Data are also collected on frequency and types of disciplinary actions taken for select offenses; perceptions of other disciplinary problems, such as bullying, verbal abuse and disorder in the classroom; the presence and role of school security staff; parent and community involvement; staff training; mental health services available to students; and, school policies and programs concerning crime and safety. Prior administrations of SSOCS were conducted in 2000, 2004, 2006, 2008, and 2010. This request is to conduct the 2016 and 2018 administrations of SSOCS.
