

in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through April 30, 2015. Public comments were previously requested via the **Federal Register** (79 FR 30117) on May 27, 2014 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before April 15, 2015.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA–HQ–OECA–2014–0093, to (1) EPA online using www.regulations.gov (our preferred method), by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460, and (2) OMB via email to oir_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 564–2970; fax number: (202) 564–0050; email address: yellin.patrick@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: Potential respondents are owners and operators of coal- and oil-fired electric utility steam generating units (EGUs). The final rule regulates

HCl, filterable PM, Hg, and organic HAP from coal-fired EGUs. For oil-fired EGUs, the final rule regulates HCl, HF, filterable PM, and organic HAP. Following initial performance tests, owners/operators of EGUs will be required to demonstrate compliance with emission limits through continuously monitoring PM, Hg, HCl, and HF (oil-fired EGUs) emissions. The final rule includes a work practice standard for organic HAP; the work practice standard requires the implementation of periodic burner tune-up procedures. Respondents will be required to notify EPA of performance tests and CEMS demonstrations, and to maintain records demonstrating compliance with each emission limit and work practice standard. This information is being collected to assure compliance with 40 CFR part 63, subpart UUUUU.

Form Numbers: None.

Respondents/affected entities: Owners and operators of coal and oil-fired EGUs.

Respondent's obligation to respond: Mandatory (40 CFR part 63, subpart UUUUU).

Estimated number of respondents: 1,254 (total).

Frequency of response: Initially, occasionally and semiannually.

Total estimated burden: 670,241 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$67,306,156 (per year), includes \$1,685,748 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is a decrease of 30,055 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. These changes are because the standard has been in effect for more than three years and the requirements are different during initial compliance as compared to on-going compliance.

Courtney Kerwin,

Acting Director, Collection Strategies Division.

BILLING CODE 6560–50–P

EXPORT-IMPORT BANK OF THE UNITED STATES

[Public Notice: 2015–0007]

Application for Final Commitment for a Long-Term Loan or Financial Guarantee in Excess of \$100 Million: AP088968XX

AGENCY: Export-Import Bank of the United States.

ACTION: Notice.

SUMMARY: This Notice is to inform the public, in accordance with Section 3(c)(10) of the Charter of the Export-Import Bank of the United States (“Ex-Im Bank”), that Ex-Im Bank has received an application for final commitment for a long-term loan or financial guarantee in excess of \$100 million (as calculated in accordance with Section 3(c)(10) of the Charter). Comments received within the comment period specified below will be presented to the Ex-Im Bank Board of Directors prior to final action on this Transaction. Comments received will be made available to the public.

DATES: Comments must be received on or before April 10, 2015 to be assured of consideration before final consideration of the transaction by the Board of Directors of Ex-Im Bank.

ADDRESSES: Comments may be submitted through Regulations.gov at WWW.REGULATIONS.GOV. To submit a comment, enter EIB–2015–0007 under the heading “Enter Keyword or ID” and select Search. Follow the instructions provided at the Submit a Comment screen. Please include your name, company name (if any) and EIB–2015–0007 on any attached document.

SUPPLEMENTARY INFORMATION:

Reference: AP088968XX.

Purpose And Use:

Brief description of the purpose of the transaction: To support the export of U.S.-manufactured commercial aircraft to China.

Brief non-proprietary description of the anticipated use of the items being exported: To be used for airline service in China and between China and regional destinations. To the extent that Ex-Im Bank is reasonably aware, the item(s) being exported are not expected to produce exports or provide services in competition with the exportation of goods or provision of services by a United States industry.

Parties: Principal Supplier: The Boeing Company, Obligor: Hainan Airlines, Guarantor(s): N/A.

Description Of Items Being Exported: Boeing 737 aircraft.

Information On Decision: Information on the final decision for this transaction will be available in the “Summary Minutes of Meetings of Board of Directors” on <http://exim.gov/newsandevents/boardmeetings/board/>.

Confidential Information: Please note that this notice does not include confidential or proprietary business information; information which, if disclosed, would violate the Trade Secrets Act; or information which would jeopardize jobs in the United

States by supplying information that competitors could use to compete with companies in the United States.

Lloyd Ellis,

Program Specialist, Office of the General Counsel.

FEDERAL COMMUNICATIONS COMMISSION

[DA 15-116]

Media Bureau Designates May 29, 2015 as Pre-Auction Licensing Deadline; May 29, 2015 Deadline Also Applicable to Class A Television Stations Converting to Digital

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: This document announces that May 29, 2015 has been established as the Pre-Auction Licensing Deadline. This is the date by which full power and Class A facilities must be licensed or have on file with the Commission a license to cover application in order to be protected in the repacking process or be eligible for voluntary relinquishment of spectrum usage rights as part of the television incentive auction.

DATES: The Pre-Auction Licensing Deadline for all full power and Class A television facilities is May 29, 2015.

FOR FURTHER INFORMATION CONTACT: Kevin Harding or Evan Morris, Video Division, Media Bureau, Federal Communications Commission, (202) 418-1600.

