complaint.

Complainants certify that copies of the complaint were served on the contacts listed for Respondent on the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the eFiling link at *http://www.ferc.gov.* Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

This filing is accessible on-line at *http://www.ferc.gov,* using the eLibrary link and is available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email *FERCOnlineSupport@ferc.gov,* or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Comment Date: 5 p.m. Eastern Time on September 19, 2019.

Dated: August 21, 2019.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER19–2671–000]

Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization: SR Arlington II, LLC

This is a supplemental notice in the above-referenced SR Arlington II, LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is September 11, 2019.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at *http://www.ferc.gov.* To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RM98–1–000]

Records Governing Off-the-Record Communication; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e) (1) (v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for electronic review at the Commission in the Public Reference Room or may be viewed on the Commission's website at *http://www.ferc.gov* using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. For assistance, please contact FERC Online Support at *FERCOnlineSupport@ferc.gov* or toll free at (866) 208–3676, or for TTY, contact (202) 502–8659.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 14973–000]

Lock+TM Hydro Friends Fund XX, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On March 1, 2019, Lock+™ Hydro Friends Fund XX, LLC, filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Blue Marsh Dam Hydropower Project to be located at the U.S. Army Corps of Engineers' (Corps) Blue Marsh Dam on the Tulpehocken Creek in Berks County, Pennsylvania. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of the following: (1) A new 30-foot-long, 30-foot-wide, 160-foot-high Large Frame Module; (2) two turbine-generator units with a total rated capacity of 1.75 megawatts; (3) a new 4-foot-long, 4-foot-wide, 3-foot-high pad-mounted transformer; (4) a new 200-foot-long, 13-kilovolt transmission line connecting the new transformer to an existing distribution line; and (5) appurtenant facilities. The proposed project would have an annual generation of 7,750 megawatt-hours.

Applicant Contact: Wayne Krouse, Lock+™ Hydro Friends Fund XX, LLC, P.O. Box 43796, Birmingham, AL 35243; phone: 877–556–6566 ext. 709.

FERC Contact: Woohee Choi; phone: (202) 502–6336.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at *http://www.ferc.gov/docs-filing/efiling.asp.* Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at *http://www.ferc.gov/docs-filing/ecomment.asp.* You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at *FERCOnlineSupport@ferc.gov,* (866) 208–3676 (toll free), or (202) 502–8659 (TTY). In lieu of electronic filing, please

send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. The first page of any filing should include docket number P–14973–000.

More information about this project, including a copy of the application, can be viewed or printed on the eLibrary link of the Commission's website at *http://www.ferc.gov/docs-filing/elibrary.asp.* Enter the docket number (P–14973) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: August 22, 2019.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CD19–11–000]

Board of Water Works of Pueblo, Colorado; Notice of Preliminary Determination of a Qualifying Conduit Hydropower Facility and Soliciting Comments and Motions To Intervene

On August 21, 2019, the Board of Water Works of Pueblo, Colorado, filed a notice of intent to construct a qualifying conduit hydropower facility, pursuant to section 30 of the Federal Power Act (FPA). The proposed Whitlock Hydroelectric Facility Project would have an installed capacity of up to 1,100 kilowatts (kW), and would be located at the Whitlock Water Treatment Plant in the City of Pueblo, Pueblo County, Colorado.

Applicant Contact: Karl F. Kumli, III, Esq., 2060 Broadway, #400, Boulder, CO 80302, Phone No. (303) 447–1375, Email: *karlk@dietzedavis.com.*

FERC Contact: Christopher Chaney, Phone No. (202) 502–6778, Email: *christopher.chaney@ferc.gov.*

Qualifying Conduit Hydropower Facility Description: The proposed project would consist of: (1) An up to 1,100 kW in-line turbine-generating unit within an existing 38-foot by 33.5-foot pressure dissipation building; and (2) appurtenant facilities. The proposed project would have an estimated annual generation of up to 3,000 megawatt-hours.

A qualifying conduit hydropower facility is one that is determined or deemed to meet all of the criteria shown in the table below.

TABLE 1—CRITERIA FOR QUALIFYING CONDUIT HYDROPOWER FACILITY

Statutory provision	*Description*	*Satisfies (Y/N)*
FPA 30(a)(3)(A)	The conduit the facility uses is a tunnel, canal, pipeline, aqueduct, flume, ditch, or similar manmade water conveyance that is operated for the distribution of water for agricultural, municipal, or industrial consumption and not primarily for the generation of electricity.	Y
FPA 30(a)(3)(C)(i)	The facility is constructed, operated, or maintained for the generation of electric power and uses for such generation only the hydroelectric potential of a non-federally owned conduit.	Y
FPA 30(a)(3)(C)(ii)	The facility has an installed capacity that does not exceed 40 megawatts	Y
FPA 30(a)(3)(C)(iii)	On or before August 9, 2013, the facility is not licensed, or exempted from the licensing requirements of Part I of the FPA.	Y

Preliminary Determination: The proposed Whitlock Hydroelectric Facility Project will not interfere with the primary purpose of the conduit, which is to transport water for municipal use. Therefore, based upon the above criteria, Commission staff preliminarily determines that the proposal satisfies the requirements for a qualifying conduit hydropower facility, which is not required to be licensed or exempted from licensing.

Comments and Motions to Intervene: Deadline for filing comments contesting whether the facility meets the qualifying criteria is September 27, 2019.

Deadline for filing motions to intervene is September 27, 2019.

Anyone may submit comments or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210 and 385.214. Any motions to intervene must be received on or before the specified deadline date for the particular proceeding.

Filing and Service of Responsive Documents: All filings must (1) bear in all capital letters the COMMENTS CONTESTING QUALIFICATION FOR A CONDUIT HYDROPOWER FACILITY or MOTION TO INTERVENE, as applicable; (2) state in the heading the name of the applicant and the project number of the application to which the filing responds; (3) state the name, address, and telephone number of the person filing; and (4) otherwise comply with the requirements of sections 385.2001 through 385.2005 of the Commission's regulations.[1] All comments contesting Commission staff's preliminary determination that the facility meets the qualifying criteria must set forth their evidentiary basis.

The Commission strongly encourages electronic filing. Please file motions to intervene and comments using the Commission's eFiling system at *http://www.ferc.gov/docs-filing/efiling.asp.* Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at *http://www.ferc.gov/docs-filing/ecomment.asp.* You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at *FERCOnlineSupport@ferc.gov,* (866) 208–3676 (toll free), or (202) 502–8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

Locations of Notice of Intent: Copies of the notice of intent can be obtained directly from the applicant or such copies can be viewed and reproduced at the Commission in its Public Reference Room, Room 2A, 888 First Street NE, Washington, DC 20426. The filing may also be viewed on the web at *http://www.ferc.gov/docs-filing/elibrary.asp* using the eLibrary link. Enter the docket number (*i.e.,* CD19–11) in the docket number field to access the document. For assistance, call toll-free 1–866–208–3676 or email *FERCOnlineSupport@ferc.gov.* For TTY, call (202) 502–8659.

[1] 18 CFR 385.2001–2005 (2018).

Dated: August 22, 2019.

Kimberly D. Bose,

Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 14972–000]

Lock+™ Hydro Friends Fund XIX, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On March 1, 2019, Lock+™ Hydro Friends Fund XIX, LLC, filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Tioga Dam Hydropower Project to be located at the U.S. Army Corps of Engineers' (Corps) Tioga Dam on the Tioga River in Tioga County, Pennsylvania. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of the following: (1) A new 30-foot-long, 30-foot-wide, 160-foot-high Large Frame Module; (2) two turbine-generator units with a total rated capacity of 2.2 megawatts; (3) a new 4-foot-long, 4-foot-wide, 3-foot-high pad-mounted transformer; (4) a new 200-foot-long, 13-kilovolt transmission line connecting the new transformer to an existing distribution line; and (5) appurtenant facilities. The proposed project would have an annual generation of 9,700 megawatt-hours.

Applicant Contact: Wayne Krouse, Lock+™ Hydro Friends Fund XIX, LLC, P.O. Box 43796, Birmingham, AL 35243; phone: 877–556–6566 ext. 709.

FERC Contact: Woohee Choi; phone: (202) 502–6336.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at *http://www.ferc.gov/docs-filing/efiling.asp.* Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at *http://www.ferc.gov/docs-filing/ecomment.asp.* You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at *FERCOnlineSupport@ferc.gov,* (866) 208–3676 (toll free), or (202) 502–8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. The first page of any filing should include docket number P–14972–000.

More information about this project, including a copy of the application, can be viewed or printed on the eLibrary link of the Commission's website at *http://www.ferc.gov/docs-filing/elibrary.asp.* Enter the docket number (P–14972) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: August 22, 2019.

BILLING CODE 6717–01–P

ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OLEM–2018–0305; FRL–9997–08–OMS]

Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; Guidance for Applicants Requesting To Treat/Dispose of PCBs Using Incineration or an Alternative Method (New)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), Guidance for Applicants Requesting to Treat/Dispose of PCBs Using Incineration or an Alternative Method (EPA ICR Number 2596.01, OMB Control Number 2070–NEW), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a request of a new collection. Public comments were previously requested via the **Federal Register** on April 16, 2019 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before September 27, 2019.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA–HQ–OLEM–2018–0305, to (1) EPA, either online using *www.regulations.gov* (our preferred method), or by email to *rcra-docket@epa.gov,* or by mail to: RCRA Docket (2822T), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW, Washington, DC 20460; and (2) OMB via email to *oira_submission@omb.eop.gov.* Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Josh Smeraldi, Office of Resource Conservation and Recovery (Mail Code 5303P), U.S. Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: 703–308–0441; email address: *smeraldi.josh@epa.gov.*

SUPPLEMENTARY INFORMATION: Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at *www.regulations.gov* or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA's public docket, visit *http://www.epa.gov/dockets.*

Abstract: Guidance documents were developed in 1986 for persons applying to EPA for approval to dispose of PCBs using incineration (40 CFR 761.70) or a method alternative to incineration (40 CFR 761.60(e)). The guidances are split into two document (thermal and non-thermal) and they present and discuss the format, content, and suggested level of detail for approval applications, test plans, and test reports.

EPA is currently updating these guidance documents and will combine

into a single document. This is a new ICR that addresses reporting and recordkeeping requirements found in the updated guidance document identified above. The previous guidance documents released in 1986 were not required to conduct an ICR so a new ICR will be created for the updated guidance. While use of the updated guidance document is voluntary, the PRA still requires the reporting and recordkeeping of this guidance to be determined. This includes reading and using the tables provided in the guidance.

Form Numbers: None.

Respondents/affected entities: Entities potentially affected by this ICR include respondents applying to the EPA for approval to treat/dispose PCBs using incinerator or an alternative method. This likely includes entities within the Waste Management and Remediation Services (NAICS 562) and Professional, Scientific, and Technical Services (NAICS 54) sectors and includes private entities.

Respondent's obligation to respond: Voluntary, for use in applying to EPA for approval under 40 CFR parts 761.60(e) or 761.70.

Estimated number of respondents: 8.

Frequency of response: One-time.

Total estimated burden: 320 hours per year. Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: $25,065 (per year), includes $0 annualized capital or operation & maintenance costs.

Changes in the Estimates: This ICR describes the guidance and estimates the annual hour and cost burden to respondents and EPA who choose to use the new Guidance for Applicants Requesting to Treat/Dispose of PCBs Using Incineration or an Alternative Method. This guidance combines two existing guidance documents that were developed in 1986 for persons applying to EPA for approval to dispose of PCBs using incineration (761.70) or a method alternative to incineration (761.60(e)) and present and discuss the format, content, and suggested level of detail for approval applications, test plans, and test reports.

Courtney Kerwin,

Director, Regulatory Support Division.

BILLING CODE 6560–50–P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–1035]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before October 28, 2019. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email *PRA@fcc.gov* and to *Cathy.Williams@fcc.gov.*

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060–1035.

Title: Part 73, Subpart F International Broadcast Stations.

Form No.: FCC Forms 309, 310 and 311.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents/Responses: 225 respondents; 225 responses.

Estimated Time per Response: 2–720 hours.

Frequency of Response: Recordkeeping requirement; On occasion, semi-annual, weekly and annual reporting requirements.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this information collection is contained in 47 U.S.C. 154, 303, 307, 334, 336 and 554.

Total Annual Burden: 20,096 hours.

Annual Cost Burden: $100,415.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: In general, there is no need for confidentiality with this collection of information.

Needs and Uses: The Federal Communications Commission (''Commission'') is requesting that the Office of Management and Budget (OMB) approve a three-year extension of the information collection titled ''Part 73, Subpart F International Broadcast Stations'' under OMB Control No. 3060–1035. This information collection is used by the Commission to assign frequencies for use by international broadcast stations, to grant authority to operate such stations and to determine if interference or adverse propagation conditions exist that may impact the operation of such stations. The Commission collects this information pursuant to 47 CFR part 73, subpart F. If the Commission did not collect this information, it would not be in a position to effectively coordinate spectrum for international broadcasters or to act for entities in times of frequency interference or adverse propagation conditions. Therefore, the information collection requirements are as follows:

FCC Form 309—Application for Authority to Construct or Make Changes in an International, Experimental Television, Experimental Facsimile, or a Developmental Broadcast Station—The FCC Form 309 is filed on occasion when the applicant is requesting authority to construct or make modifications to the international broadcast station.

FCC Form 310—Application for an International, Experimental Television, Experimental Facsimile, or a Developmental Broadcast Station License—The FCC Form 310 is filed on occasion when the applicant is

submitting an application for a new international broadcast station.

FCC Form 311—Application for Renewal of an International or Experimental Broadcast Station License—The FCC Form 311 is filed by applicants who are requesting renewal of their international broadcast station licenses.

47 CFR 73.702(a) states that six months prior to the start of each season, licensees and permittees shall by informal written request, submitted to the Commission in triplicate, indicate for the season the frequency or frequencies desired for transmission to each zone or area of reception specified in the license or permit, the specific hours during which it desires to transmit to such zones or areas on each frequency, and the power, antenna gain, and antenna bearing it desires to use. Requests will be honored to the extent that interference and propagation conditions permit and that they are otherwise in accordance with the provisions of section 47 CFR 73.702(a).

47 CFR 73.702(b) states that two months before the start of each season, the licensee or permittee must inform the Commission in writing as to whether it plans to operate in accordance with the Commission's authorization or operate in another manner.

47 CFR 73.702(c) permits entities to file requests for changes to their original request for assignment and use of frequencies if they are able to show good cause. Because international broadcasters are assigned frequencies on a seasonal basis, as opposed to the full term of their eight-year license authorization, requests for changes need to be filed by entities on occasion.

47 CFR 73.702 (note) states that permittees who during the process of construction wish to engage in equipment tests shall by informal written request, submitted to the Commission in triplicate not less than 30 days before they desire to begin such testing, indicate the frequencies they desire to use for testing and the hours they desire to use those frequencies.

47 CFR 73.702(e) states within 14 days after the end of each season, each licensee or permittee must file a report with the Commission stating whether the licensee or permittee has operated the number of frequency hours authorized by the seasonal schedule to each of the zones or areas of reception specified in the schedule.

47 CFR 73.782 requires that licensees retain logs of international broadcast stations for two years. If it involves communications incident to a disaster, logs should be retained as long as required by the Commission.

47 CFR 73.759(d) states that the licensee or permittee must keep records of the time and results of each auxiliary transmitter test performed at least weekly.

47 CFR 73.762(b) requires that licensees notify the Commission in writing of any limitation or discontinuance of operation of not more than 10 days.

47 CFR 73.762(c) states that the licensee or permittee must request and receive specific authority from the Commission to discontinue operations for more than 10 days under extenuating circumstances.

47 CFR 1.1301–1.1319 cover certifications of compliance with the National Environmental Policy Act and how the public will be protected from radio frequency radiation hazards.

Federal Communications Commission.

Marlene Dortch,

Secretary.

BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

[CC Docket No. 92–237; DA 19–804]

Next Meeting of the North American Numbering Council

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In this document, the Commission released a public notice announcing the meeting of the North American Numbering Council (NANC). At this meeting, the NANC will consider and vote on a recommendation from its Interoperable Video Calling Working Group and receive an update from its Numbering Administration Oversight Working Group.

The NANC meeting is open to the public. The FCC will accommodate as many attendees as possible; however, admittance will be limited to seating availability. The Commission will also provide audio coverage of the meeting. Other reasonable accomodations for people with disabilities are available upon request. Requests for such accommodations should be submitted via email to *fcc504@fcc.gov* or by calling the Consumer and Governmental Affairs Bureau @(202) 418–0530 (voice), (202) 418–0432 (TTY). Such requests should include a detailed description of the accommodation needed. In addition, please include a way for the FCC to contact the requester if more information is needed to fill the request. Please allow at least five days advance notice for accommodation requests; last minute requests will be accepted but may not be possible to accommodate.

Members of the public may submit comments to the NANC in the FCC's Electronic Comment Filing System, ECFS, at *www.fcc.gov/ecfs.* Comments to the NANC should be filed in CC Docket No. 92–237.

More information about the NANC is available at *https://www.fcc.gov/about-fcc/advisory-committees/general/north-american-numbering-council.* You may also contact Marilyn Jones, DFO of the NANC, at *marilyn.jones@fcc.gov.,* or (202) 418–2357, Michelle Sclater, Alternate DFO, at *michelle.sclater@fcc.gov,* or (202) 418- 0388; or Carmell Weathers, Special Assistant to the DFO, at *carmell.weathers@fcc.gov,* or (202) 418–2325.

DATES: Thursday, September 12, 2019, 10:00 a.m.

ADDRESSES: Requests to make an oral statement or provide written comments to the NANC should be sent to Carmell Weathers, Competition Policy Division, Wireline Competition Bureau, Federal Communications Commission, Portals II, 445 12th Street SW, Room 5–C162, Washington, DC 20554 or emailed to *Carmell.Weathers@fcc.gov.*

FOR FURTHER INFORMATION CONTACT: Carmell Weathers at (202) 418–2325 or *Carmell.Weathers@fcc.gov.* The fax number is: (202) 418–1413. The TTY number is: (202) 418–0484.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's document in CC Docket No. 92–237, DA 19–804 released Aug 22, 2019. The complete text in this document is available for public inspection and copying during normal business hours in the FCC Reference Information Center, Portals II, 445 12th Street SW, Room CY–A257, Washington, DC 20554. It is available on the Commission's website at *http://www.fcc.gov.*

*The Agenda may be modified at the discretion of the NANC Chairman with the approval of the Designated Federal Officer (DFO).

Federal Communications Commission.

Marilyn Jones,

Senior Counsel for Number Administration, Wireline Competition Bureau.

BILLING CODE 6712–01–P

FEDERAL MARITIME COMMISSION

Notice of Agreements Filed

The Commission hereby gives notice of the filing of the following agreement under the Shipping Act of 1984. Interested parties may submit comments on the agreements to the Secretary by email at *Secretary@fmc.gov,* or by mail, Federal Maritime Commission, Washington, DC 20573, within twelve days of the date this notice appears in the **Federal Register**. Copies of agreements are available through the Commission's website (*www.fmc.gov*) or by contacting the Office of Agreements at (202) 523–5793 or *tradeanalysis@fmc.gov.*

Agreement No.: 012139–002.

Agreement Name: ML/MSC Oceania Space Charter Agreement.

Parties: Maersk Line A/S and Mediterranean Shipping Company S.A.

Filing Party: Wayne Rohde; Cozen O'Connor.

Synopsis: The amendment replaces Hamburg Sud with Maersk Line A/S, deletes Hapag-Lloyd and CMA CGM/ANL as parties, and renames and substantively restates the Agreement.

Proposed Effective Date: 10/4/2019.

Location: https://www2.fmc.gov/FMC.Agreements.Web/Public/AgreementHistory/306.

Agreement No.: 012408–001.

Agreement Name: WW Ocean/Grimaldi Euromed SPA Space Charter Agreement.

Parties: Wallenius Wilhelmsen Ocean AS and Grimaldi Euromed S.P.A.

Filing Party: Wayne Rohde; Cozen O'Connor.

Synopsis: The amendment changes the name of the Wallenius Wilhelmsen entity that is party to the agreement, updates its address, and renames and restates the Agreement.

Proposed Effective Date: 8/19/2019.

Location: https://www2.fmc.gov/FMC.Agreements.Web/Public/AgreementHistory/1871.

Agreement No.: 201288–002.

Agreement Name: Digital Container Shipping Association Agreement.

Parties: CMA CGM S.A.; Evergreen Marine Corporation; Hapag Lloyd AG; Hyundai Merchant Marine Co., Ltd.; Maersk Line A/S; Mediterranean Shipping Company S.A.; Ocean Network Express Pte. Ltd.; Yang Ming Marine Transport Corporation; and Zim Integrated Shipping Services Ltd.

Filing Party: Wayne Rohde; Cozen O'Connor.

Synopsis: The amendment revises Appendices B through F to reflect changes in certain internal governance procedures of the Association, primarily by transferring certain functions from one body to another or otherwise clarifying existing authority/functions.

Proposed Effective Date: 8/19/2019.

Location: https://www2.fmc.gov/FMC.Agreements.Web/Public/AgreementHistory/21328.

Agreement No.: 201316.

Agreement Name: Trailer Bridge/APL Space Charter Agreement.

Parties: American President Lines, LLC; APL Co. Pte. Ltd.; and Trailer Bridge, Inc.

Filing Party: Patricia O'Neill; American President Lines, LLC.

Synopsis: The Agreement authorizes Trailer Bridge to charter space to APL on certain vessels Trailer Bridge operates in the Trade between ports on the Atlantic and Gulf Coasts of the United States, and ports in the Dominican Republic.

Proposed Effective Date: 8/16/2019.

Location: https://www2.fmc.gov/FMC.Agreements.Web/Public/AgreementHistory/22428.

Agreement No.: 201317.

Agreement Name: HLAG/ONE Slot Charter Agreement.

Parties: Hapag Lloyd AG and Ocean Network Express Pte. Ltd.

Filing Party: Wayne Rohde; Cozen O'Connor.

Synopsis: The agreement authorizes HLAG to charter space to ONE in the trade between the U.S. on one hand and ports in Central and South America on the other hand.

Proposed Effective Date: 8/19/2019.

Location: https://www2.fmc.gov/FMC.Agreements.Web/Public/AgreementHistory/22430.

Agreement No.: 201318.

Agreement Name: HLUSA/Schuyler Cooperative Working Agreement.

Parties: Hapag-Lloyd USA, LLC and Schuyler Line Navigation Company, LLC.

Filing Party: Wayne Rohde; Cozen O'Connor.

Synopsis: The Agreement authorizes Hapag-Lloyd USA to charter space to Schuyler for the movement of U.S. flag cargo in the trade between the U.S. Atlantic Coast and Denmark, Latvia, the United Kingdom, and France.

Proposed Effective Date: 8/21/2019.

Location: https://www2.fmc.gov/FMC.Agreements.Web/Public/AgreementHistory/22433.

Dated: August 23, 2019.

FEDERAL RESERVE SYSTEM

Change in Bank Control Notices; Acquisitions of Shares of a Bank or Bank Holding Company

The notificants listed below have applied under the Change in Bank Control Act (12 U.S.C. 1817(j)) and § 225.41 of the Board's Regulation Y (12 CFR 225.41) to acquire shares of a bank or bank holding company. The factors that are considered in acting on the notices are set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)(7)).

The notices are available for immediate inspection at the Federal Reserve Bank indicated. The notices also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing to the Reserve Bank indicated for that notice or to the offices of the Board of Governors. Comments must be received not later than September 11, 2019.

A. Federal Reserve Bank of Minneapolis (Chris Wangen, Assistant Vice President) 90 Hennepin Avenue, Minneapolis, Minnesota 55480–0291:

1. *The 2019 Mark Waldrip Beneficiary GST Trust, Mark Waldrip as trustee, Little Rock, Arkansas, and the 2019 Angela Waldrip Beneficiary GST Trust, Angela Waldrip and Nathan Waldrip as co-trustees, both of Moro, Arkansas*; individually and as a group, to join the family control group of Waldrip Bank Trust, Mark and Angela Waldrip as co-trustees, Nathan and Maegan Waldrip JTWRS, Allison and Aaron Bragg JTWRS, Katie and Ethan Branscum JTWRS, Lauren W. Ward, the 2017 Allison Waldrip Bragg Trust, Allison Bragg and Nathan Waldrip as co-trustees, the 2017 Nathan M. Waldrip Trust, Nathan Waldrip and Allison Bragg as co-trustees, the 2017 Katie Waldrip Branscum Trust, Katie Branscum and Allison Bragg as co-trustees and the 2017 Lauren Waldrip Ward Trust, Lauren Ward and Nathan Waldrip as co-trustees, all of Little Rock, Arkansas, to retain more than 25 percent of the voting shares of Big Creek Bancshares, Inc., Mariana, Arkansas.

Board of Governors of the Federal Reserve System, August 22, 2019.

Yao-Chin Chao,

Assistant Secretary of the Board.

BILLING CODE P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Statement of Organization, Functions, and Delegations of Authority

Part C (Centers for Disease Control and Prevention) of the Statement of Organization, Functions, and Delegations of Authority of the Department of Health and Human Services (45 FR 67772–76, dated October 14, 1980, and corrected at 45 FR 69296, October 20, 1980, as amended most recently at 84 FR 35676—35679, July 24, 2019) is amended to reorganize the Centers for Disease Control and Prevention offices that support the Deputy Director for Public Health Science and Surveillance. Functions of the Division of Public Health Information and Dissemination, a component within the Center for Surveillance, Epidemiology and Laboratory Services (CSELS), align more closely with the mission of the Office of the Associate Director for Policy and Strategy, CSELS' Office of the Director, and the Office of Science. The mission and functional statement for Office of Laboratory Science and Safety is also being revised.

Section C–B, Organization and Functions, is hereby amended as follows:

After the functional statement for the *Population Health and Healthcare Office (CAQE), Office of the Associate Director for Policy and Strategy (CAQ),* insert the following:

Community Guide Office (CAQG). (1) Convenes and provides ongoing administrative, research, and technical support for the operations of the independent Community Preventive Services Task Force as directed by statutory mandate; (2) conducts and oversees production of the systematic reviews that serve as the scientific basis for Task Force findings and recommendations; (3) coordinates and manages large and diverse teams of internal and external partners participating in the systematic review process; (4) participates with other CDC programs and other federal and non-governmental partners in developing and refining methods for conducting systematic reviews; (5) assists CDC and other federal and non-federal partners in understanding, using, and communicating methods for conducting systematic reviews; (6) assists CDC and other federal and non-federal partners in linking reviews of evidence to guidelines development and program implementation; (7) assists the Task Force in producing reports on evidence gaps and priority areas for further examination; (8) establishes, updates, and evaluates the utility and use of the Community Guide website (*www.thecommunityguide.org*) by intended users; (9) convenes and participates with other CDC programs and other federal and non-governmental partners in: (a) Disseminating products and promotional materials throughout the U.S. health care and public health systems and to their multisectoral partners via a variety of media, such as journals, books, documents, the World Wide Web, and other media, (b) developing and testing policies and processes for referencing Task Force findings in research and programmatic funding announcements to increase use of Task Force findings and fill evidence gaps, and (c) developing, refining, and evaluating methods for assisting users in implementing Task Force recommendations; (10) convenes and participates with other CDC programs and other federal and non-governmental partners in establishing methods for evaluating implementation, use, and impact of Task Force-recommended strategies; (11) participates in the development of national and regional public and private partnerships to enhance prevention research and the translation of evidence into policy and action; (12) provides epidemiologic and scientific support for health departments, nonprofit hospitals and other community-based organizations engaged in community health improvement; (13) maintains scientific expertise in cross-cutting measures of population health and population health determinants; (14) develops stakeholder-driven epidemiological resources including analytic tools and scientific resources for identifying community health priorities and health disparities, and monitoring and evaluating public health impact; (15) hosts and periodically updates the Community Health Status Indicators web application; and (16) participates with CDC and other federal and non-federal partners to encourage multi-sector collaborations that support shared ownership of community health improvement.

Delete in its entirety the functional statement for the *Office of the Director (CPN1), Center for Surveillance, Epidemiology and Laboratory Services (CPN)* and insert the following:

Office of the Director (CPN1). (1) Provides strategic direction regarding surveillance, epidemiologic investigation, and data and information sciences; (2) supports DDPHSS's CDC-wide coordination and strategic activities in areas of health informatics technology, including the meaningful use of electronic health records for public health surveillance and the coordination of partners and stakeholders for biosurveillance, and publication science; (3) leads the development of public health workforce training; (4) guides the development of laboratory systems standards for quality and safety, including the Clinical Laboratory Improvement Amendments (CLIA) and engagement with relevant federal advisory committees; (5) manages, directs, coordinates, and evaluates the activities of the center; (6) defines goals and objectives for policy formation, scientific oversight, and guidance in program planning and development; (7) establishes and implements a communications strategy in support of the CSELS overarching goals and priorities; (8) provides oversight for the evaluation of programmatic performance of all CSELS activities to ensure health impact; (9) plans, coordinates, and manages all aspects of program business services including human and fiscal resources, extramural activities, space, and all administrative services; (10) devises information technology practices and procedures, and provides direction, innovation, planning and evaluation for information technology systems, services, security, and resources for CSELS; (11) provides leadership on issues management, budget formulation and performance integration; (12) manages inter-governmental and external affairs and cultivates strategic partnerships; (13) ensures scientific quality, integrity, and clearance across the center; (14) provides guidance and strategic oversight to the processes within the center that access, collect, manage, analyze, and visualize data, including assistance for involvement with federal advisory committees and other high level groups; (15) monitors projects for effective focus on the analytical, informatics, data management, and statistical infrastructure to deliver quality data, accurate analysis services and dependable software products and systems to customers and partners; (16) collaborates and consults with other centers, working groups, state and local health departments, other federal agencies, and other partners, to accomplish the mission of the center; (17) reviews, prepares, coordinates, and develops Congressional testimony and briefing materials; (18) represents CSELS and at times CDC at professional and scientific meetings, within and

outside CDC; (19) manages the Morbidity and Mortality Weekly Report (MMWR) series of publications, including the MMWR Recommendations and Reports, CDC Surveillance Summaries, and Annual Summary of Notifiable Diseases, and supports Public Health Reports among other publications; (20) develops, plans, coordinates, edits, and produces the MMWR series, including the MMWR Recommendations and Reports, CDC Surveillance Summaries, and Annual Summary of Notifiable Diseases; (21) manages the CDC Vital Signs program, which offers recent data and calls to action for important public health issues; (22) produces CDC Vital Signs which includes an MMWR Early Release, a fact sheet and website, a media release, and a series of announcements via social media tools; and (23) leads an agency-wide call to action each month concerning a single, important public health topic.

Delete in its entirety the functional statement for the *Division of Public Health Information and Dissemination (CPNC).*

After the functional statement for the *Office of Technology and Innovation (CPPD), Office of Science (CPP).* insert the following:

Office of Genomics and Precision Public Health (CPPE). The Office of Genomics and Precision Public Health (OGPPH) is charged with identifying opportunities for genomics and precision public health applications to improve health, prevent disease, save health care costs and reduce health disparities in the United States. (1) OGPPH integrates advances in pathogen and human genomics, machine learning, data science and predictive analytics responsibly and effectively into health care and public health programs; (2) provides technical assistance and advice to CDC leadership and programs, other federal agencies, state health departments, and other external partners by identifying, evaluating, and implementing evidence-based genomics and precision public health practices to prevent and control the country's leading diseases; (3) supports policy, education, and surveillance frameworks to promote effective implementation of evidence-based recommendations for genomic tests, family health history, and precision health applications, as well as those applications that will emerge in the next decade and beyond; (4) identifies and evaluates emerging genomic, family health history, and precision health applications with the potential to impact population health; and (5) conducts public health genomics and precision public health epidemiologic studies and analyses.

Office of Library Science (CPPG). The Stephen B. Thacker CDC Library supports CDC's scientific and public health information needs by serving as CDC's resource for library collections, information resources, customized library services and tools, information exchange, learning, collaboration and innovation. To accomplish these aims, the Office of Library Science: (1) Develops, curates, sustains and evaluates library collections and public health information resources; (2) provides CDC staff with timely access to electronic and hardcopy scientific and public health programmatic resources; (3) provides library science technical assistance, reference services, literature searches, systematic reviews, and training; (4) provides resources to evaluate scholarly and other impact of CDC research and publications; (5) provides and manages facilities for scientific inquiry, learning, research, collaboration, and innovation; (6) supports the Library Advisory Board, whose members ensure their CIO's needs are considered in library operations and planning; and (7) collaborates with other federal libraries, medical/health sciences libraries, other library and information scientists, and public health partners.

Delete in its entirety the functional statement for the *Office of Laboratory Science and Safety (CPQ),* and insert the following:

Office of Laboratory Science and Safety (CPQ). In carrying out its mission, the Office of Laboratory Science and Safety: (1) Provides scientific, technical, and managerial expertise and leadership in the development and enhancement of laboratory safety programs; and (2) oversees and monitors the development, implementation, and evaluation of the laboratory safety and quality management programs across CDC.

Office of the Director (CPQ1). (1) Provides scientific, technical, and managerial expertise and leadership in the development and enhancement of laboratory science and safety programs; (2) oversees and monitors the development, implementation, and evaluation of the laboratory safety and quality management programs across CDC; (3) advises on policy, partnerships, and issues management matters; (4) advises on matters related to internal and external public health communications; (5) provides oversight to ensure CDC compliance with regulations for select agents and toxins, and the safe possession, use, and transfer of select agents and toxins; (6) provides oversight to ensure CDC compliance with all applicable laws, regulations, policies, and standards regarding the humane care and use of laboratory animals at CDC; (7) serves as the Institutional Official for purposes of compliance with the Public Health Service Policy on Humane Care and Use of Laboratory Animals; (8) makes appointments to the CDC Institutional Animal Care and Use Committees; and (9) leads responses to laboratory incidents and emergencies.

Office of Laboratory Science (CPQB). (1) Provides high-level coordination of policies and guidance for core laboratory training programs in quality management, laboratory safety, and Food and Drug Administration (FDA)-regulated diagnostic devices; (2) manages the catalog of core laboratory quality, safety, and FDA-regulatory compliance training courses; (3) provides expertise and consultation for policy development and implementation of laboratory quality management activities; (4) provides regulatory expertise and consultation to support policy development and compliance with FDA regulations for *in vitro* diagnostic devices.

Office of Laboratory Safety (CPQC). (1) Provides high-level oversight and coordination of laboratory safety at all CDC campuses; (2) develops and assesses effectiveness of agency-level plans, policies, manuals, and tools for implementation of laboratory safety standards; (3) provides regulatory compliance for biological safety, chemical safety, radiation safety, and the possession, use, and transport of select agents and toxins; (4) provides expertise and consultation for biological safety, chemical safety, and radiation safety; and (5) provides expertise for CDC-wide compliance with all applicable laws, regulations, policies, and standards regarding the humane care and use of laboratory animals at CDC.

Sherri A. Berger,

Chief Operating Officer, Centers for Disease Control and Prevention.

BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS–10439 and CMS–10594]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by *September 27, 2019.*

ADDRESSES: When commenting on the proposed information collections, please reference the document identifier or OMB control number. To be assured consideration, comments and recommendations must be received by the OMB desk officer via one of the following transmissions: OMB, Office of Information and Regulatory Affairs, Attention: CMS Desk Officer, Fax Number: (202) 395–5806 *or*, Email: *OIRA_submission@omb.eop.gov*.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

1. Access CMS' website address at *https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing.html*.

1. Email your request, including your address, phone number, OMB number, and CMS document identifier, to *Paperwork@cms.hhs.gov*.

2. Call the Reports Clearance Office at (410) 786–1326.

FOR FURTHER INFORMATION CONTACT: William Parham at (410) 786–4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term ''collection of information'' is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Data Collection to Support Eligibility Determinations and Enrollment for Employers in the Small Business Health Options Program; *Use:* Section 1311(b)(1)(B) of the Affordable Care Act directs that the SHOP assist qualified small employers in facilitating the enrollment of their employees in QHPs offered in the small group market. Section 1311(c)(1)(F) of the Affordable Care Act directs HHS to establish criteria for certification of health plans as QHPs and plans to utilize a uniform enrollment form for qualified employers. Further, section 1311(c)(5)(B) directs HHS to develop a website that assists employers in determining if they are eligible to participate in SHOP. *Form Number:* CMS–10439 (OMB control number: 0938–1193); *Frequency:* Annually; *Affected Public:* Private Sector, Business or other for-profits, Not-for-profits institutions; *Number of Respondents:* 6,000; *Total Annual Responses:* 6,000; *Total Annual Hours:* 960. (For policy questions regarding this collection contact Michele Oshman at 410–786–4396.)

