VA is amending the system name, expanding the authority listed for maintenance of the system, clarifying storage location, and updating the address for notification and record access procedures. VA is republishing the system notice in its entirety.

DATES: This amended system of record will be effective March 3, 2015.

FOR FURTHER INFORMATION CONTACT: William F. Russo, Privacy Officer, or Janet Coleman, Chief, Office of Regulation Policy and Management (02REG), Office of the General Counsel, Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, (202) 461-4902.

SUPPLEMENTARY INFORMATION: A Notice of Establishment of New System of Records was published in the **Federal Register** on February 9, 2007 (72 FR 6315), and amended on March 25, 2008 (73 FR 15856).

I. Description of the System of Records

The Department of Veterans Affairs Federal Docket Management System (VAFDMS) serves as a central, electronic repository for VA rulemaking and non-rulemaking dockets including **Federal Register** rules, notices, supporting materials such as scientific and economic analyses, and public comments. The portion of VAFDMS information that comes under the Privacy Act is personal identifying information (name and contact address/email address). This information permits VA to identify individuals who have submitted comments in response to VA rulemaking documents or notices so that communications or other actions, as appropriate and necessary, can be effected, such as clarification of

the comment, direct response to a comment, and other activities associated with the rulemaking or notice process. Identification is possible only if the individual voluntarily provides identifying information when submitting a comment. If such information is not furnished, the submitted comments and/or supporting documentation cannot be linked to an individual.

VAFDMS permits members of the public to search posted public comments received by name of the individual submitting the comment on the regulations.gov Web site. All the contents of posted comments are searchable. Unless the individual submits the comment anonymously, a name search will result in the comment being displayed for view. If the comment is submitted electronically using VAFDMS, the viewed comment will not include the name of the submitter or any other identifying information about the individual except the information that the submitter has opted to include as part of his or her general comment. If a comment is submitted by an individual on his or her own behalf, in writing, that has been scanned and uploaded into VAFDMS, unless the individual submits the comment anonymously, the submitter's name will be on the comment, but other personally identifying information will be redacted before it is scanned and posted. Comments submitted on behalf of organizations in writing that have to be scanned and uploaded into VAFDMS, may not be redacted.

II. Proposed Update to Authority for Maintenance of the System

VA is adding to the authority listed for the system so as to better guide individuals if they are researching the authority.

III. Proposed Amendments to System Name

VA is renaming the system of records to reflect the categories of individuals on whom information is maintained, and to update the originating office name that changed from 00REG to 02REG. Thus “Department of Veterans Affairs Federal Docket Management System (VAFDMS)—(140VA00REG)” is renamed as, “Department of Veterans Affairs Federal Docket Management System Commenter Information (VAFDMS—Commenter Info)—(140VA02REG)”.

IV. Proposed Amendment to Storage

VA is providing greater detail as to where records are stored.

V. Proposed Update to the Address for Notification and Record Access Procedures

VA is updating the mailbox address for the office for notification and record access procedures from 00REG to 02REG.

VI. Proposed Update To Record Source Categories

VA is correcting the Record Source Categories to correctly list both individuals and public or private organizations. Formerly only “individuals” was listed.

Under 5 U.S.C. 552a(r) (Privacy Act), as amended, and guidelines issued by OMB published at 65 FR 77677 on December 12, 2000, these proposed minor changes do not need to be reported to Congressional Committees or the Director of the Office of Management and Budget before implementation.

Signing Authority

The Secretary of Veterans Affairs, or designee, approved this document and authorized the undersigned to sign and submit the document to the Office of the Federal Register for publication electronically as an official document of the Department of Veterans Affairs. Jose D. Riojas, Chief of Staff, approved this document on February 12, 2015 for publication.

Dated: February 25, 2015.

7. VA may, on its own initiative, disclose any information or records to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that the integrity or confidentiality of information in the system of records has been compromised; (2) VA has determined that as a result of the suspected or confirmed compromise, there is a risk of embarrassment or harm to the reputations of the record subjects, harm to economic or property interests, identity theft or fraud, or harm to the security, confidentiality, or integrity of this system or other systems or programs (whether maintained by the Department or another agency or entity) that rely upon the potentially compromised information, and (3) the disclosure is to agencies, entities, or persons whom VA determines are reasonably necessary to assist or carry out the Department's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm.