SUPPLEMENTARY INFORMATION: The Media Bureau has designated May 29, 2015, as the Pre-Auction Licensing Deadline by which full power and Class A facilities must be licensed in order to be eligible for protection in the repacking process that will be part of the television incentive auction. The Pre-Auction Licensing Deadline will also determine which facilities are eligible for voluntary relinquishment of spectrum usage rights in the incentive auction. The term "licensed" encompasses both licensed facilities and those subject to a pending license to cover application (*i.e.*, FCC Form 302-DTV or 302-CA).

In the *Incentive Auction R&O*, the Commission concluded that all full power and Class A facilities that were licensed as of February 22, 2012, are entitled to mandatory protection. The Commission also concluded that the public interest would be served by extending discretionary protection to

certain categories of facilities that were not licensed as of February 22, 2012; however, with limited exception, it required that these facilities be licensed by the Pre-Auction Licensing Deadline. See *Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions*, GN Docket No. 12-268, *Report and Order*, 29 FCC Rcd 6567 (2014) (*Incentive Auction R&O*). Although some of the facilities that are subject to discretionary protection have already been licensed, there are still authorized facilities in the following categories that remain unlicensed at this time including: (1) Full power facilities authorized in outstanding construction permits issued to effectuate a channel substitution for a licensed station. This includes construction permits for stations seeking to relocate from channel 51 pursuant to voluntary relocation agreements with Lower 700 MHz A Block licensees; (2) Modified facilities of full power and Class A stations that were authorized by construction permits granted on or before April 5, 2013, the date of the Media Bureau's *Freeze PN*, Media Bureau Announces Limitations on the Filing and Processing of Full Power and Class A Television Station Modification Applications, Effective Immediately, and Reminds Stations of Spectrum Act Preservation Mandate, *Public Notice*, 28 FCC Rcd 4364 (2013) (*Freeze PN*), or that have been authorized by construction permits that were granted after April 5, 2013 and are in compliance with the *Freeze PN*; and (3) Class A stations' initial digital facilities that were not initially licensed until after February 22, 2012, including those that were not authorized until after the *Freeze PN*. See *Incentive Auction R&O*, 29 FCC Rcd at 6657-65, paras 198-218.

Accordingly, all facilities in these discretionary protection categories, with limited exception for stations affected by the destruction of the World Trade Center, must be licensed or have an application for a license to cover the construction permit on file by May 29, 2015, in order for these facilities to be protected in the repacking process. Licensees affected by the destruction of the World Trade Center may elect to protect either their licensed Empire State Building facility or a proposed new facility at One World Trade Center so long as that new facility has been applied for and authorized in a construction permit granted by the Pre-Auction Licensing Deadline. See *Incentive Auction R&O*, 29 FCC Rcd at 6665-66, paras 219-220. Licensees must file a letter with the Commission making their election no later than May

29, 2015. A copy of the letter should also be emailed to Kevin Harding, Associate Division Chief, Video Division, Media Bureau at kevin.harding@fcc.gov.

Furthermore, this constitutes notice of the last opportunity before the Pre-Auction Licensing Deadline for all full power and Class A licensees to modify their licenses to fix errors they have made in providing us their operating parameters and to have those modifications protected in the repacking process. Such modifications will be protected so long as a modification application that complies with the *Freeze PN* is filed and granted, and a license to cover application is filed, by May 29, 2015. The Media Bureau will release a subsequent Public Notice listing the facilities licensed by the Pre-Auction Deadline, as reflected in the Commission's records, and thereby eligible for protection in repacking or relinquishment in the incentive auction. Licensees will be required to certify in a Pre-Auction Technical Certification Form (FCC Form 2100, Schedule 381) that they have reviewed their authorization and underlying database technical information for their eligible facility, and to confirm that all information is correct with respect to actual operations or identify any discrepancies. See 79 FR 72000 (Dec. 4, 2014).

We also emphasize that, in order for a Class A digital facility to be afforded protection in the repacking process, it must be licensed by the Pre-Auction Licensing Deadline. While Class A licensees may wait until the September 1, 2015, digital transition deadline to complete construction and license their digital facilities, Amendment of Parts 73 and 74 of the Commission's Rules to Establish Rules for Digital Low Power Television, Television Translator, and Television Booster Stations and to Amend Rules for Digital Class A Television Stations, MB Docket No. 03-185, *Second Report and Order*, 26 FCC Rcd 10732, 10753-54, para. 45 (2011) (*LPTV DTV Second R&O*), those that do not have their digital facilities licensed by May 29, 2015, will be afforded protection based only on the coverage area and population served by their analog facilities. The Commission also clarified that it was not modifying the Class A digital transition deadline. See *Incentive Auction R&O*, 29 FCC Rcd at 6664-65, para. 218 and n. 688. Class A licensees may still seek a one extension of time to complete their digital transition facilities by submitting an application for extension of construction permit by May 1, 2015. See *LPTV DTV Second R&O*, 26 FCC Rcd at
