[Project No., 2232-610]

Duke Energy Carolinas, LLC; Notice of Effectiveness of Withdrawal of Rehearing Request

On August 11, 2009, Duke Energy Carolinas, LLC (Duke Energy), filed a petition asking the Commission to declare that the state of South Carolina has waived its water quality certification for the relicensing of Duke Energy's Catawba-Wateree Hydroelectric Project No. 2232. On April 17, 2014, the Commission denied the petition.¹ On May 16, 2014, Duke Energy filed a request for rehearing. By delegated order issued June 16, 2014, rehearing was granted for the limited purpose of further consideration.

On August 5, 2014, based on an agreement among Duke Energy, two environmental stakeholders, and South Carolina's water quality agency, Duke Energy filed a motion to stay deliberation on the rehearing request. On February 18, 2015, having received a final water quality certification from the state, Duke Energy filed a notice of withdrawal of its rehearing request.

Pursuant to Rule 216 of the Commission's Rules of Practice and Procedure,² the withdrawal of any pleading is effective at the end of 15 days from the date the notice of withdrawal is filed if, within that period, no motion in opposition to the notice is filed and the Commission takes no action disallowing withdrawal. The 15-day period closed on March 5, 2015. No such pleading was filed, and the Commission took no such action. Accordingly, Duke Energy's rehearing request is withdrawn and this proceeding is thereby terminated.

Any person filing to intervene or the Commission's staff may, pursuant to section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205) file a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission.
