

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (1) Significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) by its terms does not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative for 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest as it will allow the Exchange to avoid potential investor confusion during the operative delay period by immediately eliminating exchange rules that account for a routing option that the Exchange can no longer provide due to LavaFlow ECN's cessation of operations.¹¹ Accordingly, the Commission hereby grants the Exchange's request and designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

⁹ 15 U.S.C. 78s(b)(3)(A).

¹⁰ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to provide the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has met this requirement.

¹¹ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-74382; File No. SR-NYSEARCA-2015-10]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending the NYSE Arca Options Fee Schedule

February 26, 2015.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on February 18, 2015, NYSE Arca, Inc. (the "Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE Arca Options Fee Schedule ("Fee Schedule") by adding to the Fee Schedule information regarding the number of option issues a Market Maker may have in their assignment in relation to the number of OTPs a Market Maker has. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text

¹² 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule by adding to the Fee Schedule information from Rule 6.35(d)(1)–(4) regarding the number of options issues a Market Maker may have in its assignment in relation to the number of OTPs a Market Maker has.

The Fee Schedule sets forth the fees and charges that participants on the Exchange can be expected to pay. However, NYSE Arca Market Makers need to refer to Rule 6.35 (d)(1) to (4) to ascertain the number of OTPs they are required to have depending on the number of option issues in their assignment. The Exchange is proposing to include this information in the Fee Schedule so that Market Makers have a single reference point to ascertain fees associated with their activities on the Exchange.⁴ In particular, because the Exchange charges a fee for each OTP assigned to an OTP Holder or OTP Firm (“OTPs”), the rule text identifies the fee structure by setting forth the number of trading permits that are required of OTPs acting as Market Makers according to the number of options issues included in their appointment.

Rule 6.35 (d)(1) to (4) sets forth the trading appointments of participants acting as Market Makers on the Exchange as follows:

(1) Market Makers with 1 OTP may have up to 100 option issues included in their appointment.

(2) Market Makers with 2 OTPs may have up to 250 option issues included in their appointment.

(3) Market Makers with 3 OTPs may have up to 750 option issues included in their appointment.

(4) Market Makers with 4 OTPs may have all option issues traded on the Exchange included in their appointment.

The Exchange proposes to add the information from Rule 6.35(d)(1)–(4) to the Fee Schedule under “NYSE Arca

GENERAL OPTIONS and TRADING PERMIT (OTP) FEES,” subsection “NYSE Arca Market Makers.” Because the current fee schedule sets forth the monthly OTP Fees for NYSE Arca Market Makers, the Exchange proposes to delete this text and add the substance of the OTP fees back in a table format, together with the number of option issues permitted in a Market Maker’s assignment depending on the OTPs held by such Market Maker as set forth in Rule 6.35(d)(1)–(4). The proposed fee schedule would read as follows:

<i>Monthly fee per OTP</i>	<i>Number of issues permitted⁵ in Market Maker's quoting assignmentmaker</i>
<i>\$6,000 for 1st OTP</i>	<i>Up to 100 option issues.</i>
<i>\$5,000 for the 2nd OTP.</i>	<i>Up to 250 option issues.</i>
<i>\$4,000 for the 3rd OTP.</i>	<i>Up to 750 option issues.</i>
<i>\$3,000 for the 4th OTP.</i>	<i>All option issues traded on the Exchange.</i>
<i>\$1,000 for the 5th and additional OTPs.</i>	<i>All option issues traded on the Exchange.</i>

The Exchange is not proposing any change in the number of OTPs required by Market Makers. The Exchange believes its proposed change would make the Fee Schedule more comprehensive, thereby better informing members.⁶

For consistency, the Exchange also proposes to make a non-substantive formatting change to how it presents and formats the information related to OTP fees for Floor Brokers, Office, and Clearing Firms to align with the proposed changes to Market Maker OTP fees. The Exchange believes this proposed change would add clarify [sic] and consistency to the Fee Schedule.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Securities Exchange Act of 1934 (the “Act”),⁷ in general, and furthers the objectives of Section 6(b)(4)

⁵ The Commission notes that the Exhibit 5 submitted with this proposed rule change says “Number of Options Issues Permitted in Market Makers Assignment.”

⁶ Following effectiveness of this proposal, the Exchange plans to file an amendment to Rule 6.35 (Market Maker Appointments), which would include replacing the text of Rule 6.35(d)(1)–(4) with a reference to the Fee Schedule. The proposed change to the Fee Schedule is not contingent upon effectiveness of the changes to Rule 6.35. Until any changes are made to Rule 6.35, the information about the number of option issues permitted in a Market Maker’s assignment in relation to the number of OTPs it holds will appear in both the Fee Schedule and Rule 6.35.

⁷ 15 U.S.C. 78f(b).

of the Act,⁸ in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes that the proposed change is reasonable, equitable and not unfairly discriminatory because including in the Fee Schedule the number of permits required of OTP Holders and OTP Firms acting as Market Makers on the Exchange from Rule 6.35 (d)(1) through (4) improves the clarity and transparency of the Fee Schedule, which is to the benefit of all market participants who would be better able to understand the basis for Exchange fees.

The Exchange believes that the proposed non-substantive formatting changes, including to re-organize how it presents information regarding OTP fees (e.g., streamlined information from current rule text, together with information from Rule 6.35(d)(1)–(4)), would likewise add to the clarity, transparency and comprehensibility of the Fee Schedule to the benefit of all market participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. As noted above, the Exchange believes the proposed change will enhance to [sic] comprehensibility of the Fee Schedule to the benefit of all market participants, which is pro-competitive.

The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and credits to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁹ of the Act and subparagraph (f)(2) of Rule 19b-4¹⁰ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹¹ of the Act to determine whether the proposed rule change should be approved or disapproved.
