

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this proposed rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to amend Class E airspace designated as an extension to Class D at North Central West Virginia Airport, formerly known as Benedum Airport. A segment of the airspace would be amended from a 4.1-mile radius of the airport to 11 miles southwest of the airport. Class E airspace extending upward from 700 feet above the surface would be amended to within an 8.9-mile radius of the airport. Decommissioning of the Clarksburg VOR/DME and cancellation of the VOR approaches has made this action necessary for continued safety and management of IFR operations at the airport. The geographic coordinates of the airport would be adjusted to coincide with the FAA's aeronautical database. The airport name would be changed from Benedum Airport to North Central West Virginia Airport in the Class D and E airspace areas listed above.

Class D and E airspace designations are published in Paragraphs 5000, 6004, and 6005 of FAA Order 7400.9Y, dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will

not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would amend Class D and Class E airspace at North Central West Virginia Airport, Clarksburg, WV.

Environmental Review

This proposal would be subject to an environmental analysis in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

Regulations for State Courts and Agencies in Indian Child Custody Proceedings

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Proposed rule.

SUMMARY: This proposed rule would add a new subpart to the Department of the Interior’s (Department) regulations implementing the Indian Child Welfare Act (ICWA), to improve ICWA implementation by State courts and child welfare agencies. These regulations complement recently published *Guidelines for State Courts and Agencies in Indian Child Custody Proceedings*, reflect recommendations made by the Attorney General’s Advisory Committee on American Indian/Alaska Native Children Exposed to Violence, and address significant developments in jurisprudence since ICWA’s inception. This publication also announces the dates and locations for tribal consultation sessions and public meetings to receive comment on this proposed rule.

DATES: Comments must be received on or before May 19, 2015. *Comments on the information collections contained in this proposed regulation are separate from those on the substance of the proposed rule.* Comments on the information collection burden should be received by April 20, 2015 to ensure consideration, but must be received no later than May 19, 2015. See the **SUPPLEMENTARY INFORMATION** section of this document for dates of public meetings and tribal consultation sessions.

SUPPLEMENTARY INFORMATION:

I. Executive Summary

Since ICWA was enacted by Congress in 1978, it has improved child welfare practices regarding Indian children. Commentators have asserted, however, that it has not reached its full potential due largely to ineffective or inconsistent implementation in some case. This proposed rule would establish a new subpart to regulations implementing ICWA at 25 CFR 23 to address Indian child welfare proceedings in State courts. This proposed rule is published in response to comments received during several listening sessions, written comments submitted throughout 2014, and recommendations that regulations are needed to fully implement ICWA. *See, e.g.,* Attorney General’s Advisory Committee on American Indian and Alaska Native Children Exposed to Violence: Ending Violence So Children Can Thrive (November 2014), p. 77. This proposed rule would also respond to significant developments in jurisprudence since
