NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

# II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because doing so would be impracticable and contrary to the public interest. The final details for this event were not known to the Coast Guard until there was insufficient time remaining before the event to publish an NPRM. Thus, delaying the effective date of this rule to wait for a comment period to run would be both impracticable and contrary to the public interest because it would inhibit the Coast Guard's ability to protect the public, vessels, mariners, and property from the hazards associated with a fireworks display on May 26, 2019.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. For the same reasons discussed in the preceding paragraph, waiting for a 30 day notice period to run would be impracticable and contrary to the public interest.

#### III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231); 33 CFR 1.05–1, 160.5; Department of Homeland Security Delegation No. 0170.1.

A fireworks display will take plan on Fox River in De Pere, WI on May 26, 2019 from 9 p.m. through 11 p.m. The Captain of the Port Lake Michigan has determined that this fireworks display will pose a significant risk to public safety and property. Such hazards include premature and accidental detonations, falling and burning debris, and collisions among spectator vessels.

#### IV. Discussion of the Rule

With the aforementioned hazards in mind, the Captain of the Port Lake Michigan has determined that this temporary safety zone is necessary to protect persons and vessels during the fireworks display in the waters of the Fox River, in De Pere, WI. This zone is effective and will be enforced from 9 p.m. through 11 p.m. on May 26, 2019. The safety zone will be enforced for all navigable waters of the Fox River, in the vicinity of Green Bay Metropolitan Sewerage District, De Pere facility and the Northern pier of the Perkofski Boat Launch within an area bounded by the following coordinates; at 44°27'43.26" N 88°03'34.86" W (NAD 83) continuing east across the Fox River to 44°27'41.18" N 88°03′24.32″ W (NAD 83) then south along the riverbank to 44°27′18.10″ N 88°03'40.79" W (NAD 83) then west across the Fox River to 44°27'32.12" N 88°04'06.21" W (NAD 83) then north returning to the point of origin.

Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the Captain of the Port Lake Michigan or his or her designated on-scene representative. The Captain of the Port or his or her designated on-scene representative may be contacted via VHF Channel 16.

#### V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

## A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a
