Abstract: In order for a State to obtain final authorization for a State hazardous waste program or to revise its previously authorized program, it must submit an official application to the EPA Regional office for approval. The purpose of the application is to enable the EPA to properly determine whether the State's program meets the requirements of the Resource Conservation and Recovery Act (RCRA) § 3006. A State with an approved program may voluntarily transfer program responsibilities to EPA by notifying the EPA of the proposed transfer, as required by section 40 CFR 271.23. Further, the EPA may withdraw a State's authorized program under section 271.23.

The State shall inform the EPA of any proposed modifications to its basic statutory or regulatory authority in accordance with section 271.21. If a State is proposing to transfer all or any part of a program from the approved State agency to any other agency, it must notify the EPA in accordance with section 271.21 and submit revised organizational charts as required under section 271.6. These paperwork requirements are mandatory under RCRA § 3006(a). The EPA will use the information submitted by the State in order to determine whether the State's

program meets the statutory and regulatory requirements for authorization.

Form Numbers: None.

Respondents/affected entities: State governments.

Respondent's obligation to respond: Mandatory (RCRA § 3006(a)).

Estimated number of respondents: 50 (total).

Frequency of response: Annual.

Total estimated burden: 13,860 hours (per year). Burden is defined at 5 CFR 1320.03(b)

Total estimated cost: \$499,001 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is a decrease of 6,108 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This change is due to a decrease of 8 respondents submitting a program change to EPA.

Acting Director, Collection Strategies Division.