2. *Type of Information Collection Request:* Extension without change of a currently approved collection; *Title of Information Collection:* Provider Network Coverage Data Collection; *Use:* The Affordable Care Act (ACA) established competitive private health insurance markets called Marketplaces, or Exchanges, which gave millions of Americans and small businesses access to affordable, quality insurance options that meet certain requirements. These requirements include ensuring sufficient choice of providers and providing information to enrollees and prospective enrollees on the availability of in-network and out-of-network providers. This information collection notice is for two of the standards from the HHS Notice of Benefit and Payment Parameters for 2017 (CMS–9937–F) final rule: One applying in the FFE and one applying to all QHPs. Specifically, under 45 CFR 156.230(d) and 156.230(e), we require notification requirements for enrollees in cases where a provider leaves the network and for cases where an enrollee might be seen by an out of network ancillary provider in in-network setting. These standards will help inform consumers about his or her health plan coverage to better make cost effective choices. The Centers for Medicare and Medicaid Services (CMS) is updating an information collection request (ICR) in connection with these standards. The burden estimates for this ICR included in this package reflects the additional time and effort for QHP issuers to provide these notifications to enrollees. *Form Number:* CMS–10594 (OMB control number: 0938–1302); *Frequency:* Yearly; *Affected Public:* Private Sector (business or other for-profits, not-for-profit institutions); *Number of Respondents:* 470; *Total Annual Responses:* 356,260; *Total Annual Hours:* 194,250. (For policy questions regarding this collection contact Arunima Shukla at 410–786–5017.)

Dated: *August 23, 2019.*

William N. Parham, III,

Director, Paperwork Reduction Staff, Office of Strategic Operations and Regulatory Affairs.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS–10611]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (the PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information (including each proposed extension or reinstatement of an existing collection of information) and to allow 60 days for public comment on the proposed action. Interested persons are invited to send comments regarding our burden estimates or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments must be received by October 28, 2019.

ADDRESSES: When commenting, please reference the document identifier or OMB control number. To be assured consideration, comments and recommendations must be submitted in any one of the following ways:

1. *Electronically.* You may send your comments electronically to *http://www.regulations.gov.* Follow the instructions for ''Comment or Submission'' or ''More Search Options'' to find the information collection document(s) that are accepting comments.

2. *By regular mail.* You may mail written comments to the following address: CMS, Office of Strategic Operations and Regulatory Affairs, Division of Regulations Development, Attention: Document Identifier/OMB Control Number _____, Room C4–26–05, 7500 Security Boulevard, Baltimore, Maryland 21244–1850.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

1. Access CMS' website address at *https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing.html.*

2. Email your request, including your address, phone number, OMB number, and CMS document identifier, to *Paperwork@cms.hhs.gov.*

3. Call the Reports Clearance Office at (410) 786–1326.

FOR FURTHER INFORMATION CONTACT: William N. Parham at (410) 786–4669.

SUPPLEMENTARY INFORMATION:

Contents

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS–10611 Medicare Outpatient Observation Notice (MOON)

Under the PRA (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term ''collection of information'' is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Extension without change of a currently approved collection; *Title of Information Collection:* Medicare Outpatient Observation Notice (MOON); *Use:* On August 6, 2015, Congress enacted the Notice of Observation Treatment and Implication for Care Eligibility Act (NOTICE Act) Public Law 114–42, amending Section 1866(a)(1) of the Social Security Act (the Act) (42 U.S.C. 1395cc(a)(1)), by adding a new subparagraph (Y). The NOTICE Act requires hospitals and CAHs to provide written notification and oral explanation to individuals who receive observation services as outpatients for more than 24 hours.

The MOON is a standardized notice delivered to persons entitled to Medicare benefits under Title XVIII of the Act who receive more than 24 hours of observation services, informing them that their hospital stay is outpatient and not inpatient, and the implications of being an outpatient. This information collection applies to beneficiaries in Original Medicare and enrollees in Medicare health plans.

The Medicare Outpatient Observation Notice (MOON), serves as the written notice component of this mandatory notification process. The standardized content of the MOON includes all informational elements required by statute, in language understandable to beneficiaries, and fulfils the regulatory requirements at 42 CFR part 489.20(y).

The MOON is not given every time items and services are furnished in a hospital or CAH. Rather, hospitals are only required to deliver the MOON to individuals receiving observation services as outpatients for more than 24 hours. *Form Number:* CMS–10611 (OMB control number: 0938–1308); *Frequency:* Yearly; *Affected Public:* State, Local, or Tribal Governments; *Number of Respondents:* 4,373; *Total Annual Responses:* 946,209; *Total Annual Hours:* 236,552. (For policy questions regarding this collection contact Janet Miller at *Janet.Miller@cms.hhs.gov.*)

Dated: *August 23, 2019.*

William N. Parham, III,

Director, Paperwork Reduction Staff, Office of Strategic Operations and Regulatory Affairs.

BILLING CODE 4120–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Evaluation of the National Human Trafficking Hotline Program (New Collection)

AGENCY: Office of Planning, Research, and Evaluation; Administration for Children and Families; HHS.

ACTION: Request for public comment.

SUMMARY: The Office of Planning, Research, and Evaluation (OPRE) is proposing a data collection activity as part of the Evaluation of the National Human Trafficking Hotline (NHTH) Program. This data collection activity

will examine the experiences of individuals who seek assistance from the NHTH after their interactions with the NHTH. The study will collect information via voluntary phone and Web-based surveys at two time points—immediately after an individual has contacted the NHTH by phone, text, or live online chat, and two weeks later.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing *OPREinfocollection@acf.hhs.gov.* Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation, 330 C Street SW, Washington, DC 20201, Attn: OPRE Reports Clearance Officer. All requests, emailed or written should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The purpose of the proposed data collection activity is to document and examine the following: Why individual users contact the NHTH; hotline users' perceptions of hotline staff's knowledge and skills; the extent to which users felt their interaction was helpful, they were supported by the NHTH, they were satisfied with the NHTH, and their needs were met by the interaction; and outcomes from NHTH interactions (*e.g.,* users' knowledge and use of available resources and referrals). The proposed data collection activity includes a two-phase approach to obtain information from individual users after their contact (via phone, text, or live online chat) with the NHTH. The proposed information collection activities are (1) an integrated voice response telephone survey or Web-based survey immediately after NHTH contact; and (2) a telephone or Web-based survey approximately two weeks after completion of the first survey. The survey immediately after contact with the NHTH will be offered to all individuals who contact the NHTH during the data collection period and includes questions focused on users' experiences and satisfaction with their NHTH interaction. The follow-up survey will be administered two weeks later with a sample of respondents who completed the immediate survey and consented to be contacted two weeks later. This second survey includes questions focused on the extent to which NHTH users were satisfied with their NHTH contact and felt that the NHTH contact was helpful.

Respondents: Individuals who contact the NHTH by telephone, text, or live online chat.

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Annual number of respondents	Number of responses per respondent	Average burden hours per response	Annual burden hours
Immediate Follow-Up Survey	2,000	1,000	1	.12	120
2-Week Follow-Up Survey	310	155	1	.15	23

Estimated Total Annual Burden Hours: 143.

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Authority: Section 105(d)(2) of the Trafficking Victims Protection Act of 2000 (TVPA) (Pub. L. 106–386) § 105 [22 U.S.C. 7103]

Mary B. Jones,

ACF/OPRE Certifying Officer.

[FR Doc. 2019–18515 Filed 8–27–19; 8:45 am]

BILLING CODE 4184–47–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; ACF's Generic Clearance for Reviewer Recruitment Forms (OMB #0970–0477)

AGENCY: Office of Planning, Research, and Evaluation; Administration for Children and Families; HHS.

ACTION: Request for public comment.

SUMMARY: The Administration for Children and Families (ACF) proposes to revise the existing overarching generic clearance for Grant Reviewer Recruitment (GRR) forms to expand the focus from recruiting just grant reviewers to recruiting expert reviewers in general.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing *OPREinfocollection@acf.hhs.gov.* Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation, 330 C Street SW, Washington, DC 20201, Attn: OPRE Reports Clearance Officer. All requests, emailed or written should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: Currently, the overarching generic 0970–0477 covers recruitment forms for grant reviewers, but it would be beneficial to ACF to collect information from other types of potential reviewers, such as those who review conference proposals or report drafts. This revised Generic Clearance for Reviewer Recruitment Forms would allow ACF to collect information about expertise from potential reviewers of a variety of activities.

ACF developed the original generic for GRR because each program office within ACF has a slightly different need for information about grant reviewer applicants. Similarly, ACF may recruit

reviewers for a variety of different activities with slightly different needs for information about the reviewers. This revised overarching generic clearance will allow ACF to request slightly different information from potential reviewers, yet the individual forms will serve an identical function. The purpose is to select qualified reviewers for ACF review processes based on professional qualifications using data entered and documents provided by candidates. Example documents include writing samples and curriculum vitae and/or resume. ACF will use the information collected to recruit well-qualified reviewers with relevant background experience and knowledge.

The abbreviated clearance process of the generic clearance will allow the program offices to gather a suitable pool of candidates within the varied time periods available for reviewer recruitment.

These forms will be voluntary, low-burden and uncontroversial.

Respondents: Individuals who may apply to review materials for ACF.

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Number of responses per respondent	Average burden hours per response	Annual burden hours
Reviewer Recruitment Forms	3500	1	.5	1750

Estimated Total Annual Burden Hours: 1750.

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Mary B. Jones,

ACF/OPRE Certifying Officer.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Service Administration

Meeting of the Advisory Committee on Interdisciplinary, Community-Based Linkages

AGENCY: Health Resources and Service Administration (HRSA), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: In accordance with the Federal Advisory Committee Act, this notice announces that the Advisory Committee on Interdisciplinary, Community-Based Linkages (ACICBL) has scheduled a public meeting. Information about ACICBL and the agenda for this meeting can be found on the ACICBL website at: *https://www.hrsa.gov/advisory-committees/interdisciplinary-community-linkages/index.html.*

DATES: October 11, 2019, 11:00 a.m.–5:00 p.m. Eastern Time.

ADDRESSES: This meeting will be held by webinar.

- *Webinar link: https://hrsa.connectsolutions.com/ACICBL*
- *Conference Call in number:* (888) 455–0640; Passcode: HRSA COUNCIL (voice response)

FOR FURTHER INFORMATION CONTACT: Joan Weiss, Ph.D., RN, CRNP, FAAN, Senior Advisor and Designated Federal Official, Division of Medicine and Dentistry, HRSA, 5600 Fishers Lane, Rockville, Maryland 20857; phone (301) 443–0430; or email *BHWACICBL@hrsa.gov.*

SUPPLEMENTARY INFORMATION: ACICBL provides advice and recommendations to the Secretary of HHS on policy, program development, and other matters of significance concerning activities under sections 750–760, Title VII, Part D of the Public Health Service Act.

At this meeting, ACICBL members will discuss issues related to the pending Committee reports. Agenda items are subject to change as priorities dictate. Refer to the ACICBL website for any updated information concerning the meeting. An agenda will be posted on the website at least 14 calendar days before the meeting. Members of the public will have the opportunity to provide comments. Public participants may submit written statements in advance of the scheduled meeting. Oral comments will be honored in the order they are requested and may be limited as time allows. Requests to submit a written statement or make oral comments to the ACICBL should be sent to Joan Weiss using the contact information above at least 3 business days prior to the meeting.

Individuals who plan to join the webinar and need special assistance or another reasonable accommodation should notify Joan Weiss at the address and phone number listed above at least 10 business days before the meeting.

Maria G. Button,

Director, Division of the Executive Secretariat.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Laboratory Animal Welfare: Report on Reducing Administrative Burden for Researchers: Animal Care and Use in Research

AGENCY: National Institutes of Health, HHS.

ACTION: Notice.

SUMMARY: The National Institutes of Health (NIH) is announcing the

publication of Reducing Administrative Burden for Researchers: Animal Care and Use in Research, a report by the NIH, the United States Department of Agriculture (USDA), and the Food and Drug Administration (FDA). The report describes the recommendations of the 21st Century Cures Act, Section 2034(d), Working Group and decisions of the agencies.

FOR FURTHER INFORMATION CONTACT: Patricia Brown, Office of Laboratory Animal Welfare (OLAW), Office of Extramural Research, National Institutes of Health, Suite 2500, 6700B Rockledge Drive, Bethesda, MD 20892–6910, phone: 301–496–7163, email: *olaw@od.nih.gov.*

SUPPLEMENTARY INFORMATION:

I. Background

Title II, Section 2034(d) of the 21st Century Cures Act (Pub. L. 114–255) was enacted December 13, 2016, and requires the NIH in collaboration with USDA and FDA to complete a review of applicable regulations and policies for the care and use of laboratory animals and to make revisions, as appropriate, to reduce administrative burden on investigators while maintaining the integrity and credibility of research findings and protection of research animals. The Act instructs NIH to: (1) Seek the input of experts, if appropriate; (2) identify ways to ensure applicable regulations and policies are not inconsistent, overlapping, or unnecessarily duplicative; (3) take steps to eliminate or reduce identified inconsistencies, overlap, or duplication among such regulations and policies; and (4) take other actions, as appropriate, to improve the coordination of regulations and policies with respect to research with laboratory animals.

NIH, USDA, and FDA convened a Working Group of federal subject matter experts to identify inconsistent, overlapping, and unnecessarily duplicative regulations and policies and prepare a report of their recommendations as directed in the 21st Century Cures Act. The report on Reducing Administrative Burden for Researchers: Animal Care and Use in Research describes the efforts of the Working Group, their recommendations, and the decisions of NIH, USDA, and FDA on the recommendations.

II. Electronic Access

The report on Reducing Administrative Burden for Researchers: Animal Care and Use in Research is available at *https://olaw.nih.gov/sites/default/files/21CCA_final_report.pdf.*

Dated: August 21, 2019.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA–2019–0002]

Final Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: Flood hazard determinations, which may include additions or modifications of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or regulatory floodways on the Flood Insurance Rate Maps (FIRMs) and where applicable, in the supporting Flood Insurance Study (FIS) reports have been made final for the communities listed in the table below.

The FIRM and FIS report are the basis of the floodplain management measures that a community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the Federal Emergency Management Agency's (FEMA's) National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report are used by insurance agents and others to calculate appropriate flood insurance premium rates for buildings and the contents of those buildings.

DATES: The date of December 6, 2019 has been established for the FIRM and, where applicable, the supporting FIS report showing the new or modified flood hazard information for each community.

ADDRESSES: The FIRM, and if applicable, the FIS report containing the final flood hazard information for each community is available for inspection at the respective Community Map Repository address listed in the tables below and will be available online through the FEMA Map Service Center at *https://msc.fema.gov* by the date indicated above.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) *patrick.sacbibit@fema.dhs.gov;* or visit the FEMA Map Information eXchange (FMIX) online at *https://www.floodmaps.fema.gov/fhm/fmx_main.html.*

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations

listed below for the new or modified flood hazard information for each community listed. Notification of these changes has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification.

This final notice is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the new or revised FIRM and FIS report available at the address cited below for each community or online through the FEMA Map Service Center at *https://msc.fema.gov.*

The flood hazard determinations are made final in the watersheds and/or communities listed in the table below.

BILLING CODE 9111–23–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA–2019–0010; OMB No. 1660–0083]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Community Disaster Loan (CDL) Program

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a revision, of a currently approved information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the Community Disaster Loan (CDL) Program. This revision will combine collections found under OMB Control Numbers 1660–0082 and 1660–0083. Upon approval of this revision, OMB Control Number 1660–0082, Application for Community Disaster Loan Cancellation will be discontinued.

DATES: Comments must be submitted on or before September 27, 2019.

ADDRESSES: Submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the Desk Officer for the Department of Homeland Security, Federal Emergency Management Agency, and sent via electronic mail to *dhsdeskofficer@omb.eop.gov.*

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address *FEMA-Information-Collections-Management@fema.dhs.gov* or Martha Polanco, Program Manager, Disaster Assistance Directorate, Public Assistance Division, (202) 212–5761.

SUPPLEMENTARY INFORMATION: This proposed information collection previously published in the **Federal Register** on April 24, 2019 at 84 FR17183 with a 60 day public comment period. FEMA received one comment. The commenter stated that loans following disasters, such as those under the CDL Program, are important after disasters, and that Congress and FEMA should ensure that adequate loan amounts are available for jurisdictions with needs after disasters, particularly

for west coast States such as California, Oregon, and Washington, following a major earthquake. The CDL Program provides operational funding to help local governments that have incurred a significant loss in revenue, due to a major disaster, that has or will adversely affect their ability to provide essential municipal services. Local governments within a declared disaster area are eligible to apply for loans through the CDL program if they suffer a substantial loss of tax and other revenues for the current or succeeding fiscal year. Communities affected by major earthquakes, or any other Federally declared major disasters, that meet the eligibility criteria may apply for loans through the CDL program.

The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Collection of Information

Title: Community Disaster Loan (CDL) Program.

Type of information collection: Revision of a currently approved information collection.

OMB Number: 1660–0083.

Form Titles and Numbers: FEMA Form 090–0–4, Letter of Application; FEMA Form 090–0–1, Certification of Eligibility for Community Disaster Loans; FEMA Form 116–0–1, Promissory Note; FEMA Form 085–0–1, Local Government Resolution—Collateral Security; FEMA Form 112–0–3c, Certification Regarding Lobbying; FEMA Form 009–0–15, Application for Loan Cancellation.

Abstract: The loan package for the CDL Program provides Local governments that have suffered substantial loss of tax or other revenues as a result of a major disaster or emergency, the opportunity to obtain financial assistance in order to perform their governmental functions. The loan must be justified on the basis of need and actual expenses.

Affected Public: State, local or Tribal Government.

Estimated Number of Respondents: 360.

Estimated Number of Responses: 360.

Estimated Total Annual Burden Hours: 1,006.67 hours.

Estimated Total Annual Respondent Cost: $53,937.11.

Estimated Respondents' Operation and Maintenance Costs: $0.

Estimated Respondents' Capital and Start-Up Costs: $0.

Estimated Total Annual Cost to the Federal Government: $1,022,264.28.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

William H. Holzerland,

Sr. Director for Information Management, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

BILLING CODE 9111–19–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA–2019–0002]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: New or modified Base (1-percent annual chance) Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, and/or regulatory floodways (hereinafter referred to as flood hazard determinations) as shown on the indicated Letter of Map Revision (LOMR) for each of the communities listed in the table below are finalized. Each LOMR revises the Flood Insurance Rate Maps (FIRMs), and in some cases the Flood Insurance Study (FIS) reports, currently in effect for the listed communities. The flood hazard determinations modified by each LOMR will be used to calculate flood insurance premium rates for new buildings and their contents.

DATES: Each LOMR was finalized as in the table below.

ADDRESSES: Each LOMR is available for inspection at both the respective Community Map Repository address listed in the table below and online through the FEMA Map Service Center at *https://msc.fema.gov.*

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) *patrick.sacbibit@fema.dhs.gov;* or visit the FEMA Map Information eXchange (FMIX) online at *https://www.floodmaps.fema.gov/fhm/fmx_main.html.*

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final flood hazard determinations as shown in the LOMRs for each community listed in the table below. Notice of these modified flood hazard determinations has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification.

The modified flood hazard determinations are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.,* and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The new or modified flood hazard information is the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the National Flood Insurance Program (NFIP).

This new or modified flood hazard information, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

This new or modified flood hazard determinations are used to meet the floodplain management requirements of

the NFIP and are used to calculate the appropriate flood insurance premium rates for new buildings, and for the contents in those buildings. The changes in flood hazard determinations are in accordance with 44 CFR 65.4.

Interested lessees and owners of real property are encouraged to review the final flood hazard information available at the address cited below for each community or online through the FEMA Map Service Center at *https://msc.fema.gov.*

BILLING CODE 9110–12–P

DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS–2019–0041]

Agency Information Collection Activities: Vulnerability Discovery Program

AGENCY: Officer of the Chief Information Security Officer, DHS.

ACTION: 60-Day notice and request for comments; new collection, 1601–NEW.

SUMMARY: The Department of Homeland Security, Office of the Chief Information Security Officer, will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted until October 28, 2019. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: You may submit comments identified by docket number DHS–2019–0041 *http://www.regulations.gov*. Please follow the instructions for submitting comments.

SUPPLEMENTARY INFORMATION: Security vulnerabilities, defined in section 102(17) of the Cybersecurity Information Sharing Act of 2015, are any attribute of hardware, software, process, or procedure that could enable or facilitate the defeat of a security control. Security vulnerability mitigation is a process starting with discovery of the vulnerability leading to applying some solution to resolve the vulnerability. There is constantly a search for security vulnerabilities within information systems, from individuals or nation states wishing to bypass security controls to gain invaluable information, to researchers seeking knowledge in the field of cyber security. Bypassing such security controls in the DHS information systems can cause catastrophic damage including but not limited to loss in Personally Identifiable Information (PII), sensitive information gathering, and data manipulation.

Pursuant to section 101 of the Strengthening and Enhancing Cyber-capabilities by Utilizing Risk Exposure Technology Act commonly known as the SECURE Technologies Act individuals, organizations, and companies will be able to submit discovered security vulnerabilities on the Department of Homeland Security (DHS) Information Systems. This collection would be used by these individuals, organizations, and companies who choose to submit a discovered vulnerability in the information system of the DHS.

The form will include the following essential information:

- Vulnerable host(s)
- Necessary information for reproducing the security vulnerability
- Remediation or suggestions for remediation of the vulnerability
- Potential impact on host, if not remediated

This form will allow the DHS to do two things (1) allow the individuals, organizations, and companies who discover vulnerabilities in the information systems of DHS to report their findings to the DHS. (2) give DHS first insight into newly discovered vulnerabilities, as well as zero-day vulnerabilities in order to mitigate the security issues prior to malicious actors acting on the vulnerability for malicious intent. The form will benefit researchers as it will provide a safe and lawful way for them to practice and discover new skills while discovering the vulnerabilities. Meanwhile, it will provide the same benefit to the DHS, in addition to enhanced information system security following the vulnerability mitigation.

Respondents will be able to fill the form out online at *https://www.dhs.gov* and submit it thereafter. Links to the form will also be available at any of the DHS components websites (*https://www.tsa.gov/, https://www.ice.gov/,* etc.).

The collection of this information regarding to discovered security vulnerabilities by individuals, organizations, and companies is needed to fulfil the congressional mandate in Section 101 of the SECURE Technologies Act regarding a Vulnerability Disclosure Policy. In addition, without the ability to collect information on newly discovered security vulnerabilities in DHS information systems, the DHS will rely solely on the internal security personnel and or discovery through post occurrence of such a breach on security controls.

The is new collection.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.,* permitting electronic submissions of responses.

Analysis

Agency: The Department of Homeland Security, Officer of the Chief Information Security Officer.

Title: Vulnerability Discovery Program.

OMB Number: 1601–New.

Frequency: On Occasion.

Affected Public: Private Sector.

Number of Respondents: 3000.

Estimated Time Per Respondent: 3 Hours.

Total Burden Hours: 9000.

Dated: August 15, 2019.

National Register of Historic Places; Notification of Pending Nominations and Related Actions

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The National Park Service is soliciting comments on the significance of properties nominated before August 10, 2019, for listing or related actions in the National Register of Historic Places.

DATES: Comments should be submitted by September 12, 2019.

ADDRESSES: Comments may be sent via U.S. Postal Service and all other carriers to the National Register of Historic Places, National Park Service, 1849 C St. NW, MS 7228, Washington, DC 20240.

SUPPLEMENTARY INFORMATION: The properties listed in this notice are being considered for listing or related actions in the National Register of Historic Places. Nominations for their consideration were received by the National Park Service before August 10, 2019. Pursuant to Section 60.13 of 36 CFR part 60, written comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

BILLING CODE 4312–52–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1043]

Commission Decision To Affirm in Part, Modify in Part, Reverse in Part, and Take No Position With Respect to Certain Portions of a Final Initial Determination; Termination of the Investigation: Certain Electrical Connectors, Components Thereof, and Products Containing the Same

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to affirm in part, modify in part, reverse in part, and take no position with respect to certain portions of a final initial determination (''ID'') of the presiding administrative law judge (''ALJ'') finding a violation of section 337. On review, the Commission finds that there is no violation of section 337. The Commission has terminated the investigation.

FOR FURTHER INFORMATION CONTACT: Clint Gerdine, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 708–2310. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–2000. General information concerning the Commission may also be obtained by accessing its internet server at *https://www.usitc.gov.* The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at *https://edis.usitc.gov.* Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on March 14, 2017, based on a complaint filed by J.S.T. Corporation (''JST'') of Farmington Hills, Michigan. 82 FR 13654–55 (March 14, 2017). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based on the importation and sale of certain electrical connectors, components thereof, and products containing the same by reason of infringement of claims 2, 4, and 9–10 (the ''asserted claims'') of U.S. Patent No. 7,004,766 (''the '766 patent''). The complaint further alleges the existence of a domestic industry. The Commission's notice of investigation names the following respondents: Robert Bosch GmbH of Baden-Wuertemberg, Germany; Bosch Automotive Products (Suzhou) Co., Ltd. of Jiangsu, China; and Hon Hai Precision Industry Co., Ltd. of New Tapei City, Taiwan (collectively, ''the Non-Importing Respondents''); Robert Bosch LLC of Broadview, Illinois; Robert Bosch, Sistemas Automatrices, S.A. de C.V. of Chihuahua, Mexico; Foxconn Interconnect Technology, Ltd. of New Tapei City, Taiwan (''Bosch'') (the ''Respondents'' are the Non-Importing Respondents and Bosch, collectively); and Robert Bosch, Ltda. (''Bosch Brazil'') of Sao Paulo, Brazil. The Office of Unfair Import Investigations is not participating in the investigation. The Commission later terminated Bosch Brazil from the investigation. *See* Order No. 68 (November 8, 2018), *unreviewed by* Comm'n Notice (December 3, 2018).

On April 12, 2019, the ALJ issued his final ID finding a violation of section 337. The ID finds that the Non-Importing Respondents do not satisfy the importation requirement of section 337(a)(1)(B). The ID further finds that the accused products infringe the asserted claims. The ID also finds that the asserted claims are not invalid under 35 U.S.C. 102 or 103, including finding that the prior art Tyco Docking Station Connector (''Tyco Connector'') does not anticipate the asserted claims. In addition, the ID finds that JST satisfied the domestic industry requirement with respect to the '766 patent. In the same document, the ALJ recommended that if the Commission finds a violation, it should issue a limited exclusion order directed to Bosch's infringing products and no cease and desist orders.

On April 29, 2019, Respondents petitioned, and JST contingently petitioned, for review of the final ID. On May 7, 2019, JST and Respondents each filed a response in opposition to the other party's petition for review.

On June 24, 2019, the Commission determined to review the final ID in its entirety. *See* 84 FR 31098–99 (June 28, 2019). The Commission also requested the parties to respond to certain questions concerning the issues under review and requested written submissions on the issues of remedy, the public interest, and bonding from the parties and interested non-parties. *Id.*

On July 8 and 15, 2019, respectively, JST and Respondents each filed a brief and a reply brief on all issues for which the Commission requested written submissions.

Having reviewed the record in this investigation, including the ALJ's final ID and the parties' written submissions, the Commission has determined to affirm in part, modify in part, reverse in part, and take no position with respect to certain portions of the final ID's findings. Specifically, the Commission has determined to construe the limitation ''first holes are provided in end regions of the tine plate proximate to two opposite ends of the tine plate in the longitudinal direction'' recited in claim 2 of the '766 patent to require that the first (elongated) holes at the periphery of the tine plate in the longitudinal direction must be closer to the periphery of the tine plate than any second hole. Based on this construction, the Commission has determined to reverse the final ID and find that the accused products do not infringe any of the asserted claims. The Commission has also determined to reverse the ID and finds that the Tyco Connector anticipates the asserted claims. The Commission has also determined to take no position on: (1) The ID's finding that JST's domestic products practice claims 1, 2, 3, 6, 9, or 10 of the '766 patent to satisfy the domestic industry requirement; (2) the ID's other findings regarding non-invalidity of the asserted claims; and (3) the ID's finding that JST's investments and activities satisfied the domestic industry requirement. The Commission adopts and affirms the remainder of the final ID. The Commission has issued an opinion explaining the basis for the Commission's determination. Thus, the investigation is terminated with a determination of no violation of section 337.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: August 22, 2019.

Lisa Barton,

Secretary to the Commission.

[FR Doc. 2019–18513 Filed 8–27–19; 8:45 am]

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1126]

Certain Water Filters and Components Thereof; Notice of a Commission Determination To Review-in-Part an Initial Determination Granting Complainants' Motion for Summary Determination of Violation of Section 337 by the Defaulting Respondents, and, on Review, To Modify Certain Portions of the Initial Determination; Request for Written Submissions on Remedy, Bonding, and the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review-in-part an initial determination (''ID'') (Order No. 17) of the presiding administrative law judge (''ALJ'') granting summary determination of violation of section 337 by certain defaulting respondents. The limited purpose of the review is to correct an error in a citation on page 44 and two typos on page 31 of the ID. The Commission requests written submissions on remedy, bonding, and the public interest.

FOR FURTHER INFORMATION CONTACT: Lynde Herzbach, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone 202–205–3228. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–2000. General information concerning the Commission may also be obtained by accessing its internet server at *https://www.usitc.gov*. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at *https://edis.usitc.gov*. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on August 1, 2018, based on a complaint, as amended, filed on behalf of Electrolux Home Products, Inc. of Charlotte, North Carolina, and KX Technologies, LLC of West Haven, Connecticut (collectively, ''Complainants''). 83 *FR* 37514 (Aug. 1, 2018). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (''section 337'') based on the importation into the United States, the sale for importation, and the sale within the United States after importation of certain water filters and components thereof by reason of infringement of certain claims of U.S. Patent Nos. 8,673,146 (''the '146 patent''), 8,137,551 (''the '551 patent''), 9,233,322 (''the '322 patent''), and 9,901,852 (''the '852 patent'') (collectively, the ''Asserted Patents''). *Id.* The Commission's notice of investigation names eight respondents. *Id.* The Office of Unfair Import Investigations (''OUII'') is also a party to the investigation.

On October 3, 2018, the ALJ issued an initial determination finding certain respondents in default, specifically, Shenzen Calux Purification Technology Co., Limited (''Calux''); JiangSu Angkua Environmental Technical Co., Ltd. (''Angkua Environmental''); and Shenzhen Dakon Purification Tech Co., Ltd. (collectively, ''the Defaulting Respondents''). *See* Order No. 9 (Oct. 3, 2018), *not reviewed,* Notice (Oct. 25, 2018). The remaining respondents, specifically, Ningbo Pureza Limited; HongKong Ecoaqua Co., Limited; Ecolife Technologies, Inc.; Ecopure Filter Co., Ltd.; and Crystala Filters LLC (''Settled Respondents''), were terminated from the investigation due to settlement. *See* Order Nos. 14, 15, 16, *not reviewed,* Notice (April 1, 2019).

On February 12, 2019, Complainants filed a motion for summary determination of violation of section 337 by the Defaulting Respondents. Complainants requested a general exclusion order (''GEO'') and cease and desist orders (''CDOs'') against all three Defaulting Respondents. On March 8, 2019, OUII filed a response supporting a finding of a violation as well as the requested remedies of a GEO and CDOs for two of the Defaulting Respondents (Calux and Angkua Environmental).

The ALJ issued the subject ID on July 11, 2019, granting the motion for summary determination and finding a violation of section 337 by the Defaulting Respondents. Specifically, the ID finds that Complainants established infringement of claims 1–3, 6, 7, and 15 of the '146 patent, claim 49 of the '551 patent, claims 1–3, 7–9, and 12–15 of the '322 patent, and claims 1, 4–6, 9–11, 14–18, and 21–31 of the '852 patent with respect to each Defaulting Respondents' accused product(s) by substantial, reliable, and probative evidence. The ALJ recommended that the Commission issue a GEO and CDOs against Calux and Angkua Environmental. The ALJ also recommended setting a bond during Presidential review of 100 percent. *Id.* No party petitioned for review of the subject ID.

The Commission has determined to review the subject ID in part for the limited purpose of correcting an error in a citation on page 44 and two typos on page 31 of the ID. *See* ID at 44, 31. The ID's findings of section 337 violations as to the Defaulting Respondents are based on substantial, reliable, and probative evidence, and they do not require further substantive review. *See* 19 U.S.C. 1337(d)(2). The Commission has determined not to review the remainder of the ID.

In connection with the final disposition of this investigation, the Commission may (1) issue an order that could result in the exclusion of the subject articles from entry into the United States, and/or (2) issue one or more cease and desist orders that could result in the respondent(s) being required to cease and desist from engaging in unfair acts in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or likely to do so. For background, *see Certain Devices for Connecting Computers via Telephone Lines,* Inv. No. 337–TA–360, USITC Pub. No. 2843, Comm'n Op. at 7–10 (December 1994). In addition, if Complainants seek a cease and desist order against a respondent, the written submissions should respond to the following requests:

1. Please identify with citations to the record any information regarding commercially significant inventory in the United States as to each respondent against whom a cease and desist order is sought. If Complainants also rely on other significant domestic operations that could undercut the remedy provided by an exclusion order, please identify with citations to the record such information as to each respondent against whom a cease and desist order is sought.

2. In relation to the infringing products, please identify any information in the record, including allegations in the pleadings, that

addresses the existence of any domestic inventory, any domestic operations, or any sales-related activity directed at the United States for each respondent against whom a cease and desist order is sought.

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) the public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

If the Commission orders some form of remedy, the U.S. Trade Representative, as delegated by the President, has 60 days to approve or disapprove the Commission's action. *See* Presidential Memorandum of July 21, 2005, 70 *FR* 43251 (July 26, 2005). During this period, the subject articles would be entitled to enter the United States under bond, in an amount determined by the Commission and prescribed by the Secretary of the Treasury. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed if a remedy is ordered.

Written Submissions: Parties to the investigation, interested government agencies, and any other interested parties are encouraged to file written submissions on the issues of remedy, the public interest, and bonding. Such submissions should address the recommended determination by the ALJ on remedy and bonding.

Complainant and OUII are also requested to submit proposed remedial orders for the Commission's consideration. Complainant is also requested to state the date that the Asserted Patents expire, to provide the HTSUS subheadings under which the accused products are imported, and to supply identification information for all known importers of the products at issue in this investigation.

Written submissions and proposed remedial orders must be filed no later than close of business on September 6, 2019. Reply submissions must be filed no later than the close of business on September 13, 2019. Such submissions should address the ALJ's recommended determinations on remedy and bonding made in Order No. 17. No further submissions on these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above and submit eight true paper copies to the Office of the Secretary pursuant to section 210.4(f) of the Commission's Rules of Practice and Procedure (19 CFR 210.4(f)). Submissions should refer to the investigation number (''Inv. No. 337–TA–1126'') in a prominent place on the cover page and/or the first page. (*See* Handbook on Filing Procedures, *https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf*). Persons with questions regarding filing should contact the Secretary at (202) 205–2000.

Any person desiring to submit a document to the Commission in confidence must request confidential treatment unless the information has already been granted such treatment during the proceedings. All such requests should be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such treatment. *See* 19 CFR 210.6. Documents for which confidential treatment by the Commission is sought will be treated accordingly. A redacted non-confidential version of the document must also be filed simultaneously with any confidential filing. All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for purposes of this Investigation may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel (all contract personnel will sign appropriate nondisclosure agreements), solely for cybersecurity purposes. All non-confidential written submissions will be available for public inspection at the Office of the Secretary and on EDIS.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in Part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: August 23, 2019.

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–627–629 and 731–TA–1458–1461 (Preliminary)]

Utility Scale Wind Towers From Canada, Indonesia, Korea, and Vietnam

Determinations

On the basis of the record [1] developed in the subject investigations, the United States International Trade Commission (''Commission'') determines, pursuant to the Tariff Act of 1930 (''the Act''), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of utility scale wind towers (''wind towers'') from Canada, Indonesia, Korea, and Vietnam, provided for in subheadings 7308.20.00 and 8502.31.00 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (''LTFV'') and to be subsidized by the governments of Canada, Indonesia, and Vietnam.[2] [3]

Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules, upon notice from the U.S. Department of Commerce (''Commerce'') of affirmative preliminary determinations in the investigations under sections 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under sections 705(a) or 735(a) of the

[1] The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

[2] *Utility Scale Wind Towers from Canada, Indonesia, the Republic of Korea, and the Socialist Republic of Vietnam: Initiation of Less-Than-Fair-Value Investigations,* 84 FR 37992 (August 5, 2019). See also *Utility Scale Wind Towers from Canada, Indonesia, and the Socialist Republic of Vietnam: Initiation of Countervailing Duty Investigations,* 84 FR 38216 (August 6, 2019).

[3] Commissioners Broadbent and Williamson are not participating in these investigations.

Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Background

On July 9, 2019, the Wind Tower Trade Coalition (Arcosa Wind Towers, Inc. (Dallas, Texas) and Broadwind Towers, Inc. (Manitowoc, Wisconsin)) filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized imports of wind towers from Canada, Indonesia, and Vietnam, and LTFV imports of wind towers from Canada, Indonesia, Korea, and Vietnam. Accordingly, effective July 9, 2019, the Commission, pursuant to sections 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)), instituted countervailing duty investigation Nos. 701–TA–627–629 and antidumping duty investigation Nos. 731–TA–1458–1461 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of July 15, 2019 (84 FR 33784). The conference was held in Washington, DC, on July 30, 2019, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission made these determinations pursuant to sections 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on August 23, 2019. The views of the Commission are contained in USITC Publication 4952 (August 2019), entitled *Utility Scale Wind Towers from Canada, Indonesia, Korea, and Vietnam: Investigation Nos. 701–TA–627–629 and 731–TA–1458–1461 (Preliminary).*

By order of the Commission.

Issued: August 23, 2019.

