of webinars. The product of the Data/Assessment Workshop is a report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses, and describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO’s; International experts; and staff of Councils, Commissions, and state and federal agencies.

SEDAR 43 Data/Assessment Workshop Schedule:

April 21–23, 2015; SEDAR 43 Workshop

The items of discussion during the workshop include:

1. An assessment data set and associated documentation will be developed during the Workshop.
2. Participants will evaluate proposed data and select appropriate sources for providing information on life history characteristics, catch statistics, discard estimates, length and age composition, and fishery dependent and fishery independent measures of stock abundance.
3. Using datasets selected, participants will develop population models to evaluate stock status, estimate population benchmarks and management criteria, and project future conditions.
4. Participants will recommend the most appropriate methods and configurations for determining stock status and estimating population parameters.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see ADDRESSES) at least 10 business days prior to each workshop.

Authority: 16 U.S.C. 1801 et seq.
Dated: March 31, 2015.
Tracey L. Thompson, Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Foreign-Trade Zones Board

[B–17–2015]

Foreign-Trade Zone (FTZ) 127—West Columbia, South Carolina: Notification of Proposed Production Activity: Isola USA Corporation (Dielectric Prepreg and Copper-Clad Laminate); Ridgeway, South Carolina

The Richland-Lexington Airport District, Columbia Metropolitan Airport, grantee of FTZ 127, submitted a notification of proposed production activity to the FTZ Board on behalf of Isola USA Corporation (Isola) located in Ridgeway, South Carolina. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on March 17, 2015. The Isola facility is located within Site 4 of FTZ 127. The facility is used to produce customized dielectric prepreg and copper-clad laminate sheets used by its customers to fabricate multilayer printed circuit boards. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Isola from customs duty payments on the foreign-status material used in export production. On its domestic sales, Isola would be able to choose the duty rates during customs entry procedures that apply to customized dielectric prepreg and copper-clad laminate sheets (duty rates—7.3% and 4.2%, respectively). Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary at the address below. The closing period for their receipt is May 13, 2015.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230–0002, and in the “Reading Room” section of the FTZ Board’s Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482–1367.
Dated: March 27, 2015.
Elizabeth Whiteman, Acting Executive Secretary.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Title: National Saltwater Angler Registry and State Exemption Program.
OMB Control Number: 0648–0578.
Form Number(s): None.
Type of Request: Regular (revision and extension of a currently approved information collection).
Number of Respondents: 15,122.
Average Hours per Response: 3 minutes.
Burden Hours: 756.
Needs and Uses: This request is for revision and extension of a currently approved collection. The registration fee was changed from $15 to $25.

The National Saltwater Angler Registry Program (Registry Program) was established to implement recommendations included in the review of national saltwater angling data collection programs conducted by the National Research Council (NRC) in
