SUPPLEMENTARY INFORMATION:**I. Background**

Under the foreign labor certification programs administered by ETA, SWAs are funded through annually reimbursable grants to conduct certain activities that support the processing of applications for temporary labor certification filed by U.S. employers in order to hire foreign workers in the H–2B or H–2A visa categories to perform agricultural or nonagricultural services or labor. Under the grant agreements, SWAs must review and transmit through the intrastate and interstate systems job orders submitted by employers in order to recruit U.S. workers prior to filling the job openings with foreign workers.

In order to effectively monitor the administration of foreign labor certification activities by the SWAs, the Department requires the SWAs to report their workloads related to these activities on a quarterly basis. This collection of information is conducted through Form ETA–9127, *Foreign Labor Certification Quarterly Activity Report*. This report is critical for ensuring accountability and for future program management, including budget and workload management. ETA intends to revise the information collection by clarifying the ETA–9127 instructions and making minor changes to the PRA disclosure on the form.

II. Review Focus

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