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–609 and 731–TA–1421 (Final)]

Steel Trailer Wheels From China; Determinations

On the basis of the record [1] developed in the subject investigations, the United States International Trade Commission (''Commission'') determines, pursuant to the Tariff Act of 1930 (''the Act''), that an industry in the United States is materially injured by reason of imports of steel trailer wheels (''trailer wheels'') from China, provided for in subheading 8716.90.50 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce (''Commerce'') to be sold in the United States at less than fair value (''LTFV'') and to be subsidized by the government of China.[2]

Background

The Commission, pursuant to sections 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)), instituted these investigations effective August 8, 2018, following receipt of a petition filed with the Commission and Commerce by Dexstar Wheel, Elkhart, Indiana. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of trailer wheels from China were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on May 2, 2019 (84 FR 18862). The schedule was revised in a subsequent notice published in the **Federal Register** on July 23, 2019 (84 FR 35422). The hearing was held in Washington, DC, on July 9, 2019, and all persons who requested the opportunity were permitted to appear in person or by counsel.

[1] The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

[2] The Commission also finds that imports subject to Commerce's affirmative critical circumstances determination are not likely to undermine seriously the remedial effect of the countervailing and antidumping duty orders on trailer wheels from China.

The Commission made these determinations pursuant to sections 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on August 22, 2019. The views of the Commission are contained in USITC Publication 4943 (August 2019), entitled *Steel Trailer Wheels from China: Investigation Nos. 701–TA–609 and 731–TA–1421 (Final).*

By order of the Commission.

Issued: August 22, 2019.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020–02–P

DEPARTMENT OF JUSTICE

[OMB Number 1125–0005]

Agency Information Collection Activities; Proposed Collection; Comments Requested; Request To Be Included on the List of Pro Bono Legal Service Providers for Individuals in Immigration Proceedings (Form EOIR–56)

AGENCY: Executive Office for Immigration Review, Department of Justice.

ACTION: 60-day Notice.

SUMMARY: The Department of Justice (DOJ), Executive Office for Immigration Review, will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted for 60 days until September 27, 2019.

FOR FURTHER INFORMATION CONTACT: If you have additional comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Lauren Alder Reid, Assistant Director, Office of Policy, Executive Office for Immigration Review, 5107 Leesburg Pike, Suite 2500, Falls Church, VA 22041, telephone: (703) 305–0289.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

—Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

—Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

—Enhance the quality, utility, and clarity of the information to be collected; and/or

—Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

Overview of This Information Collection

1. *Type of Information Collection:* Revision of a currently approved collection.

2. *The Title of the Form/Collection:* Request to be Included on the List of Pro Bono Legal Service Providers for Individuals in Immigration Proceedings.

3. *The agency form number:* EOIR–56 (OMB #1125–0015).

4. *Affected public who will be asked or required to respond, as well as a brief abstract: Primary:* Legal service providers seeking to be included on the List of Pro Bono Legal Service Providers (''List''), a list of persons who have indicated their availability to represent aliens on a pro bono basis. Abstract: EOIR seeks approval to implement an electronic system to apply for and renew participation in the List, in addition to maintaining the paper version of the EOIR Form-56. Use of the electronic system is mandatory, and the paper collection should only be used when the electronic system is unavailable. This is intended to elicit, in a uniform manner, all of the required information for EOIR to determine whether an applicant meets the eligibility requirements for inclusion on the List.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* It is estimated that 107 respondents will complete each form within approximately 30 minutes.

6. *An estimate of the total public burden (in hours) associated with the collection:* 53.50 annual burden hours.

If additional information is required contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E.405B, Washington, DC 20530.

Dated: August 23, 2019.

Melody D. Braswell,

Department Clearance Officer for PRA, U.S. Department of Justice.

BILLING CODE 4410–30–P

DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Emergency Mine Evacuation

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting the Mine Safety and Health Administration (MSHA) sponsored information collection request (ICR) titled, ''Emergency Mine Evacuation,'' to the Office of Management and Budget (OMB) for review and approval for continued use, without change, in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before September 27, 2019.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free of charge from the *RegInfo.gov* website at *http://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=201905-1219-003* (this link will only become active on the day following publication of this notice) or by contacting Frederick Licari by telephone at 202–693–8073, TTY 202–693–8064, (these are not toll-free numbers) or by email at *DOL_PRA_PUBLIC@dol.gov.*

Submit comments about this request by mail to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for DOL–MSHA, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503; by Fax: 202–395–5806 (this is not a toll-free number); or by email: *OIRA_submission@omb.eop.gov.* Commenters are encouraged, but not required, to send a courtesy copy of any comments by mail or courier to the U.S.

Department of Labor-OASAM, Office of the Chief Information Officer, Attn: Departmental Information Compliance Management Program, Room N1301, 200 Constitution Avenue NW, Washington, DC 20210; or by email: *DOL_PRA_PUBLIC@dol.gov.*

FOR FURTHER INFORMATION CONTACT: Frederick Licari by telephone at 202–693–8073, TTY 202–693–8064, (these are not toll-free numbers) or by email at *DOL_PRA_PUBLIC@dol.gov.*

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Emergency Mine Evacuation information collection. The information collection requirements contained in regulations 30 CFR parts 48 and 75 are to improve emergency evacuation and rescue in underground coalmines. These regulations include requirements for immediate accident notification applicable to all mines. In addition, the regulations contain reporting and record keeping requirements for training, including evacuation drills; self-contained self-rescuer storage, training, and use; and installation and maintenance of lifelines in underground coal mines. Federal Mine Safety and Health Act of 1977 sections 101(a) and 103(h) authorize this information collection. *See* 29 U.S.C. 811(a) and 813(h).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB under the PRA approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1219–0141.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on August 31, 2019. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on July 1, 2019 (84 FR 31352).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty-(30) days of publication of this notice in the **Federal Register.** In order to help ensure appropriate consideration, comments should mention OMB Control Number 1219–0141. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility:
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

Agency: DOL–MSHA.

Title of Collection: Emergency Mine Evacuation.

OMB Control Number: 1219–0141.

Affected Public: Private Sector—businesses or other for-profits.

Total Estimated Number of Respondents: 208.

Total Estimated Number of Responses: 1,035,909.

Total Estimated Annual Time Burden: 491,506 hours.

Total Estimated Annual Other Costs Burden: $52,298.

Authority: 44 U.S.C. 3507(a)(1)(D).

Dated: August 21, 2019.

Frederick Licari,

Departmental Clearance Officer.

BILLING CODE 4510–43–P

DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Petition Requirements and Investigative Data Collection: Trade Act of 1974, as Amended

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting the Employment and Training Administration (ETA) sponsored information collection request (ICR) titled, ''Petition Requirements and Investigative Data Collection: Trade Act of 1974, as Amended,'' to the Office of Management and Budget (OMB) for review and approval for continued use, without change, in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before September 27, 2019.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free of charge from the *RegInfo.gov* website at *http://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=2019-05-1205-011* (this link will only become active on the day following publication of this notice) or by contacting Frederick Licari by telephone at 202–693–8073, TTY 202–693–8064, (these are not toll-free numbers) or by email at *DOL_PRA_PUBLIC@dol.gov.*

Submit comments about this request by mail to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for DOL–ETA, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503; by Fax: 202–395–5806 (this is not a toll-free number); or by email: *OIRA_submission@omb.eop.gov.* Commenters are encouraged, but not required, to send a courtesy copy of any comments by mail or courier to the U.S. Department of Labor-OASAM, Office of the Chief Information Officer, Attn: Departmental Information Compliance Management Program, Room N1301, 200 Constitution Avenue NW, Washington, DC 20210; or by email: *DOL_PRA_PUBLIC@dol.gov.*

FOR FURTHER INFORMATION CONTACT: Frederick Licari by telephone at 202–693–8073, TTY 202–693–8064, (these

are not toll-free numbers) or by email at *DOL_PRA_PUBLIC@dol.gov.*

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Petition Requirements and Investigative Data Collection: Trade Act of 1974, as Amended information collection. Section 221 (a) of Title II, Chapter 2 of the Trade Act of 1974, as amended by the Trade and Globalization Adjustment Assistance Act of 2009, authorizes the Secretary of Labor and the Governor of each State to accept petitions for certification of eligibility to apply for adjustment assistance. Versions of ETA 9042, Petition for Trade Adjustment Assistance and Alternative Trade Adjustment Assistance, establish a format that may be used for filing such petitions. The Department's regulations regarding petitions for worker adjustment assistance may be found at 29 CFR 90. The Forms ETA 8562a, ETA 8562a–1, and 8562b, ETA 9118, ETA 9043a and ETA 9043b are all undertaken in accordance with Sections 222, 223 and 249 of the Trade Act of 1974, as amended by the Trade and Globalization Adjustment Assistance Act of 2009. They are used by the Secretary of Labor to certify groups of workers as eligible to apply for worker trade adjustment assistance. Section 221 (a) of Title II, Chapter 2 of the Trade Act of 1974 authorizes this information collection. *See* 19 U.S.C. 2271.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB under the PRA approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205–0342.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on August 31, 2019. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on February 26, 2019 (84 FR 6174).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty-(30) days of publication of this notice in the **Federal Register.** In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205–0342. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility:
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

BILLING CODE 4510–FN–P

LIBRARY OF CONGRESS

Copyright Royalty Board

[Docket No. 19–CRB–0012–AU (Sirius XM Radio Inc.)]

Notice of Intent To Audit

AGENCY: Copyright Royalty Board, Library of Congress.

ACTION: Public notice.

SUMMARY: The Copyright Royalty Judges announce receipt of a notice of intent to audit the 2018 statements of account submitted by Sirius XM Radio Inc.'s Commercial Webcaster service, Preexisting Satellite Digital Audio Radio Service, New Subscription Service, and Business Establishment Service concerning royalty payments they made pursuant to two statutory licenses.

FOR FURTHER INFORMATION CONTACT: Anita Blaine, Program Specialist, by telephone at (202) 707–7658 or by email at *crb@loc.gov.*

Summary Information: The Copyright Act, title 17 of the United States Code, grants to sound recordings copyright owners the exclusive right to publicly perform sound recordings by means of certain digital audio transmissions, subject to limitations. Specifically, the right is limited by the statutory license in section 114 which allows nonexempt noninteractive digital subscription services, eligible nonsubscription services, and preexisting satellite digital audio radio services to perform publicly sound recordings by means of digital audio transmissions. 17 U.S.C. 114(f). In addition, a statutory license in section 112 allows a service to make necessary ephemeral reproductions to facilitate the digital transmission of the sound recording, including for transmissions to business establishments. 17 U.S.C. 112(e).

Licensees may operate under these licenses provided they pay the royalty fees and comply with the terms set by the Copyright Royalty Judges. The rates and terms for the section 112 and 114 licenses are set forth in 37 CFR parts 380 and 382–84.

As part of the terms set for these licenses, the Judges designated SoundExchange, Inc., as the Collective, *i.e.,* the organization charged with collecting the royalty payments and statements of account submitted by eligible licensees and with distributing royalties to the copyright owners and performers entitled to receive them under the section 112 and 114 licenses. *See, e.g.,* 37 CFR 380.2(a).

As the Collective, SoundExchange may, only once a year, conduct an audit of a licensee for any or all of the prior

three calendar years in order to verify royalty payments. SoundExchange must first file with the Judges a notice of intent to audit a licensee and deliver the notice to the licensee. *See, e.g.,* 37 CFR 380.6(c).

On July 29, 2019, SoundExchange filed with the Judges a notice of intent to audit Sirius XM Radio Inc.'s Commercial Webcaster service, Preexisting Satellite Digital Audio Radio Service, New Subscription Service, and Business Establishment Service for transmissions terminating in the United States for the year 2018.[1] The Judges must publish notice in the **Federal Register** within 30 days of receipt of a notice announcing the Collective's intent to conduct an audit. *See id.* Today's notice fulfills this requirement with respect to SoundExchange's notice of intent to audit filed July 29, 2019.

Dated: August 23, 2019.

Jesse M. Feder,

Chief Copyright Royalty Judge.

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50–293 and 72–1044; NRC–2018–0279]

In the Matter of Entergy Nuclear Generation Company, Entergy Nuclear Operations, Inc., Holtec Pilgrim, LLC, Holtec Decommissioning International, LLC, and Pilgrim Nuclear Power Station

AGENCY: Nuclear Regulatory Commission.

ACTION: Direct and indirect transfer of license; order.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing an Order approving the direct transfer of Renewed Facility Operating License No. DPR–35 for the Pilgrim Nuclear Power Station (Pilgrim), and its general license for the Pilgrim Independent Spent Fuel Storage Installation, from the currently licensed operator, Entergy Nuclear Operations, Inc. (ENOI), to Holtec Decommissioning International, LLC (HDI). This Order also approves the indirect transfer of control of Entergy Nuclear Generation Company's (ENGC) ownership interests in the facility to Holtec International (Holtec). The NRC is also issuing a conforming amendment for the facility operating license for administrative purposes to reflect the direct transfer of the license from ENOI to HDI and the planned name change for ENGC, from ENGC to Holtec Pilgrim, LLC (Holtec Pilgrim).

DATES: The Order was issued on August 22, 2019, and is effective for one year.

ADDRESSES: Please refer to Docket ID NRC–2018–0279 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to *https://www.regulations.gov* and search for Docket ID NRC–2018–0279. Address questions about NRC docket IDs in *Regulations.gov* to Jennifer Borges; telephone: 301–287–9127; email: *Jennifer.Borges@nrc.gov.* For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.
- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at *https://www.nrc.gov/reading-rm/adams.html.* To begin the search, select ''*Begin Web-based ADAMS Search.*'' For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to *pdr.resource@nrc.gov.* The license transfer Order, the NRC safety evaluation supporting the staff's findings, and the conforming license amendment are available in ADAMS Package Accession No. ML19170A147.
- *NRC's PDR:* You may examine and purchase copies of public documents at the NRC's PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

SUPPLEMENTARY INFORMATION: The text of the Order is attached.

Dated at Rockville, Maryland, this 22nd day of August, 2019.

For the Nuclear Regulatory Commission.

Scott P. Wall,

Senior Project Manager, Plant Licensing Branch III, Division of Operator Reactor Licensing, Office of Nuclear Reactor Regulation.

Attachment—

Order Approving the Direct and Indirect Transfer of Licenses.

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-293 and 72-1044; NRC-2018-0279]

In the Matter of Entergy Nuclear Generation Company and Entergy Nuclear Operations, Inc. Pilgrim Nuclear Power Station

ORDER APPROVING DIRECT AND INDIRECT TRANSFER OF LICENSE AND CONFORMING AMENDMENT

I.

Entergy Nuclear Operations, Inc. (ENOI) and Entergy Nuclear Generation Company (ENGC) are the holders of Renewed Facility Operating License No. DPR-35, for the Pilgrim Nuclear Power Station (Pilgrim), and the general license for the Pilgrim Independent Spent Fuel Storage Installation (ISFSI). Pilgrim permanently ceased operations on May 31, 2019. Pursuant to Sections 50.82(a)(1)(i) and (a)(1)(ii) of Title 10 of the *Code of Federal Regulations* (10 CFR), by letter dated June 10, 2019 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML19161A033), ENOI certified to the U.S. Nuclear Regulatory Commission (NRC) that it had permanently ceased operations at Pilgrim and that all fuel had been permanently removed from the reactor. Therefore, pursuant to 10 CFR 50.82(a)(2), operations at Pilgrim are no longer authorized under the license issued under 10 CFR part 50, ''Domestic Licensing of Production and Utilization Facilities,'' and ENOI and ENGC are licensed to possess, but not use or operate, Pilgrim under Renewed Facility Operating License No. DPR-35, subject to the conditions specified therein. The Pilgrim site is located in the town of Plymouth, Massachusetts, in Plymouth County on Cape Cod Bay.

II.

By letter dated November 16, 2018 (ADAMS Accession No. ML18320A031), and as supplemented by letters dated November 16, 2018, April 17, 2019, and July 29, 2019 (ADAMS Accession Nos. ML18320A040, ML19109A177, and ML19210E470, respectively), ENOI, on behalf of itself and ENGC (to be known as Holtec Pilgrim, LLC), Holtec International (Holtec), and Holtec Decommissioning International, LLC (HDI) (together, the Applicants), requested that the NRC consent to the proposed direct and indirect transfer of the Pilgrim Renewed Facility Operating License No. DPR-35 and the general license for the Pilgrim ISFSI (collectively referred to as the facility). Specifically, the Applicants requested

that the NRC consent to the direct transfer of ENOI's currently licensed authority (licensed operator for decommissioning) to HDI. In addition, the Applicants requested the indirect transfer of control of ENGC's ownership interests in the facility licenses to Holtec. The Applicants also requested that the NRC approve a conforming administrative amendment to the facility licenses to reflect the proposed direct transfer of the license from ENOI to HDI, as well as a planned name change from ENGC to Holtec Pilgrim. The Applicants submitted these direct and indirect transfer requests to the NRC for approval under Section 184, ''Inalienability of Licenses,'' of the Atomic Energy Act of 1954, as amended (AEA); 10 CFR 50.80, ''Transfer of Licenses''; 10 CFR 72.50, ''Transfer of Licenses''; and 10 CFR 50.90, ''Application for Amendment of License, Construction Permit, or Early Site Permit.''

ENOI and ENGC intend to transfer the licensed possession, maintenance, and decommissioning authorities to HDI to implement expedited decommissioning at Pilgrim. Following approval and implementation of the proposed direct transfer of control of the license, HDI would assume licensed responsibility for Pilgrim through the direct transfer of ENOI's responsibility for licensed activities at Pilgrim to HDI. If the proposed indirect transfer of control is approved, ENGC would change its name to Holtec Pilgrim, LLC (Holtec Pilgrim), but the same legal entity would continue to exist before and after the proposed transfer. Holtec Pilgrim would also enter into an operating agreement with HDI, which provides for HDI to act as Holtec Pilgrim's agent and for HDI to pay Holtec Pilgrim's costs of operation, including all decommissioning costs. Holtec Pilgrim would own the Pilgrim facility as well as its associated assets and real estate, including its nuclear decommissioning trust fund, title to spent nuclear fuel, and rights pursuant to the terms of its Standard Contract for Disposal of Spent Nuclear Fuel and/or High-Level Radioactive Waste with the U.S. Department of Energy. Upon the proposed license transfer, HDI would assume responsibility for compliance with the current licensing basis, including regulatory commitments that exist at the closing of the transaction between the Applicants, and would implement any changes under applicable regulatory requirements and practices. HDI's licensed activities will involve possessing and disposing of radioactive material, maintaining the facility in a safe condition (including handling, storing, controlling, and protecting the spent fuel), decommissioning and decontaminating the facility, and maintaining the ISFSI until it can be decommissioned, each in accordance with the license and NRC regulations.

The NRC published the notice of NRC consideration of the license transfer application in the **Federal Register** (FR) on January 31, 2019 (84 FR 816), and included an opportunity to comment, request a hearing, and petition for leave to intervene. On February 20, 2019 (ADAMS Accession No. ML19051A114), the Commonwealth of Massachusetts filed a request for a hearing and petition for leave to intervene, submitting two contentions challenging the proposed license transfer. On February 20, 2019 (ADAMS Accession No. ML19051A019), Pilgrim Watch also filed a request for a hearing and petition for leave to intervene with two contentions challenging the proposed license transfer. On April 24, 2019 (ADAMS Accession No. ML19114A519), the Commonwealth of Massachusetts filed a motion to supplement its motion to intervene and request for hearing with new information. On April 26, 2019 (ADAMS Accession No. ML19116A162) and May 9, 2019 (ADAMS Accession No. ML19129A473), Pilgrim Watch filed motions to supplement its motion to intervene and request for hearing with new information. On July 16, 2019 (ADAMS Accession No. ML19197A330), Pilgrim Watch submitted a motion to file a new contention. On August 1, 2019 (ADAMS Accession No. ML19213A313), the Commonwealth of Massachusetts filed a motion to stay the license transfer proceeding for 90 days to permit the completion of settlement negotiations. These requests are currently pending before the Commission. The NRC also received public comments on this application for license transfer, which are summarized in the safety evaluation for this license transfer request.

The NRC staff notes, in Enclosure 2 of the application dated November 16, 2018, in support of the license transfer request, that the Applicants submitted a request for an exemption to 10 CFR 50.82(a)(8)(i)(A) to allow Holtec Pilgrim and HDI to make withdrawals from the Pilgrim decommissioning trust fund for spent fuel management and site restoration activities. The staff approved the exemption request on August 22, 2019 (ADAMS Accession No. ML19192A083). The NRC is issuing the exemption to Holtec Pilgrim and HDI simultaneously with this Order.

Pursuant to 10 CFR 50.80, no license for a production or utilization facility, or any right thereunder, shall be transferred, either voluntarily or involuntarily, directly or indirectly, through transfer of control of the license to any person, unless the Commission gives its consent in writing. Upon review of the information in the application and other information before the Commission, and relying upon the representations and agreements contained in the application, the NRC staff has determined that Holtec Pilgrim and HDI are qualified to be the holders of the licenses, and that the direct and indirect transfer of the licenses, as described in the application, is otherwise consistent with the applicable provisions of law, regulations, and orders issued by the Commission pursuant thereto, subject to the condition set forth below.

Upon review of the application for a conforming amendment to the Pilgrim license to reflect the direct and indirect transfer of the Pilgrim licenses, the NRC staff determined the following:

(1) The application for the proposed license amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended, and the Commission's rules and regulations set forth in 10 CFR Chapter I, ''Nuclear Regulatory Commission.''

(2) There is reasonable assurance that the activities authorized by the proposed license amendment can be conducted without endangering public health and safety and that such activities will be conducted in compliance with the Commission's regulations.

(3) The issuance of the proposed license amendment will not be inimical to the common defense and security or to public health and safety.

(4) The issuance of the proposed license amendment is in accordance with 10 CFR part 51, ''Environmental Protection Regulations for Domestic Licensing and Related Regulatory Functions,'' of the Commission's regulations, and all applicable requirements have been satisfied.

The findings set forth above are supported by an NRC safety evaluation dated August 22, 2019, which is available at ADAMS Accession No. ML19170A250.

III.

Accordingly, pursuant to Sections 161b, 161i, 161o, and 184 of the Atomic Energy Act of 1954, as amended; 42 U.S.C. Sections 2201(b), 2201(i), 2201(o), and 2234; and 10 CFR 50.80, 10 CFR 72.50, and 10 CFR 50.90, IT IS HEREBY ORDERED that the application for the direct and indirect transfer of the licenses, as described herein, is

approved for Pilgrim and the ISFSI, subject to the following conditions:

(1) Prior to the closing of the license transfer, Holtec Pilgrim and HDI shall provide the Directors of NRC's Office of Nuclear Material Safety and Safeguards (NMSS) and Office of Nuclear Reactor Regulation (NRR) satisfactory documentary evidence that they have obtained the appropriate amount of insurance required of a licensee under 10 CFR 140.11(a)(4) and 10 CFR 50.54(w) of the Commission's regulations.

(2) The NRC staff's approval of this license transfer is subject to the Commission's authority to rescind, modify, or condition the approved transfer based on the outcome of any post-effectiveness hearing on the license transfer application. For example, if the Commission overturns the NRC staff's approval of this license transfer, this Order and any conforming amendments reflecting this transfer, will be rescinded, and the Applicants must return the plant ownership to the status quo ante and revert to the conditions existing before the transfer.

IT IS FURTHER ORDERED that, consistent with 10 CFR 2.1315(b), the license amendment that makes changes, as indicated in Enclosure 2 to the cover letter forwarding this Order, to conform the license to reflect the subject direct and indirect license transfer, is approved. The amendment shall be issued and made effective within 30 days of the date when the proposed direct and indirect license transfer action is completed.

IT IS FURTHER ORDERED that Holtec Pilgrim and HDI shall, at least 2 business days prior to closing, inform the Directors of NMSS and NRR in writing of the date of closing of the license transfer for Pilgrim and the ISFSI. Should the transfer of the license not be completed within 1 year of this Order's date of issuance, this Order shall become null and void; provided, however, that upon written application and for good cause shown, such date may be extended by order.

This Order is effective upon issuance.

For further details with respect to this Order, see the initial application dated November 16, 2018, as supplemented by letters dated November 16, 2018, April 17, and July 29, 2019, and the associated NRC safety evaluation dated August 22, 2019, which are available for public inspection at the Commission's Public Document Room, located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available documents are accessible electronically through ADAMS in the NRC Library at *http://www.nrc.gov/reading-rm/adams.html*. Persons who encounter problems with ADAMS should contact the NRC's Public Document Room reference staff by telephone at 1-800-397-4209 or 301-415-4737 or by e-mail to *pdr.resource@nrc.gov.*

Dated at Rockville, Maryland this 22nd day of August, 2019.

BILLING CODE 7590–01–P

NUCLEAR REGULATORY COMMISSION

[NRC–2019–0001]

Sunshine Act Meetings

TIME AND DATE: Weeks of August 26, September 2, 9, 16, 23, 30, 2019.

PLACE: Commissioners' Conference Room, 11555 Rockville Pike, Rockville, Maryland.

STATUS: Public and Closed.

MATTERS TO BE CONSIDERED:

Week of August 26, 2019

There are no meetings scheduled for the week of August 26, 2019.

Week of September 2, 2019—Tentative

There are no meetings scheduled for the week of September 2, 2019.

Week of September 9, 2019—Tentative

Monday, September 9, 2019

10:00 a.m. NRC All Employees Meeting (Public Meeting), Marriott Bethesda North Hotel, 5701 Marinelli Road, Rockville, MD 20852

Tuesday, September 10, 2019

10:00 a.m. Briefing on NRC International Activities (Closed—Ex. 1 & 9)

Week of September 16, 2019—Tentative

There are no meetings scheduled for the week of September 16, 2019.

Week of September 23, 2019—Tentative

There are no meetings scheduled for the week of September 23, 2019.

Week of September 30, 2019—Tentative

There are no meetings scheduled for the week of September 30, 2019.

CONTACT PERSON FOR MORE INFORMATION: For more information or to verify the status of meetings, contact Denise McGovern at 301–415–0681 or via email at *Denise.McGovern@nrc.gov.* The schedule for Commission meetings is subject to change on short notice.

The NRC Commission Meeting Schedule can be found on the internet at: *http://www.nrc.gov/public-involve/public-meetings/schedule.html.*

The NRC provides reasonable accommodation to individuals with disabilities where appropriate. If you need a reasonable accommodation to participate in these public meetings or need this meeting notice or the transcript or other information from the public meetings in another format (*e.g.,* braille, large print), please notify Kimberly Meyer-Chambers, NRC Disability Program Manager, at 301–287–0739, by videophone at 240–428–3217, or by email at *Kimberly.Meyer-Chambers@nrc.gov.* Determinations on requests for reasonable accommodation will be made on a case-by-case basis.

Members of the public may request to receive this information electronically. If you would like to be added to the distribution, please contact the Nuclear Regulatory Commission, Office of the Secretary, Washington, DC 20555 (301–415–1969), or by email at *Wendy.Moore@nrc.gov* or *Tyesha.Bush@nrc.gov.*

The NRC is holding the meetings under the authority of the Government in the Sunshine Act, 5 U.S.C. 552b.

Dated at Rockville, Maryland, this 26th day of August, 2019.

For the Nuclear Regulatory Commission.

Denise L. McGovern,

Policy Coordinator, Office of the Secretary.

BILLING CODE 7590–01–P

NUCLEAR REGULATORY COMMISSION

[Docket No. 50–293; NRC–2019–0152]

Entergy Nuclear Operations, Inc.; Pilgrim Nuclear Power Station

AGENCY: Nuclear Regulatory Commission.

ACTION: Exemption; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing an exemption in response to a November 16, 2018, request from Entergy Nuclear Operations, Inc. (ENOI), on behalf of Entergy Nuclear Generation Company (to be renamed Holtec Pilgrim, LLC) and Holtec Decommissioning International, LLC (HDI). The exemption permits Holtec Pilgrim, LLC and HDI to use funds from the Pilgrim decommissioning trust fund for management of spent fuel and site restoration activities. By Order dated

August 22, 2019, the NRC approved the request for the direct transfer of ENOI's operating authority to HDI and the indirect transfer of control of the Renewed Facility Operating License No. DPR–35 for Pilgrim, as well as the general license for the Pilgrim Independent Spent Fuel Storage Installation, to Holtec International. This exemption is being issued simultaneously with the license transfer Order and will be effective upon the NRC's issuance of a conforming license amendment reflecting Holtec Pilgrim, LLC and HDI as the licensees for Pilgrim, following consummation of the license transfer transaction.

DATES: The exemption was issued on August 22, 2019.

ADDRESSES: Please refer to Docket ID NRC–2019–0152 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to *https://www.regulations.gov* and search for Docket ID NRC–2019–0152. Address questions about NRC docket IDs in *Regulations.gov* to Jennifer Borges; telephone: 301–287–9127; email: *Jennifer.Borges@nrc.gov.* For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.
- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly-available documents online in the ADAMS Public Documents collection at *https://www.nrc.gov/reading-rm/adams.html.* To begin the search, select ''Begin Web-based ADAMS Search.'' For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to *pdr.resource@nrc.gov.* The ADAMS accession number for each document referenced (if it is available in ADAMS) is provided the first time that it is mentioned in this document.
- *NRC's PDR:* You may examine and purchase copies of public documents at the NRC's PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

FOR FURTHER INFORMATION CONTACT: Scott P. Wall, Office of Nuclear Reactor Regulation; U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–2855; email: *Scott.Wall@nrc.gov.*

SUPPLEMENTARY INFORMATION: The text of the exemption is attached.

Dated at Rockville, Maryland, this 22nd day of August, 2019.

For the Nuclear Regulatory Commission.

Scott P. Wall,

Senior Project Manager, Plant Licensing Branch III, Division of Operating Reactor Licensing, Office of Nuclear Reactor Regulation.

Attachment—Exemption

NUCLEAR REGULATORY COMMISSION

Docket No. 50–293

Holtec Decommissioning International, LLC

Pilgrim Nuclear Power Station

Exemption

I. Background

By letter dated November 10, 2015 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML15328A053), Entergy Nuclear Operations, Inc. (ENOI), submitted a notification to the U.S. Nuclear Regulatory Commission (NRC) indicating that it would permanently shut down Pilgrim Nuclear Power Station (Pilgrim) no later than June 1, 2019. By letter dated June 10, 2019 (ADAMS Accession No. ML19161A033), ENOI submitted to the NRC a certification in accordance with § 50.82(a)(1) of Title 10 of the *Code of Federal Regulations* (10 CFR), stating that Pilgrim permanently ceased power operations on May 31, 2019, and that as of June 9, 2019, all fuel had been permanently removed from the Pilgrim reactor vessel and placed in the spent fuel pool. Accordingly, pursuant to 10 CFR 50.82(a)(2), the Pilgrim renewed facility operating license no longer authorizes operation of the reactor or emplacement or retention of fuel in the reactor vessel. By letter dated November 16, 2018 (ADAMS Accession No. ML18320A036), ENOI submitted the updated Pilgrim spent fuel management plan (SFMP) pursuant to 10 CFR 50.54(bb) and preliminary decommissioning cost estimate (DCE). By letter dated November 16, 2018 (ADAMS Accession No. ML18320A034), as supplemented by letter dated January 9, 2019 (ADAMS Accession No. ML19015A020) and letter dated July 29, 2019 (ADAMS Accession No. ML19210E470), ENOI submitted a post-shutdown decommissioning activities report (PSDAR) and the site-specific DCE for Pilgrim.

By letter dated November 16, 2018 (ADAMS Accession No. ML18320A031), ENOI, on behalf of itself and Entergy Nuclear Generation Company (ENGC) (to be known as Holtec Pilgrim, LLC (Holtec Pilgrim)), Holtec International (Holtec), and Holtec Decommissioning International (HDI) submitted a license transfer application (LTA) requesting that the NRC consent to the direct transfer of ENOI's operating authority to HDI and the indirect transfer of control of the Pilgrim Renewed Facility Operating License and the General License for the Pilgrim Independent Spent Fuel Storage Installation (ISFSI) to Holtec. By letter dated November 16, 2018 (ADAMS Accession No. ML18320A040), HDI submitted a ''Notification of Revised Post-Shutdown Decommissioning Activities Report and Revised Site-Specific Decommissioning Cost Estimate for Pilgrim Nuclear Power Station'' (revised PSDAR), to notify the NRC of changes to accelerate the schedule for the prompt decommissioning (*i.e.,* the DECON method for decommissioning) of Pilgrim and unrestricted release of all portions of the site (excluding the ISFSI) within 8 years after the license transfer.

Under the proposed transfers, Holtec Pilgrim will own the Pilgrim nuclear facility and will have responsibility for Pilgrim as its licensed owner. Holtec Pilgrim will enter into an agreement for decommissioning services with HDI, with HDI acting as Holtec Pilgrim's agent and with Holtec Pilgrim paying for all HDI expenses related to decommissioning, spent fuel management, and site restoration. Accordingly, HDI will become the licensed operator for decommissioning.

II. Request/Action

The requested exemption from 10 CFR 50.82(a)(8)(i)(A) would permit Holtec Pilgrim and HDI to use funds from the Pilgrim Decommissioning Trust Fund (DTF) for spent fuel management and site restoration activities in accordance with HDI's site-specific DCE for Pilgrim. HDI submitted a revised site-specific DCE for Pilgrim by letter dated November 16, 2018, as part of the revised PSDAR. A similar exemption request from Entergy was approved by the NRC for Pilgrim by letter dated July 22, 2019 (ADAMS Accession No. ML19162A334).

The 10 CFR 50.82(a)(8)(i)(A) requirement restricts the use of DTF withdrawals to expenses for legitimate decommissioning activities consistent with the definition of decommissioning that appears in 10 CFR 50.2. The definition of ''decommission'' in 10 CFR 50.2 reads as follows:

To remove a facility or site safely from service and reduce residual radioactivity to a level that permits—

(1) Release of the property for unrestricted use and termination of the license; or

(2) Release of the property under restricted conditions and termination of the license.

This definition does not include activities associated with spent fuel management or site restoration activities. Therefore, an exemption from 10 CFR 50.82(a)(8)(i)(A) is needed to allow Holtec Pilgrim and HDI to use funds from the DTF for spent fuel management and site restoration activities.

Similar to 10 CFR 50.82(a)(8)(i)(A), provisions of 10 CFR 50.75(h)(1)(iv) and (h)(2) dictate that with certain exceptions, disbursements from nuclear decommissioning trusts ''are restricted to decommissioning expenses.'' However, in accordance with 10 CFR 50.75(h)(5), these provisions do not apply to ''any licensee that as of December 24, 2003, has existing license conditions relating to decommissioning trust agreements, so long as the licensee does not elect to amend those license conditions.'' The operating license for Pilgrim included ''existing license conditions relating to decommissioning trust agreements'' on December 24, 2003, and as such, Pilgrim is exempt from the provisions of sections (h)(1) through (h)(3) of 10 CFR 50.75, pursuant to the terms of 10 CFR 50.75(h)(5).

III. Discussion

Pursuant to 10 CFR 50.12, the Commission may, upon application by any interested person or upon its own initiative, grant exemptions from the requirements of 10 CFR part 50(1) when the exemptions are authorized by law, will not present an undue risk to the public health and safety, and are consistent with the common defense and security; and (2) when any of the special circumstances listed in 10 CFR 50.12(a)(2) are present. These special circumstances include, among other things:

(a) Application of the regulation in the particular circumstances would not serve the underlying purpose of the rule or is not necessary to achieve the underlying purpose of the rule; and

(b) Compliance would result in undue hardship or other costs that are significantly in excess of those contemplated when the regulation was adopted, or that are significantly in excess of those incurred by others similarly situated.

A. Authorized by Law

The requested exemption from 10 CFR 50.82(a)(8)(i)(A) would allow Holtec Pilgrim and HDI to use a portion of the funds from the DTF for spent fuel management and site restoration activities at Pilgrim in the same manner that withdrawals are made under 10 CFR 50.82(a)(8) for radiological decommissioning activities. As stated above, 10 CFR 50.12 allows the NRC to grant exemptions from the requirements of 10 CFR part 50 when the exemptions are authorized by law. The NRC staff has determined, as explained further below, that there is reasonable assurance of adequate funding for radiological decommissioning because the Applicants' use of the DTF for activities associated with spent fuel management and site restoration will not negatively impact the availability of funding for radiological decommissioning. Accordingly, the exemption is authorized by law because granting the licensee's proposed exemption will not result in a violation of the Atomic Energy Act of 1954, as amended, or the Commission's regulations.

B. No Undue Risk to Public Health and Safety

The underlying purpose of 10 CFR 50.82(a)(8)(i)(A) is to provide reasonable assurance that adequate funds will be available for the radiological decommissioning of power reactors and license termination. As explained in further detail in Section D below, based on NRC staff's review of HDI's revised site-specific DCE and the staff's independent cash flow analysis contained in Attachment 1 to the NRC staff's safety evaluation for the associated LTA (ADAMS Accession No. ML19170A250), the NRC staff finds that the use of the Pilgrim DTF for spent fuel management and site restoration activities at Pilgrim will not adversely impact Holtec Pilgrim and HDI's ability to terminate the Pilgrim license (*i.e.,* complete radiological decommissioning) as planned, consistent with the schedule and costs contained in the revised PSDAR.

Furthermore, withdrawals from the DTF for spent fuel management and site restoration are still constrained by the provisions of 10 CFR 50.82(a)(8)(i)(B)–(C) and are reviewable under the annual reporting requirements of 10 CFR 50.82(a)(8)(v)–(vii).

