In the Spring of 2014, consistent with 40 CFR 2.209, the FDA requested access to information substances that may be present in foods (including animal food and feed), animal drugs, and cosmetics which is collected under the authority of the TSCA and FIFRA. This action gives notice that FDA will be given access to materials collected through the authority of TSCA and FIFRA, including information claimed as CBI. The access

to this material is contemplated in a memorandum of understanding between the two agencies. The expectation is that the two agencies will share, on a reciprocal and as-needed basis, information, including non-public information, which may facilitate implementation of the agencies' respective programs. This activity is intended to maximize the utility of data collected under those statutes, and enhance the efficiency of the participants' regulatory processes and facilitate better risk management activities.

EPA is issuing this notice to inform all submitters of information under all sections of TSCA and FIFRA, that EPA may provide FDA access to these CBI materials on a need-to-know basis only. All access to TSCA and FIFRA CBI under this agreement will take place at FDA Headquarters located at 4300 River Road, College Park, MD.

Clearances for access to TSCA and FIFRA CBI under this arrangement may continue until terminated by either party.

FDA personnel will be briefed on appropriate security procedures before they are permitted access to the CBI.
