SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed in the table below, in accordance with Section 110 of the Flood Disaster

Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP may only be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found

online at http://www.floodsrp.org/pdfs/srp_fact_sheet.pdf.

The communities affected by the flood hazard determinations are provided in the table below. Any request for reconsideration of the revised flood hazard determinations shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations will also be considered before the FIRM and FIS report are made final.

Correction

In the proposed flood hazard determination notice published at 78 FR 20340 in the April 4, 2013, issue of the **Federal Register**, FEMA published a table titled "New Orleans/Orleans Parish, Louisiana." This table contained a Web page address through which the Preliminary FIRM, and where applicable, FIS report for the communities listed in the table could be accessed online. A Revised Preliminary FIRM and/or FIS report have subsequently been issued for some or all of the communities listed in the table. The information available through the Web page address listed in the table has been updated to reflect the Revised Preliminary information and is to be used in lieu of the information previously available.

[Docket No. USCG-2011-0049; Docket No. USCG-2015-0138]

Merchant Marine Personnel Advisory Committee; Merchant Mariner Medical Advisory Committee

AGENCY: Coast Guard, Department of Homeland Security.

ACTION: Notice of Federal Advisory Committee meetings; update.

SUMMARY: The Coast Guard published in the **Federal Register** on Friday, March 6, 2015, two meeting notices announcing the Merchant Marine Personnel Advisory Committee and Merchant

Mariner Medical Advisory Committee. This notice corrects the previous notices to add an explanation for why 15-days advance notice was not given as required by the Federal Advisory Committee Act regulations. All other information regarding the meetings has not changed.

DATES: The Merchant Mariner Medical Advisory Committee met on Monday, March 16 and Tuesday, March 17, 2015, from 8 a.m. to 5 p.m. The Merchant Marine Personnel Advisory Committee working groups are scheduled to meet on March 18, 2015, from 8 a.m. until 4 p.m., and the full Committee is scheduled to meet on March 19, 2015, from 8 a.m. until 4 p.m.

FOR FURTHER INFORMATION CONTACT: Lieutenant Ashley Holm, Alternate

Designated Federal Officer for Merchant Mariner Medical Advisory Committee, telephone 202-372-1128 or email Ashley.F.Holm@uscg.mil and Davis Breyer, Alternate Designated Federal Officer for Merchant Marine Personnel Advisory Committee, telephone 202-372-1445 or email Davis.J.Breyer@uscg.mil.

SUPPLEMENTARY INFORMATION: On March 6, 2015, the Coast Guard published two notices of Federal Advisory Committee Act meetings in the *Federal Register*. 80 FR 12187. These notices announced the meeting dates and information for the Merchant Marine Personnel Advisory Committee and Merchant Mariner Medical Advisory Committee, respectively. This update to those notices does not change any meeting dates or information provided in the original notices, which can be found at 80 FR 12187.

General Services Administration rules, Title 41, Code of Federal Regulations, § 102-365(b) requires meeting notices to be published at least 15 calendar days prior to an advisory committee meeting. In exceptional circumstances, the agency may provide notice in less than 15 calendar days but the agency must provide a reason as to why the notice is being published in less than 15 calendar days. This notice serves to provide the reasoning required by regulation as to why the Merchant Marine Personnel Advisory Committee and Merchant Mariner Medical Advisory Committee meeting notices were published in less than 15 calendar days prior to their respective meetings.

In the weeks leading up to the meetings, the Department of Homeland Security dedicated many of its resources to potential lapse in appropriation issues. Because of the redirection of resources to support the potential shutdown, the publication of the meeting notices for the Merchant Marine Personnel Advisory Committee and Merchant Mariner Medical Advisory Committee were delayed.

Dated: March 13, 2015.

J.C. Burton,

Captain, U.S. Coast Guard, Director of Inspections and Compliance.
