#### Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

#### Notification to Interested Parties

These preliminary results of administrative review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 30, 2015.

#### Public Hearing: Amendment 36 to the Snapper Grouper FMP

This amendment includes an approach to identify and protect important spawning habitat for snapper grouper species through the designation of Spawning Special Management Zones (SMZs). The amendment would modify the current procedure for establishing SMZs to include protection of natural bottom important for spawning, allowing for the designation of

<sup>8</sup> See *Antidumping Duty Order: Circular Welded Carbon Steel Pipes and Tubes From Thailand*, 51 FR 8341 (March 11, 1986).

“Spawning SMZs”. The amendment would also modify the framework procedure to allow modifications of and/or additional Spawning SMZs through the Snapper Grouper Fishery Management Plan for the South Atlantic. The amendment includes sample sites for Spawning SMZ sites and allows for the boundary of the existing Charleston Deep Artificial Reef MPA off the coast of South Carolina to be moved to accommodate recently deployed artificial reef material. Fishing for or possession of snapper grouper species would be prohibited within the Spawning SMZs, but fishermen would be allowed to troll for pelagic species (e.g., mackerels, billfish, tunas, etc.). The amendment also includes alternatives for transit and anchoring provisions.
