This collection of information involves nine miscellaneous activities described in section 758 of the Export Administration Regulations (EAR) that are associated with the export of items controlled by the Department of Commerce. Most of these activities do not involve submission of documents to BIS but instead involve exchange of documents among parties in the export transaction to insure that each party understands its obligations under U.S. law. Others involve writing certain export control statements on shipping documents or reporting unforeseen changes in shipping and disposition of exported commodities.
