SUMMARY: Application for Renewal of Exemption

ACTION: The Federal Motor Carrier Safety Administration (FMCSA) will immediately revoke the exemption for failure to comply including revocation of the exemption. However, should this occur, FMCSA will take all steps necessary to protect the public interest, including revocation of the exemption. The FMCSA will immediately revoke the exemption for failure to comply with its terms and conditions.

Issued on: March 19, 2015.

T.F. Scott Darling, III, Acting Administrator.

DEPARTMENT OF TRANSPORTATION
Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2012–0370]

Hours of Service (HOS) of Drivers; U.S. Department of Energy (DOE); Application for Renewal of Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for renewal of exemption; request for comments.

SUMMARY: FMCSA has received an application from the U.S. Department of Energy (DOE) for a renewal of its exemption from the 30-minute rest break provision of the Agency’s hours-of-service (HOS) regulations for commercial motor vehicle (CMV) drivers. DOE currently holds an exemption for the period July 1, 2013, through June 30, 2015, which enables DOE’s contract motor carriers and their employee-drivers engaged in the transportation of security-sensitive radioactive materials to be treated similarly to drivers of shipments of explosives. The exemption renewal would allow these exempted drivers to use 30 minutes or more of “attendance time” to meet the HOS rest break requirements providing they do not perform any other work during the break. FMCSA requests public comment on the DOE’s application for renewal of the exemption.

DATES: Comments must be received on or before April 27, 2015. The proposed exemption renewal would be effective from June 30, 2015 through June 30, 2017.

ADDRESSES: You may submit comments bearing the Federal Docket Management System (FDMS) Docket ID FMCSA–2012–0370 using any of the following methods:

• Federal eRulemaking Portal: Go to www.regulations.gov. Follow the on-line instructions for submitting comments.
• Mail: Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12–140, Washington, DC 20590–0001.
• Hand Delivery or Courier: West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal Holidays.
• Fax: 1–202–493–2251.

Each submission must include the Agency name and the docket number for this notice. Note that DOT posts all comments received without change to www.regulations.gov, including any personal information included in a comment. Please see the Privacy Act heading below.

Docket: For access to the docket to read background documents or comments, go to www.regulations.gov at any time or visit Room W12–140 on the ground level of the West Building, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays. The on-line Federal document management system is available 24 hours each day, 365 days each year. If you want acknowledgment that we received your comments, please include a self-addressed, stamped envelope or postcard or print the acknowledgement page that appears after submitting comments on-line.

Privacy Act: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.dot.gov/privacy.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Clemente, FMCSA Driver and Carrier Operations Division; Office of Carrier, Driver and Vehicle Safety Standards; Telephone: 202–366–4325. Email: MCPSD@dot.gov. If you have questions on viewing or submitting material to the docket, contact Docket Services, telephone (202) 366–9826.

SUPPLEMENTARY INFORMATION:

Background

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain parts of the Federal Motor Carrier Safety Regulations. FMCSA must publish a notice of each exemption request in the Federal Register (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the Federal Register (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted. The notice must also specify the effective period and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.306(b)).

Request for Exemption

Certain motor carriers under contract to the U.S. Department of Energy (DOE) transport “security-sensitive radioactive materials.” DOE requests a renewal of a limited exemption from the hours-of-service (HOS) regulation pertaining to rest breaks [49 CFR 395.3(a)(3)(ii)] to allow contract driver-employees transporting security-sensitive radioactive materials to be treated the same as drivers transporting explosives, as provided in § 395.1(g). Section 395.1(g) states that operators of CMVs carrying Division 1.1, 1.2, or 1.3 explosives subject to the requirement for a 30-minute rest break in § 395.3(a)(3)(ii) may use 30 minutes or more of “attendance time” to meet the requirement for a rest break. Section 395.1(g) allows drivers who are required by § 397.5 to attend a motor vehicle transporting certain types of explosives but perform no other work, to log at least a half-hour of their “attendance time” toward the break.

DOE contends that the exemptions of security-sensitive radioactive materials require a team of two drivers and the
use of a sleeper berth to minimize risk and expedite delivery in a safe and secure manner. DOE asserts that granting a renewal of the exemption would continue to allow team drivers to manage their en-route rest periods efficiently and also perform mandated shipment security surveillance, resulting in a safe and secure driving performance during a long distance trip.