There are no new accident precursors created by using the DTF in the proposed manner. Thus, the probability of postulated accidents is not increased. Also, based on the above, the consequences of postulated accidents are not increased. No changes are being made in the types or amounts of effluents that may be released offsite. There is no significant increase in occupational or public radiation exposure. Therefore, the requested exemption will not present an undue risk to the public health and safety.

C. Consistent With the Common Defense and Security

The requested exemption would allow Holtec Pilgrim and HDI to use funds from the Pilgrim DTF for spent fuel management and site restoration activities at Pilgrim. Spent fuel management under 10 CFR 50.54(bb) is an integral part of the planned decommissioning and license termination process and will not adversely affect Holtec Pilgrim and HDI's ability to physically secure the site or protect special nuclear material. This change to enable the use of a portion of the funds from the DTF for spent fuel management and site restoration activities has no relation to security issues. Therefore, the common defense and security is not impacted by the requested exemption.

D. Special Circumstances

Special circumstances, in accordance with 10 CFR 50.12(a)(2)(ii), are present whenever application of the regulation in the particular circumstances is not necessary to achieve the underlying purpose of the regulation.

The underlying purpose of 10 CFR 50.82(a)(8)(i)(A), which restricts withdrawals from DTFs to expenses for radiological decommissioning activities, is to provide reasonable assurance that adequate funds will be available for radiological decommissioning of power reactors and license termination. Strict application of this requirement would prohibit the withdrawal of funds from the Pilgrim DTF for spent fuel management and site restoration activities, until final radiological decommissioning at Pilgrim has been completed.

ENOI's March 28, 2019, annual report (ADAMS Accession No. ML19087A318) on the status of decommissioning funding for Pilgrim reports a DTF balance of approximately $1.028 billion as of December 31, 2018, and approximately $1.043 billion as of February 28, 2019. The cash flow analysis in Table 1 of the November 16, 2018, application is based on a beginning DTF balance of $1.030 billion (following closure of the equity sale in 2019).[1] HDI states that this beginning DTF balance reflects the fund value post-closure of the asset sale. Furthermore, the application states that the 2019 costs include estimated pre-closure and post-closure costs. In the NRC staff's analysis provided in its safety evaluation for the LTA, the staff used the opening DTF balance of $1.030 billion as the money available to cover radiological decommissioning, spent fuel management, and site restoration costs.

The analysis in the November 16, 2018 revised PSDAR, projects the total radiological decommissioning cost of Pilgrim to be approximately $593 million in 2018 dollars which is lower than the 10 CFR 50.75(c) minimum formula amount of approximately $633 million. The revised PSDAR estimated decommissioning costs are consistent with the estimated costs for radiological decommissioning, including ISFSI decommissioning costs, provided in the November 16, 2018 request for exemptions. However, the LTA and the exemption request did not provide any explanation for the difference in funding levels for radiological decommissioning costs between the site-specific DCE and the 10 CFR 50.75(c) minimum formula amount. Therefore, the staff sought supplemental information from the Applicants in a request for additional information (RAI) dated July 26, 2019, (ADAMS Accession No. ML19207B366). The RAI requested, among other things, that the Applicants provide justification for using a radiological decommissioning cost estimate value that is less than the 10 CFR 50.75(c) minimum formula amount.

On July 29, 2019 (ADAMS Accession No. ML19210E470), HDI provided its justification, stating that the HDI site-specific DCE is a more reliable and precise estimate of decommissioning cost because it is based on Pilgrim-specific plant data and historical information, actual site conditions, regulatory requirements applicable to Pilgrim, and actual pricing information, as compared to the 10 CFR 50.75(c) minimum formula amount, which is based on generic inputs. Additionally, in both the November 16, 2018 application and the July 29, 2019 supplement, HDI states that its site-specific DCE was reviewed against the estimates of costs associated with license termination (radiological decommissioning) in NUREG/CR–6174, ''Revised Analyses of Decommissioning for the Reference Boiling Water Reactor Power Station'' (ADAMS Accession No. ML14008A186), benchmarked against nine comparable decommissioning projects, and compared with costs from similar activities at seven boiling water reactors. Accordingly, as part of its review, the NRC staff compared the Pilgrim site-specific radiological decommissioning costs with the estimated activities of the four periods associated with the DECON decommissioning method as outlined in NUREG/CR–6174:

(1) Pre-shutdown planning/engineering and regulatory reviews,

(2) Plant deactivation and preparation for storage,

(3) A period of plant safe storage with concurrent operations in the spent fuel pool until the pool inventory is zero, and

(4) Decontamination and dismantlement of the radioactive portions of the plant, leading to license termination.

The NRC staff also compared the Pilgrim site-specific estimated radiological decommissioning costs of approximately $593 million with the site-specific costs of similar decommissioning projects.

[1] The terms of the Equity Purchase and Sales Agreement describes the after-tax market value of the DTF must be no less than $1.030 billion at time of transaction closing.

Based on the review of the Pilgrim site-specific radiological decommissioning costs of approximately $593 million, as compared to NUREG/CR–6174, the staff concludes that HDI's method for developing the Pilgrim site-specific radiological decommissioning cost estimate is reasonable. Further, when compared to radiological decommissioning costs associated with similar decommissioning projects, the staff finds that the HDI's Pilgrim site-specific radiological decommissioning costs of approximately $593 million is reasonable.

As such, the staff used the value of approximately $593 million for radiological decommissioning costs when it conducted its independent cash flow analysis. As allowed by 10 CFR 50.75(e)(1)(ii), the staff began its cost analysis using a 2% real rate of return on annual balances. In its application dated November 16, 2018, HDI states they also used a 2% real rate of return. However, in Table 1 of the November 16, 2018, application, HDI noted that the Year Ending DTF Balance is after-taxes. Therefore, in its cost analysis, the staff found that Table 1 reflects an actual annual real rate of return of 1.42%. The staff notes that this is conservative to the 2% annual real rate of return allowed by 10 CFR 50.75(e)(1)(ii). To be consistent in validating HDI's site-specific DCE, the staff used the more conservative 1.42% annual real rate of return. The staff's independent cash flow analysis is contained in Attachment 1 to the NRC staff's safety evaluation for the associated LTA.

As noted above, HDI's site-specific DCE relies on estimated radiological decommissioning costs of approximately $593 million, which is lower than the 10 CFR 50.75(c) minimum formula amount of approximately $633 million. In its RAI dated July 26, 2019, the staff requested a justification for this lower amount and, in case the Applicants' failed to provide sufficient justification, the staff also requested that the Applicants provide a revised decommissioning cash flow analysis using the higher minimum formula amount of $633,267,558. In Attachment 1 of the July 29, 2019, supplement, HDI provided the requested revised cash flow analysis. Although the staff completed a separate, independent cash flow analysis to validate this revised cash flow analysis, ultimately, as noted above, the staff determined that HDI's site-specific DCE, which uses $592,553,000 for the estimated site-specific radiological decommissioning costs for Pilgrim, is reasonable and sufficiently justified.

Based on its evaluation above and the cash flow analysis contained in Attachment 1 to the NRC staff's safety evaluation for the associated LTA, the staff finds that the funds in the DTF are expected to be available and sufficient to cover the estimated costs of approximately $593 million for the radiological decommissioning of the facility (including the ISFSI). Therefore, the NRC staff finds that HDI has provided reasonable assurance that adequate funds will be available for the radiological decommissioning of Pilgrim, even with the disbursement of funds from the DTF for spent fuel management and site restoration activities. Consequently, the NRC staff concludes that application of the 10 CFR 50.82(a)(8)(i)(A) requirement that funds from the DTF only be used for radiological decommissioning activities and not for spent fuel management and site restoration activities is not necessary to achieve the underlying purpose of the rule; thus, special circumstances are present supporting approval of the exemption request.

By granting the exemption to 10 CFR 50.82(a)(8)(i)(A), withdrawals from the DTF for spent fuel management and site restoration activities, consistent with the licensee's submittal dated November 16, 2018, are authorized. As stated previously, the NRC staff has determined that there are sufficient funds in the DTF to complete radiological decommissioning activities as well as to conduct spent fuel management and site restoration activities consistent with the revised PSDAR, DCE, SFMP, and the November 16, 2018, exemption request. Pursuant to the requirements in 10 CFR 50.82(a)(8)(v) and (vii), licensees are required to monitor and annually report to the NRC the status of the DTF and the licensee's funding for managing spent fuel. These reports provide the NRC staff with awareness of, and the ability to take action on, any actual or potential funding deficiencies. Additionally, 10 CFR 50.82(a)(8)(vi) requires that the annual financial assurance status report must include additional financial assurance to cover the estimated cost of completion if the sum of the balance of any remaining decommissioning funds, plus earnings on such funds calculated at not greater than a 2% real rate of return, together with the amount provided by other financial assurance methods being relied upon, does not cover the estimated cost to complete the decommissioning. The requested exemption would not allow the withdrawal of funds from the DTF for any other purpose that is not currently authorized in the regulations without prior approval from the NRC.

Special circumstances, in accordance with 10 CFR 50.12(a)(2)(iii), are present whenever compliance would result in undue hardship or other costs that are significantly in excess of those contemplated when the regulation was adopted, or that are significantly in excess of those incurred by others similarly situated. HDI states that the DTF contains funds in excess of the estimated costs of radiological decommissioning and that these excess funds are needed for spent fuel management and site restoration activities. The NRC does not preclude the use of funds from the decommissioning trust in excess of those needed for radiological decommissioning for other purposes, such as spent fuel management or site restoration activities (see NRC Regulatory Issue Summary 2001–07, Rev. 1, ''10 CFR 50.75 Reporting and Recordkeeping for Decommissioning Planning,'' dated January 8, 2009 (ADAMS Accession No. ML083440158), and Regulatory Guide 1.184, Revision 1, ''Decommissioning of Nuclear Power Reactors,'' dated October 2013 (ADAMS Accession No. ML13144A840)). Preventing access to those excess funds in the DTF because spent fuel management and site restoration activities are not associated with radiological decommissioning would create an unnecessary financial burden without any corresponding safety benefit. The adequacy of the DTF to cover the cost of activities associated with spent fuel management and site restoration, in addition to radiological decommissioning, is supported by the site-specific DCE. If the licensee cannot use its DTF for spent fuel management and site restoration activities, it would need to obtain additional funding that would not be recoverable from the DTF, or the licensee would have to modify its decommissioning approach and methods. The NRC staff concludes that either outcome would impose an unnecessary and undue burden significantly in excess of that contemplated when 10 CFR 50.82(a)(8)(i)(A) was adopted.

The underlying purposes of 10 CFR 50.82(a)(8)(i)(A) would be achieved by allowing Holtec Pilgrim and HDI to use a portion of the Pilgrim DTF for spent fuel management and site restoration activities, and compliance with the regulation would result in an undue hardship or other costs that are significantly in excess of those contemplated when the regulations were adopted. Thus, the special circumstances required by 10 CFR 50.12(a)(2)(ii) and 10 CFR 50.12(a)(2)(iii) exist and support the approval of the requested exemption.

E. Environmental Considerations

In accordance with 10 CFR 51.31(a), the Commission has determined that the granting of the exemption will not have a significant effect on the quality of the human environment (see Environmental Assessment and Finding of No Significant Impact published in the **Federal Register** on August 20, 2019 (84 FR 43186).

IV. Conclusions

In consideration of the above, the NRC staff finds that the proposed exemption confirms the adequacy of funding in the Pilgrim DTF to complete radiological decommissioning of the site and to terminate the license and also to cover estimated spent fuel management and site restoration activities. The NRC staff also finds that there is reasonable assurance that adequate funds are available in the DTF to complete all activities associated with radiological decommissioning.

Accordingly, the Commission has determined that, pursuant to 10 CFR 50.12(a), the exemption is authorized by law, will not present an undue risk to the public health and safety, and is consistent with the common defense and security. Also, special circumstances are present. Therefore, the Commission hereby grants Holtec Pilgrim and HDI an exemption from 10 CFR 50.82(a)(8)(i)(A) to allow them to use of a portion of the funds from the Pilgrim DTF for spent fuel management and site restoration activities consistent with the revised PSDAR and site-specific DCE dated November 16, 2018.

These exemptions are effective upon the NRC's issuance of a conforming license amendment reflecting HDI and Holtec Pilgrim as the licensees for Pilgrim, following NRC approval of the license transfer application and the Applicants' completion of the transaction.

Dated at Rockville, Maryland, this 22nd day of August, 2019.

For the Nuclear Regulatory Commission.

/RA/

Gregory F. Suber,

Deputy Director, Division of Operating Reactor Licensing, Office of Nuclear Reactor Regulation.

BILLING CODE 7590–01–P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–86728; File No. SR–ICC–2019–009]

Self-Regulatory Organizations; ICE Clear Credit LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change, Security-Based Swap Submission, or Advance Notice Relating to ICC's Treasury Operations Policies and Procedures

August 22, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934,[1] and Rule 19b–4 thereunder,[2] notice is hereby given that on August 8, 2019, ICE Clear Credit LLC (''ICC'') filed with the Securities and Exchange Commission the proposed rule change, security-based swap submission, or advance notice as described in Items I, II and III below, which Items have been prepared by ICC. ICC filed the proposed rule change pursuant Section 19(b)(3)(A) of the Act[3] and Rule 19b–4(f)(6) thereunder,[4] such that the proposed rule change was immediately effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change, security-based swap submission, or advance notice from interested persons.

I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice

The principal purpose of the proposed rule change is to revise the ICC Treasury Operations Policies and Procedures (''Treasury Policy''). These revisions do not require any changes to the ICC Clearing Rules (''Rules'').

[1] 15 U.S.C. 78s(b)(1).

[2] 17 CFR 240.19b–4.

[3] 15 U.S.C. 78s(b)(3)(A).

[4] 17 CFR 240.19b–4(f)(6).

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice

In its filing with the Commission, ICC included statements concerning the purpose of and basis for the proposed rule change, security-based swap submission, or advance notice and discussed any comments it received on the proposed rule change, security-based swap submission, or advance notice. The text of these statements may be examined at the places specified in Item IV below. ICC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.

(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice

(a) Purpose

ICC proposes to revise its Treasury Policy. Specifically, ICC proposes minor changes to the Treasury Policy to more generally refer to a data provider for the purposes of collateral valuation and to promote uniform investment guidelines that are applicable to Euro-denominated cash posted by Clearing Participants (''CPs'') for their margin requirements related to client positions (''customer origin cash'') and Euro-denominated Guaranty Fund and margin cash posted by CPs (''house origin cash''). ICC believes that such revisions will facilitate the prompt and accurate clearance and settlement of securities transactions and derivative agreements, contracts, and transactions for which it is responsible. The proposed changes are described in detail as follows.

ICC proposes to more generally refer to a data provider for the purposes of collateral valuation in the 'Collateral Valuation' sub-section. Currently, the Treasury Policy references, by name, a data provider that ICC uses as a source for collateral valuation information. ICC proposes to remove references to the specific data provider and to more generally require ICC to use a reliable data provider as a source for collateral valuation information. ICC does not intend that the Treasury Policy list ICC service providers or control the on-boarding or review of such data provider. Service providers are subject to contractual arrangements entered into by authorized ICC officers and, if deemed a critical vendor under the Operational Risk Management Framework, governed by the Operational Risk Management Framework that describes their review and approval.[5]

ICC proposes updates to the Euro investment guidelines appendix, which is applicable to Euro-denominated customer origin and house origin cash. The current Euro investment guidelines allow direct investments in French and German sovereign debt securities having a final maturity of no greater than 198 days but require that all such investments with customer origin cash comply with any applicable conditions and restrictions in Commodity Futures Trading Commission (''CFTC'') Regulation 1.25,[6] including any applicable exemptive orders. As such, direct investments with customer origin cash are limited to French and German sovereign debt securities having a final maturity of no greater than 180 days in accordance with the exemptive order that was issued by the CFTC (the ''Order'').[7] ICC proposes to update the Euro investment guidelines to restrict direct investments with both customer origin and house origin cash to French and German sovereign debt securities having a final maturity of no greater than 180 days in order to promote uniform Euro investment guidelines that are applicable to customer origin and house origin cash.

ICC has filed the proposed rule change for immediate effectiveness and proposes that it will be operative on or about, but no sooner than, September 10, 2019.

(b) Statutory Basis

Section 17A(b)(3)(F) of the Act[8] requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions, and to the extent applicable, derivative agreements, contracts and transactions; to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible; and to comply with the provisions of the Act and the rules and regulations thereunder. ICC believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to ICC, in particular, to Section 17(A)(b)(3)(F),[9] because ICC believes that the proposed rule change will promote the prompt

[5] See SR–ICC–2018–003 for more information regarding the review and approval of critical vendors under the ICC Operational Risk Management Framework.

[6] 17 CFR 1.25.

[7] 83 FR 35241 (July 25, 2018).

[8] 15 U.S.C. 78q–1(b)(3)(F).

[9] *Id.*

and accurate clearance and settlement of securities transactions, derivatives agreements, contracts, and transactions, and contribute to the safeguarding of securities and funds associated with security-based swap transactions in ICC's custody or control, or for which ICC is responsible. The proposed changes allow ICC to more generally refer to a reliable data provider for the purposes of collateral valuation and to maintain uniformity across the Euro investment guidelines. Removing reference to a specific data provider ensures that the documentation of ICC's Treasury Policy remains up-to-date, clear, transparent, and focused on articulating the policies and procedures used to support ICC's treasury functions. ICC does not intend that the Treasury Policy list specific ICC service providers. Additionally, restricting direct investments with both customer origin and house origin cash to French and German sovereign debt securities having a final maturity of no greater than 180 days promotes uniform Euro investment guidelines in the Treasury Policy and enhances compliance with the CFTC's Order.[10] The CFTC's Order determined that 180 days or less was an appropriate final maturity for direct investments in French and German sovereign debt securities and, as such, ICC proposes that its Treasury Policy conform with respect to both house origin and customer origin cash. Thus, the proposed rule change is designed to promote the prompt and accurate clearance and settlement of securities transactions, derivatives agreements, contracts, and transactions and to contribute to the safeguarding of securities and funds associated with security-based swap transactions in ICC's custody or control, or for which ICC is responsible within the meaning of Section 17A(b)(3)(F) of the Act.[11]

In addition, the proposed revisions to the ICC Treasury Policy are consistent with the relevant requirements of Rule 17Ad–22.[12] Rule 17Ad–22(b)(3)[13] requires ICC to establish, implement, maintain and enforce written policies and procedures reasonably designed to maintain sufficient financial resources to withstand, at a minimum, a default by the two CP families to which it has the largest exposures in extreme but plausible market conditions. The proposed changes promote the reliable investment of assets in ICC's control with minimal risk, including by generally requiring ICC to use a reliable data provider for the purposes of collateral valuation and conforming ICC's Euro investment guidelines with the CFTC's Order[14] by limiting direct investments to French and German sovereign debt securities having a final maturity of 180 days or less with both house origin and customer origin cash, thereby ensuring that ICC continues to maintain sufficient financial resources to withstand, at a minimum, a default by the two CP families to which it has the largest exposures in extreme but plausible market conditions, consistent with the requirements of Rule 17Ad–22(b)(3).[15]

Rule 17Ad–22(d)(3)[16] requires ICC to establish, implement, maintain and enforce written policies and procedures reasonably designed to hold assets in a manner that minimizes risk of loss or of delay in its access to them and to invest assets in instruments with minimal credit, market, and liquidity risks. The CFTC's Order[17] determined that 180 days or less was an appropriate final maturity for direct investments in French and German sovereign debt securities and ICC proposes that its Treasury Policy conform with respect to both house origin and customer origin cash. Such change does not expand the universe of permitted investments under the Treasury Policy since the current Euro investment guidelines already allow direct investments in French and German sovereign debt securities having a final maturity of 180 days or less. As such, ICC believes that the proposed changes enhance compliance with the CFTC's Order[18] by promoting uniform Euro investment guidelines and limiting direct investments with both customer origin and house origin cash to French and German sovereign debt securities having a final maturity of no greater than 180 days, which will enhance ICC's ability to hold assets in a manner that minimizes risk of loss or of delay in its access to them and to invest assets in instruments with minimal credit, market, and liquidity risks. Such changes are therefore reasonably designed to meet the requirements of Rule 17Ad–22(d)(3).[19]

(B) Clearing Agency's Statement on Burden on Competition

ICC does not believe the proposed rule change would have any impact, or impose any burden, on competition. The proposed changes to ICC's Treasury Policy will apply uniformly across all market participants. Therefore, ICC does not believe the proposed rule change imposes any burden on competition that is inappropriate in furtherance of the purposes of the Act.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

III. Date of Effectiveness of the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice and Timing for Commission Action

Because the foregoing proposed rule change does not:

(i) Significantly affect the protection of investors or the public interest;

(ii) impose any significant burden on competition; and

(iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b–4(f)(6) thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, security-based swap submission, or advance notice is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (*http://www.sec.gov/rules/sro.shtml*); or
- Send an email to *rule-comments@sec.gov*. Please include File Number SR–ICC–2019–009 on the subject line.

Paper Comments

Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–86737; File No. SR–CboeBZX–2019–044]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To Allow the JPMorgan Core Plus Bond ETF of the J.P. Morgan Exchange-Traded Fund Trust To Hold Certain Instruments in a Manner That May Not Comply With Rule 14.11(i), Managed Fund Shares

August 22, 2019.

I. Introduction

On May 15, 2019, Cboe BZX Exchange, Inc. (''BZX'') filed with the Securities and Exchange Commission (''Commission''), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (''Act'') [1] and Rule 19b–4 thereunder,[2] a proposed rule change to allow the JPMorgan Core Plus Bond ETF of the J.P. Morgan Exchange-Traded Fund Trust (''Trust'') to hold certain instruments in a manner that may not comply with BZX Rule 14.11(i), Managed Fund Shares. The proposed rule change was published for comment in the **Federal Register** on June 3, 2019.[3] On July 10, 2019, pursuant to Section 19(b)(2) of the Act,[4] the Commission extended the time period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to approve or disapprove the proposed rule change.[5] The Commission has received no comment letters on the proposed rule change. The Commission is publishing this order to institute proceedings pursuant to Section 19(b)(2)(B) of the Act [6] to determine whether to approve or disapprove the proposed rule change.

II. Description of the Proposal

The Shares began trading on the Exchange on January 30, 2019, pursuant to the generic listing standards applicable to Managed Fund Shares under Rule 14.11(i) (''Generic Listing Standards'') and are currently listed on the Exchange pursuant to a rule filing that was approved by the Commission on April 22, 2019 granting certain exceptions to the Generic Listing Standards.[7] The Original Approval Order allows the Fund to hold instruments in a manner that may not comply with Rule 14.11(i)(4)(C)(ii)(d),[8] Rule 14.11(i)(4)(C)(iv)(b),[9] and Rule 14.11(i)(4)(C)(i).[10] Otherwise, the Exchange represents that the Fund complies with all other listing requirements on an initial and continued listing basis under Rule 14.11(i).

While the Fund currently meets all of the continued listing requirements

[2] 17 CFR 240.19b–4.

[3] *See* Securities Exchange Act Release No. 85948 (May 28, 2019), 84 FR 25579 (''Notice'').

[4] 15 U.S.C. 78s(b)(2).

[5] *See* Securities Exchange Act Release No. 86348, 84 FR 34040 (July 16, 2019). The Commission designated September 1, 2019, as the date by which the Commission shall approve, disapprove, or institute proceedings to determine whether to approve or disapprove the proposed rule change.

[6] 15 U.S.C. 78s(b)(2)(B).

[7] *See* Securities Exchange Act Release No. 85701 (April 22, 2019) (SR–CboeBZX–2019–016) (''Original Approval Order'').

[8] Rule 14.11(i)(4)(C)(ii)(d) provides that ''component securities that in aggregate account for at least 90% of the fixed income weight of the portfolio must be either: (a) From issuers that are required to file reports pursuant to Sections 13 and 15(d) of the Act; (b) from issuers that have a worldwide market value of its outstanding common equity held by non-affiliates of $700 million or more; (c) from issuers that have outstanding securities that are notes, bonds, debentures, or evidence of indebtedness having a total remaining principal amount of at least $1 billion; (d) exempted securities as defined in Section 3(a)(12) of the Act; or (e) from issuers that are a government of a foreign country or a political subdivision of a foreign country.'' The Original Approval Order allows the fixed income portion of the portfolio excluding ABS and Private MBS, as defined below, to satisfy this 90% requirement.

[9] Rule 14.11(i)(4)(C)(iv)(b) provides that ''the aggregate gross notional value of listed derivatives based on any five or fewer underlying reference assets shall not exceed 65% of the weight of the portfolio (including gross notional exposures), and the aggregate gross notional value of listed derivatives based on any single underlying reference asset shall not exceed 30% of the weight of the portfolio (including gross notional exposures).'' The Original Approval Order allows the Fund to be exempt from this requirement as it relates to the Fund's holdings in Eurodollar and G–7 Sovereign Futures and Options (as defined in the Original Approval Order). Pursuant to the Original Approval Order, the Fund may also hold other listed derivatives, which include only the following: Debt futures, interest rate futures, index futures, foreign exchange futures, equity options, equity futures, Treasury options, options on Treasury futures, interest rate swaps, foreign exchange options, foreign exchange swaps, credit default swaps (including single-name and index reference pools), loan credit default swap indices, and inflation-linked swaps; however such holdings will, when calculated independently of the Fund's holdings in Eurodollar and G–7 Sovereign Futures and Options, will meet the requirements of Rule 14.11(i)(4)(C)(iv)(b).

[10] The Original Approval Order allows the Fund to be issued certain equity instruments (''Equity Holdings'') that may not meet the requirements of Rule 14.11(i)(4)(C)(i), which sets forth generic listing standards for equity securities held by a fund listed under Rule 14.11(i). Pursuant to the Original Approval Order, the Fund will not purchase Equity Holdings and will dispose of such holdings as the Adviser determines is in the best interest of the Fund's shareholders, and such holdings will not constitute more than 10% of the Fund's net assets. The Adviser expects that the Fund will generally acquire such instruments through issuances that it receives by virtue of its other holdings, such as corporate actions or convertible securities.

applicable under the Original Approval Order, the Exchange states that the Adviser would like to increase the flexibility of the Fund's holdings in a way that might not meet such requirements. As such, the Exchange has submitted this proposal in order to allow the Shares to continue listing and trading on the Exchange while holding certain instruments in a manner that may not comply with certain requirements under the Generic Listing Standards, in addition to the ones described in the Original Approval Order, as further described below. The Exchange states that the Fund will continue to meet the continued listing obligations under the Original Approval Order until and unless this proposal is approved.

A. Description of the Fund

The Shares are offered by the Trust, which was established as a Delaware statutory trust.[11] J.P Morgan Investment Management, Inc. is the investment adviser (''Adviser'') to the Fund.[12] JPMorgan Chase Bank, N.A. is the administrator, custodian, and transfer agent for the Trust and JPMorgan Distribution Services, Inc. serves as the distributor for the Trust.

According to the Exchange, the Fund is an actively managed exchange-traded fund that will seek a high level of current income by investing primarily in a diversified portfolio of high, medium, and low-grade debt securities. The Fund seeks to achieve its investment objective by investing, under Normal Market Conditions,[13] at least 80% of its net assets in Bonds.[14] Among others, such securities include (i) U.S. or foreign mortgage-backed securities (''MBS''); [15] and (ii) U.S. or foreign asset-backed securities (''ABS'').[16]

Under Normal Market Conditions, the Fund may also invest up to 20% of its net assets in (i) cash and certain Cash Equivalents[17] that are not otherwise captured under the definition of Bond, (ii) listed derivative instruments,[18] and OTC derivative instruments.[19] The Fund's holdings in Cash Equivalents and OTC derivative instruments will be in compliance with the limitations provided in Rules 14.11(i)(4)(C)(iii) and 14.11(i)(4)(C)(v), respectively, and both listed and OTC derivative instruments will be in compliance with the limitations of Rule 14.11(i)(4)(C)(vi).[20]

The Adviser will invest across the credit spectrum to provide the Fund exposure to various credit ratings. Under Normal Market Conditions, at least 65% of the Fund's assets will be invested in securities that, at the time of purchase, are rated investment grade by a nationally recognized statistical rating organization or in securities that are unrated but are deemed by the Adviser to be of comparable quality. Under Normal Market Conditions, the Fund will not invest more than 35% of its assets in securities rated below investment grade. The Fund's average weighted maturity will ordinarily range between five and twenty years.

The Fund's investments, including derivatives, will be consistent with the 1940 Act and the Fund's investment objective and policies and will not be used to enhance leverage (although certain derivatives and other investments may result in leverage).[21] That is, while the Fund will be permitted to borrow as permitted under the 1940 Act, the Fund's investments will not be used to seek performance that is the multiple or inverse multiple

[11] The Exchange represents that the Trust is registered under the Investment Company Act of 1940 (''1940 Act''). On January 23, 2019, the Trust filed with the Commission its registration statement (''Registration Statement'') on Form N–1A under the Securities Act of 1933 and under the 1940 Act relating to the Fund (File Nos. 333–191837 and 811–22903). In addition, the Exchange represents that the Trust has obtained an order from the Commission granting certain exemptive relief under the 1940 Act. *See* Investment Company Act Release No. 30029 (February 9, 2016) (File No. 812–13761).

[12] According to the Exchange, the Adviser is not a registered broker-dealer, but is affiliated with multiple broker-dealers and has implemented and will maintain ''fire walls'' with respect to such broker-dealers regarding access to information concerning the composition and/or changes to the Fund's portfolio. In addition, Adviser personnel who make decisions regarding the Fund's portfolio are subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Fund's portfolio. In the event that (a) the Adviser becomes registered as a broker-dealer or newly affiliated with another broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, it will implement and maintain a fire wall with respect to its relevant personnel or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio.

[13] As defined in Rule 14.11(i)(3)(E), the term ''Normal Market Conditions'' includes, but is not limited to, the absence of trading halts in the applicable financial markets generally; operational issues causing dissemination of inaccurate market information or system failures; or force majeure type events such as natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption, or any similar intervening circumstance. In response to adverse market, economic, or political conditions, the Fund reserves the right to invest in cash and Cash Equivalents, as defined below, without limitation, as determined by the Adviser.

[14] For purposes of the proposal, the term ''Bond'' includes only the following: Corporate bonds, U.S. government and agency debt securities, asset-backed securities, municipal securities, credit linked notes, participation notes, collateralized debt obligations, agency, non-agency and stripped mortgage-related and mortgage-backed securities (including adjustable rate mortgage loans), convertible securities (including contingent convertible securities), preferred stock, loan participations and assignments, commitments to loan assignments, variable and floating rate instruments, commercial paper, and foreign and emerging market debt securities. The Adviser intends to hold asset-backed securities, mortgage-related and mortgage-backed securities as part of a strategy designed to manage portfolio risk by diversifying away from corporate debt and to take advantage of certain market environments.

[15] The Exchange states that for purposes of this proposal, MBS include only collateralized mortgage obligations (''CMOs''), which are debt obligations collateralized by mortgage loans or mortgage pass-through securities. Typically, CMOs are collateralized by Ginnie Mae, Fannie Mae or Freddie Mac certificates, but they may also be collateralized by whole loans or pass-through securities issued by private issuers (*i.e.,* issuers other than U.S. government agencies or government-sponsored entities) (''Private MBS''). Payments of principal and of interest on the mortgage-related instruments collateralizing the MBS, and any reinvestment income thereon, provide the funds to pay debt service on the CMOs. In a CMO, a series of bonds or certificates is issued in multiple classes. Each class of CMOs, often referred to as a ''tranche'' of securities, is issued at a specified fixed or floating coupon rate and has a stated maturity or final distribution date.

[16] According to the Exchange, ABS are securitized products in connection with which the securities issued, which may be issued by either a U.S. or a foreign entity, are collateralized by any type of financial asset, such as a consumer or student loan, a lease, or a secured or unsecured receivable. The Exchange states that for purposes of this filing, ABS exclude: (i) MBS; (ii) a small business administration backed ABS traded ''To Be Announced'' or in a specified pool transaction as defined in FINRA Rule 6710(x); and (iii) U.S. or foreign collateralized debt obligations. As described below, the holdings of the Fund may not meet from the requirements of Rule 14.11(i)(4)(C)(ii)(e) in that the Fund's holdings in ABS and Private MBS (together, ''ABS and Private MBS'') may reach up to 40% of the weight of the fixed income portion of the Fund's portfolio.

[17] ''Cash Equivalents'' are defined in BZX Rule 14.11(i)(4)(C)(iii)(b).

[18] *See* supra note 9.

[19] The Exchange states that for purposes of this filing, OTC derivative instruments include only the following: Index options, foreign exchange options, swaptions, credit default swaps (including single-name and index reference pools), foreign exchange swaps, loan credit default swap indices, inflation-linked swaps, interest rate swaps, non-dollar swaps, non-deliverable forward contracts and foreign exchange forward contracts.

[20] As noted above and allowed under the Original Approval Order, the Fund may by virtue of its Bond holdings be issued certain Equity Holdings that may not meet the requirements of Rule 14.11(i)(4)(C)(i). *See supra* note 10.

[21] The Fund will include appropriate risk disclosure in its offering documents, including leveraging risk. Leveraging risk is the risk that certain transactions of a fund, including a fund's use of derivatives, may give rise to leverage, causing a fund to be more volatile than if it had not been leveraged. To mitigate leveraging risk, the Fund will segregate or earmark liquid assets determined to be liquid by the Adviser in accordance with procedures established by the Trust's Board and in accordance with the 1940 Act (or, as permitted by applicable regulations, enter into certain offsetting positions) to cover its obligations under derivative instruments. These procedures have been adopted consistent with Section 18 of the 1940 Act and related Commission guidance.

(*i.e.,* 2Xs and 3Xs) of the Fund's primary broad-based securities benchmark index (as defined in Form N–1A). The Fund will only use those derivatives described above. The Fund's use of derivative instruments will be collateralized.

B. Proposed Modifications to the Application of Generic Listing Standards

The Exchange states that it is submitting this proposal in order to allow the Fund to hold instruments in a manner that may not comply with Rule 14.11(i)(4)(C)(ii)(a)[22] and Rule 14.11(i)(4)(C)(ii)(e).[23] Except for such requirements and except for the exceptions to the Generic Listing Standards provided in the Original Approval Order,[24] the Exchange states that the Fund will meet all requirements under Rule 14.11(i).

With respect to Rule 14.11(i)(4)(C)(ii)(a), the Exchange is proposing to reduce from 75% to 60% the weight of the fixed income portion of the portfolio that would be required to have a minimum original principal amount outstanding of $100 million or more. The Exchange states that, based on the types of securities held by the Fund, it believes such a proposal is not such a significant change in the composition of the fixed income portion of the portfolio as to meaningfully undercut the policy rationale underlying the rule. The Exchange states that Rule 14.11(i)(4)(C)(ii)(a) is intended to ensure that the fixed income holdings of a series of Managed Fund Shares are sufficiently large as to prevent manipulation in the underlying holdings. The Exchange states that the types of fixed income securities held by the Fund will often be in tranches of less than $100 million dollars; however, many such securities would be part of a deal with an underlying collateral pool well over a $100 million dollars, and often greater than $500 million, making them less susceptible to manipulation than many other securities with a minimum original principal greater than $100 million. The Exchange states that the total deal size of many of the securities held by the Fund are significantly larger than the tranches on which the testing for the rule is based and would mitigate the concerns that Rule 14.11(i)(4)(C)(ii)(a) is intended to address. The Exchange further states that the proposed change represents a slight reduction to the applicable standard, which, combined with the other reasons described above, the Exchange believes will continue to mitigate the policy concerns that Rule 14.11(i)(4)(C)(ii)(a) is intended to address.

The Exchange is also proposing to allow the Fund to hold up to 40% of the weight of the fixed income portion of its portfolio in ABS and Private MBS. The Exchange states that such holdings are part of a strategy designed to manage the Fund's portfolio risk by diversifying away from corporate debt and to take advantage of certain market environments. The Exchange states that this strategy will be actively managed by the Adviser and will adapt to both changing market environments and shifts in the underlying holdings of the Fund, but would be overly limited by the restriction in Rule 14.11(i)(4)(C)(ii)(e) that prevents the Fund from holding more than 20% of the portfolio in ABS and Private MBS. The Exchange states that the Fund will utilize ABS and Private MBS as a means to diversify its portfolio of Bonds, which is intended to lower the volatility of the portfolio through a market cycle (typically three to five years). The Exchange also states that greater exposure to the ABS and Private MBS would allow the Fund the flexibility to fully implement its risk mitigation strategy, while still limiting the Fund's holdings in ABS and Private MBS to 40% of the fixed income portion of the portfolio.

