

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements:

We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures: Under the Government Performance and Results Act of 1993 (GPRA), the Department has established three performance measures for the Vocational Rehabilitation Services Projects for American Indians with Disabilities program. The measures are (1) the percentage of individuals who leave the program with an employment outcome, (2) the percentage of projects that demonstrate an average annual cost per employment outcome of no more than \$35,000, and (3) the percentage of projects that demonstrate an average annual cost per participant of no more than \$10,000. Each grantee must annually report its performance on these measures through the Annual Progress Reporting Form (APR Form) for the Vocational Rehabilitation Services Projects for American Indians with Disabilities program.

Job Training and Employment Common Measures: In addition, the Vocational Rehabilitation Services

Projects for American Indians with Disabilities APR Form requests data necessary to assess the Vocational Rehabilitation Services Projects for American Indians with Disabilities program's performance on supplemental measures that are comparable to the job training and employment common measures that were developed by the OMB in coordination with Federal agencies with job training programs. Each grantee is required to collect and report data for these supplemental measures as part of the annual performance report requirement, including information on: (1) The number of individuals who, during this reporting period, were still employed three months after achieving an employment outcome, (2) the number of individuals who, during this reporting period, were still employed six months after achieving an employment outcome, (3) the average weekly earnings at entry, and (4) the average weekly earnings of the individuals whose employment outcomes resulted in earnings.

Note: For purposes of this section, the term "employment outcome" means, with respect to an individual—(A) entering or retaining full-time or, if appropriate, part-time competitive employment in the integrated labor market; (B) satisfying the vocational outcome of supported employment; or (C) satisfying any other vocational outcome the Secretary of Education may determine to be appropriate (including satisfying the vocational outcome of customized employment, self-employment, telecommuting, or business ownership). (Section 7(11) of the Rehabilitation Act of 1973, as amended (29 U.S.C. 705(11)).

5. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

DEPARTMENT OF ENERGY

Update on Reimbursement for Costs of Remedial Action at Active Uranium and Thorium Processing Sites

AGENCY: Department of Energy.

ACTION: Notice of the Title X claims during fiscal year (FY) 2015.

SUMMARY: This Notice announces the Department of Energy's (DOE) acceptance of claims in FY 2015 from eligible active uranium and thorium processing site licensees for

reimbursement under Title X of the Energy Policy Act of 1992 (Pub. L. 102–486, as amended). The Consolidated and Further Continuing Appropriations Act, FY 2015 (Pub. L. 113–235) provided \$10 million for Title X reimbursements and will be made available to the Title X licensees on a prorated basis. The FY 2016 Department of Energy Office of Environmental Management's Congressional Budget Request requests \$32.96 million for the Title X Program.

DATES: The closing date for the submission of FY 2015 Title X claims is July 20, 2015. The claims will be processed for payment together with any eligible unpaid approved claim balances from prior years, based on the availability of funds from congressional appropriations. If the total approved claim amounts exceed the available funding, the approved claim amounts will be reimbursed on a prorated basis. All reimbursements are subject to the availability of funds from congressional appropriations.

ADDRESSES: Claims should be forwarded by certified or registered mail, return receipt requested, to U.S. Department of Energy, Office of Legacy Management, Attn: Russel Edge, Title X Program Manager for Review of Reimbursement of Claims, U.S. Department of Energy, Office of Legacy Management, 11025 Dover Street, Suite 1000, Westminster, CO 80021. Two copies of the claim should be included with each submission.

FOR FURTHER INFORMATION CONTACT:

Theresa Kliczewski, Title X Program Coordinator, at (202) 586–3301, of the U.S. Department of Energy, Office of Environmental Management, Office of Disposition Planning & Policy.

SUPPLEMENTARY INFORMATION: DOE published a final rule under 10 CFR part 765 in the *Federal Register* on May 23, 1994, (59 FR 26714) to carry out the requirements of Title X of the Energy Policy Act of 1992 (sections 1001–1004 of Pub. L. 102–486, 42 U.S.C. 2296a *et seq.*) and to establish the procedures for eligible licensees to submit claims for reimbursement. DOE amended the final rule on June 3, 2003, (68 FR 32955) to adopt several technical and administrative amendments (*e.g.*, statutory increases in the reimbursement ceilings). Title X requires DOE to reimburse eligible uranium and thorium licensees for certain costs of decontamination, decommissioning, reclamation, and other remedial action incurred by licensees at uranium and thorium processing sites to remediate byproduct material generated resulting from the sales to the United States Government.

To be reimbursable, costs of remedial action must be for work which is necessary to comply with applicable requirements of the Uranium Mill Tailings Radiation Control Act of 1978 (42 U.S.C. 7901 *et seq.*) or, where appropriate, with requirements established by a State pursuant to a discontinuance agreement under section 274 of the Atomic Energy Act of 1954 (42 U.S.C. 2021). Claims for reimbursement must be supported by reasonable documentation as determined by DOE in accordance with 10 CFR part 765. Funds for reimbursement will be provided from the Uranium Enrichment Decontamination and Decommissioning Fund established at the Department of Treasury pursuant to section 1801 of the Atomic Energy Act of 1954 (42 U.S.C. 2297g). Payment or obligation of funds shall be subject to the requirements of the Anti-Deficiency Act (31 U.S.C. 1341).

Authority: Section 1001–1004 of Public Law 102–486, 106 Stat. 2776 (42 U.S.C. 2296a *et seq.*).

Issued in Washington, DC, on April 1, 2015.

Theresa Kliczewski,

Office of Disposition Planning & Policy, Office of Environmental Management.
