

employment healthcare plans of governments. Specific, detailed questions on defined-benefit plans and defined-contribution plans are important to determine which plans are in scope for current and future public sector surveys the Census Bureau conducts. A Remarks section allows respondents to provide any additional insight that may be helpful to improve the universe of local and special district governments.

II. Method of Collection

The 2016 Government Units Survey is a census of all counties, municipalities, townships, and special districts. Respondents have the option of responding by paper, via the Internet, by telephone, or by facsimile. An advance notification informing respondents of the impending arrival of the Government Units Survey will be mailed two weeks prior to mailing the questionnaire. The Government Units Survey questionnaire will be mailed to respondents in February 2016 followed by a reminder letter a month later, and a follow-up mailing in April 2016. The 2016 Government Units Survey questionnaire will provide a Web site for respondents who choose to respond electronically. The Web site is secure and respondents will receive a unique user identification and password, which will be included in a letter accompanying the questionnaire. A toll free number will also be provided to respondents on the questionnaire which respondents may use to ask questions or to provide responses. A telephone number and instructions to respond to the 2016 GUS by facsimile will be provided upon request to respondents.

Boltless Steel Shelving Units Prepackaged for Sale from the People's Republic of China: Preliminary Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* April 1, 2015.

SUMMARY: The Department of Commerce ("Department") preliminarily determines that boltless steel shelving units prepackaged for sale from the People's Republic of China ("PRC") are being, or are likely to be, sold in the United States at less than fair value ("LTFV"), as provided in section 733 of the Tariff Act of 1930, as amended ("the Act"). The period of investigation ("POI") is January 1, 2014, through June 30, 2014. The estimated margins of sales at LTFV are shown in the "Preliminary Determination" section of this notice. The final determination will be issued 75 days after publication of this preliminary determination in the **Federal Register**. Interested parties are invited to comment on this preliminary determination.

FOR FURTHER INFORMATION CONTACT: Kabir Archuletta or Josh Startup, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade

Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2593 or (202) 482-5260, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Investigation

The scope of this investigation covers boltless steel shelving units prepackaged for sale, with or without decks ("boltless steel shelving"). The term "prepackaged for sale" means that, at a minimum, the steel vertical supports (*i.e.*, uprights and posts) and steel horizontal supports (*i.e.*, beams, braces) necessary to assemble a completed shelving unit (with or without decks) are packaged together for ultimate purchase by the end-user. The scope also includes add-on kits. Add-on kits include, but are not limited to, kits that allow the end-user to add an extension shelving unit onto an existing boltless steel shelving unit such that the extension and the original unit will share common frame elements (*e.g.*, two posts). The term "boltless" refers to steel shelving in which the vertical and horizontal supports forming the frame are assembled primarily without the use of nuts and bolts or screws. The vertical and horizontal support members for boltless steel shelving are assembled by methods such as, but not limited to, fitting a rivet, punched or cut tab or other similar connector on one support into a hole, slot or similar receptacle on another support. The supports lock together to form the frame for the shelving unit, and provide the structural integrity of the shelving unit separate from the inclusion of any decking. The incidental use of nuts and bolts or screws to add accessories, wall anchors, tie-bars or shelf supports does not remove the product from scope. Boltless steel shelving units may also come packaged as partially assembled, such as when two upright supports are welded together with front-to-back supports, or are otherwise connected, to form an end unit for the frame. The boltless steel shelving covered by this investigation may be commonly described as rivet shelving, welded frame shelving, slot and tab shelving, and punched rivet (quasi-rivet) shelving as well as by other trade names. The term "deck" refers to the shelf that sits on or fits into the horizontal supports (beams or braces) to provide the horizontal storage surface of the shelving unit.

The scope includes all boltless steel shelving meeting the description above, regardless of (1) vertical support or post type (including but not limited to open post, closed post and tubing); (2)

horizontal support or beam/brace profile (including but not limited to Z-beam, C-beam, L-beam, step beam and cargo rack); (3) number of supports; (4) surface coating (including but not limited to paint, epoxy, powder coating, zinc and other metallic coating); (5) number of levels; (6) weight capacity; (7) shape (including but not limited to rectangular, square, and corner units); (8) decking material (including but not limited to wire decking, particle board, laminated board or no deck at all); or (9) the boltless method by which vertical and horizontal supports connect (including but not limited to keyhole and rivet, slot and tab, welded frame, punched rivet and clip).