Further, because the Exchange is proposing to allow the Fund's holdings in ABS and Private MBS to increase from 20% to 40% of the fixed income portion of the portfolio, as described above, the circumstances under which the exception to Rule 14.11(i)(4)(C)(ii)(d) was approved in the Original Approval Order would also be changed. The Original Approval Order provided that the requirements of Rule 14.11(i)(4)(C)(ii)(d)[25] would apply only to the Fund's holdings in fixed income securities that are not ABS and Private MBS, and holdings in ABS and Private MBS would be limited to 20% of the fixed income portion of the portfolio. The Exchange states that it believes continuing to allow this exception to the Generic Listing Requirements is consistent with the Act even though the Exchange is proposing to increase the Fund's permitted holdings in ABS and Private MBS to 40% of the weight of the fixed income portion of the portfolio. The Exchange states that the risk of manipulation of the Fund's investments in ABS and Private MBS is mitigated because the Adviser expects that all of its fixed income holdings will issue Statements to Noteholders on a no less frequent than quarterly basis.[26] Further, the Adviser represents that permitting limited investments in ABS and Private MBS, as described above, would be in

[22] Rule 14.11(i)(4)(C)(ii)(a) provides that ''components that in the aggregate account for at least 75% of the fixed income weight of the portfolio must each have a minimum original principal amount outstanding of $100 million or more.'' The Exchange instead is proposing that the components that in the aggregate account for at least 60% of the fixed income weight of the portfolio will each have a minimum original principal outstanding of $100 million or more.

[23] Rule 14.11(i)(4)(C)(ii)(e) provides that ''non-agency, non-GSE and privately-issued mortgage-related and other asset-backed securities components of a portfolio shall not account, in the aggregate, for more than 20% of the weight of the fixed income portion of the portfolio,'' (''20% Restriction''). The Exchange is proposing that the Fund be permitted to hold up to 40% of the weight of the fixed income portion of the portfolio in non-agency, non-GSE and privately-issued mortgage-related and other asset-backed securities.

[24] As discussed above, the Original Approval Order provides exceptions to Rules 14.11(i)(4)(C)(ii)(d), 14.11(i)(4)(C)(iv)(b), and 14.11(i)(4)(C)(i) for the Fund.

[25] *See supra* note 8.

[26] While the Adviser expects that all of its fixed income holdings will issue Statements to Noteholders, it cannot guarantee that the holdings will issue Statements to Noteholders. While Rule 14.11(i)(4)(C)(ii)(d) subparagraph (a) includes in the 90% calculation all fixed income securities that are required to file reports pursuant to Sections 13 or 15(d) of the Act, many fixed income securities include in the bond indenture a requirement that the issuer make a public disclosure of a Statement to Noteholders even where they are not required to file such reports. Rule 14.11(i)(4)(C)(ii)(d) is intended to ensure that there is sufficient public information about the issuances and/or issuers of the fixed income securities held by a series of Managed Fund Shares. A Statement to Noteholders generally includes the same pieces of information about an issuer and issuance that would be included in Form 10D. Statements to Noteholders also typically include the following types of information: (1) The amount of the distribution(s) allocable to interest on the notes; (2) the amount of the distribution(s) allocable to principal of the notes; (3) the note balance, after taking into account all payments to be made on such distribution date; (4) the servicing fee paid and/or due but unpaid as of such distribution date; (5) the pool balance and required overcollateralization amount as of the close of business on the last day of the related collection period; (6) the reserve fund amount, the reserve fund required amount and the reserve fund draw amount; (7) the amount of the aggregate realized losses on the loans, if any, for the preceding collection period and the cumulative default ratio; (8) whether an amortization event will exist as of such distribution date; (9) the aggregate repurchase prices for loans, if any, that were repurchased by the seller during the related collection period; (10) the amount of fees payable to all parties pursuant to the indenture; (11) any and all other fees, expenses, indemnities or taxes payable by the issuer or the grantor trust (including reserved amounts for payments required to be made before the next distribution date); (12) the payments to the certificate holders; and (13) during a pre-funding period, the amount on deposit in the pre-funding account as of the close of business on the last day of the related collection period, and the pool balance of subsequent loans purchased during the related collection period, and following the pre-funding period, the amount of principal payments made on each class of notes from amounts on deposit in the pre-funding account.

the best interest of the Fund's shareholders because such investments have the potential to reduce the overall risk profile of the Fund's portfolio through diversification while ensuring that the policy concerns that Rule 14.11(i)(4)(C)(ii)(d) is intended to address are mitigated. As such, the Exchange states that while the Fund would not technically meet the requirements of Rule 14.11(i)(4)(C)(ii)(d), the policy concerns related to the transparency and availability of information regarding the fixed income securities held by a fund that the rule is intended to address are otherwise mitigated by the availability of Statements to Noteholders.

The Exchange represents that: (1) Except as described above, the Fund will continue to satisfy all of the continued listing obligations applicable under the Original Approval Order; (2) the continued listing standards under Rule 14.11(i) will apply to the Shares of the Fund; (3) the Fund will adhere to its stated investment objective under Normal Market Conditions; and (4) the issuer of the Fund is required to comply with Rule 10A–3 under the Act [27] for the initial and continued listing of the Shares. In addition, the Exchange represents that the Fund will meet and be subject to all other requirements of the Generic Listing Standards and other applicable continued listing requirements for Managed Fund Shares under Exchange Rule 14.11(i), including those requirements regarding the Disclosed Portfolio (as defined in the Exchange rules) and the requirement that the Disclosed Portfolio and the net asset value will be made available to all market participants at the same time,[28] intraday indicative value,[29] suspension of trading or removal,[30] trading halts,[31] disclosure,[32] and firewalls.[33]

III. Proceedings To Determine Whether To Approve or Disapprove SR–CboeBZX–2019–044 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act [34] to determine whether the proposed rule change should be approved or disapproved. Institution of proceedings is appropriate at this time in view of the legal and policy issues raised by the proposal. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described below, the Commission seeks and encourages interested persons to provide comments on the proposed rule change.

Pursuant to Section 19(b)(2)(B) of the Act,[35] the Commission is providing notice of the grounds for disapproval under consideration. The Commission is instituting proceedings to allow for additional analysis of the proposal's consistency with Section 6(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange be ''designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade,'' and ''to protect investors and the public interest.'' [36]

The Commission asks that commenters address the sufficiency of the Exchange's statements in support of the proposal, which are set forth in the Notice,[37] in addition to any other comments they may wish to submit about the proposed rule change. In particular, the Commission seeks comment on the following questions and asks commenters to submit data where appropriate to support their views.

If the listing rule for the Shares were amended as proposed, would the listing rule continue to ensure that a substantial portion of the Fund's portfolio consists of fixed income securities for which information is publicly available? If not, are there reasons why it may not be necessary that information be publicly available for ABS and Private MBS (as distinguished from other types of fixed income securities)?

Would the proposed increased investment in ABS and Private MBS by the Fund increase the susceptibility of the Shares to manipulation? If so, why; if not, why not? If the Fund's permitted investments were expanded to the extent proposed, would any other restrictions on the Fund's permitted investments be appropriate in order for the proposed rule change to be consistent with Section 6(b)(5) of the Act?

Would the proposal to lower the application of the requirement to have a minimum original principal amount outstanding of $100 million from 75% to 60% of the weight of the fixed income portion of the Fund's portfolio increase the susceptibility of the Shares to manipulation? If so, why; if not, why not?

IV. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data, and arguments with respect to the issues identified above, as well as any other concerns they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposed rule change is consistent with Section 6(b)(5) or any other provision of the Act, or the rules and regulations thereunder. Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b–4 under the Act,[38] any request for an opportunity to make an oral presentation.[39]

Interested persons are invited to submit written data, views, and arguments regarding whether the proposed rule change should be approved or disapproved by September 18, 2019. Any person who wishes to file a rebuttal to any other person's submission must file that rebuttal by October 2, 2019.

Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (*http://www.sec.gov/rules/sro.shtml*); or
- Send an email to *rule-comments@sec.gov.* Please include File Number SR–CboeBZX–2019–044 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549–1090.

All submissions should refer to File Number SR–CboeBZX–2019–044. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use

[39] Section 19(b)(2) of the Act, as amended by the Securities Acts Amendments of 1975, Public Law 94–29 (June 4, 1975), grants the Commission flexibility to determine what type of proceeding—either oral or notice and opportunity for written comments—is appropriate for consideration of a particular proposal by a self-regulatory organization. *See* Securities Acts Amendments of 1975, Senate Comm. on Banking, Housing & Urban Affairs, S. Rep. No. 75, 94th Cong., 1st Sess. 30 (1975).

only one method. The Commission will post all comments on the Commission's internet website (*http://www.sec.gov/rules/sro.shtml*). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR–CboeBZX–2019–044 and should be submitted by September 18, 2019. Rebuttal comments should be submitted by October 2, 2019.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.[40]

Jill M. Peterson,

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–86731; File No. SR–OCC–2019–005]

Self-Regulatory Organizations; The Options Clearing Corporation; Order Approving Proposed Rule Change Related to The Options Clearing Corporation's Vanilla Option Model and Smoothing Algorithm

August 22, 2019.

I. Introduction

On June 28, 2019, the Options Clearing Corporation (''OCC'') filed with the Securities and Exchange Commission (''Commission'') the proposed rule change SR–OCC–2019–005 (''Proposed Rule Change'') pursuant to Section 19(b) of the Securities Exchange Act of 1934 (''Exchange Act'')[1] and Rule 19b–4[2] thereunder to propose changes to OCC's margin methodology regarding the estimation of prices for listed options contracts.[3] The Proposed Rule Change was published for public comment in the **Federal Register** on July 9, 2019,[4] and the Commission has received no comments regarding the Proposed Rule Change.[5] This order approves the Proposed Rule Change.

II. Background

The System for Theoretical Analysis and Numerical Simulations (''STANS'') is OCC's methodology for calculating margin requirements. STANS margin requirements are driven by several components, each reflecting a different aspect of risk. Two primary components of STANS are the models that OCC uses to (1) generate theoretical values, implied volatilities, and certain risk sensitivities for plain vanilla listed options (the ''Vanilla Option Model'');[6] and (2) estimate fair prices of listed option contracts based on their bid and ask price quotes (the ''Smoothing Algorithm'').[7] The changes proposed in the Proposed Rule Change are designed to address five limitations of the current Vanilla Option Model and five limitations of the current Smoothing Algorithm.

A. Vanilla Option Model

OCC relies on the Vanilla Option Model to generate theoretical values, implied volatilities, and risk sensitivities for plain vanilla listed options. The theoretical values that OCC generates with the Vanilla Option Model are the estimated values (as opposed to current market prices) derived from algorithms that use a series of predetermined inputs.[8] Given the current market price of a plain vanilla option, OCC uses such algorithms to estimate the implied volatility of the option.[9] OCC uses the risk sensitivities that it calculates to measure potential changes in an option's price in relation to the asset underlying the option.[10] As discussed below, OCC proposes five changes to the Vanilla Option Model.

(1) Interest Rates

The Vanilla Option Model currently assumes that interest rates remain constant over time. OCC proposes to revise the Vanilla Option Model to account for changes in interest rates over the life of an option. To model such interest rate changes, OCC would rely on an interest rate curve based on LIBOR, Eurodollar futures, and swap-rates.

(2) Dividends

The Vanilla Option Model currently assumes constant dividends such that future dividends would be based on an issuer's last paid or announced dividend. OCC has acknowledged, however, that prior dividends are not always an accurate predictor of future dividends.[11] OCC proposes to use dividend forecasts obtained from a third-party service provider as an input to the Vanilla Option Model instead of relying on the issuer's last paid or announced dividend.

[2] 17 CFR 240.19b–4.

[3] *See* Notice of Filing *infra* note 4, at 84 FR 32821.

[4] Securities Exchange Act Release No. 886296 (July 3, 2019), 84 FR 32821 (July 9, 2019) (SR–OCC–2019–004) (''Notice of Filing''). OCC also filed a related advance notice (SR–OCC–2019–804) (''Advance Notice'') with the Commission pursuant to Section 806(e)(1) of Title VIII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, entitled the Payment, Clearing, and Settlement Supervision Act of 2010 and Rule 19b–4(n)(1)(i) under the Exchange Act. 12 U.S.C. 5465(e)(1). 15 U.S.C. 78s(b)(1) and 17 CFR 240.19b–4, respectively. The Advance Notice was published in the **Federal Register** on July 31, 2019. Securities Exchange Act Release No. 86488 (Jul. 26, 2019), 84 FR 37373 (Jul. 31, 2019) (SR–OCC–2019–804).

[5] Since the proposal contained in the Proposed Rule Change was also filed as an advance notice, all public comments received on the proposal are considered regardless of whether the comments are submitted on the Proposed Rule Change or Advance Notice.

[6] Plain vanilla listed options are commonly understood to encompass options with standardized terms (*e.g.,* a predetermined strike price, classification as a call vs. put) and settlement structures (*e.g.,* American-style, European-style). As described in the Notice of Filing, the Vanilla Option Model is designed to address such options, including (1) all listed vanilla European and American options on exchange traded funds and exchange traded notes (collectively, ''ETPs''), equities, equity indices, futures on equity indices, currencies or commodities, and (2) vanilla flexible exchange options (''vanilla FLEX options''). *See* Notice of Filing, 84 FR at 32817, n.7. As of the time of filing, plain vanilla options accounted for approximately 95 percent of the total contracts cleared by OCC. *See id.*

[7] OCC uses the Smoothing Algorithm to estimate prices on all plain vanilla listed options included in the Vanilla Option Model, as well as options on non-equity securities (*e.g.,* the Cboe Volatility Index). *See* Notice of Filing, 84 FR at 32817.

[8] For example, OCC generates theoretical values for American style options using a modified Jarrow-Rudd (''JR'') binomial tree.

[9] The implied volatility of an option is a measure of the expected future volatility of the option's underlying security at expiration, which is reflected in the current option premium in the market.

[10] OCC uses the Vanilla Option Model to calculate Delta, Gamma, and Vega. Delta measures the change in the price of an option with respect to a change in the price of an underlying asset. Gamma measures the change in Delta in response to a 1 percent change in the price of the underlying asset. Vega measures the change in the price of an option corresponding to a 1 percent change in the underlying asset's volatility.

[11] *See* Notice of Filing, 84 FR at 32818.

(3) Borrowing Costs

The Vanilla Option Model does not currently account for the costs that may be incurred by an option buyer or seller who must borrow the security underlying an option (*i.e.,* ''Borrowing Costs''). OCC has acknowledged that the failure to incorporate Borrowing Costs could cause OCC to model implied volatilities inconsistently across puts and calls with the same strike and tenor.[12] OCC proposes to calculate Borrowing Costs based on the market prices of options and futures, and to use such Borrowing Costs as an input of the Vanilla Option Model.

(4) Binomial Tree

As noted above, the Vanilla Option Model uses the JR binomial tree to generate theoretical values for American-style options. OCC has acknowledged, however, that the Leisen Reimer (''LR'') binomial tree has a higher rate of convergence than the JR tree.[13] OCC proposes to replace the JR binomial tree with the LR binomial tree in the Vanilla Option Model.

Further, the Vanilla Option Model employs a fixed number of steps in the JR binomial tree. OCC has acknowledged that the current number of steps is insufficient for accurately evaluating long-dated options.[14] OCC proposes to introduce a variable number of steps in the LR binomial tree. As proposed, the minimum number of steps in the LR binomial tree would be greater than the current fixed number of steps in the JR binomial tree that is currently used by the Vanilla Option Model.

(5) Risk Sensitivities

OCC currently uses the Vanilla Option Model to calculate three risk sensitivities: Delta, Gamma, and Vega. OCC stated that the Vanilla Option Model does not currently calculate Theta or Rho.[15] OCC proposes to use the Vanilla Option Model to calculate Theta and Rho while continuing to calculate Delta, Gamma, and Vega.

B. Smoothing Algorithm

The Smoothing Algorithm is a four-step process that OCC uses to estimate fair values for plain vanilla listed options based on closing bid and ask price quotes. First, OCC filters out certain poor-quality price quotes.[16] Second, OCC estimates the forward prices of the securities underlying the options. Third, OCC generates theoretical option prices based on bid and ask quotes and the forward prices estimated in the previous step.[17] Finally, as described in the Notice of Filing, OCC constructs a volatility surface based on the smoothed prices from the prior steps, and uses that surface to approximate prices for contracts that were filtered out in the Smoothing Algorithm's first step.[18] As discussed below, OCC proposes to make five changes to the Smoothing Algorithm.

(1) Model Inconsistencies

Currently, the Smoothing Algorithm uses the LR binomial tree as part of the price smoothing process. As discussed above, the Vanilla Option Model currently uses the JR binomial tree. OCC has acknowledged that the inconsistency between the Vanilla Option Model and the Smoothing Algorithm could result in violations of put and call parity in OCC's margin calculations.[19] The proposal to replace the JR binomial tree with the LR binomial tree in the Vanilla Option Model would resolve the inconsistency between the Vanilla Option Model and the Smoothing Algorithm.

(2) Theoretical Spot Prices

As noted above, the Smoothing Algorithm estimates the forward prices of securities underlying options, and uses the estimated forward prices to generate theoretical option prices. The estimation of forward prices relies, in part, on spot prices. Currently, the Smoothing Algorithm approximates spot prices for indices underlying options (*i.e.,* theoretical spot prices) based on the prices of related index futures observed prior to the close of the futures markets. The relevant futures markets close at 3:15 p.m. Central Time; however, the markets for the underlying indices close at 3 p.m. Central Time. OCC has acknowledged that this difference in closing times could result in poorly smoothed prices whenever options trading between 3:00 p.m. and 3:15 p.m. is volatile, which could result in problems in OCC's margin calculations.[20] OCC proposes, for the purpose of calculating theoretical spot prices, to rely on basis futures[21] rather than index futures. The relevant markets for basis futures close at 3 p.m. Central Time, which aligns with the 3 p.m. close of the market for the underlying indices.

(3) Volatility Cap

As noted above, OCC uses the Smoothing Algorithm to construct a volatility surface based on theoretical option prices. The process for constructing such a volatility surface includes the application of certain restrictions to ensure that prices satisfy arbitrage-free conditions and bid and ask spread constraints. One such restriction involves capping unacceptably high volatilities. Currently, the Smoothing Algorithm imposes an abrupt cap on volatilities that causes the rate of change of volatility to change sharply at the point of the cap (*i.e.,* the current cap causes a sudden change in an otherwise gradual process). OCC has acknowledged that such a jump may create negative convexity of the option prices versus strike prices (*i.e.,* butterfly arbitrage opportunities).[22] OCC proposes to impose a more gradual process for constraining unacceptably high volatilities with the intention of eliminating opportunities for butterfly arbitrage.

(4) Short-Dated Flex Options

Currently, the Smoothing Algorithm generates prices for short-dated FLEX options by combining current market prices with implied volatilities from the prior day. OCC has acknowledged that combining prices and implied volatilities from different days in this way may cause the Smoothing Algorithm to generate option prices that are inconsistent with current market prices.[23] OCC proposes to generate prices for short-dated FLEX options

[12] *See id.*

[13] *See id.*

[14] *See id.*

[15] *See id.* Theta is a measurement of the relationship between an option's price and remaining time to expiration. Rho is a measurement of the relationship between an option's price and changes in the risk-free rate.

[16] As described in the Notice of Filing, price quotes are excluded from the algorithm if they meet one or more of the following conditions: (i) Prices for options that expired or have a remaining maturity of less than a certain number of days, where that number is specified by a control parameter; (ii) prices for options that have only ''one-sided contracts'' (*i.e.,* contracts for which prices exist only for either the call or the put, but not for both); (iii) prices for options whose ask prices are zero; (iv) prices for options with negative bid and ask spreads; or (v) prices for any American options if the ask price is less than the intrinsic value of the option. *See* Notice of Filing, 84 FR at 32817, n.11.

[17] OCC applies a series of constraints when generating such theoretical option prices based on the implied forward prices calculated in the Smooth Algorithm's second step.

[18] *See* Notice of Filing, 84 FR at 32818, n.17.

[19] *See* Notice of Filing, 84 FR at 32818.

[20] *See* Notice of Filing, 84 FR at 32818–19.

[21] Basis futures prices represent the spreads between the prices of futures and the assets underlying those futures. OCC states that these spreads are relatively stable throughout the day, including between their closing at 3:00 p.m. and the closing of the related index options market at 3:15 p.m. *See* Notice of Filing, 84 FR at 32819.

[22] *See id.*

[23] *See id.*

based on current market prices and the volatilities implied by such prices.[24]

(5) Borrowing Costs

Currently, the Smoothing Algorithm does not directly consider Borrowing Costs when estimating fair prices for listed options. OCC has acknowledged that the Smoothing Algorithm instead relies on implied dividends,[25] which can result in mispricing.[26] OCC proposes to use Borrowing Costs, implied from listed option prices, as an independent input into the Smoothing Algorithm.

III. Discussion and Commission Findings

Section 19(b)(2)(C) of the Exchange Act directs the Commission to approve a proposed rule change of a self-regulatory organization if it finds that such proposed rule change is consistent with the requirements of the Exchange Act and the rules and regulations thereunder applicable to such organization.[27] After carefully considering the Proposed Rule Change, the Commission finds the proposal is consistent with the requirements of the Exchange Act and the rules and regulations thereunder applicable to OCC. More specifically, the Commission finds that the proposal is consistent with Section 17A(b)(3)(F) of the Exchange Act[28] and Rules 17Ad–22(e)(6)(i) and (iii).[29]

A. Consistency With Section 17A(b)(3)(F) of the Exchange Act

Section 17A(b)(3)(F) of the Exchange Act requires that the rules of a clearing agency be designed to, among other things, assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible.[30] Based on its review of the record, the Commission believes that the proposed changes are designed to assure the safeguarding of securities and funds which are in OCC's custody or control for the reasons set forth below.

OCC manages its credit exposure to Clearing Members, in part, through the collection of collateral based on OCC's margin methodology. As noted above, two primary components of OCC's margin methodology are the Vanilla Option Model and the Smoothing Algorithm. Several of the proposed changes would address shortcomings in the assumptions underlying the Vanilla Option Model and the Smoothing Algorithm. The introduction of dynamic, rather than constant, interest rate and dividend data as inputs to the Vanilla Option Model would provide a more accurate representation of option market dynamics. Additionally, the use of basis futures, as opposed to index futures, to generate theoretical spot prices for indices underlying options could avoid problems in OCC's margin calculations arising from differences in market closing times. Similarly, the estimating prices for short-dated FLEX options based on price and implied volatility data from the same day (as opposed to different days) would better align with prices observed in the market. Further, the introduction of Borrowing Costs would allow OCC to account for a known cost not currently addressed in OCC's models. The Commission believes that the proposed changes described above would better align the Vanilla Option Model and the Smoothing Algorithm with the subject matter that they are designed to model.

Other of the proposed changes would address model design issues identified in the Vanilla Option Model and the Smoothing Algorithm. As noted above, OCC proposes to change the way the Smoothing Algorithm addresses unacceptably high volatilities to ensure that theoretical option prices satisfy certain arbitrage-free conditions (*i.e.,* eliminating butterfly arbitrage opportunities). OCC also proposes to use the same binomial tree in both the Vanilla Option Model and the Smoothing Algorithm to enhance model consistency. The proposal to use a LR binomial tree with a variable number of steps, as opposed to the current fixed number of steps in a JR binomial tree, would allow the Vanilla Option Model to more accurately price long-dated options. Additionally, the move to the LR binomial tree would allow OCC to generate additional risk sensitivity data. Such data could allow OCC to better understand the risks present in Clearing Members' portfolios.

The Vanilla Option Model and the Smoothing Algorithm are two of the fundamental components of OCC's margin methodology. Improving the accuracy and precision of these models would improve the accuracy and precision of OCC's margin calculations, and could give OCC a better understanding of the risks posed by its Clearing Members. Improving OCC's margin calculations and understanding of its exposures would facilitate OCC's ability to manage potential Clearing Member defaults. The Commission believes that the proposed changes would improve OCC's margin methodology as described above. Improving OCC's margin methodology could reduce the potentiality that OCC would mutualize a loss arising out of the process of closing out a defaulted Clearing Member's portfolio. While unavoidable under certain circumstances, reducing the potentiality of loss mutualization during periods of market stress could reduce the potential knock-on effects to non-defaulting Clearing Members, their customers and the broader options market arising out of a Clearing Member default. The Commission believes, therefore, that the proposed improvements to OCC's margin methodology are consistent with assuring the safeguarding of securities and funds which are in OCC's custody or control or for which it is responsible consistent with the requirements of Section 17A(b)(3)(F) of the Exchange Act.[31]

B. Consistency With Rule 17Ad–22(e)(6)(i) Under the Exchange Act

Rule 17Ad–22(e)(6)(i) under the Exchange Act requires that a covered clearing agency establish, implement, maintain, and enforce written policies and procedures reasonably designed to cover, if the covered clearing agency provides central counterparty services, its credit exposures to its participants by establishing a risk-based margin system that, at a minimum, considers, and produces margin levels commensurate with, the risks and particular attributes of each relevant product, portfolio, and market.[32]

As discussed above, certain changes that OCC proposes would be designed to better align the assumptions underlying the Vanilla Option Model and the Smoothing Algorithm with the products to which they are applied as well as the related markets. The introduction of dynamic, rather than constant, interest rate and dividend data as inputs to the Vanilla Option Model would provide a more accurate representation of the particular attributes of options markets. The estimation of prices for short-dated FLEX options based on prices and implied volatilities from the same day (as opposed to different days) would better align with prices observed in the market. Additionally, accounting for Borrowing Costs would better align OCC's margin requirements with particular attributes of plain vanilla

[24] OCC is not proposing to change the Smoothing Algorithm's process regarding the generation of prices for long-dated FLEX options. *See* Notice of Filing, 84 FR at 32819, n.28.

[25] Implied dividends are a combination of Borrowing Costs and dividends. *See* Notice of Filing, 84 FR at 32819, n.29.

[26] *See id.*

[27] 15 U.S.C. 78s(b)(2)(C).

[28] 15 U.S.C. 78q–1(b)(3)(F).

[29] 17 CFR 240.17Ad–22(e)(6)(i) and (iii).

[30] 15 U.S.C. 78q–1(b)(3)(F).

[31] 15 U.S.C. 78q–1(b)(3)(F).

[32] 17 CFR 240.17Ad–22(e)(6)(i).

options by accounting for the costs facing options market participants. Further, the move to a LR binomial tree in the Vanilla Option Model would allow OCC to generate additional risk data relevant to the products that OCC clears. The Commission believes, therefore, that adoption of the proposed changes designed to align OCC's models assumptions with market dynamics are consistent with Exchange Act Rule 17Ad–22(e)(6)(i).[33]

C. Consistency With Rule 17Ad–22(e)(6)(i) Under the Exchange Act

Rule 17Ad–22(e)(6)(iii) under the Exchange Act requires that a covered clearing agency establish, implement, maintain, and enforce written policies and procedures reasonably designed to cover, if the covered clearing agency provides central counterparty services, its credit exposures to its participants by establishing a risk-based margin system that, at a minimum, calculates margin sufficient to cover its potential future exposure to participants in the interval between the last margin collection and the close out of positions following a participant default.[34]

As discussed above, certain changes that OCC proposes to make to the Vanilla Option Model and the Smoothing Algorithm would address model design issues. OCC proposes to change the way the Smoothing Algorithm addresses unacceptably high volatilities to ensure that theoretical option prices satisfy certain arbitrage-free conditions (*i.e.,* eliminating butterfly arbitrage opportunities). OCC also proposes to enhance model consistency by using the same binomial tree in both the Vanilla Option Model and the Smoothing Algorithm. Further, the proposal to replace the binomial tree's fixed number of steps with a variable number of steps would allow the Vanilla Option Model to more accurately price long-dated options. Finally, the use of basis futures, as opposed to index futures, to generate theoretical spot prices for indices underlying options could avoid problems in OCC's margin calculations arising from market volatility between 3 p.m. and 3:15 p.m.

The Commission believes that changes proposed to reduce model risk generally facilitate the effective functioning of the relevant models. The Vanilla Option Model and the Smoothing Algorithm estimate prices that OCC uses to set margin requirements. Better price estimates would allow OCC to better calculate margin sufficient to cover its potential future exposure to Clearing Members. The Commission believes, therefore, that adoption of the changes proposed to address design issues in OCC's margin methodology are consistent with Exchange Act Rule 17Ad–22(e)(6)(iii).[35]

IV. Conclusion

On the basis of the foregoing, the Commission finds that the Proposed Rule Change is consistent with the requirements of the Exchange Act, and in particular, the requirements of Section 17A of the Exchange Act[36] and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act,[37] that the Proposed Rule Change (SR–OCC–2019–005) be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.[38]

Jill M. Peterson,

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

Sunshine Act Meetings

TIME AND DATE: Notice is hereby given, pursuant to the provisions of the Government in Sunshine Act, Public Law 94–409, that the Securities and Exchange Commission Investor Advisory Committee will hold a telephonic meeting on Thursday, September 5, 2019.

PLACE: The meeting will be open to the public *via* telephone at 1–800–260–0719 in the United States or (651) 291–1170 outside the United States, participant code 470756.

STATUS: This meeting will begin at 11:00 a.m. (ET) and conclude at 12:30 p.m. and will be open to the public *via* telephone. The meeting will be webcast by audio-only on the Commission's website at *www.sec.gov.*

MATTERS TO BE CONSIDERED: On August 12, 2019, the Commission issued notice of the Committee meeting (Release No. 33–10670), indicating that the meeting is open to the public *via* telephone, and inviting the public to submit written comments to the Committee. This Sunshine Act notice is being issued because a quorum of the Commission may attend the meeting.

The agenda for the meeting includes: Welcome remarks; a discussion regarding the proxy process (including a recommendation from the Investor as Owner Subcommittee).

CONTACT PERSON FOR MORE INFORMATION: For further information and to ascertain what, if any, matters have been added, deleted or postponed; please contact Vanessa A. Countryman from the Office of the Secretary at (202) 551–5400.

Dated: August 26, 2019.

Vanessa A. Countryman,

Secretary.

BILLING CODE 8011–01–P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–86729; File No. SR–ICC–2019–010]

Self-Regulatory Organizations; ICE Clear Credit LLC; Notice of Filing of Proposed Rule Change, Security-Based Swap Submission, or Advance Notice Relating to the ICC Clearing Rules

August 22, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934,[1] and Rule 19b–4 thereunder,[2] notice is hereby given that on August 8, 2019, ICE Clear Credit LLC (''ICC'') filed with the Securities and Exchange Commission the proposed rule change, security-based swap submission, or advance notice as described in Items I, II and III below, which Items have been prepared by ICC. The Commission is publishing this notice to solicit comments on the proposed rule change, security-based swap submission, or advance notice from interested persons.

I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice

The principal purpose of the proposed rule change is to make changes to the ICC Clearing Rules (the ''ICC Rules'') to address the treatment of certain investment losses, custodial losses and other non-default losses.

[1] 15 U.S.C. 78s(b)(1).

[2] 17 CFR 240.19b–4.

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice

In its filing with the Commission, ICC included statements concerning the purpose of and basis for the proposed rule change, security-based swap submission, or advance notice and discussed any comments it received on the proposed rule change, security-based swap submission, or advance notice. The text of these statements may be examined at the places specified in Item IV below. ICC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.

(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice

(a) Purpose

ICC is proposing amendments to its Rules to address the treatment of certain investment losses, custodial losses and other non-default losses (in each case, losses that do not arise from the default of a clearing participant (a ''Participant'')).

I. Summary of Proposed Amendments

The amendments would, among other matters:

- Define three exclusive categories of relevant losses: (1) Investment losses, (2) custodial losses and (3) non-default losses,
- specify the ICC resources that will be applied to cover each such category of losses,
- specify the responsibility of Participants, in appropriate circumstances, to make contributions with respect to investment losses and custodial losses, and
- address the treatment of recoveries by ICC with respect to such losses.

ICC proposes to make such changes effective after Commission approval of the proposed rule change and after ICC is permitted to do so under Commodity Futures Trading Commission (''CFTC'') regulation.[3] The proposed amendments are described in more detail below.

II. Definitions of Loss Categories

In Rule 102, new definitions of ''Investment Losses'' and ''Non-Default Losses'' would be added, and the definition of ''Custodial Losses'' would be revised.

Investment Losses

Investment Losses would be defined as losses incurred or suffered by ICC in connection with the default of the issuer of any investment of Margin or General Guaranty Fund assets by ICC or the default of the counterparty to any repurchase or reverse repurchase contract or similar transaction used to invest or reinvest such Margin or General Guaranty Fund assets. Investment Losses would also include other losses with respect to such investments, including from a change in value due to market movements. However, Investment Losses would not include Custodial Losses (as discussed below) or losses resulting directly from a failure by ICC to comply with its own investment policies.

Certain other circumstances would not constitute Investment Losses. For example, a negative yield or interest rate on an ICC investment will not be an Investment Loss. If a Participant posts securities or non-cash assets as Margin or General Guaranty Fund contributions, any gain or loss in such assets will not be an Investment Loss for purposes of the Rules.

Custodial Losses

Under the revised Rules, Custodial Losses would be defined as losses of Margin or General Guaranty Fund assets (including declines in the value thereof) as a result of (1) the insolvency or failure of a Custodian or (2) the embezzlement or theft of such assets by any person (other than ICC or its employees or representatives). A Custodian for this purpose would include a bank or trust company, central bank, central securities depository or other third party settlement system used by ICC for the deposit, holding, custody or transfer of cash or securities. Custodial Losses would not include Investment Losses.

Non-Default Losses

Non-Default Losses would be defined to cover losses incurred or suffered by ICC that are neither Investment Losses nor Custodial Losses and arise in connection with an event other than a Participant default. The definition thus captures losses from general business or operational risk that do not constitute custodial or investment losses.

III. Treatment of Losses

The amendments set out in new Rule 811 (and related additional definitions in Rule 102) describe the clearing house's approach to the treatment of Non-Default Losses, Investment Losses and Custodial Losses.

Non-Default Losses

Under new Rule 811(b), Non-Default Losses would be met from available ICC capital and other ICC assets (including available retained earnings). Non-Default Losses would not be covered from ICC contributions to default resources (the ICE Clear Credit Initial Contribution, ICE Clear Credit Continuing Contribution or Additional ICC Collateral Deposits). Non-Default Losses would not be allocated to Participants, or otherwise covered using Margin, General Guaranty Fund contributions or Assessment Contributions of Participants.

Investment Losses

New Rules 811(c)–(e) would set out the treatment of Investment Losses. Under Rule 811(c), in the case of an Investment Loss, ICC would first apply to the loss any available Investment Loss Resources held by ICC. Investment Loss Resources would be defined in Rule 102 to be $20 million of ICC's own assets designated by ICC as available to be applied to Investment Losses. The ICC Board may modify the amount of Investment Loss Resources from time to time, and that determination would be risk-based in light of ICC's potential exposure to Investment Losses.

In the event the Investment Loss Resources were insufficient to cover the Investment Loss (an ''Investment Loss Shortfall''), ICC would have the right, under Rule 811(d), to allocate the Investment Loss Shortfall to all Participants (including any Defaulting Participants). In that case, each Participant would be obligated to make a contribution (an ''Investment Loss Contribution''), based on its pro rata share of the Investment Loss Shortfall, determined based on the proportion of its aggregate Initial Margin (both house and customer) and General Guaranty Fund contributions (its ''Participant IM/GF Contribution'') as compared to the aggregate Participant IM/GF Contributions for all Participants. Under Rule 811(e), the maximum contribution of a Participant for an Investment Loss Contribution in respect of any event giving rise to an Investment Loss may not exceed its Participant IM/GF Contribution. Investment Loss Contributions could only be applied to Investment Loss Shortfalls (and not Custodial Loss Shortfalls).

Custodial Losses

New Rules 811(f)–(h) would set out the treatment of Custodial Losses. Similarly to the treatment of Investment

[3] As a derivatives clearing organization designated as systemically important under Title VIII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, ICC submitted to the CFTC, pursuant to CFTC Rule 40.10, as an advance notice of a proposed rule change the amendments to the Rules discussed herein.

Losses, under Rule 811(f), in the case of a Custodial Loss, ICC would first apply to the loss any available Custodial Loss Resources held by ICC. Custodial Loss Resources would be defined to be $32 million of ICC's own assets designated by ICC as available to be applied to Custodial Losses. As with Investment Loss Resources, the ICC Board may modify the amount of Custodial Loss Resources from time to time, and such determination would be risk-based in light of ICC's potential exposure to Custodial Losses.

In the event the Custodial Loss Resources were insufficient to cover the Custodial Loss (a ''Custodial Loss Shortfall''), ICC would have the right, under Rule 811(g), to allocate the Custodial Loss Shortfall to all Participants (including any Defaulting Participants). In that case, each Participant would be liable to make a contribution (a ''Custodial Loss Contribution''), based on its pro rata share of the Custodial Loss Shortfall, determined based on the proportion of its Participant IM/GF Contribution to the aggregate Participant IM/GF Contributions for all Participants. Under Rule 811(h), the maximum contribution of a Participant for a Custodial Loss Contribution in respect of any event giving rise to an Investment Loss may not exceed its Participant IM/GF Contribution. Custodial Loss Contributions could only be applied to Custodial Loss Shortfalls (and not Investment Loss Shortfalls).

Notwithstanding the foregoing, in the event of a Custodial Loss where the Custodian is a central bank, ICC is not obligated to apply Custodial Loss Resources, and the entire Custodial Loss would constitute a Custodial Loss Shortfall subject to allocation to Participants as described above.

IV. Allocation of Recoveries

The amendments would address any recoveries that ICC is able to obtain in respect of an Investment Loss or Custodial Loss after Investment Loss Contributions or Custodial Loss Contributions (collectively, ''Loss Contributions'') have been made. Rule 811(l) would provide a ''reverse waterfall'' for allocation of such recoveries, after deduction of expenses of ICC, to the parties that bore the loss (whether ICC, Participants or both) in the reverse order from which they were initially applied. The amendments would also set out ICC's obligations to seek recoveries in respect of Investment Losses and Custodial Losses, generally using the same degree of care as it exercises with respect to its own assets that are not subject to allocation under Rule 811.

