SUPPLEMENTARY INFORMATION: The Advisory Council on Historic Preservation (ACHP) is an independent federal agency that promotes the preservation, enhancement, and sustainable use of our nation’s diverse historic resources, and advises the President and the Congress on national historic preservation policy. The goal of the National Historic Preservation Act (NHPA), which established the ACHP in 1966, is to have federal agencies act as responsible stewards of our nation’s resources when their actions affect historic properties. The ACHP is the only entity with the legal responsibility to encourage federal agencies to factor historic preservation into federal project requirements. For more information on the ACHP, please visit our Web site at www.achp.gov.

The agenda for the upcoming quarterly meeting of the ACHP is the following:

SUPPLEMENTARY INFORMATION:

Background and Purpose

On February 13, 2015, President Obama signed Executive Order 13691 intended to enable and facilitate "private companies, nonprofit organizations, and executive departments and agencies . . . to share information related to cybersecurity risks and incidents and collaborate to
respond in as close to real time as possible.” The order addresses two concerns the private sector has raised:

- How can companies share information if they do not fit neatly into the sector-based structure of the existing Information Sharing and Analysis Centers (ISACs)?
- If a group of companies wants to start an information sharing organization, what model should they follow? What are the best practices for such an organization?

ISAOs may allow organizations to robustly participate in DHS information sharing programs even if they do not fit into an existing critical infrastructure sector, seek to collaborate with other companies in different ways (regionally, for example), or lack sufficient resources to share directly with the government. ISAOs may participate in existing DHS cybersecurity information sharing programs and contribute to near-real-time sharing of cyber threat indicators.

Information on Service for Individuals With Disabilities

For information on facilities or services for individuals with disabilities or to request special assistance at the public meeting, contact ISAO@hq.dhs.gov and write “Special Assistance” in the subject box or contact the meeting coordinator, Mr. Michael Echols, 7 days prior to the meeting by using the contact information in the FOR FURTHER INFORMATION CONTACT section of this notice. Requests made after March 11, 2015 might not be able to be accommodated.

We encourage you to participate in this meeting by commenting orally, or submitting written comments to the DHS personnel attending the meeting who are identified to receive them. These comments will be posted to the online docket and will include any personal information you have provided.

In the event that DHS does not have appropriations as of Monday, March 16, 2015 by 11:59 p.m., the meeting is cancelled until further notice.

Submitting Other Written Comments

You may also submit written comments to the docket before or after the meeting using any one of the following methods:

1. Federal eRulemaking Portal: http://www.regulations.gov. Although comments are being submitted to the Federal eRulemaking Portal, this is a tool to provide transparency to the general public, not because this is a rulemaking action.
2. Email: ISAO@hq.dhs.gov. Include the docket number in the subject line of the message.

To avoid duplication, please use only one of these four methods. All comments and related material submitted after the meeting must either be submitted to the online docket on or before April 19, 2015, or reach the Docket Management Facility by that date.

Andy Ozment,
Assistant Secretary for Cybersecurity and Communications, National Protection and Programs Directorate, Department of Homeland Security.
