

and practices concerning the determination of haircuts and certain other limitations applicable to Permitted Cover provided in respect of initial and original margin requirements. These limitations include establishment of general principles for the assets accepted as Permitted Cover, valuation of Permitted Cover, absolute and relative concentration limits on the amount of a particular bond a Clearing Member (including any affiliated Clearing Members) may provide as Permitted Cover as well as further measures designed to mitigate wrong-way-risk. ICE Clear Europe believes that the policy provides a conservative set of haircuts intended to protect the Clearing House from a decline in collateral value or a change in exchange rates in circumstances where it is required to liquidate Permitted Cover following a Clearing Member default. In addition, the policy permits the Clearing House to respond promptly and appropriately to changes in market conditions by modifying haircuts or other limits on Permitted Cover. ICE Clear Europe thus believes that the Haircut Policy will enhance the stability of the clearing system and the Clearing House's ability to manage a Clearing Member default and to continue to fulfill its obligations in a Clearing Member default scenario. As a result, in ICE Clear Europe's view, the proposed changes will facilitate the prompt and accurate settlement of such transactions, assure the safeguarding of securities and funds which are in the custody or control of ICE Clear Europe or for which it is responsible, and promote the public interest and the protection of investors, within the meaning of section 17A(b)(3)(F).⁷

B. Self-Regulatory Organization's Statement on Burden on Competition

ICE Clear Europe does not believe the amendments would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purposes of the Act. The Haircut Policy will be applicable to all Clearing Members with respect to assets provided by those members as Permitted Cover. ICE Clear Europe does not believe the adoption of the policy will adversely affect competition among Clearing Members. Furthermore, ICE Clear Europe does not anticipate that the changes will adversely affect the ability of market participants to clear contracts generally, reduce access to clearing generally, or limit market participants' choices for clearing such contracts. Although it is possible that the application of the Haircut Policy

will result in higher haircuts or lower limitations for certain categories of Permitted Cover, ICE Clear Europe believes that the policy appropriately tailors the haircuts and limitations to the particular market, liquidity and credit risks presented by particular assets as Permitted Cover. As a result, in ICE Clear Europe's view, any incremental increase in cost of using certain types of Permitted Cover is warranted in light of the risks presented to the Clearing House. ICE Clear Europe thus believes that any impact on competition from the new model is appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICE Clear Europe will notify the Commission of any written comments received by ICE Clear Europe.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget this request for extension of the previously approved collection of information discussed below.

Regulation G (17 CFR 244.100–244.102) under the Securities Exchange Act of 1934 (the “Exchange Act”) (15 U.S.C. 78a *et seq.*) requires publicly reporting companies that disclose or releases financial information in a manner that is calculated or presented other than in accordance with generally accepted accounting principles (“GAAP”) to provide a reconciliation of the non-GAAP financial information to the most directly comparable GAAP financial measure. Regulation G implemented the requirements of Section 401 of the Sarbanes-Oxley Act of 2002 (15 U.S.C. 7261). We estimate that approximately 14,000 public companies must comply with Regulation G approximately six times a year for a total of 84,000 responses annually.