V. Additional Provisions

Rule 811(u) would contain a general disclaimer by ICC of losses resulting from the holding, deposit, custody, transfer or investment of Margin, General Guaranty Fund contributions and Assessment Contributions, except as otherwise provided in Rule 811, and provided that Rule 811(u) will not limit any liability of ICC for its own gross negligence or willful misconduct. Rule 406 would also be amended to remove an existing disclaimer for custodial losses, which would be superseded by the new provisions.

New Rule 402(k) would address investment of cash Initial Margin provided by a Participant in respect of its client origin account. The Participant would be required to instruct ICC whether or not ICC should invest such Initial Margin. If instructed to invest, ICC would invest the cash in accordance with its Rules and investment policies procedures and applicable law. If instructed not to invest, ICC would hold the cash in a deposit account with a Custodian in accordance with ICC's policies and procedures. If a Participant does not provide an instruction, (1) for US dollar cash, the Participant would be deemed to have instructed ICC not to invest such cash, and (2) for cash in other currencies, the Participant would be deemed to have instructed ICC to invest such cash.

Rule 811 would also address certain procedures for notices to Participants of the use of Investment Loss Resources and Custodial Loss Resources and of required Loss Contributions in respect of Investment Losses and Custodial Losses. The Rule would also provide for timing and manner of collection of Loss Contributions (including through offset against obligations of ICC to return margin or other assets), and for currency conversions as necessary. The Rule would clarify that the requirement to make Loss Contributions does not reduce or otherwise affect other obligations of a Participant to make payments or deliveries to ICC under the Rules, or otherwise limit ICC's netting, setoff and other rights under the Rules. In particular, obligations to make Loss Contributions would be separate from any obligation to make an Assessment Contribution, and the limitations on Assessments under the Rules would not apply to liabilities for Loss Contributions. Use of the Loss Contribution procedures under Rule 811 would also not be deemed to constitute an ICE Clear Credit Default under the Rules.

ICC would be required to disclose to Participants the amount of Custodial Loss Resources and Investment Loss Resources, and to notify Participants in advance of any changes in such amounts. If such loss resources are applied as a result of a loss event, any replenishment of such resources by ICC would not reduce the amount of any Custodian Loss Shortfall or Investment Loss Shortfall (or resulting Loss Contributions) for that loss event. ICC's liability for Custodial Losses or Investment Losses would not exceed the amount of designated Custodial Loss Resources or Investment Loss Resources, as applicable, from time to time.

(b) Statutory Basis

ICC believes that the proposed rule change is consistent with the requirements of Section 17A of the Act [4] and the regulations thereunder applicable to it, including the applicable standards under Rule 17Ad–22.[5] In particular, Section 17A(b)(3)(F) of the Act [6] requires that the rule change be consistent with the prompt and accurate clearance and settlement of securities transactions, and to the extent applicable, derivative agreements, contracts and transactions, the safeguarding of securities and funds in the custody or control of ICC or for which it is responsible, and the protection of investors and the public interest.

As discussed herein, the proposed rule change is principally designed to address the risks posed to ICC by a significant loss event not resulting from a default by one or more Participants. These events may include investment losses and custodial losses with respect to margin and General Guaranty Fund contributions, as well as other losses resulting from general business risk, operational risk or other non-default scenarios. ICC, like all clearing organizations, faces the risk that such a loss event could affect its ability to continue orderly clearing operations or otherwise affect its viability as a going concern. The amendments are thus intended to enhance the ability of ICC to manage the risk of certain losses that do not arise from Participant default or defaults. The amendments provide a mechanism for fully allocating Investment Losses and Custodial Losses, first to resources provided by ICC in the first instance and thereafter to Participants. The amendments also clarify the responsibility of ICC for Non-

[4] 15 U.S.C. 78q–1.

[5] 17 CFR 240.17Ad–22.

[6] 15 U.S.C. 78q–1(b)(3)(F).

Default Losses (and clarify that Participants are not responsible for such losses). The amendments thus enhance ICC's ability to address general business risk, operational risk and other risks that may otherwise threaten the viability of the clearing house as a going concern. The amendments also enhance the ability of ICC to manage custody and investment risk and settlement bank risk in the remote circumstances where its ordinary course procedures are insufficient and a Custodian, investment counterparty or settlement bank fails. Overall, the amendments will strengthen the ability of the clearing house to manage the risks of, and withstand and/or recover from, significant non-default loss events.

The amendments also more clearly allocate certain losses as among ICC and Participants. ICE Clear Credit believes that the amendments also reflect the legitimate interests of clearing participants, customers and other stakeholders. The amendments are designed to plan for remote and unprecedented, but potentially extreme, types of loss event, including Investment Losses, Custodial Losses and Non-Default Losses. In particular, Investment Losses and Custodial Losses, to the extent they exceed clearing house resources dedicated for such purposes, will necessarily and adversely affect some or all Participants, customers or other stakeholders. ICE Clear Credit believes that the amendments take a balanced approach that distributes potential losses to both ICC and Participants. ICE Clear Credit also believes that the amendments further the interests of Participants in having greater certainty as to the consequences of such losses, their potential liability for them and the resources that would be available to support clearing operations, to allow stakeholders to evaluate more fully the risks and benefits of clearing.

In light of discussions with Participants and others, ICE Clear Credit believes that the amendments provide an appropriate and equitable method to allocate the loss from an extreme non-default loss scenario. ICE Clear Credit further believes that the approach taken will facilitate the ability of the clearing house to allocate such losses so that it can continue clearing operations. The amendments therefore further the prompt and accurate clearance and settlement of cleared transactions. In so doing, in light of the importance of clearing houses to the financial markets they serve, the policy in favor of clearing of financial transactions as set out in the Dodd-Frank Wall Street Reform and Consumer Protection Act, and the potential consequences of a clearing house failure, the amendments will support the stability of the broader financial system and the public interest. Accordingly, in ICC's view, the amendments are consistent with the prompt and accurate clearance and settlement of securities transactions, derivatives agreements, contracts, and transactions, the safeguarding of securities and funds in the custody or control of ICC or for which it is responsible, and the protection of investors and the public interest, within the meaning of Section 17A(b)(3)(F) of the Act.[7]

In addition to the Act, the amendments are intended to satisfy the requirements of CFTC Rule 39.39,[8] applicable to ICC as a derivatives clearing organization designated as systemically important under Title VIII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, that ICC have rules to facilitate recovery or orderly wind-down necessitated by general business risk, operational risk or any other risk that threatens its viability as a going concern. The amendments are also intended to be consistent with relevant international standards, including the Principles of Financial Market Infrastructure developed by the Committee on Payments and Market Infrastructures (CPMI) and the International Organization of Securities Commissions (IOSCO).

The amendments will also satisfy the specific relevant requirements of Rule 17Ad–22,[9] as set forth in the following discussion.

Rule 17Ad–22(b)(3)[10] requires ICC to establish, implement, maintain and enforce written policies and procedures reasonably designed to maintain sufficient financial resources to withstand, at a minimum, a default by the two CP families to which it has the largest exposures in extreme but plausible market conditions. ICC does not propose in these amendments to change the amount or composition of financial resources required of Participants as Initial Margin or contributions to the General Guaranty Fund. ICC is also not proposing to change its own resources that it contributes to default resources. Under the amendments, ICC would designate clearly that ICC's own capital and other assets (other than its contributions to default resources) are available to cover Non-Default Losses (and that Participants are not responsible for such losses). In addition, ICC would designate specific amounts of its own assets to serve as Investment Loss Resources and Custodial Loss Resources, to provide risk-based, ''first loss'' coverage of Investment Losses and Custodial Losses incurred by ICC.

Specifically, ICC has selected the level of Investment Loss Resources based on its assessment of its potential exposure to investment losses under its investment policies and procedures, and the ICC Board would periodically conduct a risk-based assessment of the appropriate level of Investment Loss Resources. As an initial measure of its potential exposure to investment losses, ICC has taken into account components of the European Union capital requirements applicable to central counterparties[11] (even though such requirements are not directly applicable to ICC), in particular the capital requirements for credit, counterparty and market risks and operational and legal risks. ICC would not be obligated under the amended Rules to use this methodology, and could in the future determine to adopt a different risk-based methodology based on its experience with investment losses or other market or regulatory developments.

Under the amendments, with respect to Custodial Losses involving Custodians other than a central bank, ICC would be responsible for losses up to the amount of Custodial Loss Resources, which is established under the proposed Rule amendments and will be subject to risk-based adjustment by the ICC Board from time to time. As with the Investment Loss Resources, ICC has determined the initial level of Custodial Loss Resources taking into account components of the European Union capital requirements applicable to central counterparties, in particular the capital requirements for credit, counterparty and market risks and operational and legal risks. ICC would not be obligated under the amended Rules to use this methodology, and could in the future determine to adopt a different risk-based methodology based on its experience with custodial losses or other market or regulatory developments.

The amendments would also provide for allocation of Investment Losses and Custodial Losses in excess of such resources to Participants, who would be obligated to pay Loss Contributions to the extent of such excess. With respect

[8] 17 CFR 39.39.

[9] 17 CFR 240.17Ad–22.

[10] 17 CFR 240.17Ad–22(b)(3).

[11] Commission Delegated Regulation (EU) No 152/2013 of 19 December 2012 supplementing Regulation (EU) No 648/2012 of the European Parliament and the Council with regard to regulatory technical standards on the capital requirements for central counterparties.

to Investment Losses, ICC has designed its existing investment policies and procedures such that investments are limited to instruments with minimal credit, market and liquidity risks. An Investment Loss resulting from an investment made in accordance with its policies and procedures is ultimately outside the control of the clearing house. Furthermore, as a regulatory matter ICC is not obligated to, and is not commercially in a position to, guarantee investments against defaults by an investment issuer or counterparty. As a result, in ICC's view, it is appropriate for remote losses in excess of the Investment Loss Resources to be borne by its Participants. Absent an ability to allocate such losses to Participants, an extreme Investment Loss event, beyond the resources of the clearing house, could result in clearing house failure or interference with the clearing house's ability to continue operations. Additionally, for Custodial Losses, ICC's existing policies are intended to mitigate the risk of custodial failure through appropriate selection and ongoing monitoring of Custodians and use of central bank custody where practical. These procedures are designed to permit the clearing house to hold assets in a manner that minimizes the risk of loss or delay in the access of ICC to such assets. A Custodial Loss from a custodial failure is ultimately outside the control of ICC. ICC is not itself a depository but is rather an intermediary. ICC is ultimately not in a position to backstop or guarantee performance by third-party Custodians. If ICC were responsible for all Custodial Losses in excess of the defined resources, a custodial failure could lead to a clearing house failure or other interference with clearing operations. As a result, ICC believes it is appropriate for the Participants to share in Custodial Losses that exceed ICC's Custodial Loss Resources as set out in the proposed Rules. With respect to Custodial Losses arising from a central bank custodial failure, ICC believes that such a scenario is extremely remote, and entirely outside of its control. ICC also notes the preference among regulators and Participants for the use of central bank custody. As a result, ICC believes it is appropriate in that case that Participants fully bear any such Custodial Losses.

For Non-Default Losses, ICC would be solely responsible for covering such losses through ICC capital and other ICC resources. In light of the remote and unpredictable nature of such Non-Default Losses, ICC does not believe allocation of such Non-Default Losses to Participants is appropriate. ICC believes that its capital and other resources at the clearing house are sufficient to permit it to cover its expected operating expenses, consistent with regulatory requirements.

Under the amendments, losses in excess of the amount of Investment Loss Resources or Custodial Loss Resources would be shared among Participants, proportionally based on their respective aggregate initial margin and guaranty fund contributions. ICC has determined that the allocation of Investment Losses or Custodial Losses, as the case may be, to Participants should be made proportionately based on the relative Participant IM/GF Contributions. The approach mutualizes both Investment Losses and Custodial Losses across all Participants, in these remote loss scenarios where such losses exceed applicable ICC resources allocated to such losses. Participants may be required to make Loss Contributions that are independent of the particular mix of cash and securities provided by the Participant as margin or guaranty fund assets, or any investment elections made by the Participant with respect to its customer origin account. Nonetheless, ICC believes that the approach is appropriate in light of the remote nature of the potential losses, the fact that Participant margin and guaranty fund assets are invested and custodied collectively, and the practical and operational considerations that would be required for an approach that attempted to allocate losses based on a Participant's particular assets and elections. In this regard, in ICC's view, individual elections by a Participant with respect to its customer origin account are unlikely to affect the overall risk of Investment Loss and Custodial Loss (and indeed, investment elections by Participants will generally only shift the balances between investment assets (subject to Investment Losses) and custodial assets (subject to Custodial Losses)). Regardless of any elections, the balance of investments, and the particular investments made, may change on a daily (or more frequent) basis, as may the balance of assets (and types of assets) held with any individual Custodian, meaning that any attempt to allocate based on specific Participant positions would have to be done on a real-time basis. Furthermore, all Participant assets are held and invested on an aggregate basis (such that investments cannot be allocated to particular Participants), and all Participants receive a blended rate of return from aggregate clearing house investment activity. As a result, ICC does not believe it would be operationally feasible, or beneficial to Participants, to attempt to allocate Investment or Custodial Losses based on particular investment elections made or assets maintained by individual Participants with the clearing house on a real time basis. Instead, ICC believes it is more appropriate, in light of these operational and other considerations, to allocate Investment Losses and Custodial Losses, if any, to Participants based on their respective aggregate amount of Margin and General Guaranty Fund assets at the clearing house.

As a result, the amendments clarify the resources available to address Investment Losses, Custodial Losses and other losses not resulting from Participant default. The provisions relating to Investment and Custodial Losses also, in effect, provide protection against the loss of the financial resources provided by Participants to support the default waterfall. The amendments thus enhance the ability of ICC to manage the risk of certain losses that do not arise from Participant default or defaults, thereby ensuring that ICC continues to maintain sufficient financial resources to withstand, at a minimum, a default by the two CP families to which it has the largest exposures in extreme but plausible market conditions, consistent with the requirements of Rule 17Ad–22(b)(3).[12]

Rule 17Ad–22(d)(3)[13] requires ICC to establish, implement, maintain and enforce written policies and procedures reasonably designed to hold assets in a manner that minimizes risk of loss or of delay in its access to them and invest assets in instruments with minimal credit, market, and liquidity risks. ICC's existing investment policies and procedures provide for the investment of cash provided by Participants as Margin or General Guaranty Fund contributions in investments with minimal credit, market and liquidity risks. Similarly, the policies provide for the use by ICC of custodians to hold cash and securities in a manner designed to minimize the risk of loss or delay in access to such assets. ICC does not propose to change such policies and procedures. The amendments address the remote scenario where, despite the protections under such procedures, there is a failure by an investment issuer or counterparty or custodian. Such a circumstance would be remote in ICC's view, and in any event, outside the control of ICC. In such circumstances, the amendments would allocate the loss as between ICC and Participants, with

[12] 17 CFR 240.17Ad–22(b)(3).

[13] 17 CFR 240.17Ad–22(d)(3).

ICC being responsible for a first loss position up to the amount of defined resources (except in certain cases of a central bank failure) and with Participants being responsible for the remaining loss, in proportion to their margin and guaranty fund contributions. The amendments would thus enhance the protection of funds and assets provided to ICC as margin or guaranty fund contributions and are therefore reasonably designed to meet the requirements of Rule 17Ad–22(d)(3).[14]

Rule 17Ad–22(d)(8)[15] requires ICC to establish, implement, maintain and enforce written policies and procedures reasonably designed to have governance arrangements that are clear and transparent to fulfill the public interest requirements in Section 17A of the Act[16] applicable to clearing agencies, to support the objectives of owners and participants, and to promote the effectiveness of the clearing agency's risk management procedures. ICE Clear Credit believes the amendments discussed herein satisfy these requirements. The amendments are designed to address extreme loss scenarios other than those resulting from Participant default, and provide an orderly means for recovery from such scenarios if necessary. The amendments set out the responsibilities of the ICE Clear Credit Board in connection with establishing the appropriate level of Investment Loss Resources and Custodial Loss Resources provided by ICC. In taking such decisions, the Rules, the ICC mission statement, and the relevant governance committee charters will require the Board to take into consideration both the interests of Participants, customers and other stakeholders and the broader goal of providing safe and sound central counterparty services to reduce systemic risk in an efficient and compliant manner, consistent with the requirements of Rule 17Ad–22(d)(8).[17]

For the foregoing reasons, ICE Clear Credit believes that the proposed rule change is consistent with the requirements of Section 17A of the Act[18] and the regulations thereunder applicable to it, including the standards under Rule 17Ad–22.[19]

(B) Clearing Agency's Statement on Burden on Competition

ICC does not believe the proposed rule change would have any impact, or impose any burden, on competition. The proposed changes to the ICC Rules will apply uniformly across all market participants. Therefore, ICC does not believe the proposed rule change imposes any burden on competition that is inappropriate in furtherance of the purposes of the Act.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

III. Date of Effectiveness of the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve or disapprove such proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, security-based swap submission, or advance notice is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (*http://www.sec.gov/rules/sro.shtml*); or
- Send an email to *rule-comments@sec.gov.* Please include File Number SR–ICC–2019–010 on the subject line.

Paper Comments

Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549.

All submissions should refer to File Number SR–ICC–2019–010. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (*http://www.sec.gov/rules/sro.shtml*). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change, security-based swap submission, or advance notice that are filed with the Commission, and all written communications relating to the proposed rule change, security-based swap submission, or advance notice between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filings will also be available for inspection and copying at the principal office of ICE Clear Credit and on ICE Clear Credit's website at *https://www.theice.com/clear-credit/regulation.*

All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR–ICC–2019–010 and should be submitted on or before September 18, 2019.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.[20]

Jill M. Peterson,

Assistant Secretary.

SMALL BUSINESS ADMINISTRATION

[Disaster Declaration #15944 and #15945; MISSISSIPPI Disaster Number MS–00111]

Presidential Declaration Amendment of a Major Disaster for Public Assistance Only for the State of Mississippi

AGENCY: U.S. Small Business Administration.

ACTION: Amendment 4.

SUMMARY: This is an amendment of the Presidential declaration of a major disaster for Public Assistance Only for the State of Mississippi (FEMA–4429–DR), dated 04/23/2019.

Incident: Severe Storms, Straight-line Winds, Tornadoes, and Flooding.

Incident Period: 02/22/2019 through 03/29/2019.

DATES: Issued on 08/22/2019.

Physical Loan Application Deadline Date: 06/24/2019.

Economic Injury (EIDL) Loan Application Deadline Date: 01/23/2020.

ADDRESSES: Submit completed loan applications to: U.S. Small Business Administration, Processing and Disbursement Center, 14925 Kingsport Road, Fort Worth, TX 76155.

FOR FURTHER INFORMATION CONTACT: A. Escobar, Office of Disaster Assistance, U.S. Small Business Administration, 409 3rd Street SW, Suite 6050, Washington, DC 20416, (202) 205–6734.

SUPPLEMENTARY INFORMATION: The notice of the President's major disaster declaration for Private Non-Profit organizations in the State of Mississippi, dated 04/23/2019, is hereby amended to include the following areas as adversely affected by the disaster.

Primary Counties: Issaquena, Sharkey, Warren, Yazoo.

All other information in the original declaration remains unchanged.

(Catalog of Federal Domestic Assistance Number 59008)

James Rivera,

Associate Administrator for Disaster Assistance.

DEPARTMENT OF STATE

[Public Notice 10863]

Certification Related to Foreign Military Financing for Colombia Under Section 7045(B)(4) of the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2019

Pursuant to the authority vested in the Secretary of State, including under section 7045(b)(4) of the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2019 (Div. F, Pub. L. 116–6), I hereby certify and report that:

(A) the Special Jurisdiction for Peace and other judicial authorities are taking effective steps to hold accountable perpetrators of gross violations of human rights in a manner consistent with international law, including for command responsibility, and to sentence them to deprivation of liberty;

(B) the Government of Colombia is taking effective steps to reduce attacks against human rights defenders and other civil society activists, trade unionists, and journalists, and judicial authorities are prosecuting those responsible for such attacks; and

(C) senior military officers responsible for ordering, committing, and covering up cases of false positives are being held accountable, including removal from active duty if found guilty through criminal or disciplinary proceedings.

This Certification shall be published in the **Federal Register** and shall be transmitted, along with the accompanying Memorandum of Justification, to the appropriate committees of Congress.

Dated: August 13, 2019.

Michael R. Pompeo,

Secretary of State.

[FR Doc. 2019–18588 Filed 8–27–19; 8:45 am]

BILLING CODE 4710–29–P

SURFACE TRANSPORTATION BOARD

[Docket No. EP 519 (Sub-No. 4)]

Notice of National Grain Car Council Meeting

AGENCY: Surface Transportation Board.

ACTION: Notice of National Grain Car Council meeting.

SUMMARY: Notice is hereby given of a meeting of the National Grain Car Council (NGCC), pursuant to the Federal Advisory Committee Act.

DATES: The meeting will be held on Thursday, September 12, 2019, beginning at 1 p.m. (CDT), and is expected to conclude at 5 p.m. (CDT).

ADDRESSES: The meeting will be held at the Chase Park Plaza Royal Sonesta Hotel, 212 North Kingshighway Boulevard, St. Louis, MO 63108 (Phone (314) 633–3000).

FOR FURTHER INFORMATION CONTACT: Fred Forstall at (202) 245–0241 or *alfred.forstall@stb.gov.* [Assistance for the hearing impaired is available through the Federal Relay Service at (800) 877–8339].

SUPPLEMENTARY INFORMATION: The NGCC was established by the Interstate Commerce Commission (ICC) as a working group to facilitate private-sector solutions and recommendations to the ICC (and now the Surface Transportation Board (Board)) on matters affecting rail grain car availability and transportation. *Nat'l Grain Car Supply—Conference of Interested Parties,* EP 519 (ICC served Jan. 7, 1994).

The general purpose of this meeting is to discuss rail carrier preparedness to transport the 2019 grain harvest. Agenda items include the following: Remarks by NGCC Chair Sharon G. Clark, Board Chairman Ann D. Begeman, Board Vice Chairman and NGCC Co-Chair Patrick J. Fuchs, and Board Member Martin J. Oberman; reports by member groups on expectations for the upcoming harvest, domestic and foreign markets, the supply of rail cars, and rail service; and presentations by industry analysts and government personnel. The full agenda, along with other information regarding the NGCC, is posted on the Board's website at *https://www.stb.gov/stb/rail/graincar_council.html.*

The meeting is open to the public and will be conducted pursuant to the Federal Advisory Committee Act, 5 U.S.C. app. 2; Federal Advisory Committee Management, 41 CFR pt. 102–3; the NGCC charter; and Board procedures.

Public Comments: Members of the public may submit written comments to the NGCC at any time. Comments should be addressed to NGCC, c/o Fred Forstall, Surface Transportation Board, 395 E Street SW, Washington, DC 20423–0001 or *alfred.forstall@stb.gov.* Any further communications about this meeting will be announced through the Board's website, *www.stb.gov.*

Decided: August 22, 2019.

By the Board, Allison C. Davis, Director, Office of Proceedings.

Kenyatta Clay,

Clearance Clerk.

[FR Doc. 2019–18547 Filed 8–27–19; 8:45 am]

BILLING CODE 4915–01–P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2018–0302]

Hours of Service of Drivers: Transco, Inc.; Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition; grant of application for exemption.

SUMMARY: FMCSA announces its decision to grant Transco, Inc.'s (Transco) request for exemption from the 30-minute rest break provision of the Agency's hours-of-service (HOS) regulations for commercial motor vehicle (CMV) drivers. The exemption will enable Transco's drivers to comply with the 30-minute break requirement while performing on-duty not-driving tasks. The exemption applies to all Transco drivers in its grocery division who make wholesale deliveries to grocery and convenience stores.

DATES: This exemption is effective August 28, 2019 and expires August 28, 2024.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Clemente, Driver and Carrier Operations Division; Office of Carrier, Driver and Vehicle Safety Standards; Telephone: 202–366–2722. Email: *hoursofservice@dot.gov*. If you have questions on viewing or submitting material to the docket, contact Docket Services, telephone (202) 366–9826.

SUPPLEMENTARY INFORMATION:

I. Public Participation

Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to *www.regulations.gov* and insert the docket number, ''FMCSA–2018–0302'' in the ''Keyword'' box and click ''Search.'' Next, click the ''Open Docket Folder'' button and choose the document to review. If you do not have access to the internet, you may view the docket in person, by visiting the Docket Management Facility in Room W12–140 on the ground floor of the DOT West Building, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m., e.t., Monday through Friday, except Federal holidays.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted. The notice must also specify the effective period (up to 5 years) and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

III. Request for Exemption

Transco seeks an exemption from the 30-minute rest break provision in 49 CFR 395.3(a)(3)(ii). Specifically, Transco requests an exemption that would allow the grocery division drivers to take a 30-minute on-duty, non-driving break in place of the 30-minute off-duty rest break currently required. McLane, Transco's parent company, is one of the nation's largest entities engaged in supply chain services, providing grocery and foodservice supply chain solutions for convenience stores, mass merchants, drug stores and restaurants throughout the United States. Approximately 3,580 Transco drivers would be eligible for the requested exemption. These drivers utilize approximately 1,700 CMVs in Transco's fleet, which consist almost exclusively of tractors equipped with sleeper berths, usually pulling 48- or 53-foot trailers. The grocery division operations are similar to short haul in that they are low mileage exposure and have multiple deliveries.

In most cases Transco relies on team drivers who alternate during shift deliveries. Total trip time averages 17.2 hours. However, total driving time for both drivers combined averages just 9.1 hours. Each driver spends, on average, only 4.55 hours or 32.5% of their shift engaged in driving.

For the following reasons, Transco contends that its operations are characterized by factors that make the driving involved low risk and less susceptible to the type of fatigue associated with long-haul driving:

- Transco's drivers operate largely on local roads at low speeds, which reduces fatigue risk.
- Its operations are characterized by multiple short driving periods interrupted by breaks, which precludes development of time-on-task fatigue and improves driver performance. Its drivers alternate between driving, unloading, and resting without spending significant continuous periods of time driving.
- Its drivers have regular schedules and routes and return home after every trip. Approximately 85% of Transco's drivers work fixed schedules and routes with minimal trip-to-trip variations. Transco's trips begin and end at the same place.
- Transco practices proactive safety management. The company's application highlights several additional proactive safety management practices currently in place in connection with its Grocery Operations. These include DriveCam video monitoring; increased safety inspections and meetings; mandatory driver safety training; and manufacturer-installed collision avoidance systems on the vehicles.

According to Transco, as a result of these operational differences, the 30-minute rest break requirement does not increase safety when applied to its drivers; instead, it claims the requirement may very well decrease road safety for its drivers. For the typical long-haul CMV driver, the 30-minute rest break serves as an opportunity to break the monotony of driving and relieve some of the stress of continuous driving, but Transco's drivers currently have breaks, which include physical exercise, several times each day.

Transco believes that the requested exemption would achieve a level of safety that is equivalent to, or greater than, the level of safety that would be obtained by complying with the current regulation. In its application, Transco gives the following reasons, among others, why the Agency should approve the exemption request: (1) Allowing Transco drivers to substitute a 30-minute on-duty, non-driving break for a 30-minute off-duty break will not reduce safety; (2) No more than 50% of Transco drivers' logged time per working tour is ''on-duty driving'' time, and their non-driving on-duty time is primarily devoted to pick-ups, deliveries and like operations; and (3) The company's drivers return to their point of origin at the end of their trip.

A copy of Transco's exemption application is available for review in the docket for this notice.

V. Public Comments

On October 18, 2018, FMCSA published notice of this application and requested public comment (83 FR 52873). The Agency received 10 comments representing individuals and various transportation interests. Most respondents supported the exemption, including the International Food Distributors Association (IFDA), the Convenience Distribution Association (CDA), the National Association of Wholesale Distributors (NAW), and other trade associations and individuals.

IFDA commented that the Agency should also eliminate the 30-minute rest break for all short-haul drivers or allow drivers to use on-duty non-driving time as a part of a new HOS regulation. Per IFDA, for Transco drivers as well as the typical foodservice distribution driver, the 30-minute break requirement provides no added safety benefit and should be withdrawn.

CDA commented that, ''Transco has provided ample supporting information for the exemption request, and CDA believes that Transco, as well as other

companies, should be granted exemptions when strong supporting materials and criteria are presented that demonstrate that granting the exemption would likely achieve a level of safety equivalent to, or greater than the level that would be achieved by the current regulation (49 CFR 381.305). . . .''

NAW said much the same: ''. . . Allowing for greater flexibility on HOS rules, specifically allowing for the required 30-minute rest break to be completed through on duty, non-driving, tasks will improve driver efficiency and be beneficial to Transco, Inc., Transco's drivers and commuters alike. Further, by granting this exemption FMCSA could produce additional safety benefits in the form of fewer trips and less driving exposure.''

The International Brotherhood of Teamsters (IBT) and two other respondents opposed the requested exemption. IBT commented that ''Transco has not sufficiently met the test that granting the exemption requested would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305).''

VI. FMCSA Decision

FMCSA has evaluated Transco's application and the public comments and decided to grant the exemption. Although the company made arguments that were unjustified—like claiming that its compliance with the 14-hour rule applicable to all CMV drivers in interstate commerce was a reason to grant the exemption—FMCSA believes that Transco's drivers in its grocery and food service divisions who are engaged in making wholesale deliveries to grocery and convenience stores will likely achieve a level of safety that is equivalent to or greater than, the level of safety achieved without the exemptions [49 CFR 381.305(a)]. A number of factors reduce the safety risk of Transco operations, compared to those of most motor carriers: (1) On average, each Transco driver drives only about 23.8 miles between each delivery stop and a total of about 180.5 miles total per trip; (2) Transco drivers operate largely on low-speed roads at low speeds; (3) Transco's drivers generally are assigned to specific schedules and routes and return home at the end of every trip; (4) Transco's drivers take frequent breaks from driving to unload trucks; (5) Transco drivers average 15.2 driving legs per trip with each leg averaging just 36 minutes; and (6) Transco's drivers most often operate in teams of two and share driving duties. The granted exemption will allow Transco's drivers in the grocery division to comply with the 30-minute rest break requirement while performing on-duty, not driving tasks.

VII. Terms and Conditions for the Exemption

- Drivers must have a copy of this notice or signed FMCSA exemption document in their possession while operating under the terms of the exemptions. The exemption document must be presented to Federal or State enforcement officials upon request.
- Drivers operating under this exemption must maintain a route manifest document that identifies the route being served and the locations of all delivery points for each daily trip.
- The exemption applies to all Transco drivers in its grocery division who make wholesale deliveries to grocery and convenience stores.
- The exemption is limited to team driver operations with sleeper-berth equipped truck tractors.
- Drivers must return to their point of origin at the end of their trip.
- Drivers cannot drive if more than 8 hours have passed since the end of the driver's last off duty period, sleeper-berth period, or 30 consecutive minute break period.
- Drivers operating under this exemption must use electronic logging devices (ELDs) to document their hours of service.
- The vehicles used by drivers operating under this exemption must be equipped with safety performance monitoring systems which include video monitoring and which capture information such as impacts, hard braking, and other abrupt vehicle motions.
- Drivers operating under the exemption must utilize FMCSA's North American Fatigue Management Training Program.

Notification to FMCSA

Exempt motor carriers must notify FMCSA within 5 business days of any accident (as defined in 49 CFR 390.5), involving any of its CMVs operating under the terms of the exemption. The notification must include the following information:

(a) Name of the exemption: ''Transco''
(b) Name of the operating motor carrier,
(c) Date of the accident,
(d) City or town, and State, in which the accident occurred, or closest to the accident scene,
(e) Driver's name and license number,
(f) Vehicle number and State license number,
(g) Number of individuals suffering physical injury,
(h) Number of fatalities,
(i) The police-reported cause of the accident,
(j) Whether the driver was cited for violation of any traffic laws, motor carrier safety regulations, and
(k) The driver's total driving time and total on-duty time period prior to the accident.

Reports filed under this provision shall be emailed to *MCPSD@DOT.GOV*.

Preemption

In accordance with 49 U.S.C. 31315(d), during the period this exemption is in effect, no State shall enforce any law or regulation that conflicts with or is inconsistent with this exemption with respect to a firm or person operating under the exemption.

Termination

FMCSA does not believe the drivers covered by this exemption will experience any deterioration of their safety record. Interested parties or organizations possessing information that would otherwise show that any or all of these motor carriers are not achieving the requisite statutory level of safety should immediately notify FMCSA. The Agency will evaluate any information submitted and, if safety is being compromised or if the continuation of the exemption is inconsistent with 49 U.S.C. 31315(b)(4) and 31136(e), FMCSA will immediately take steps to revoke the exemption of the company and drivers in question.

Issued on: August 13, 2019.

Raymond P. Martinez,

Administrator.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2014–0383; FMCSA–2014–0102]

Qualification of Drivers; Exemption Applications; Hearing

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of renewal of exemptions; request for comments.

SUMMARY: FMCSA announces its decision to renew exemptions for eleven individuals from the hearing requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) for interstate commercial motor vehicle (CMV) drivers. The exemptions enable these hard of hearing and deaf

individuals to continue to operate CMVs in interstate commerce.

DATES: Each group of renewed exemptions were applicable on the dates stated in the discussions below and will expire on the dates stated in the discussions below. Comments must be received on or before September 27, 2019.

ADDRESSES: You may submit comments identified by the Federal Docket Management System (FDMS) Docket No. FMCSA–2014–0383 or FMCSA–2014–0102 (as applicable) using any of the following methods:

- *Federal eRulemaking Portal:* Go to *http://www.regulations.gov.* Follow the online instructions for submitting comments.
- *Mail:* Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12–140, Washington, DC 20590–0001.
- *Hand Delivery:* West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal Holidays.
- *Fax:* 1–202–493–2251.

To avoid duplication, please use only one of these four methods. See the ''Public Participation'' portion of the **SUPPLEMENTARY INFORMATION** section for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: Ms. Christine A. Hydock, Chief, Medical Programs Division, 202–366–4001, *fmcsamedical@dot.gov,* FMCSA, Department of Transportation, 1200 New Jersey Avenue SE, Room W64–224, Washington, DC 20590–0001. Office hours are from 8:30 a.m. to 5 p.m., ET, Monday through Friday, except Federal holidays. If you have questions regarding viewing or submitting material to the docket, contact Docket Services, telephone (202) 366–9826.

SUPPLEMENTARY INFORMATION:

I. Public Participation

A. Submitting Comments

If you submit a comment, please include the docket number for this notice (Docket No. FMCSA–2014–0383 or FMCSA–2014–0102), indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so that FMCSA can contact you if there are questions regarding your submission.

To submit your comment online, go to *http://www.regulations.gov,* put the docket number, FMCSA–2014–0383 or FMCSA–2014–0102, in the keyword box, and click ''Search.'' When the new screen appears, click on the ''Comment Now!'' button and type your comment into the text box on the following screen. Choose whether you are submitting your comment as an individual or on behalf of a third party and then submit.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope.

FMCSA will consider all comments and material received during the comment period.

B. Viewing Documents and Comments

To view comments, as well as any documents mentioned in this notice as being available in the docket, go to *http://www.regulations.gov.* Insert the docket number, FMCSA–2014–0383 or FMCSA–2014–0102, in the keyword box, and click ''Search.'' Next, click the ''Open Docket Folder'' button and choose the document to review. If you do not have access to the internet, you may view the docket online by visiting the Docket Management Facility in Room W12–140 on the ground floor of the DOT West Building, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays.

C. Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to *www.regulations.gov,* as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at *www.dot.gov/privacy.*

II. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for five years if it finds such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. The statute also allows the Agency to renew exemptions at the end of the five-year period. FMCSA grants exemptions from the FMCSRs for a two-year period to align with the maximum duration of a driver's medical certification.

The physical qualification standard for drivers regarding hearing found in 49 CFR 391.41(b)(11) states that a person is physically qualified to drive a CMV if that person first perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5—1951.

49 CFR 391.41(b)(11) was adopted in 1970, with a revision in 1971 to allow drivers to be qualified under this standard while wearing a hearing aid, 35 FR 6458, 6463 (April 22, 1970) and 36 FR 12857 (July 3, 1971).

The eleven individuals listed in this notice have requested renewal of their exemptions from the hearing standard in 49 CFR 391.41(b)(11), in accordance with FMCSA procedures. Accordingly, FMCSA has evaluated these applications for renewal on their merits and decided to extend each exemption for a renewable two-year period.

III. Request for Comments

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.

IV. Basis for Renewing Exemptions

In accordance with 49 U.S.C. 31136(e) and 31315, each of the eleven applicants has satisfied the renewal conditions for obtaining an exemption from the hearing requirement. The twelve drivers in this notice remain in good standing with the Agency. In addition, for Commercial Driver's License (CDL) holders, the Commercial Driver's License Information System (CDLIS) and the Motor Carrier Management Information System (MCMIS) are searched for crash and violation data. For non-CDL holders, the Agency reviews the driving records from the

State Driver's Licensing Agency (SDLA). These factors provide an adequate basis for predicting each driver's ability to continue to safely operate a CMV in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each of these drivers for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

As of May 8, 2019, and in accordance with 49 U.S.C. 31136(e) and 31315, the following ten individuals have satisfied the renewal conditions for obtaining an exemption from the hearing requirement in the FMCSRs for interstate CMV drivers:

Herbert Crowe (IN)
Jessica Crowe (MO)
Mark Dickson (TX)
Jason Gensler (OH)
David Grady (CO)
Frankye Helbig (FL)
Thomas Lipyanic (FL)
Donald Malley (MO)
David Shores (NC)
Richard Whittaker (IN)

The drivers were included in docket number FMCSA–2014–0383. Their exemptions are applicable as of May 8, 2019, and will expire May 8, 2021.

