CONSUMER PRODUCT SAFETY COMMISSION

16 CFR Part 1460

[Docket No. CPSC-2015-0006]

Children’s Gasoline Burn Prevention Act Regulation

AGENCY: Consumer Product Safety Commission.

ACTION: Direct final rule.

SUMMARY: The Children’s Gasoline Burn Prevention Act (CGBPA or the Act) adopted the child-resistance requirements for closures on portable gasoline containers—found in the 2005 version of the applicable ASTM rule, F2517-05—as a consumer product safety rule. The 2005 ASTM standard was recently revised. Under the Act, the consumer product standard for portable gasoline containers will, by operation of law, incorporate the 2015 revisions to the child-resistance requirements unless the Commission finds that the revisions do not carry out the purposes of the CGBPA’s requirements. The Commission has not found that the revisions fail to carry out the purposes of the CGBPA’s requirements. As a result, the 2015 revisions to the child-resistance requirements will be automatically incorporated and apply as the statutorily-mandated standard for closures on portable gasoline containers. This direct final rule is to codify certain sections of the 2015 standard to eliminate potential confusion as to the applicable standard.

DATES: This rule will be effective on April 12, 2015, unless the Commission receives significant adverse comment by April 3, 2015. If we receive timely significant adverse comments, we will publish notification in the **Federal Register** withdrawing this direct final rule. The incorporation by reference of the publications listed in this rule is approved by the Director of the Federal Register as of April 12, 2015.
