DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.
Title: Manufacturers' Shipments, Inventories, and Orders Survey (M3).
OMB Control Number: 0607-0008.
Form Number(s): M-3(SD).

Type of Request: Extension of a currently approved collection.

Number of Respondents: 4,800.
Average Hours per Response: 20 minutes.

Burden Hours: 19,200.

Needs and Uses: The U.S. Census Bureau is requesting an extension of the currently approved collection for the Manufacturers' Shipments, Inventories, and Orders (M3) survey. This survey collects monthly data from domestic manufacturers on Form M-3 (SD), which is mailed at the end of each month. Data requested are shipments, new orders, unfilled orders, and inventories by stage of fabrication. It is currently the only survey that provides broad-based monthly statistical data on the economic conditions in the domestic manufacturing sector. The survey is designed to measure current industrial activity and to provide an indication of future production commitments. The value of shipments measures the value of goods delivered during the month by domestic manufacturers. Estimates of new orders serve as an indicator of future production commitments and represent the current sales value of new orders received during the month, net of cancellations. Substantial accumulation or depletion of backlogs of unfilled orders measures excess (or deficient) demand for manufactured products. The level of inventories, especially in relation to shipments, is frequently used to monitor the business cycle.

This survey provides an essential component of the current economic indicators needed for assessing the evolving status of the economy and formulating economic policy. The Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB) has designated this survey as a principal federal economic indicator. The shipments and inventory data are essential inputs to the gross domestic product (GDP), while the orders data are direct inputs to the leading economic indicator series. The GDP and the economic indicator series would be incomplete without these data. The survey also provides valuable and timely domestic manufacturing data for economic planning and analysis to business firms, trade associations, research and consulting agencies, and academia.

The data are used for analyzing short- and long-term trends, both in the manufacturing sector and as related to

other sectors of the economy. The data on value of shipments, especially when adjusted for change in inventory, measure current levels of production. New orders figures serve as an indicator of future production commitments. Changes in the level of unfilled orders, because of excess or shortfall of new orders compared with shipments, are used to measure the excess (or deficiency) in the demand for manufactured products. Changes in the level of inventories and the relation of these to shipments are used to project future movements in manufacturing activity. These statistics are valuable for analysts of business cycle conditions including members of the Council of Economic Advisers (CEA), the Bureau of Economic Analysis (BEA), the Federal Reserve Board (FRB), the Department of the Treasury, business firms, trade associations, private research and consulting agencies, and the academic community.

Affected Public: Business or other for-profit.

Frequency: Monthly.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, United States Code, Sections 131, 182, and 193.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: March 18, 2015.

Polyester Staple Fiber From Taiwan: Preliminary Results of Antidumping Duty Administrative Review; 2013-2014

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on polyester

staple fiber (PSF) from Taiwan. The period of review (POR) is May 1, 2013, through April 30, 2014. The review covers two producers/exporters of the subject merchandise, Far Eastern New Century Corporation (FENC) and Nan Ya Plastics Corporation (Nan Ya). We preliminarily find that FENC has not sold subject merchandise at less than normal value and that Nan Ya had no shipments during the POR. Interested parties are invited to comment on these preliminary results.

DATES: Effective March 24, 2015.

FOR FURTHER INFORMATION CONTACT: Bryan Hansen or Minoo Hatten, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3683, and (202) 482-1690, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise subject to the Order¹ is PSF. The PSF subject to the order is currently classifiable under subheadings 5503.20.00.40, 5503.20.00.45, 5503.20.00.60, and 5503.20.00.65 of the Harmonized Tariff Schedule of the United States (HTSUS). While the HTSUS numbers are provided for convenience and customs purposes, the written product description remains dispositive.²

Preliminary Determination of No Shipments

We published in the **Federal Register** a notice of initiation of this administrative review of the antidumping duty order on PSF from Taiwan covering two companies, FENC and Nan Ya.³ We received a timely submission from Nan Ya reporting that it did not sell or export subject merchandise during the POR.⁴ On

December 22, 2014, we transmitted a “No-Shipment Inquiry” to U.S. Customs and Border Protection (CBP) with respect to Nan Ya.⁵ Pursuant to this inquiry, we received no notification from CBP of entries of subject merchandise from Nan Ya. Accordingly, based on record evidence, we preliminarily determine that Nan Ya had no shipments of subject merchandise during the POR. Further, consistent with our practice, we find that it is not appropriate to rescind the review with respect to Nan Ya, but rather to complete the review and issue appropriate instructions to CBP based on the final results of this review.⁶

Methodology

The Department conducted this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). With respect to FENC, export price is calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).⁷ ACCESS is available to registered users at <http://access.trade.gov> and to all parties in the Central Records Unit, Room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/index.html>. Preliminary Results of Review

As a result of this review, we preliminarily determine that a weighted-average dumping margin of 0.00 percent exists for FENC for the period May 1, 2013, through April 30, 2014.

Disclosure and Public Comment

We intend to disclose the calculations performed to parties in this proceeding within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Assessment Rates

Upon issuance of the final results, the Department shall determine and CBP shall assess antidumping duties on all appropriate entries covered by this review. If FENC’s weighted-average dumping margin is above *de minimis* in

² A full description of the scope of the Order is contained in the memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, “Polyester Staple Fiber from Taiwan: Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review; 2013–2014” dated concurrently with and hereby adopted by this notice (Preliminary Decision Memorandum).

the final results of this review, we will calculate an importer-specific assessment rate on the basis of the ratio of the total amount of antidumping duties calculated for each importer's examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1). If FENC's weighted-average dumping margin continues to be zero or *de minimis* in the final results of review, we will instruct CBP not to assess duties on any of its entries in accordance with the *Final Modification for Reviews, i.e., "{w}here the weighted-average margin of dumping for the exporter is determined to be zero or de minimis, no antidumping duties will be assessed."*¹¹

The Department clarified its "automatic assessment" regulation on May 6, 2003.¹² This clarification will apply to entries of subject merchandise during the POR produced by FENC for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Consistent with the *Assessment Policy Notice*, if we continue to find that Nan Ya had no shipments of subject merchandise, following issuance of the final results of review, for entries of subject merchandise during the POR produced by Nan Ya for which this company did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate un-reviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of PSF from Taiwan entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for FENC will be equal to the weighted-average dumping margin

established in the final results of this administrative review; (2) for previously reviewed or investigated companies not listed above including Nan Ya, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the manufacturer of the merchandise for the most recently completed segment of this proceeding; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 7.31 percent.¹³ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h)(1).

Dated: March 17, 2015.

Assistant Secretary for Enforcement and Compliance.