As of May 21, 2019, and in accordance with 49 U.S.C. 31136(e) and 31315, the following individual has satisfied the renewal conditions for obtaining an exemption form the hearing requirement in the FMCSRs for interstate drivers:

Timothy Gallagher (PA)

The driver was included in docket number FMCSA–2014–0102. The exemption was applicable as of May 21, 2019, and will expire May 21, 2021.

Conditions and Requirements

The exemptions are extended subject to the following conditions: (1) Each driver must report any crashes or accidents as defined in 49 CFR 390.5; and (2) report all citations and convictions for disqualifying offenses under 49 CFR part 383 and 49 CFR 391 to FMCSA; and (3) each driver prohibited from operating a motorcoach or bus with passengers in interstate commerce. The driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local enforcement official. In addition, the exemption does not exempt the individual from meeting the applicable CDL testing requirements. Each exemption will be valid for two years unless rescinded earlier by FMCSA.

The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.

V. Preemption

During the period the exemption is in effect, no State shall enforce any law or regulation that conflicts with this exemption with respect to a person operating under the exemption.

VI. Conclusion

Based upon its evaluation of the eleven exemption applications, FMCSA renews the exemptions of the aforementioned drivers from the hearing requirement in 49 CFR 391.41 (b)(11). In accordance with 49 U.S.C. 31136(e) and 31315, each exemption will be valid for two years unless revoked earlier by FMCSA.

Issued on: August 16, 2019.

BILLING CODE 4910–EX–P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2006–26367]

Motor Carrier Safety Advisory Committee (MCSAC); Public Meeting

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of advisory committee meeting.

SUMMARY: FMCSA announces a meeting of the MCSAC.

DATES: The meeting will be held Monday, September 30 and Tuesday, October 1, 2019, from 9:15 a.m. to 4:30 p.m., Eastern Daylight Time (EDT).

ADDRESSES: This meeting will be held at the U.S. Department of Transportation, Oklahoma City Rooms A, B, and C, 1200 New Jersey Avenue SE, Washington, DC 20590. Copies of the MCSAC Task Statements and an agenda for the entire meeting will be made available in advance of the meeting at *https://www.fmcsa.dot.gov/mcsac.*

FOR FURTHER INFORMATION CONTACT: Ms. Shannon L. Watson, Senior Advisor to the Associate Administrator for Policy, Federal Motor Carrier Safety Administration, U.S. Department of Transportation, at (202) 385–2395, or via email at *mcsac@dot.gov.*

Services for Individuals with Disabilities: For information on facilities or services for individuals with disabilities or to request special assistance at the meeting, contact Ms. Watson by Friday, September 6, 2019.

SUPPLEMENTARY INFORMATION:

I. Background

Purpose of the Committee

MCSAC was established to provide FMCSA with advice and recommendations on motor carrier safety programs and motor carrier safety regulations. MCSAC is composed of up to 20 voting representatives from safety advocacy, safety enforcement, labor, and industry stakeholders of motor carrier safety. The diversity of the Committee ensures the requisite range of views and expertise necessary to discharge its responsibilities. The Committee operates as a discretionary committee under the authority of the U.S. Department of Transportation (DOT), established in accordance with the provisions of the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C. App. 2. See FMCSA's MCSAC website for additional information about the committee's activities at *https://www.fmcsa.dot.gov/mcsac.*

Meeting Agenda

The MCSAC will return to the topic of Automated Driving Systems (ADS) for commercial vehicles, for which it made preliminary recommendations at its last meeting in July 2018. Given the Department's publication of its ADS 3.0 document subsequent to that meeting and other developments in the Agency's ADS efforts, the Agency tasks the MCSAC with providing specific recommendations on regulatory provisions the Agency should revise, workforce issues, and other concerns the Agency should consider and address in a potential rulemaking. A complete agenda for the meeting will be posted in advance at *www.fmcsa.dot.gov/mcsac.*

II. Meeting Participation

The meeting will be open to the public for its entirety. Oral comments from the public will be heard throughout the meeting, at the discretion of the MCSAC chairman and designated federal officer. Members of the public may submit written comments on the topics to be considered during the meeting by Friday, September 6, 2019, to Federal Docket Management System (FDMC) Docket Number FMCSA–2006–26367 using any of the following methods:

- *Federal eRulemaking Portal:* Go to *http://www.regulations.gov.* Follow the online instructions for submitting comments.

- *Fax:* 202–493–2251.
- *Mail:* Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W12–140, Washington, DC 20590.
- *Hand Delivery:* U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building, Room W12–140, Washington, DC, between 9 a.m. and 5 p.m., E.T. Monday through Friday, except Federal holidays.

Issued on: August 21, 2019.

Larry W. Minor,

Associate Administrator for Policy.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2018–0138]

Qualification of Drivers; Exemption Applications; Hearing

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to exempt 27 individuals from the hearing requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) to operate a commercial motor vehicle (CMV) in interstate commerce. The exemptions enable these hard of hearing and deaf individuals to operate CMVs in interstate commerce.

DATES: The exemptions were applicable on June 17, 2019. The exemptions expire on June 17, 2021.

FOR FURTHER INFORMATION CONTACT: Ms. Christine A. Hydock, Chief, Medical Programs Division, (202) 366–4001, *fmcsamedical@dot.gov,* FMCSA, Department of Transportation, 1200 New Jersey Avenue SE, Room W64–224, Washington, DC 20590–0001. Office hours are from 8:30 a.m. to 5 p.m., ET, Monday through Friday, except Federal holidays. If you have questions regarding viewing or submitting material to the docket, contact Docket Services, telephone (202) 366–9826.

SUPPLEMENTARY INFORMATION:

I. Public Participation

A. Viewing Documents and Comments

To view comments, as well as any documents mentioned in this notice as being available in the docket, go to *http://www.regulations.gov*. Insert the docket number, FMCSA–2018–0138 in the keyword box, and click ''Search.'' Next, click the ''Open Docket Folder'' button and choose the document to review. If you do not have access to the internet, you may view the docket online by visiting the Docket Management Facility in Room W12–140 on the ground floor of the DOT West Building, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays.

B. Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to *www.regulations.gov,* as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at *www.dot.gov/privacy*.

II. Background

On May 14, 2019, FMCSA published a notice announcing receipt of applications from 27 individuals requesting an exemption from the hearing requirement in 49 CFR 391.41(b)(11) to operate a CMV in interstate commerce and requested comments from the public (84 FR 21395). The public comment period ended on June 13, 2019, and one comment was received.

FMCSA has evaluated the eligibility of these applicants and determined that granting exemptions to these individuals would achieve a level of safety equivalent to, or greater than, the level that would be achieved by complying with the current regulation 49 CFR 391.41(b)(11).

The physical qualification standard for drivers regarding hearing found in 49 CFR 391.41(b)(11) states that a person is physically qualified to drive a CMV if that person first perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5—1951.

49 CFR 391.41(b)(11) was adopted in 1970, with a revision in 1971 to allow drivers to be qualified under this standard while wearing a hearing aid, 35 FR 6458, 6463 (April 22, 1970) and 36 FR 12857 (July 3, 1971).

III. Discussion of Comments

FMCSA received one comment in this proceeding. Michael Millard, President/CSO AWM Associates, LLC, noted the FMCSA has taken award of the hearing exemption too far by awarding it to deaf persons who have never operated a CMV. He feels the Agency's decision to issue hearing exemptions to non-CDL holders is imposing requirements on motor carriers and training academies beyond their control that affect the applicant's safety, and feels FMCSA should carefully examine the nature of trucking and the applicant's safety before exposing both applicant and public to increased safety risk. The Agency previously addressed this same concern in response to comments provided by the Commercial Vehicle Training Association (CVTA) on December 29, 2017, (82 FR 61809). For non-CDL holders, the Agency reviews the driving records from the State Driver's Licensing Agency (SDLA). The records for each applicant who has been granted a hearing exemption demonstrate that the driver has a safe driving history. Therefore, the Agency believes that these drivers do not pose a risk to public safety and that granting the exemption achieves a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption. Although we acknowledge these concerns, the lack of any technology or accommodations that would enable institutions to train hard of hearing and deaf drivers is not evidence that FMCSA should no longer grant hearing exemptions. In fact, the Agency is aware of several States that currently conduct CDL skills testing on hard of hearing and deaf drivers, each utilizing different methods. In an effort to make this information available to others, FMCSA is working with the AAMVA to develop a resource guide for administering the CDL skills test to hard of hearing and deaf drivers.

IV. Basis for Exemption Determination

Under 49 U.S.C. 31136(e) and 31315(b), FMCSA may grant an exemption for up to five years from the hearing standard in 49 CFR 391.41(b)(11) if the exemption is likely to achieve an equivalent or greater level of safety than would be achieved without the exemption. The exemption allows the applicants to operate CMVs in interstate commerce. FMCSA grants exemptions from the FMCSRs for a two-year period to align with the maximum duration of a driver's medical certification.

The Agency's decision regarding these exemption applications is based on current medical information and literature, and the 2008 Evidence Report, ''Executive Summary on Hearing, Vestibular Function and

Commercial Motor Driving Safety.'' The evidence report reached two conclusions regarding the matter of hearing loss and CMV driver safety: (1) No studies that examined the relationship between hearing loss and crash risk exclusively among CMV drivers were identified; and (2) evidence from studies of the private driver's license holder population does not support the contention that individuals with hearing impairment are at an increased risk for a crash. In addition, the Agency reviewed each applicant's driving record found in the Commercial Driver's License Information System (CDLIS), for commercial driver's license (CDL) holders, and inspections recorded in the Motor Carrier Management Information System (MCMIS). For non-CDL holders, the Agency reviewed the driving records from the State Driver's Licensing Agency (SDLA). Each applicant's record demonstrated a safe driving history. Based on an individual assessment of each applicant that focused on whether an equal or greater level of safety is likely to be achieved by permitting each of these drivers to drive in interstate commerce as opposed to restricting him or her to driving in intrastate commerce, the Agency believes the drivers granted this exemption have demonstrated that they do not pose a risk to public safety.

Consequently, FMCSA finds that in each case exempting these applicants from the hearing standard in 49 CFR 391.41(b)(11) is likely to achieve a level of safety equal to that existing without the exemption.

V. Conditions and Requirements

The terms and conditions of the exemption are provided to the applicants in the exemption document and includes the following: (1) Each driver must report any crashes or accidents as defined in 49 CFR 390.5; (2) each driver must report all citations and convictions for disqualifying offenses under 49 CFR part 383 and 49 CFR 391 to FMCSA; and (3) each driver is prohibited from operating a motorcoach or bus with passengers in interstate commerce. The driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local enforcement official. In addition, the exemption does not exempt the individual from meeting the applicable CDL testing requirements.

VI. Preemption

During the period the exemption is in effect, no State shall enforce any law or regulation that conflicts with this exemption with respect to a person operating under the exemption.

VII. Conclusion

Based upon its evaluation of the 27 exemption applications, FMCSA exempts the following drivers from the hearing standard, 49 CFR 391.41(b)(11), subject to the requirements cited above:

Selwyn Abrahamson, (MN)
Oluwatobim Akinsanya, (NJ)
Dennis J. Ayers, (MD)
Cesare Belardi, (PA)
Robert M. Benner, (OH)
Jubal Carnley, (FL)
Jason M. Clark, (MO)
Erik De Leon, (TX)
Kareem M. Douglas, (OH)
Jacob Gadreault, (MA)
Boris D. Garth, (AL)
Lane Grover, (IN)
Michael S. Haywood, (TX)
David J. Jabubowski, (CA)
Scott W. Lufkin, (NC)
Billie Jo Martinez, (TX)
Steve Martinez, (CO)
Sergio Miramontes, (CA)
Jonathan A. Muhm, (CA)
Karl Ortiz, (MO)
Andreas Shije, (NM)
Mildred A. Smith, (AR)
Joseph Strassburg, (SD)
James Thomason, (MO)
Gerald Wager, Jr. (NC)
Jeremy A. Williamson Sr. (CA)
Matthew Whitehouse, (WA)

In accordance with 49 U.S.C. 31315, each exemption will be valid for two years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.

Issued on: August 16, 2019.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2015–0326; FMCSA–2014–0384]

Qualification of Drivers; Exemption Applications; Hearing

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of renewal of exemptions; request for comments.

SUMMARY: FMCSA announces its decision to renew exemptions for four individuals from the hearing requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) for interstate commercial motor vehicle (CMV) drivers. The exemptions enable these hard of hearing and deaf individuals to continue to operate CMVs in interstate commerce.

DATES: Each group of renewed exemptions were applicable on the dates stated in the discussions below and will expire on the dates stated in the discussions below. Comments must be received on or before September 27, 2019.

ADDRESSES: You may submit comments identified by the Federal Docket Management System (FDMS) Docket No. FMCSA–2015–0326 or FMCSA–2014–0384 (as applicable) using any of the following methods:

- *Federal eRulemaking Portal:* Go to *http://www.regulations.gov.* Follow the online instructions for submitting comments.
- *Mail:* Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12–140, Washington, DC 20590–0001.
- *Hand Delivery:* West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal Holidays.
- *Fax:* 1–202–493–2251.

To avoid duplication, please use only one of these four methods. See the ''Public Participation'' portion of the **SUPPLEMENTARY INFORMATION** section for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: Ms. Christine A. Hydock, Chief, Medical Programs Division, 202–366–4001, *fmcsamedical@dot.gov,* FMCSA, Department of Transportation, 1200 New Jersey Avenue SE, Room W64–224, Washington, DC 20590–0001. Office hours are from 8:30 a.m. to 5 p.m., ET, Monday through Friday, except Federal holidays. If you have questions regarding viewing or submitting material to the docket, contact Docket Services, telephone (202) 366–9826.

SUPPLEMENTARY INFORMATION:

I. Public Participation

A. Submitting Comments

If you submit a comment, please include the docket number for this notice (Docket No. FMCSA–2015–0326 or FMCSA–2014–0384), indicate the

specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so that FMCSA can contact you if there are questions regarding your submission.

To submit your comment online, go to *http://www.regulations.gov,* put the docket number, FMCSA–2015–0326 or FMCSA–2014–0384, in the keyword box, and click ''Search.'' When the new screen appears, click on the ''Comment Now!'' button and type your comment into the text box on the following screen. Choose whether you are submitting your comment as an individual or on behalf of a third party and then submit.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope.

FMCSA will consider all comments and material received during the comment period.

B. Viewing Documents and Comments

To view comments, as well as any documents mentioned in this notice as being available in the docket, go to *http://www.regulations.gov.* Insert the docket number, FMCSA–2015–0326 or FMCSA–2014–0384, in the keyword box, and click ''Search.'' Next, click the ''Open Docket Folder'' button and choose the document to review. If you do not have access to the internet, you may view the docket online by visiting the Docket Management Facility in Room W12–140 on the ground floor of the DOT West Building, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays.

C. Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to *www.regulations.gov,* as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at *www.dot.gov/privacy.*

II. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for five years if it finds such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. The statute also allows the Agency to renew exemptions at the end of the five-year period. FMCSA grants exemptions from the FMCSRs for a two-year period to align with the maximum duration of a driver's medical certification.

The physical qualification standard for drivers regarding hearing found in 49 CFR 391.41(b)(11) states that a person is physically qualified to drive a CMV if that person first perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5—1951.

49 CFR 391.41(b)(11) was adopted in 1970, with a revision in 1971 to allow drivers to be qualified under this standard while wearing a hearing aid, 35 FR 6458, 6463 (April 22, 1970) and 36 FR 12857 (July 3, 1971).

The four individuals listed in this notice have requested renewal of their exemptions from the hearing standard in 49 CFR 391.41(b)(11), in accordance with FMCSA procedures. Accordingly, FMCSA has evaluated these applications for renewal on their merits and decided to extend each exemption for a renewable two-year period.

III. Request for Comments

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.

IV. Basis for Renewing Exemptions

In accordance with 49 U.S.C. 31136(e) and 31315, each of the four applicants has satisfied the renewal conditions for obtaining an exemption from the hearing requirement. The four drivers in this notice remain in good standing with the Agency. In addition, for Commercial Driver's License (CDL) holders, the Commercial Driver's License Information System (CDLIS) and the Motor Carrier Management Information System (MCMIS) are searched for crash and violation data. For non-CDL holders, the Agency reviews the driving records from the State Driver's Licensing Agency (SDLA). These factors provide an adequate basis for predicting each driver's ability to continue to safely operate a CMV in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each of these drivers for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

As of June 10, 2019, and in accordance with 49 U.S.C. 31136(e) and 31315, the following two individuals have satisfied the renewal conditions for obtaining an exemption from the hearing requirement in the FMCSRs for interstate CMV drivers:

Robert Dale Brunett (OK)
Thomas M. Carr (PA)

The drivers were included in docket number FMCSA–2015–0326. Their exemptions are applicable as of June 10, 2019, and will expire June 10, 2021.

As of June 10, 2019, and in accordance with 49 U.S.C. 31136(e) and 31315, the following individuals have satisfied the renewal conditions for obtaining an exemption from the hearing requirement in the FMCSRs for interstate drivers:

Thomas Carr (PA)
Jeffrey Webber (OK)

The drivers were included in docket number FMCSA–2014–0384. The exemptions were applicable as of June 10, 2019, and will expire June 10, 2021.

Conditions and Requirements

The exemptions are extended subject to the following conditions: (1) Each driver must report any crashes or accidents as defined in 49 CFR 390.5; and (2) report all citations and convictions for disqualifying offenses under 49 CFR part 383 and 49 CFR 391 to FMCSA; and (3) each driver prohibited from operating a motorcoach or bus with passengers in interstate commerce. The driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local enforcement official. In addition, the exemption does not exempt the individual from meeting the applicable CDL testing requirements. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will

be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.

V. Preemption

During the period the exemption is in effect, no State shall enforce any law or regulation that conflicts with this exemption with respect to a person operating under the exemption.

VI. Conclusion

Based upon its evaluation of the four exemption applications, FMCSA renews the exemptions of the aforementioned drivers from the hearing requirement in 49 CFR 391.41 (b)(11). In accordance with 49 U.S.C. 31136(e) and 31315, each exemption will be valid for two years unless revoked earlier by FMCSA.

Issued on: August 16, 2019.

BILLING CODE 4910–EX–P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2019–0333]

Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of applications for exemption; request for comments.

SUMMARY: FMCSA announces receipt of applications from five individuals for an exemption from the prohibition in the Federal Motor Carrier Safety Regulations (FMCSRs) against persons with a clinical diagnosis of epilepsy or any other condition that is likely to cause a loss of consciousness or any loss of ability to control a commercial motor vehicle (CMV) to drive in interstate commerce. If granted, the exemptions would enable these individuals who have had one or more seizures and are taking anti-seizure medication to operate CMVs in interstate commerce.

DATES: Comments must be received on or before September 27, 2019.

ADDRESSES: You may submit comments identified by the Federal Docket Management System (FDMS) Docket No. FMCSA–2019–0333 using any of the following methods:

- *Federal eRulemaking Portal:* Go to *http://www.regulations.gov/docket?D=FMCSA-2019-0333.* Follow the online instructions for submitting comments.
- *Mail:* Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12–140, Washington, DC 20590–0001.
- *Hand Delivery:* West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal Holidays.
- *Fax:* (202) 493–2251.

To avoid duplication, please use only one of these four methods. See the ''Public Participation'' portion of the **SUPPLEMENTARY INFORMATION** section for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: Ms. Christine A. Hydock, Chief, Medical Programs Division, (202) 366–4001, *fmcsamedical@dot.gov,* FMCSA, Department of Transportation, 1200 New Jersey Avenue SE, Room W64–224, Washington, DC 20590–0001. Office hours are 8:30 a.m. to 5 p.m., ET, Monday through Friday, except Federal holidays. If you have questions regarding viewing or submitting material to the docket, contact Docket Services, (202) 366–9826.

SUPPLEMENTARY INFORMATION:

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to *www.regulations.gov,* as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at *www.dot.gov/privacy.*

II. Background

Under 49 U.S.C. 31136(e) and 31315(b), FMCSA may grant an exemption from the FMCSRs for no longer than a 5-year period if it finds such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. The statute also allows the Agency to renew exemptions at the end of the 5-year period. FMCSA grants medical exemptions from the FMCSRs for a 2-year period to align with the maximum duration of a driver's medical certification.

The five individuals listed in this notice have requested an exemption from the epilepsy and seizure disorders prohibition in 49 CFR 391.41(b)(8). Accordingly, the Agency will evaluate the qualifications of each applicant to determine whether granting the exemption will achieve the required level of safety mandated by statute.

The physical qualification standard for drivers regarding epilepsy found in § 391.41(b)(8) states that a person is physically qualified to drive a CMV if that person has no established medical

history or clinical diagnosis of epilepsy or any other condition which is likely to cause the loss of consciousness or any loss of ability to control a CMV.

In addition to the regulations, FMCSA has published advisory criteria [1] to assist medical examiners (MEs) in determining whether drivers with certain medical conditions are qualified to operate a CMV in interstate commerce.

The criteria states that if an individual has had a sudden episode of a non-epileptic seizure or loss of consciousness of unknown cause that did not require anti-seizure medication, the decision whether that person's condition is likely to cause the loss of consciousness or loss of ability to control a CMV should be made on an individual basis by the ME in consultation with the treating physician. Before certification is considered, it is suggested that a 6-month waiting period elapse from the time of the episode. Following the waiting period, it is suggested that the individual have a complete neurological examination. If the results of the examination are negative and anti-seizure medication is not required, then the driver may be qualified.

In those individual cases where a driver has had a seizure or an episode of loss of consciousness that resulted from a known medical condition (*e.g.,* drug reaction, high temperature, acute infectious disease, dehydration, or acute metabolic disturbance), certification should be deferred until the driver has recovered fully from that condition, has no existing residual complications, and is not taking anti-seizure medication.

Drivers who have a history of epilepsy/seizures, off anti-seizure medication and seizure-free for 10 years, may be qualified to operate a CMV in interstate commerce. Interstate drivers with a history of a single unprovoked seizure may be qualified to drive a CMV in interstate commerce if seizure-free and off anti-seizure medication for a 5-year period or more.

As a result of MEs misinterpreting advisory criteria as regulation, numerous drivers have been prohibited from operating a CMV in interstate commerce based on the fact that they have had one or more seizures and are taking anti-seizure medication, rather than an individual analysis of their circumstances by a qualified ME based on the physical qualification standards and medical best practices.

On January 15, 2013, FMCSA announced in a Notice of Final Disposition titled, ''Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders,'' (78 FR 3069), its decision to grant requests from 22 individuals for exemptions from the regulatory requirement that interstate CMV drivers have ''no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV.'' Since that time, the Agency has published additional notices granting requests from individuals for exemptions from the regulatory requirement regarding epilepsy found in § 391.41(b)(8).

To be considered for an exemption from the epilepsy and seizure disorders prohibition in § 391.41(b)(8), applicants must meet the criteria in the 2007 recommendations of the Agency's Medical Expert Panel (78 FR 3069).

III. Qualifications of Applicants

Lucas Meeker

Mr. Meeker is a 25-year-old class D driver in Ohio. He has a history of epilepsy and has been seizure free since 2002. He takes anti-seizure medication with the dosage and frequency remaining the same since 2017. His physician states that he is supportive of Mr. Meeker receiving an exemption.

Michael Miller

Mr. Miller is a 42-year-old class C driver in Texas. He has a history of a seizure disorder and has been seizure free since 2005. He takes anti-seizure medication with the dosage and frequency remaining the same since 2009. His physician states that he is supportive of Mr. Miller receiving an exemption.

Jason A. Plummer

Mr. Plummer is a 44-year-old Chauffeur license holder in Indiana. He has a history of seizure disorder and has been seizure free since 2011. He takes anti-seizure medication with the dosage and frequency remaining the same since 2011. His physician states that he is supportive of Mr. Plummer receiving an exemption.

Keith Sayre

Mr. Sayre is a 45-year-old class D driver in Ohio. He has a history of a seizure disorder and has been seizure free since 2001. He takes anti-seizure medication with the dosage and frequency remaining the same since 2009. His physician states that he is supportive of Mr. Sayre receiving an exemption.

Tyler Tilseth

Mr. Tilseth is a 29-year-old class D driver in New Mexico. He has a history of seizure disorder and has been seizure free since 2007. He takes anti-seizure medication with the dosage and frequency remaining the same since 2007. His physician states that he is supportive of Mr. Tilseth receiving an exemption.

IV. Request for Comments

In accordance with 49 U.S.C. 31136(e) and 31315(b), FMCSA requests public comment from all interested persons on the exemption petitions described in this notice. We will consider all comments received before the close of business on the closing date indicated under the **DATES** section of the notice.

C. Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to *www.regulations.gov,* as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at *www.dot.gov/privacy.*

II. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the FMCSRs for a five-year period if it finds such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. The statute also allows the Agency to renew exemptions at the end of the five-year period. FMCSA grants exemptions from the FMCSRs for a two-year period to align with the maximum duration of a driver's medical certification.

The 29 individuals listed in this notice have requested an exemption from the hearing requirement in 49 CFR 391.41(b)(11). Accordingly, the Agency will evaluate the qualifications of each applicant to determine whether granting the exemption will achieve the required level of safety mandated by statute.

The physical qualification standard for drivers regarding hearing found in 49 CFR 391.41(b)(11) states that a person is physically qualified to drive a CMV if that person first perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5—1951.

This standard was adopted in 1970 and was revised in 1971 to allow drivers to be qualified under this standard while wearing a hearing aid, 35 FR 6458, 6463 (April 22, 1970) and 36 FR 12857 (July 3, 1971).

On February 1, 2013, FMCSA announced in a Notice of Final Disposition titled, Qualification of Drivers; Application for Exemptions; National Association of the Deaf, (78 FR 7479), its decision to grant requests from 40 individuals for exemptions from the Agency's physical qualification standard concerning hearing for interstate CMV drivers. Since the February 1, 2013 notice, the Agency has published additional notices granting requests from hard of hearing and deaf individuals for exemptions from the Agency's physical qualification standard concerning hearing for interstate CMV drivers.

III. Qualifications of Applicants

David O. Barnett

Mr. Barnett, age 53, holds an operator's license in Alabama.

Zachary Bruce-Hurst

Mr. Bruce-Hurst, age 27, holds an operator's license in Florida

Azulita Jane Camacho

Ms. Camacho, age 24, holds an operator's license in California.

Malcolm Collins

Mr. Collins, age 77, holds a class A CDL in Missouri.

Wayne Crowl

Mr. Crowl, age 53, holds a class A CDL in Indiana.

Robert Culp

Mr. Culp, age 45, holds a class A CDL in Florida.

Charles Wesley Davis

Mr. Davis, age 38, holds an operator's license from Alabama.

Christopher Fisher

Mr.Fisher, age 47, holds a class A CDL in Washington.

Ariel Gonzalez

Mr. Gonzalez, age 21, holds an operator's license in Rhode Island.

Adrian Jiminez

Mr. Jiminez, age 26, holds an operator's license in California.

Steven L. Johnson

Mr. Johnson, age 70, holds an operator's license in Tennessee.

Virginia M. Kammerer

Ms. Kammerer, age 55, holds an operator's license in New Jersey.

Keith C. Kenyon

Mr. Kenyon, age 43, holds an operator's license in Wisconsin.

Richard Melikian

Mr. Melikian, age 47, holds an operator's license in New York.

Paul J. Pitre

Mr. Pitre, age 55, holds a class C CDL in Alabama.

Dion Prewitt

Mr. Prewitt, age 44, holds an operator's license in Illinois.

John M. Price, Jr.

Mr. Price, age 42, holds an operator's license in Texas.

Marcel James Rambin II

Mr. Rabin, age 39, holds a class A CDL in Texas.

Aleksandr M. Riabinin

Mr. Riabinin, age 25, holds an operator's license in Washington.

Satwinder Sandher

Mr. Sandher, age 43, holds an operator's license in California.

Dustin E. Selby

Mr. Shelby, age 40, holds an operator's license in Ohio.

Kerry Stewart

Mr. Stewart, age 54, holds an operator's license in Indiana.

Andrew Tessin

Mr. Tessin, age 32, holds a class A CDL in North Carolina.

Corey N. Thompson

Mr. Thompson, age 42, holds a class A CDL in Texas.

Aleksandr Turchin

Mr. Turchin, age 52, holds an operator's license in Washington.

Daniel Turchin

Mr. Turchin, age 21, holds an operator's license in Washington.

Gary Harrison Wallace

Mr. Wallace, age 63, holds a class A CDL in North Carolina.

Honna Waymire

Ms. Waymire, age 54, holds an operator's license in Ohio.

Charles Wozniak

Mr. Wozniak, age 74, holds a class A CDL in New Jersey.

IV. Request for Comments

In accordance with 49 U.S.C. 31136(e) and 31315, FMCSA requests public comment from all interested persons on the exemption petitions described in this notice. We will consider all comments received before the close of business on the closing date indicated in the dates section of the notice.

Issued on: August 16, 2019.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA–2019–0007; Notice 1]

Pirelli Tire, LLC, Receipt of Petition for Decision of Inconsequential Noncompliance

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Receipt of petition.

SUMMARY: Pirelli Tire, LLC (Pirelli), has determined that certain Pirelli P Zero replacement tires do not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 139, *New Pneumatic Radial Tires for Light Vehicles.* Pirelli filed a noncompliance report dated November 19, 2018, and subsequently petitioned NHTSA on December 14, 2018, for a decision that the subject noncompliance is inconsequential as it relates to motor vehicle safety. This notice announces receipt of Pirelli's petition.

DATES: Send comments on or before September 27, 2019.

ADDRESSES: Interested persons are invited to submit written data, views, and arguments on this petition. Comments must refer to the docket and notice number cited in the title of this notice and may be submitted by any of the following methods:

- *Mail:* Send comments by mail addressed to the U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590.
- *Hand Delivery:* Deliver comments by hand to the U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590. The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except for Federal Holidays.
- *Electronically:* Submit comments electronically by logging onto the Federal Docket Management System (FDMS) website at *https://www.regulations.gov/.* Follow the online instructions for submitting comments.
- Comments may also be faxed to (202) 493–2251.

Comments must be written in the English language, and be no greater than 15 pages in length, although there is no limit to the length of necessary attachments to the comments. If comments are submitted in hard copy form, please ensure that two copies are provided. If you wish to receive confirmation that comments you have submitted by mail were received, please enclose a stamped, self-addressed postcard with the comments. Note that all comments received will be posted without change to *https://www.regulations.gov,* including any personal information provided.

All comments and supporting materials received before the close of business on the closing date indicated above will be filed in the docket and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the fullest extent possible.

When the petition is granted or denied, notice of the decision will also be published in the **Federal Register** pursuant to the authority indicated at the end of this notice.

All comments, background documentation, and supporting materials submitted to the docket may be viewed by anyone at the address and times given above. The documents may also be viewed on the internet at *https://www.regulations.gov* by following the online instructions for accessing the dockets. The docket ID number for this petition is shown in the heading of this notice.

DOT's complete Privacy Act Statement is available for review in a **Federal Register** notice published on April 11, 2000 (65 FR 19477–78).

SUPPLEMENTARY INFORMATION:

I. Overview: Pirelli has determined that certain Pirelli P Zero replacement tires do not fully comply with paragraphs S5.5(e) and (f) of FMVSS No. 139, *New Pneumatic Radial Tires for Light Vehicles* (49 CFR 571.139). Pirelli filed a noncompliance report dated November 19, 2018, pursuant to 49 CFR part 573, *Defect and Noncompliance*

Responsibility and Reports, and subsequently petitioned NHTSA on December 14, 2018, for an exemption from the notification and remedy requirement of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential as it relates to motor vehicle safety, pursuant to 49 U.S.C. 30118(d) and 30120(h) and 49 CFR part 556, *Exemption for Inconsequential Defect or Noncompliance.*

This notice of receipt of Pirelli's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

II. Equipment Involved: Approximately 28 Pirelli P Zero replacement tires, size 265/45R21 104W, manufactured between July 10, 2018, and August 08, 2018, are potentially involved.

III. Noncompliance: Pirelli explains that the noncompliance is due to a mold error, and that as a result, the number of tread plies indicated on the sidewall of the subject tires does not match the actual number of plies in the tire construction as required by paragraphs S5.5(e) and (f) of FMVSS No. 139. Specifically, the tires were marked ''Tread: 2 Polyester 2 Steel 1 Polyamide; Sidewall: 1 Polyamide'' when they should have been marked ''Tread: 2 Polyester 2 Steel 1 Polyamide; Sidewall: 2 Polyester.''

IV. Rule Requirements: Paragraphs S5.5(e) and (f) of FMVSS No. 139 provide the requirements relevant to this petition. Each tire must be marked on each sidewall with the information specified in paragraphs S5.5(a) through (d) and on one sidewall with the information specified in S5.5(e) through (i) according to the phase-in schedule specified in paragraph S7 of FMVSS No. 139. Specifically, each tire should be marked with the generic name of each cord material used in the plies (both sidewall and tread area) of the tire and the actual number of plies in the sidewall, and the actual number of plies in the tread area, if different.

V. Summary of Petition: Pirelli described the subject noncompliance and stated its belief that the noncompliance is inconsequential as it relates to motor vehicle safety.

In support of its petition, Pirelli submitted the following reasoning:

1. The subject tires comply with the performance requirements and all other marking requirements of FMVSS No. 139.

2. The tire construction information for the subject tires have been corrected in Pirelli's centralized R&D system that creates the drawings used in manufacturing the tire molds. Pirelli is in the process of correcting the subject molds before they are used for future production.

3. Pirelli cited the agency as saying that it ''believes that one measure of inconsequentiality to motor vehicle safety, in this case, is that there is no effect of the noncompliance on the operational safety of vehicles on which these tires are mounted. The safety of people working in the tire retread, repair, and recycling industries must also be considered and is a measure of inconsequentiality.'' *See* 83 FR 36668 (July 30, 2018) (Grant of petition for determination of inconsequential noncompliance for Continental tires, for tire marked with the incorrect number of tread plies).

4. Pirelli stated that the subject Pirelli tires were manufactured as designed and meet or exceed all applicable FMVSS No. 139 performance standards. Furthermore, all of the sidewall markings related to tire service (load capacity, corresponding inflation pressure, etc.) are correct and the tires correctly show that they contain tread plies. Pirelli does not believe the mislabeling of these tires presents a safety concern for consumers or for the retreading and recycling personnel.

5. Pirelli says that NHTSA has granted similar petitions involving tires manufactured by Cooper Tire and Goodyear (Dunlop). *See* 74 FR 10804 (March 12, 2009), grant of petition submitted by Goodyear where tires were marked ''Tread 3 Polyester + 2 Steel,'' whereas the correct marking should have been ''Tread 2 Polyester + 2 Steel + 2 Polyamide;.'' *See* 82 FR 17075 (April 7, 2017) grant of petition submitted by Cooper Tire & Rubber Company where tires were marked ''TREAD 1 PLY NYLON + 2 PLY STEEL + 2 PLY POLYESTER,'' whereas the correct marking should have been ''TREAD 1 PLY NYLON + 2 PLY STEEL + 1 PLY POLYESTER.'' *See* 83 FR 13002 (March 26, 2018), grant of petition submitted by Sumitomo Rubber Industries Ltd. where tires were marked ''TREAD 5 PLIES STEEL'' whereas the correct marking should have been ''TREAD 4 PLIES STEEL.''

6. Pirelli is not aware of any warranty claims, field reports, customer complaints, legal claims, or any incidents or injuries related to the subject condition.

Pirelli expressed the belief that the subject noncompliance is inconsequential as it relates to motor vehicle safety, and that its petition to be exempted from providing notification of the noncompliance, as required by 49 U.S.C. 30118, and a remedy for the noncompliance, as required by 49 U.S.C. 30120, should be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject equipment that Pirelli no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve equipment distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant equipment under their control after Pirelli notified them that the subject noncompliance existed.

Authority: (49 U.S.C. 30118, 30120: delegations of authority at 49 CFR 1.95 and 501.8)

Otto G. Matheke III,

Director, Office of Vehicle Safety Compliance.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA–2019–0082]

Agency Information Collection Activities; Notice and Request for Comment; Drivers' Use of Camera-Based Rear Visibility Systems Versus Traditional Mirrors

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Notice and request for comments on a proposed collection of information.

SUMMARY: The National Highway Traffic Safety Administration (NHTSA) announces our intention to request the Office of Management and Budget's (OMB) approval of a proposed collection of certain information by the Agency. Before a Federal agency can collect certain information from the public, it must receive approval from OMB. Procedures established under the Paperwork Reduction Act of 1995 (the PRA) require Federal agencies to publish a notice in the **Federal Register** concerning each proposed collection of

information and to allow 60 days for public comment in response to the notice. The proposed collection of information supports research addressing safety-related aspects of drivers' use of camera-based rear visibility systems intended to serve as a replacement for traditional outside rearview mirrors.