Specifically excluded from the scope are:

- Wall-mounted shelving, defined as shelving that is hung on the wall and does not stand on, or transfer load to, the floor;¹
- Wire shelving units, which consist of shelves made from wire that incorporates both a wire deck and wire horizontal supports (taking the place of the horizontal beams and braces) into a single piece with tubular collars that slide over the posts and onto plastic

sleeves snapped on the posts to create the finished shelving unit;

- Bulk-packed parts or components of boltless steel shelving units; and
- Made-to-order shelving systems.

Subject boltless steel shelving enters the United States through Harmonized Tariff Schedule of the United States (“HTSUS”) statistical subheadings 9403.20.0018 and 9403.20.0020, but may also enter through HTSUS 9403.10.0040. While HTSUS subheadings are provided for convenience and Customs purposes, the written description of the scope of this investigation is dispositive.

Methodology

The Department conducted this investigation in accordance with section 731 of the Act. We calculated export prices and constructed export prices in accordance with section 772 of the Act. Because the PRC is a non-market economy within the meaning of section 771(18) of the Act, normal value (“NV”) was calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum hereby adopted by this notice.² The Preliminary

Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“ACCESS”). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://trade.gov/enforcement/>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

Combination Rates

In the *Initiation Notice*,³ the Department stated that it would calculate combination rates for the respondents that are eligible for a separate rate in this investigation. Policy Bulletin 05.1 describes this practice.⁴

30 days after the date of publication of this notice.⁶ Hearing requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues you intend to present at the hearing. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and location to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Pursuant to section 735(a)(1) of the Act, we will make our final determination no later than 75 days after the date of publication of this preliminary determination.

Suspension of Liquidation

In accordance with section 733(d) of the Act the Department will instruct U.S. Customs and Border Protection ("CBP") to suspend liquidation of all entries of boltless steel shelving units prepackaged for sale from the PRC, as described in the "Scope of the Investigation" section, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**.

Pursuant to 19 CFR 351.205(d), the Department will instruct CBP to require a cash deposit⁷ equal to the weighted-average amount by which NV exceeds U.S. price, adjusted where appropriate for export subsidies and estimated domestic subsidy pass-through,⁸ as follows: (1) the cash deposit rate for the exporter/producer combinations listed in the table above will be the rate the Department determines in this preliminary determination; (2) for all combinations of PRC exporters/producers of merchandise under consideration that have not received their own separate rate above, the cash-deposit rate will be the cash deposit rate established for the PRC-wide entity; and (3) for all non-PRC exporters of

merchandise under consideration which have not received their own separate rate above, the cash-deposit rate will be the cash deposit rate applicable to the PRC exporter/producer combination that supplied that non-PRC exporter.

Furthermore, consistent with our practice, where the product under investigation is also subject to a concurrent countervailing duty investigation, we instruct CBP to require a cash deposit equal to the amount by which the normal value exceeds the export price or constructed export price, less the amount of the countervailing duty determined to constitute an export subsidy. In this LTFV investigation, export subsidies constitute 3.03 percent⁹ of the preliminarily calculated countervailing duty rate in the concurrent countervailing duty investigation, and, thus, we will offset the calculated rates for the mandatory respondents and the PRC-wide rate of 112.68 percent by the countervailing duty rate attributable to export subsidies (*i.e.*, 3.03 percent) to calculate the cash deposit rate for this LTFV investigation. Additionally, the Department did not adjust the preliminary determination AD margins for estimated domestic subsidy pass-through because respondents provided no information to support an adjustment pursuant to section 777A(f) of the Act.¹⁰

International Trade Commission ("ITC") Notification

In accordance with section 733(f) of the Act, we notified the ITC of our preliminary affirmative determination of sales at LTFV. Section 735(b)(2) of the Act requires the ITC to make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of boltless steel shelving units prepackaged for sale, or sales (or the likelihood of sales) for importation, of

⁹The following subsidy programs in the preliminary determination of the concurrent countervailing duty investigation are export subsidies: Export Seller's Credits and Export Buyer's Credits from the Export-Import Bank of China (1.76 percent), GOC and Sub-Central Government Subsidies for the Development of Famous Brands and World Top Brands (0.58 percent), International Market Exploration (SME) Fund (0.58 percent), Export Assistance/Outward Expansion Grants in Guangdong Province (0.08 percent), Export Credit Insurance (0.01 percent), Export Subsidy for High-Tech Merchandise (0.02 percent).