DOE has implemented several technical and administrative controls to ensure the continued effective use of driver on-duty and rest-break time, which would remain in effect under the requested exemption renewal. They include the following:

- Real-time tracking and monitoring of transuranic waste and security-sensitive shipments using DOE’s satellite-based systems.
- Use of electronic on-board recorders on trucks, which is contractually required for motor carriers involved in the Waste Isolation Pilot Plant to ensure compliance with driver HOS rules.
- Continuous monitoring of the performance of DOE-qualified motor carriers using the FMCSA Compliance Safety Accountability Program’s Safety Measurement System, and DOE’s Motor Carrier Evaluation Program.

Further details regarding DOE’s safety controls can be found in its application for a renewal of the exemption. The application can be accessed in the docket identified at the beginning of this notice. DOE contends that these controls enable them to achieve a high level of safety and security for transportation of security-sensitive radioactive materials.

DOE believes that its contract employee drivers should continue to be allowed to follow the requirements of § 395.1(q) when transporting shipments of security-sensitive radioactive materials. DOE believes that shipments made under the requested exemption renewal would achieve a level of safety and security that is at least equivalent to that which would be obtained by following the normal rest break requirement in § 395.3(a)(3)(ii). In their initial application, DOE had estimated that 20 power units and 53 drivers would be eligible for the exemption. The proposed exemption renewal would be effective from June 30, 2015 through June 30, 2017.

Request for Comments

In accordance with 49 U.S.C. 31136(e) and 31315(b)(4), FMCSA requests public comment on DOE’s application for a renewal of an exemption from certain provisions of the driver’s record of duty status rules in 49 CFR part 395. The Agency will consider all comments received by close of business on April 27, 2015. Comments will be available for examination in the docket at the location listed in the ADDRESSES section of this notice. The Agency will consider to the extent practicable comments received in the public docket after the closing date of the comment period.

Issued on: March 19, 2015.

Larry W. Minor,
Associate Administrator for Policy.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2014–0214]

Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to grant requests from 5 individuals for exemptions from the regulatory requirement that interstate commercial motor vehicle (CMV) drivers have “no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV.” The regulation and the associated advisory criteria published in the Code of Federal Regulations as the “Instructions for Performing and Recording Physical Examinations” have resulted in numerous drivers being prohibited from operating CMVs in interstate commerce based on the fact that they have had one or more seizures and are taking anti-seizure medication, rather than an individual analysis of their circumstances by a qualified medical examiner. The Agency concluded that granting exemptions for these CMV drivers will provide a level of safety that is equivalent to or greater than the level of safety maintained without the exemptions. FMCSA grants exemptions that will allow these 5 individuals to operate CMVs in interstate commerce for a 2-year period. The exemptions preempt State laws and regulations and may be renewed.

DATES: The exemptions are effective March 27, 2015. The exemptions expire on March 27, 2017.

FOR FURTHER INFORMATION CONTACT: Charles A. Horan, III, Director, Office of Carrier, Driver and Vehicle Safety, (202) 366–4001, fmcsamedical@dot.gov, FMCSA, Department of Transportation, 1200 New Jersey Avenue SE., Room W64–224, Washington, DC 20590–0001. Office hours are 8:30 a.m. to 5 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

A. Electronic Access

You may see all the comments online through the Federal Document Management System (FDMS) at: http://www.regulations.gov.

Docket: For access to the docket to read background documents or comments, go to http://www.regulations.gov and/or Room W12–140 on the ground level of the West Building, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., e.t., Monday through Friday, except Federal holidays.

Privacy Act: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be viewed at www.dot.gov/privacy.

B. Background

Under 49 U.S.C. 31136(e) and 31315(b), FMCSA may grant an exemption from the safety regulations for a 2-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” The statute also allows the Agency to renew exemptions at the end of the 2-year period.

FMCSA grants 5 individuals an exemption from the regulatory requirement in § 391.41(b)(8), to allow these individuals who take anti-seizure medication to operate CMVs in interstate commerce for a 2-year period. The Agency’s decision on these exemption applications is based on an individualized assessment of each applicant’s medical information, including the root cause of the respective seizure(s), the length of time elapsed since the individual’s last seizure, and each individual’s treatment regimen. In addition, the Agency reviewed each applicant’s driving record found in the Commercial Driver’s License Information System (CDLIS) 1