DATES: Comments must be received on or before October 28, 2019.

ADDRESSES: You may submit comments identified by the docket number in the heading of this document or by any of the following methods:

- *Federal eRulemaking Portal:* Go to *http://www.regulations.gov.* Follow the instructions for submitting comments on the electronic docket site by clicking on ''Help'' or ''FAQ''.
- *Mail:* Docket Management Facility. M–30, U.S Department of Transportation. 1200 New Jersey Avenue SE, West Building, Ground Floor, Room W12–140, Washington, DC 20590.
- *Hand Delivery:* U.S Department of Transportation, 1200 New Jersey Avenue SE, West Building, Ground Floor, Room W12–140, Washington, DC 20590 between 9 a.m. and 5 p.m. Eastern Time, Monday through Friday, except Federal Holidays.
- *Fax:* 202–493–2251.

Instructions: Each submission must include the Agency name and the Docket number for this Notice. Note that all comments received will be posted without change to *www.regulations.gov,* including any personal information provided. Please see the Privacy heading below.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, *etc.*). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477–78) or you may visit *http://www.dot.gov/privacy.html* .

Docket: For access to the docket to read comments received, go to *http://www.regulations.gov,* or the street address listed above. Follow the online instructions for accessing the dockets.

FOR FURTHER INFORMATION CONTACT: Elizabeth Mazzae, Applied Crash Avoidance Research Division, Vehicle Research and Test Center, NHTSA, 10820 State Route 347—Bldg. 60, East Liberty, Ohio 43319; Telephone (937) 666–4511; Facsimile: (937) 666–3590; email address: *elizabeth.mazzae@dot.gov.*

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520), before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) how to enhance the quality, utility, and clarity of the information to be collected;

(iv) how to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.* permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collection of information:

Title: Drivers' Use of Camera-Based Rear Visibility Systems Versus Traditional Mirrors.

Type of Request: New collection.

Type of Review Requested: Regular.

OMB Clearance Number: New Collection.

Form Number: None.

Requested Expiration Date of Approval: Three years from date of approval.

Summary of the Collection of Information:

NHTSA proposes to perform research involving the collection of information from the public as part of a multi-year effort to learn about drivers' use of camera-based systems designed to replace traditional outside rearview mirrors. Initial research will focus on light vehicles and be followed by research examining camera-based visibility systems on heavy trucks.

For the light vehicle research, all camera-based visibility systems to be tested will be foreign production or prototype systems fitted onto U.S. or European specification vehicles. At least two test vehicles will be equipped with both camera and mirror technologies, while the other test vehicles will be equipped with camera-based visibility systems and no outside mirrors. Systems to be tested with heavy trucks have yet to be finalized.

Research participants will be members of the public who are licensed car drivers and/or truck drivers. Participants will drive a test vehicle equipped with a camera-based system in place of outside rearview mirrors, an original equipment outside rearview mirror system, or a combination of both. The research will involve track-based and on-road, semi-naturalistic driving in which participants will drive vehicles in multi-lane traffic scenarios while using the outside rearview mirrors or alternative system during lane changes and other typical driving situations. A portion of testing will take place in dark (*i.e.,* nighttime or early morning) driving conditions to permit examination of system performance and drivers' use of systems in those conditions. Vehicles will be fitted with instrumentation for recording driver eye glance behavior, as well as vehicle speed, position, steering angle, and turn signal status. Separate, but similar data collections will be conducted for passenger cars and heavy trucks. Questions will be asked during the course of the research to assess individuals' suitability for study participation, to obtain feedback regarding participants' use of the camera-based rear visibility systems, and to gauge individuals' level of comfort with and confidence in the technologies' performance and safety.

Description of the Need for the Information and Proposed Use of the Information:

The National Highway Traffic Safety Administration's (NHTSA) mission is to save lives, prevent injuries, and reduce healthcare and other economic costs associated with motor vehicle crashes. As new vehicle technologies are developed, it is prudent to ensure that they do not create any unintended decrease in safety. The safety of passive visibility-related technologies depends on both the performance of the systems and on drivers' ability to effectively and comfortably use the systems. This work seeks to examine and compare drivers' eye glance behavior and aspects of driving behavior and lane change maneuver execution for traditional mirrors and camera-based systems intended to replace outside rearview mirrors.

The collection of information will consist of: (1) Question Set 1, Driving Research Study Interest Response Form, (2) Question Set 2, Screening Questions,

(3) passive observation of driving behavior, and (4) Question Set 3, Post-Drive Questionnaire.

The information to be collected will be used for the following purposes:

• *Question Set 1, Driving Research Study Interest Response Form* will be used to determine individuals' willingness to participate in the study and whether an individual qualifies for participation in this study based on certain information. For example, participants must:

○ Be at least 25 years of age

○ For drivers of passenger cars: Hold a valid U.S. or Canadian driver's license

○ For drivers of heavy trucks: Hold a valid U.S. commercial driver's license

○ Drive at least 11,000 miles annually

○ Provide their contact information for the purposes of coordinating participation.

• *Question Set 2, Screening Questions* will be primarily used to ensure that participants meet certain minimum health qualifications, are free of recent criminal convictions, and have reasonable availability to participate in the study. The objective of the health screening questions is to identify candidate participants whose physical and health conditions may be deemed ''average'' and are compatible with being able to drive continuously for up to 3 hours a vehicle equipped with only original equipment components.

• *Question Set 3, Post-Drive Questionnaire* will be used to get information about the participants' experiences during the experimental drive, including their degree of comfort in using the camera-based system. There will be different versions of the questionnaire for light vehicle and truck drivers, but both will be designed to require not more than 15 minutes to complete all questions. Participants will complete the Question Set 3 post-drive questionnaire one time for mirrors and one time for the camera-based rear visibility system.

Affected Public (Respondents): Research participants will be licensed drivers aged 25 years or greater who drive at least 11,000 miles annually, are in good health, and do not require assistive devices to safely operate a vehicle and drive continuously for a period of 3 hours.

Estimated Number of Respondents: Information will be collected in an incremental fashion to permit the determination of which individuals have the necessary characteristics for study participation. All interested candidates will complete Question Set 1, Driving Research Study Interest Response Form. A subset of individuals meeting the criteria for Question Set 1 will be asked to complete Question Set 2, Screening Questions. From the individuals found to meet the criteria for both Questions Sets 1 and 2, a subset will be chosen with the goal of achieving a sample providing a balance of age and sex to be scheduled for study participation. A summary of the estimated numbers of individuals that will complete the noted question sets is provided in the following table.

ESTIMATED NUMBER OF RESPONDENTS

Questions	Total N
Question Set 1, Driving Research Study Interest Response Form	750
Question Set 2, Screening Questions	300
Question Set 3, Post-Drive Questionnaire	160

Estimated Time per Response: Completion of Question Set 1, Driving Research Study Interest Response Form is estimated to take approximately 5 minutes and completion is estimated to take approximately 7 minutes for Question Set 2, Screening Questions. Completion of Question Set 3, Post-Drive Questionnaire is estimated to take 15 minutes per participant and each participant will compete the questionnaire two times. The estimated annual time and cost burdens are summarized in the table below. The number of respondents and time to complete each question set are estimated as shown in the table. The time per question set is calculated by multiplying the number of respondents by the time per respondent and then converting from minutes to hours. The hour value for each question set is multiplied by the latest average hour earning estimate from the Bureau of Labor Statistics to obtain an estimated burden cost per question set.[1]

ESTIMATED TIME PER RESPONSE AND TOTAL TIME

Question Set	Topic	Participants	Time per response (minutes)	Total time (minutes)	Total time (hours)	Total cost
1	Driving Research Study Interest Response Form.	750	5	3,750	62.5	$2,466.12
2	Screening Questions	300	7	2,100	35.0	1,381.03
3a	Post-Drive Questionnaire, Passenger Vehicle.	80	30	2,400	40.0	1,578.32
3b	Post-Drive Questionnaire, Heavy Truck	80	30	2,400	40.0	1,578.32
Total Estimated Burden					177.5	7,003.78

Total Estimated Annual Burden: 177.5 hours.

Frequency of Collection: The data collection described will be performed once to obtain the target number of valid test participants.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.95.

[1] Bureau of Labor Statistics Feb. 2019 Average Hourly Earnings data for ''Total Private,'' $27.66 (Accessed 3/8/2019 at *https://www.bls.gov/news.release/empsit.t19.htm*.) The Bureau of Labor Statistics estimates that for private industry workers, wages represent 70.1% of total compensation. Employer Costs for Employee Compensation-March 2019, (Assessed 7/31/2019 at *https://www.bls.gov/news.release/pdf/ecec.pdf*).

Issued in Washington, DC.

Tim J. Johnson,

Acting Associate Administrator for Vehicle Safety Research.

BILLING CODE 4910–59–P

DEPARTMENT OF THE TREASURY

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Multiple IRS Information Collection Requests

AGENCY: Departmental Offices, U.S. Department of the Treasury.

ACTION: Notice.

SUMMARY: The Department of the Treasury will submit the following information collection requests to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. The public is invited to submit comments on these requests.

DATES: Comments should be received on or before September 27, 2019 to be assured of consideration.

ADDRESSES: Send comments regarding the burden estimate, or any other aspect of the information collection, including suggestions for reducing the burden, to (1) Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for Treasury, New Executive Office Building, Room 10235, Washington, DC 20503, or email at *OIRA_Submission@OMB.EOP.gov* and (2) Treasury PRA Clearance Officer, 1750 Pennsylvania Ave. NW, Suite 8142, Washington, DC 20220, or email at *PRA@treasury.gov.*

FOR FURTHER INFORMATION CONTACT: Copies of the submissions may be obtained from Jennifer Quintana by emailing *PRA@treasury.gov,* calling (202) 622–0489, or viewing the entire information collection request at *www.reginfo.gov.*

SUPPLEMENTARY INFORMATION:

Internal Revenue Service (IRS)

Title: Application of Tentative Refund.

OMB Control Number: 1545–0098.

Type of Review: Extension without change of a currently approved collection.

Description: Section 6411 of the Internal Revenue Code allows taxpayers to file an application for tentative refund for the carryback of a net operating loss, net capital loss, unused general business credit, or a claim of right adjustment under section 1341(b). Income Tax Regulations Section 1.6411–1(b) requires Form 1045 in the case of taxpayers other than corporations. This form provides a line-by-line computation of the tax liability after application of the carryback and contains the information asked for in the Code and Regulations.

Form: 1045.

Affected Public: Individuals and households.

Estimated Number of Respondents: 65,220.

Frequency of Response: On occasion.

Estimated Total Number of Annual Responses: 17,503.

Estimated Time per Response: 30.5 hours.

Estimated Total Annual Burden Hours: 534,192.

Title: Form 4461 Series: Applications for Approval of 401(a) and 501(a) Plans.

OMB Control Number: 1545–0169.

Type of Review: Revision of a currently approved collection.

Description: The IRS uses these forms to determine from the information submitted whether the applicant plan qualifies under section 401(a) of the Internal Revenue Code for plan approval. The application is also used to determine if the related trust qualifies for tax exempt status under Code section 501(a).

Form: 4461, 4461–A, 4461–B.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 3,300.

Frequency of Response: On occasion.

Estimated Total Number of Annual Responses: 3,300.

Estimated Time per Response: 10.86 hours.

Estimated Total Annual Burden Hours: 35,846.

Title: Statement of Payments Received.

OMB Control Number: 1545–0364.

Type of Review: Extension without change of a currently approved collection.

Description: Form 4669, Statement of Payments Received, is used by payors in specific situations to request relief from payment of certain required taxes. A payor who fails to withhold certain required taxes from a payee may be entitled to relief, under sections 3402(d), 3102(f)(3), 1463 or Regulations section 1.1474–4. To apply for relief, a payor must show that the payee reported the payments and paid the corresponding tax. To secure relief as described above, a payor must obtain a separate, completed Form 4669 from each payee for each year relief is requested. The data is used to verify that the income tax on the wages was paid in full. The collection of data affects business, individuals, and households.

Form: 4669.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 85,000.

Frequency of Response: On occasion.

Estimated Total Number of Annual Responses: 85,000.

Estimated Time per Response: 15 minutes.

Estimated Total Annual Burden Hours: 21,250.

Title: Application for Approval of Prototype or Employer Sponsored Individual Retirement Arrangement (IRA).

OMB Control Number: 1545–0390.

Type of Review: Extension without change of a currently approved collection.

Description: This application is used by employers who want to establish an individual retirement account trust to be used by their employees. The application is also used by persons who want to establish approved prototype individual retirement accounts or annuities. The data collected is used to determine if plans may be approved.

Form: 5306.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 600.

Frequency of Response: On occasion.

Estimated Total Number of Annual Responses: 600.

Estimated Time per Response: 13.75 hours.

Estimated Total Annual Burden Hours: 8,244.

Title: Gains and Losses from Section 1256 Contracts and Straddles.

OMB Control Number: 1545–0644.

Type of Review: Revision of a currently approved collection.

Description: Form 6781 is used by taxpayers to compute their gains and losses from Section 1256 contracts and straddles and their special tax treatment. The data is used to verify that the tax reported accurately reflects any such gains and losses.

Form: 6781.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 5,684.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 5,684.

Estimated Time per Response: 13.95 hours.

Estimated Total Annual Burden Hours: 79,292.

Title: Application for Enrollment to Practice before the Internal Revenue Service.

OMB Control Number: 1545–0950.

Type of Review: Revision of a currently approved collection.

Description: Form 23 must be completed by those who desire to be enrolled to practice before the Internal Revenue Service. The information on the form will be used by the Director of Practice to determine the qualifications and eligibility of applicants for enrollment.

Form: 23, 23–EP.

Affected Public: Individuals and households.

Estimated Number of Respondents: 5,429.

Frequency of Response: Once.

Estimated Total Number of Annual Responses: 5,429.

Estimated Time per Response: 30 minutes.

Estimated Total Annual Burden Hours: 2,715.

Title: Passive Activity Credit Limitations.

OMB Control Number: 1545–1034.

Type of Review: Extension without change of a currently approved collection.

Description: Under section 469, credits from passive activities, to the extent they do not exceed the tax attributable to net passive income, are not allowed. Form 8582–CR is used to figure the passive activity credit allowed and the amount of credit to be reported on the tax return.

Form: 8582–CR.

Affected Public: Individuals or Households.

Estimated Number of Respondents: 900,000.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 300,000.

Estimated Time per Response: 7.9 hours per response.

Estimated Total Annual Burden Hours: 2,370,600.

Title: Generation-Skipping Transfer Tax Return for Distributions.

OMB Control Number: 1545–1143.

Type of Review: Extension without change of a currently approved collection.

Description: Form 706–GS(D–1) is used by distributees to compute and report the Federal Generation Skipping Transfer tax imposed by IRC section 2601. IRS uses the information to enforce this tax and to verify that the tax has been properly computed.

Form: 706–GS(D–1).

Affected Public: Individuals or Households.

Estimated Number of Respondents: 80,000.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 80,000.

Estimated Time per Response: 4.36 hours per response.

Estimated Total Annual Burden Hours: 348,800.

Title: Form 706–GS(T)—Generation-Skipping Transfer Tax Return For Terminations.

OMB Control Number: 1545–1145.

Type of Review: Extension without change of a currently approved collection.

Description: Form 706–GS(T) is used by a trustee to figure and report the tax due from certain trust terminations that are subject to the generation-skipping transfer (GST) tax.

Forms: 706–GS(T).

Affected Public: Individuals or Households.

Estimated Number of Respondents: 100.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 500.

Estimated Time per Response: 1.37 Hours per response.

Estimated Total Annual Burden Hours: 684.

Title: Like-Kind Exchanges.

OMB Control Number: 1545–1190.

Type of Review: Extension without change of a currently approved collection.

Description: Form 8824 is used by individuals, partnerships, and other entities to report the exchange of business or investment property, and the deferral of gains from such transactions under section 1031. It is also used to report the deferral of gain under section 1043 by certain members of the executive branch of the Federal government.

Forms: 8824.

Affected Public: Individuals or Households.

Estimated Number of Respondents: 100.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 137,547.

Estimated Time per Response: 1.37 hours per response.

Estimated Total Annual Burden Hours: 665,269.

Title: (IA–38–90/TD 9436)Tax Return Preparer Penalties Under Sections 6694 and 6695.

OMB Control Number: 1545–1231.

Type of Review: Extension without change of a currently approved collection.

Description: This information is necessary to make the record of the name, taxpayer identification number, and principal place of work of each tax return preparer, make each return or claim for refund prepared available for inspection by the Commissioner of Internal Revenue, and to document that the tax return preparer advised the taxpayer of the penalty standards applicable to the taxpayer in order for the tax return preparer to avoid penalties under section 6694. The likely respondents are tax return preparers and their employers. These regulations implements amendments to the tax return preparer penalties under sections 6694 and 6695 of the Internal Revenue Code and related provisions under sections 6060, 6107, 6109, 6696, and 7701(a)(36) reflecting amendments to the Code made by section 8246 of the Small Business and Work Opportunity Tax Act of 2007 and section 506 of the Tax Extenders and Alternative Minimum Tax Relief Act of 2008. The final regulation affects tax return preparers and provides guidance regarding the amended provisions.

Form: None.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 684,268.

Frequency of Response: On Occasion.

Estimated Total Number of Annual Responses: 127,801,426.

Estimated Time per Response: .08 hours per response.

Estimated Total Annual Burden Hours: 10,679,320.

Title: Real Estate Mortgage Investment Conduits.

OMB Control Number: 1545–1276.

Type of Review: Extension without change of a currently approved collection.

Description: Section 860E(e) imposes an excise tax on the transfer of a residual interest in a REMIC to a disqualified party. The tax must be paid by the transferor of a pass-thru entity of which the disqualified party is an interest holder.

Forms: None.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 1,600.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 1,600.

Estimated Time per Response: .33 hours per response.

Estimated Total Annual Burden Hours: 525.

Title: Notice 97–45, Highly Compensated Employee Definition.

OMB Control Number: 1545–1550.

Type of Review: Extension without change of a currently approved collection.

Description: This notice provides guidance on the definition of a highly compensated employee within the meaning of section 414(q) of the Internal Revenue Code as simplified by section 1431 of the Small Business Job Protection Act of 1996, including an employer's option to make a top-paid group election under section 414(q)(1).

Forms: None.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 218,683.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 218,683.

Estimated Time per Response: .3 hours per response.

Estimated Total Annual Burden Hours: 65,605.

Title: Rev. Proc.97–43 and Revenue Ruling 97–39—Procedures for Electing Out of Exemptions Under Section 1.475(c)–1; and Rev. Rul. 97–39, Mark-to-Market Accounting Method for Dealers in Securities.

OMB Control Number: 1545–1558.

Type of Review: Revision of a currently approved collection.

Description: Revenue Procedure 97–43 provides taxpayers automatic consent to change to mark-to-market accounting for securities after the taxpayer elects under section 1.475(c)–1, subject to specified terms and conditions. Revenue Ruling 97–39 provides taxpayers additional mark-to-market guidance in a question and answer format.

Forms: None.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 20,200.

Frequency of Response: On Occasion.

Estimated Total Number of Annual Responses: 20,200.

Estimated Time per Response: 13.75 hours per response.

Estimated Total Annual Burden Hours: 451,000.

Title: Form 1041–QFT U.S. Income Tax Return for Qualified Funeral Trusts.

OMB Control Number: 1545–1593.

Type of Review: Extension without change of a currently approved collection.

Description: IRC section 685 allows the trustee of a qualified funeral trust to elect to report and pay the tax for the trust. Data is used to determine that the trustee filed the proper return and paid the correct tax.

Forms: 1041 QFT.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 15,000.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 15,000.

Estimated Time per Response: 18.5 hours per response.

Estimated Total Annual Burden Hours: 277,500.

Title: Aid of Construction Under Section 118(c).

OMB Control Number: 1545–1639.

Type of Review: Extension without change of a currently approved collection.

Description: TD 8936 contains final regulations concerning an exclusion from gross income for a contribution in aid of construction under section 118(c) that is treated as a contribution to capital under section 118(a). The final regulations affect a regulated public utility that provides water or sewerage services because a qualifying contribution in aid of construction is treated as a contribution to the capital of the utility and excluded from gross income. The final regulations provide guidance on the definition of a contribution in aid of construction, the adjusted basis of any property acquired with a contribution in aid of construction, the information relating to a contribution in aid of construction required to be furnished by the utility, and the time and manner for providing that information to the IRS.

Forms: Contribution in aid of construction.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 300.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 300.

Estimated Time per Response: 1 hour per response.

Estimated Total Annual Burden Hours: 300.

Title: Employee Plans Compliance Resolution System (EPCRS).

OMB Control Number: 1545–1673.

Type of Review: Revision of a currently approved collection.

Description: This revenue procedure updates the Comprehensive system of correction programs for sponsors of retirement plans that are intended to satisfy the requirements of §§ 401(a), 403(a), 403(b), 408(k), or 408(p) of the Internal Revenue Code, but that have not met these requirements for a period of time. This system (*http://www.irs.gov/Retirement-Plans/EPCRS-Overview*), the Employee Plans Compliance Resolution System (EPCRS), permits Plan Sponsors to correct these failures and thereby continue to provide their employees with retirement benefits on a tax-favored basis. The components of EPCRS are: Self-Correction Program (SCP)—permits a plan sponsor to correct certain plan failures without contacting the IRS or paying any fee. Voluntary Correction Program (VCP)—permits a plan sponsor to, any time before audit, pay a fee and receive IRS approval for correction of plan failures. Audit Closing Agreement Program (Audit CAP)—permits a plan sponsor to pay a sanction and correct a plan failure while the plan is under audit.

Forms: 14568, 14568–B, 14568–E, 14568–D, 14568–F, 14568–G, 14568–A, 14568–I, 14568–H, 14568–C, 8950.

Affected Public: Businesses or other for-profits, not-for-profit institutions.

Estimated Number of Respondents: 10,550.

Frequency of Response: Annually, On occasion.

Estimated Total Number of Annual Responses: 15,375.

Estimated Total Number of Annual Responses: 15,375.

Estimated Time per Response: 9.5 hours per response.

Estimated Total Annual Burden Hours: 190,941.

Title: TD 9715; Rev. Proc. 2015–26 (Formerly TD 9002; Rev Proc 2002–43), Agent for Consolidated Group.

OMB Control Number: 1545–1699.

Type of Review: Extension without change of a currently approved collection.

Description: Section 1501 of the Internal Revenue Code (the ''Code'') states that an affiliated group of corporations shall have the privilege of making a consolidated return with respect to the Federal income taxes for the taxable year in lieu of separate returns.

Section 1502 of the Code states that the Secretary of the Treasury shall prescribe such regulations as deemed necessary in order to determine, compute and assess the Federal income tax liability of any affiliated group of corporations making a consolidated Federal income tax return. The rules in Treas. Reg. §§ 1.1502–77, 1.1502–77A, and 1.1502–77B, Rev. Proc. 2002–43 and Rev. Proc. 2015–26 necessitate collecting information from taxpayers in order for the Commissioner to more effectively communicate with the agent to determine the group's Federal income tax liability.

Forms: None.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 100.

Frequency of Response: On Occasion.

Estimated Total Number of Annual Responses: 200.

Estimated Time per Response: 2 hours per response.

Estimated Total Annual Burden Hours: 400.

Title: Revenue Procedure 2000–37—Reverse Like-kind Exchanges (as modified by Rev Proc. 2004–51).

OMB Control Number: 1545–1701.

Type of Review: Extension without change of a currently approved collection.

Description: The revenue procedure provides a safe harbor for reverse like-kind exchanges under which a transaction using a ''qualified exchange accommodation arrangement'' will qualify for non-recognition treatment under Sec. 1031 of the Internal Revenue Code.

Forms: None.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 1,600.

Frequency of Response: On occasion.

Estimated Total Number of Annual Responses: 1,600.

Estimated Time per Response: 2 hours per response.

Estimated Total Annual Burden Hours: 3,200.

Title: New Markets Credit.

OMB Control Number: 1545–1804

Type of Review: Extension without change of a currently approved collection.

Description: The New Markets Tax Credit Program, enacted by Congress as part of the Community Renewal Tax Relief Act of 2000, is incorporated as section 45D of the Internal Revenue Code. This Code section permits individual and corporate taxpayers to receive a credit against federal income taxes for making Qualified Equity Investments in qualified community development entities. Form 8874 is used to claim the new markets credit for qualified equity investments made in qualified community development entities (CDEs). This credit is part of the general business credit.

Forms: 8874.

Affected Public: Businesses of other for-profits.

Estimated Number of Respondents: 101.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 101.

Estimated Time per Response: 4.87 hours per response.

Estimated Total Annual Burden Hours: 492.

Title: Health Coverage Tax Credit (HCTC) Monthly Registration and Update.

OMB Control Number: 1545–1842.

Type of Review: Revision of a currently approved collection.

Description: Form 13441–A, Health Coverage Tax Credit (HCTC) Monthly Registration and Update Form will be directly mailed to all individuals who are potentially eligible for the HCTC. Potentially eligible individuals will use this form to determine if they are eligible for the Health Coverage Tax Credit and to register for the HCTC program. Participation in this program is voluntary. This form will be submitted by the individual to the HCTC program office in a postage-paid, return envelope. We will accept faxed forms, if necessary. Additionally, recipients may call the HCTC call center for help in completing this form.

Forms: 13441–A, Monthly HCTC Group registration form.

Affected Public: Individuals or Households.

Estimated Number of Respondents: 5,146.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 5,146.

Estimated Time per Response: .5 hours per response.

Estimated Total Annual Burden Hours: 2,573.

Title: Golden Parachute Payments.

OMB Control Number: 1545–1851.

Type of Review: Extension without change of a currently approved collection.

Description: These regulations deny a deduction for excess parachute payments. A parachute payment is a payment in the nature of compensation to a disqualified individual that is contingent on a change in ownership or control of a corporation. Certain payments, including payments from a small corporation, are exempt from the definition of parachute payment if certain requirements are met (such as shareholder approval and disclosure requirements).

Forms: Golden parachute payments.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 800.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 800.

Estimated Time per Response: 15 hours per response.

Estimated Total Annual Burden Hours: 12,000.

Title: REG–138176–02 (TD 9543—Final) (Rev Proc 97–19) Timely Mailing Treated As Timely Filing.

OMB Control Number: 1545–1899.

Type of Review: Revision of a currently approved collection.

Description: Section 7502(a) of the Internal Revenue Code provides that a document received after the due date for filing will be treated as filed on the date of the United States postmark on the envelope containing the document if the postmark date is on or before the date for filing the document and the document is placed in the U.S. mail on or before the due date. Under I.R.C. Sec. 7502, in order for taxpayers to establish the postmark date and prima facie evidence of delivery when using registered or certified mail to file documents with the IRS, taxpayers will need to retain the sender's receipt.

Forms: None.

Affected Public: Individuals or Households.

Estimated Number of Respondents: 10,847,661.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 10,847,661.

Estimated Time per Response: .1 hours per response.

Estimated Total Annual Burden Hours: 1,085,618.

Title: Deduction for Energy Efficient Commercial Buildings.

OMB Control Number: 1545–2004.

Type of Review: Extension without change of a currently approved collection.

Description: Section 179D of the Internal Revenue Code provides a deduction for an owner of energy efficient commercial building property that is placed in service during the taxable year. This notice clarifies and amplifies Notice 2006–52, 2006–1 C.B. 1175. Notice 2006–52 provides a process that allows a taxpayer who owns a commercial building and installs property as part of the commercial building's interior lighting systems, heating, cooling, ventilation, and hot water systems, or building envelope to obtain a certification that the property satisfies the energy efficiency requirements of § 179D(c)(1) and (d) of the Internal Revenue Code. Notice 2006–52 also provides for a public list of software programs that may be used in calculating energy and power consumption for purposes of § 179D. Taxpayers are required by section 179D (statute) to certify each project for which they claim the 179D deduction. The Service has not added to that burden in Notice 2008–40 but simply provided guidance on how to complete the certification process required by the statute.

Forms: Deduction for Energy Efficient Commercial Buildings.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 21,767.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 21,767.

Estimated Time per Response: 5.79 hours per response.

Estimated Total Annual Burden Hours: 3,761.

Title: Tribal Evaluation of Filing and Accuracy Compliance (TEFAC)—Compliance Check Report.

OMB Control Number: 1545–2026.

Type of Review: Extension without change of a currently approved collection.

Description: As part of its overall compliance strategy, the Office of Indian Tribal Governments (ITG) routinely performs compliance checks. A compliance check involves checking entities current records for adherence to filing and reporting requirements, regulations, correctness and understanding of federal tax obligations. Form 13797 will be provided to tribes who elect to perform a self compliance check on any or all of their entities. This is a voluntary program and the entry is not penalized for non-completion of forms and withdrawal from the program. Upon completion, the information will be used by the Tribe and ITG to develop training needs, compliance strategies, and corrective actions.

Forms: 13797.

Affected Public: State, Local, and Tribal Governments.

Estimated Number of Respondents: 20.

Frequency of Response: On Occasion.

Estimated Total Number of Annual Responses: 20.

Estimated Time per Response: 22.35 hours per response.

Estimated Total Annual Burden Hours: 447.

Title: Application for Central Withholding Agreement; Directed Withholding and Deposit Verification; Application for Central Withholding Agreement Less than $10,000.

OMB Control Number: 1545–2102.

Type of Review: Revision of a currently approved collection.

Description: Form 13930 will be used by an individual who wishes to have a Central Withholding Agreement (CWA). This form instructs the individual on how to make his application for consideration. IRS Section 1441(a) requires withholding on certain payments of Non Resident Aliens (NRAs). Section 1.1441–4(b)(3) of the Income Tax Regulations provides that the withholding can be considered for adjustment if a CWA is applied for and granted. Form 13920 is used by withholding agents to verify to IRS that required deposits were made and give the amount of such deposits. Form 13930–A is the simplified version of Form 13930 for applicants with gross income less than $10,000.

Forms: 13930, 13920, 13930–A.

Affected Public: Individuals or Households, Businesses or other for-profits, not-for-profit institutions.

Estimated Number of Respondents: 11,400.

Frequency of Response: On Occasion.

Estimated Total Number of Annual Responses: 11,400.

Estimated Time per Response: 3.58 hours per response.

Estimated Total Annual Burden Hours: 40,800.

Title: Information Reporting for Payments Made in Settlement of Payment Card and Third-Party Network Transactions.

OMB Control Number: 1545–2205.

Type of Review: Extension without change of a currently approved collection.

Description: This information collection covers final regulations implementing amendments to the Income Tax Regulations (26 CFR part 1) relating to information reporting under sections 6041, 6041A, 6050W, and 6051 of the Internal Revenue Code (Code). The form reflects payments made in settlement of merchant card and third-party network transactions for purchases of goods and/or services made with merchant cards and through third-party networks.

Forms: 1099–K.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 9,436,100.

Frequency of Response: Annually.

Estimated Total Number of Annual Responses: 9,436,100.

Estimated Time per Response: .48 hours per response.

Estimated Total Annual Burden Hours: 4,529,328.

Authority: 44 U.S.C. 3501 *et seq.*

Dated: August 22, 2019.

Department of Housing and Urban Development

Announcement of Funding Awards; Notice

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–6200–FA–19, FR–6200–FA–25, FR–6200–FA–34, & FR–6200–FA–39]

Announcement of Funding Awards

AGENCY: Office of Business Transformation, HUD.

ACTION: Notice.

SUMMARY: In accordance with the Department of Housing and Urban Development (HUD) Reform Act of 1989, this announcement notifies the public of funding decisions made by the Department in competitions for funding under the Notices of Funding Availability (NOFAs) for the following programs: FY 2018 Self-Help Homeownership Opportunity Program (SHOP) Competition, FY 2018 Continuum of Care Program Competition, FY 2018 Choice Neighborhoods Implementation; and The FY 2018 Veterans Housing Rehabilitation Modification Pilot Program.

FOR FURTHER INFORMATION CONTACT: Office of Business Transformation, Grants Management and Oversight Division at *AskGMO@hud.gov* or the contact person listed in each appendix.

SUPPLEMENTARY INFORMATION: The FY 2018 Self-Help Homeownership Opportunity Program (SHOP) competition was announced in the NOFA published on *grants.gov* on September 12, 2018, FR–6200–N–19 and which closed on November 12, 2018. Applications were rated and selected for funding based on selection criteria contained in the NOFA. HUD awarded 4 recipients $10,000,000 for eligible national and regional non-profit organizations and consortia to purchase home sites and develop or improve the infrastructure needed to set the stage for sweat equity and volunteer-based homeownership programs for low-income persons and families. Through this NOFA, HUD is making $10,000,000 of FY2018 Self-Help Homeownership Opportunity Program (SHOP) grant funds available to national and regional non-profit organizations and consortia. SHOP funds must be used for eligible expenses to develop decent, safe and sanitary non-luxury housing for low-income persons and families who otherwise would not be able to afford to become homeowners.

The FY 2018 Continuum of Care Program competition was announced in the NOFA published on grants.gov on June 20, 2018, FR–6200–N–25 and which closed on September 18, 2018. Applications were rated and selected for funding based on selection criteria contained in the NOFA. HUD awarded to 6,791 recipients $2,167,075,776 to house persons experiencing homelessness throughout the country. This NOFA also included up to $50 million for Domestic Violence (DV) Bonus projects.

The FY 2018 Choice Neighborhoods Implementation Grants competition was announced in the NOFA published on grants.gov on May 18, 2018, FR–6200–N–34 and which closed on September 18, 2018. Applications were rated and selected for funding based on selection criteria contained in the NOFA. HUD awarded 3 recipients $85,000,000 to leverage significant public and private dollars to support locally driven strategies that address struggling neighborhoods with distressed public or HUD-assisted housing through a comprehensive approach to neighborhood transformation. Local leaders, residents, and stakeholders, such as public housing authorities, cities, schools, police, business owners, nonprofits, and private developers, come together to create and implement a plan that revitalizes distressed HUD housing and addresses the challenges in the surrounding neighborhood. The program helps communities transform neighborhoods by revitalizing severely distressed public and/or assisted housing and catalyzing critical improvements in the neighborhood, including vacant property, housing, businesses, services and schools.

The FY2018 Veterans Housing Rehabilitation Modification Pilot Program competition was announced in the NOFA published on *grants.gov* on April 19, 2018, FR–6200–N–39 and which closed on June 25, 2018. Applications were rated and selected for funding based on selection criteria contained in the NOFA. HUD awarded 8 recipients $7,430,000 to explore the potential benefits of awarding grants to nonprofit organizations to rehabilitate and modify the primary residence of veterans who are low-income and living with disabilities.

In accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989 (103 Stat. 1987, 42 U.S.C. 3545(a)(4)(C)), the Department is publishing the awardees and the amounts of the awards in Appendix A to this document.

Dated: August 20, 2019.

Dorthera Yorkshire,

Acting Director, Grants Management and Oversight.

ELECTRONIC RESEARCH

World Wide Web

Full text of the daily Federal Register, CFR and other publications is located at: **www.govinfo.gov.**

Federal Register information and research tools, including Public Inspection List and electronic text are located at: **www.federalregister.gov.**

E-mail

FEDREGTOC (Daily Federal Register Table of Contents Electronic Mailing List) is an open e-mail service that provides subscribers with a digital form of the Federal Register Table of Contents. The digital form of the Federal Register Table of Contents includes HTML and PDF links to the full text of each document.

To join or leave, go to **https://public.govdelivery.com/accounts/USGPOOFR/subscriber/new**, enter your email address, then follow the instructions to join, leave, or manage your subscription.

PENS (Public Law Electronic Notification Service) is an e-mail service that notifies subscribers of recently enacted laws.

To subscribe, go to **http://listserv.gsa.gov/archives/publaws-l.html and select** *Join or leave the list (or change settings);* then follow the instructions.

FEDREGTOC and **PENS** are mailing lists only. We cannot respond to specific inquiries.

Reference questions. Send questions and comments about the Federal Register system to: **fedreg.info@nara.gov**

The Federal Register staff cannot interpret specific documents or regulations.

LIST OF PUBLIC LAWS

This is a continuing list of public bills from the current session of Congress which have become Federal laws. This list is also available online at *http://www.archives.gov/federal-register/laws*.

The text of laws is not published in the **Federal Register** but may be ordered in ''slip law'' (individual pamphlet) form from the Superintendent of Documents, U.S. Government Publishing Office, Washington, DC 20402 (phone, 202–512–1808). The text will also be made available on the Internet from GPO's Federal Digital System (FDsys) at *http://www.gpo.gov/fdsys*. Some laws may not yet be available.

H.R. 1250/P.L. 116–55
To designate the facility of the United States Postal Service located at 11158 Highway 146 North in Hardin, Texas, as the ''Lucas Lowe Memorial Post Office''. (Aug. 23, 2019; 133 Stat. 1088)

H.R. 3245/P.L. 116–56
Restore the Harmony Way Bridge Act (Aug. 23, 2019; 133 Stat. 1089)

Last List August 27, 2019

Public Laws Electronic Notification Service (PENS)

PENS is a free electronic mail notification service of newly enacted public laws. To subscribe, go to *http://listserv.gsa.gov/archives/publaws-l.html*

Note: This service is strictly for E-mail notification of new laws. The text of laws is not available through this service. **PENS** cannot respond to specific inquiries sent to this address.
