BILLING CODE 6820-FN-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: (15-017)]

NASA Advisory Council; Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, Public Law 92-463, as amended, the National Aeronautics and Space Administration announces a meeting of the NASA Advisory Council (NAC).

DATES: Thursday, April 9, 2015, 9:00 a.m.–6:00 p.m., Local Time; and Friday, April 10, 2015, 9:00 a.m.–12:00 noon, Local Time.

ADDRESSES: NASA Headquarters, Room 9H40, Program Review Center (PRC), 300 E Street SW., Washington, DC 20546.

FOR FURTHER INFORMATION CONTACT: Ms. Marla King, NAC Administrative Officer, NASA Headquarters, Washington, DC 20546, (202) 358-1148.

SUPPLEMENTARY INFORMATION: The meeting will be open to the public up to the seating capacity of the room. This meeting is also available telephonically and by WebEx. You must use a touch tone phone to participate in this meeting. Any interested person may dial the USA toll free access number 1-844-467-6272 or USA local toll access number 1-720-259-6462, and then the numeric participant passcode: 758485 followed by the # sign. To join via WebEx, the link is <https://nasa.webex.com/>, the meeting number on April 9 is 993 793 736, and the password is NAC0409! ; the meeting number on April 10 is 991 870 158, and the password is NAC0410!. (Password is case sensitive.) NOTE: If dialing in, please “mute” your telephone.

The agenda for the meeting will include the following:

- Aeronautics Committee Report
- Human Exploration and Operations Committee Report
- Institutional Committee Report
- Science Committee Report
- Technology, Innovation and Engineering Committee Report

Attendees will be requested to sign a register and to comply with NASA security requirements, including the

presentation of a valid picture ID before receiving access to NASA Headquarters. Due to the Real ID Act, Public Law 109-13, any attendees with drivers licenses issued from non-compliant states/territories must present a second form of ID [Federal employee badge; passport; active military identification card; enhanced driver's license; U.S. Coast Guard Merchant Mariner card; Native American tribal document; school identification accompanied by an item from LIST C (documents that establish employment authorization) from the “List of the Acceptable Documents” on Form I-9]. Non-compliant states/territories are: American Samoa, Arizona, Idaho, Louisiana, Maine, Minnesota, New Hampshire, and New York. Foreign nationals attending this meeting will be required to provide a copy of their passport and visa in addition to providing the following information no less than 10 working days prior to the meeting: Full name; gender; date/place of birth; citizenship; visa information (number, type, expiration date); passport information (number, country, telephone); employer/affiliation information (name of institution, address, country, telephone); title/position of attendee. To expedite admittance, U.S. citizens and Permanent Residents (green card holders) can provide full name and citizenship status 3 working days in advance by contacting Ms. Marla King, via email at marla.k.king@nasa.gov. It is imperative that the meeting be held on this date to accommodate the scheduling priorities of the key participants.

Patricia D. Rausch,

Advisory Committee Management Officer, National Aeronautics and Space Administration.

BILLING CODE 7510-13-P

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Comment Request

AGENCY: National Science Foundation.

ACTION: Submission for OMB review; comment request.

SUMMARY: The National Science Foundation (NSF) has submitted the following information collection requirement to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3501 *et seq.*). This is the second notice for public comment; the first was published in the **Federal Register** at 79 FR 42056, and no

comment was received. NSF is forwarding the proposed renewal submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice. The full submission may be found at: <http://www.reginfo.gov/public/do/PRAMain>.

Comments: Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the NSF, including whether the information will have practical utility; (b) the accuracy of the NSF's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility and clarity of the information to be collected, including through the use of automated collection techniques or other forms of information technology; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated or other forms of information technology should be addressed to: Office of Information and Regulatory Affairs of OMB, Attention: Desk Officer for National Science Foundation, 725 7th Street NW., Room 10235, Washington, DC 20503, and to Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 1265, Arlington, Virginia 22230 or send email to splimpto@nsf.gov.

DATES: Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission may be obtained by calling 703-292-7556. NSF may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

SUPPLEMENTARY INFORMATION:

Title of Collection: 2015 National Survey of College Graduates.

OMB Approval Number: 3145-0141.

Type of Request: Intent to seek approval to renew an information collection for three years.

1. **Abstract.** The National Survey of College Graduates (NSCG) has been conducted biennially since the 1970s. The 2015 NSCG sample will be selected from the 2013 American Community Survey (ACS) and the 2013 NSCG. By selecting sample from these two sources, the 2015 NSCG will provide

coverage of the college graduate population residing in the United States. The purpose of this longitudinal panel survey is to collect data that will be used to provide national estimates on the science and engineering workforce and changes in their employment, education and demographic characteristics.

