SUPPLEMENTARY INFORMATION:

I. Background

The WVDEP submitted two SIP revisions to EPA on June 6, 2012 (the 2012 submittal) and on July 1, 2014 (the 2014 submittal). EPA is acting on these two submittals as a whole.¹ A summary of all the changes made in each of the submittals has been included in the docket for this action in a document titled, "Summary of West Virginia PSD Changes." These SIP revision requests, if approved, would revise West Virginia's currently approved PSD program by amending Series 14 under Title 45 of West Virginia Code of State Rules (45CSR14).

On May 16, 2008, EPA promulgated a rule to implement the 1997 PM_{2.5} National Ambient Air Quality Standard (NAAQS), including changes to the New Source Review (NSR) program (the 2008 NSR PM_{2.5} Rule). See 73 FR 28321. The

¹ EPA is proposing to act on both SIP submittals in this notice because each submittal contains necessary procedural information related to West Virginia's revisions to its PSD regulations and development of its SIP submittals, which are required for SIP revisions by 40 CFR parts 51 and 52.
