Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the "Coverage of Certain Preventive Services Under the Affordable Care Act" information collection. The information collection requires any plan established or maintained by certain religious employers (and group health insurance coverage provided in connection with such a plan) claiming exemption to providing contraceptive service to self-certify that it meets the definition of an eligible organization. The eligible organization provides its health insurance issuer or third-party administrator with a copy of the self-certification. A third-party administrator arranging or providing payments for contraceptive services at no cost to participants and beneficiaries in insured or self-insured plans (or student enrollees and covered dependents in student health insurance coverage) of an eligible organization is to provide a written notice to plan participants and beneficiaries (or such student enrollees and covered dependents) informing them of the availability of such payments. The notice must be provided contemporaneous with (to the extent possible) but separate from plan enrollment (or re-enrollment) materials, and must specify that contraceptive coverage will not be provided by the eligible organization but that the third-party administrator will separately arrange or provide payments for contraceptive services. The notice must also provide contact information for the third-party administrator for questions and complaints. To satisfy the notice requirement, a third-party administrator may use the model language set forth in the final regulations or substantially similar language. Form EBSA-700, Eligible Organization Self-Certification, may be used to make the certification to the insurer. Interim final regulations issued in 2014 provide for an alternative notification to the Federal government when an eligible organization has a religious objection to providing contraceptive coverage that still preserves participants' and beneficiaries' access to coverage for the

full range of Food and Drug Administration approved contraceptives, as prescribed by a health care provider, without cost sharing. Employee Retirement Income Security Act of 1974 section 307 authorizes this collection. *See* 29 U.S.C. 1185b.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210-0150.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on February 28, 2015. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on December 11, 2014 (79 FR 73629).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1210-0150. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who

are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Notice of Final Payment or Suspension of Compensation Benefits information collection. The Notice of Final Payment or Suspension of Compensation Benefits, Form LS-208, is used by insurance carriers and self-insured employers to report the payment of benefits under the Longshore and Harbors Workers Compensation Act. This information collection has been classified as a revision, because the Department has made cosmetic changes to the Form LS-208, such as expanding the size and types of boxes used for responding. These changes are not expected to change the public burden. Longshore and Harbor Workers' Compensation Act section 914(g) authorizes this collection. See 33 U.S.C. 914(g).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of

law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0041. The current approval is scheduled to expire on February 28, 2015; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on December 1, 2014 (79 FR 71130).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. - Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

DEPARTMENT OF LABOR

Employment and Training Administration

Notice To Ensure State Workforce Agencies Are Aware of the Revised Schedule of Remuneration for the Unemployment Compensation for Ex-Servicemembers (UCX) Program That Reflects the Military Pay Increase Effective January 1, 2015

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: Each year, the Department of Defense issues a Schedule of Remuneration that may be used by states, as needed, for UCX purposes. States must use the schedule to determine Federal military wages for UCX "first claims" only when the Federal Claims Control Center (FCCC) responds to a request for information indicating that there is no Copy 5 of the Certificate of Release or Discharge from Active Duty (DD Form 214) for an individual under the social security number provided. A response from the FCCC that indicates "no DD214 on file" will prompt the state to start the affidavit process and to use the attached schedule to calculate the Federal military wages for an unemployment insurance or UCX monetary determination.

The schedule applies to UCX "first claims" filed beginning with the first day of the first week that begins on or after January 1, 2015, pursuant to the UCX program regulations (see 20 CFR 614.12(c)). States must continue to use the existing schedule for UCX "first claims" filed before the effective date of the revised schedule.

Portia Wu,

Assistant Secretary for Employment and Training, Labor.