The National Science Foundation Act of 1950, as subsequently amended, includes a statutory charge to “. . . provide a central clearinghouse for the collection, interpretation, and analysis of data on scientific and engineering resources, and to provide a source of information for policy formulation by other agencies of the Federal Government.” The NSCG is designed to comply with these mandates by providing information on the supply and utilization of the nation’s scientists and engineers.

The NSF uses the information from the NSCG to prepare congressionally mandated reports such as *Women, Minorities and Persons with Disabilities in Science and Engineering* and *Science and Engineering Indicators*. A public release file of collected data, designed to protect respondent confidentiality, will be made available to researchers on the Internet.

The U.S. Census Bureau, as in the past, will conduct the NSCG for NSF. The survey data collection will begin in April 2015 using Web and mail questionnaires. Nonrespondents to the Web or mail questionnaire will be followed up by computer-assisted telephone interviewing. The survey will be collected in conformance with the Confidential Information Protection and Statistical Efficiency Act of 2002, and the individual’s response to the survey is voluntary. NSF will ensure that all information collected will be kept strictly confidential and will be used only for statistical purposes.

2. *Expected Respondents.* A statistical sample of approximately 135,000 persons will be contacted in 2015 including 42,000 new sample cases and 93,000 returning sample cases. NSF estimates the response rate to be 70 percent for the new sample cases and 80 percent for the returning sample cases.

3. *Estimate of Burden.* The amount of time to complete the questionnaire may vary depending on an individual’s circumstances; however, on average it will take approximately 30 minutes. NSF estimates that the total burden for the 2015 NSCG will be no more than 51,900 hours.

Dated: March 17, 2015.

Suzanne H. Plimpton,
Reports Clearance Officer, National Science Foundation.

BILLING CODE 7555-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 40-0299, NRC-2015-0066]

Umetco Minerals Corporation; Gas Hills East Site

AGENCY: Nuclear Regulatory Commission.

ACTION: License amendment application; opportunity to request a hearing and to petition for leave to intervene.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) has received an application from Umetco Minerals Corporation for amendment of Materials License No. SUA-648 to modify the ground water monitoring program at Umetco’s Gas Hills East site in Fremont and Natrona counties, Wyoming. The amendment would increase the number of wells in the ground water monitoring program, change the sampling period and parameters, change the reporting period for ground water monitoring reports and establish the ground water monitoring program as a stand-alone document, rather than an appendix in Umetco’s Alternate Concentration Limit application.

DATES: A request for a hearing or petition for leave to intervene must be filed by May 22, 2015.

ADDRESSES: Please refer to Docket ID NRC-2015-0066 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- Federal Rulemaking Web site: Go to <http://www.regulations.gov> and search for Docket ID NRC-2015-0066. Address questions about NRC dockets to Carol Gallagher; telephone: 301-415-3463; email: Carol.Gallagher@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- NRC’s Agencywide Documents Access and Management System (ADAMS): You may obtain publicly-available documents online in the ADAMS Public Documents collection at <http://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “ADAMS Public Documents” and then select “Begin Web-based ADAMS

Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1-800-397-4209, 301-415-4737, or by email to pdr.resource@nrc.gov. The ADAMS accession number for each document referenced (if it’s available in ADAMS) is provided the first time that a document is referenced.

- NRC’s PDR: You may examine and purchase copies of public documents at the NRC’s PDR, Room O1-F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

FOR FURTHER INFORMATION CONTACT: Dominick Orlando, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington DC 20555-0001; telephone: 301-415-6749, email: Dominick.orlando@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

The NRC has received, by letter dated January 22, 2015, an application from Umetco Minerals Corporation to amend Materials License No. SUA-648 (ADAMS Accession No. ML15027A095). This license authorizes the possession of natural uranium and uranium waste tailings at the Gas Hills East site in Natrona and Fremont counties, Wyoming, which ceased uranium milling operations in 1984. The license currently requires that Umetco Minerals Corporation implement a ground water compliance monitoring program at the site. If approved, the amendment would modify this ground water monitoring program by increasing the number of wells in the ground water monitoring program, changing the sampling period and parameters, changing the reporting period for ground water monitoring reports, and establishing the ground water monitoring program as a stand-alone document, rather than an appendix in Umetco’s Alternate Concentration Limit application.

Prior to approving the license amendment application, the NRC will need to make the findings required by the Atomic Energy Act of 1954, as amended (the Act), and the NRC’s regulations. The NRC’s findings will be documented in a technical evaluation report.

II. Opportunity to Request a Hearing and Petition for Leave to Intervene

Within 60 days after the date of publication of this notice, any person(s) whose interest may be affected by this action may file a request for a hearing and a petition to intervene with respect to issuance of the amendment to Materials License No. SUA-648.
