SUPPLEMENTARY INFORMATION:

Which LEAs are eligible for an award under the SRSA program?

An LEA (including a public charter school that is considered an LEA under State law) is eligible for an award under the SRSA program if—

(a) The total number of students in average daily attendance at all of the schools served by the LEA is fewer than 600, or each county in which a school served by the LEA is located has a total population density of fewer than 10 persons per square mile; and

(b)(1) All of the schools served by the LEA are designated with a school locale code of 7 or 8 by the Department's National Center for Education Statistics (NCES); or

(2) The Secretary has determined, based on a demonstration by the LEA and concurrence of the State educational agency, that the LEA is located in an area defined as rural by a governmental agency of the State.

Note: The school locale codes are the locale codes determined on the basis of the NCES school code methodology in place on the date of enactment of section 6211(b) of the Elementary and Secondary Education Act of 1965, as amended.

Which eligible LEAs must submit an application to receive an FY 2015 SRSA grant award?

An eligible LEA must submit an application to receive an FY 2015 SRSA grant award if that LEA has never submitted an application for SRSA funds in any prior year.

All eligible LEAs that need to submit an application to receive an SRSA grant award in a given year are highlighted in yellow on the SRSA eligibility spreadsheets, which are posted annually on the SRSA program Web site at www2.ed.gov/programs/reapsrsa/eligibility.html.

Under the regulations in 34 CFR 75.104(a), the Secretary makes a grant only to an eligible party that submits an application. Given the limited purpose served by the application under the SRSA program, the Secretary considers the application requirement to be met if an LEA submitted an SRSA application for any prior year. In this circumstance, unless an LEA advises the Secretary by the application deadline that it is withdrawing its application, the Secretary deems the application that an LEA previously submitted to remain in effect for FY 2015 funding, and the LEA

does not have to submit an additional application.

We intend to provide, by March 30, 2015, a list of LEAs eligible for FY 2015 funds on the Department's Web site at <http://www2.ed.gov/programs/reapsrsa/eligibility.html>. This list will indicate which eligible LEAs must submit an electronic application to the Department to receive an FY 2015 SRSA grant award, and which eligible LEAs are considered already to have met the application requirement.

Eligible LEAs that need to submit an application in order to receive FY 2015 SRSA funds must do so electronically by the deadline established in this notice.

Electronic Submission of Applications: An eligible LEA that is required to submit an application to receive FY 2015 SRSA funds must submit an electronic application by June 30, 2015, 4:30:00 p.m., Washington, DC, time. If it submits its application after this deadline, the LEA will receive a grant award only to the extent that funds are available after the Department awards grants to other eligible LEAs under the program.

Applications to receive FY 2015 SRSA funds may be obtained from, and must be submitted electronically using, the G5 system, accessible through the Department's G5 site at: www.G5.gov. When applicants access this site, they will receive specific instructions regarding the information to include in the SRSA application.

Abstract: Sections 311 and 312 of the Emergency Planning and Community Right-to-Know Act (EPCRA), 1986 (42 U.S.C. 11011, 11012) require owners and operators of facilities subject to OSHA Hazard Communication Standard (HCS) to submit an inventory form of chemicals or MSDSs (for those chemicals that exceed thresholds, specified in 40 CFR part 370) to the State Emergency Response Commission (SERC), Tribal Emergency Response Commission (TERC), Local Emergency Planning Committee (LEPC), Tribal Emergency Planning Committee (TEPC) and the local fire department (LFD) with jurisdiction over their facility.

The submittal of an inventory form allows local emergency planners/responders and the community to have access to information regarding the hazards of a chemical at any given facility.

Form Numbers: EPA Form No. 8700-30.

Respondents/affected entities: Facilities required to prepare or have available a material safety data sheet for any hazardous chemical under the OSHA Hazard Communication Standard.

Respondent's obligation to respond: Mandatory under EPCRA Sections 311 and 312.

Estimated number of respondents: 403,052 respondents.

Total estimated burden: 5,915,254 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Changes in the Estimates: There is an increase of 2,006,122 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This increase is due to a revised estimate of facilities subject to EPCRA sections 311 and 312.
