data collected with this software will be used to create a web-based tool that CSR staff can use to identify scientists with expertise in specific prevention science methods and content areas for invitation to serve on one of the CSR review panels. If successful, this system will also be shared with review staff in the other Institutes and Centers at the NIH, as well as other DHHS agencies, to use in the same way. Given our plans to create an automated system for reviewer information collection, we are now seeking OMB approval. This PRA clearance request is for the deployment of this new online software and the collection of data.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 1,040.

**Submission for OMB Review; 30-Day Comment Request; Evaluation of the NHLBI Proteomics Centers Program: Qualitative Interviews (NHLBI)**

**SUMMARY:** Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the Federal Register on 1/27/2015 page 4,291 and allowed 60-days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Heart, Lung and Blood Institute (NHLBI), National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Direct Comments to Omb: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the Office of Management and Budget, Office of Regulatory Affairs, OIRA submission@omb.eop.gov or by fax to 202–395–6974, Attention: NIH Desk Officer.

Comment Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

**FOR FURTHER INFORMATION CONTACT:** To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact: Dr. Pothur Srinivas, Project Officer/ICD Contact, Two Rockledge Center, 6701 Rockledge Drive, Room 10188, MSC 10193, Bethesda, MD 20892, or call non-toll-free number (301)–435–0550, or Email your request to: srinivap@nhlbi.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

**Proposed Collection:** Evaluation of the NHLBI Proteomics Centers Program: Qualitative Interviews 0925–New, National Heart, Lung, and Blood Institute (NHLBI), the National Institutes of Health (NIH)

**Need and Use of Information Collection:** The Proteomics Centers Program was established in 2010 with the goal of applying proteomic approaches to gain a better mechanistic understanding of the physiologic pathways underlying defined clinical conditions related to heart, lung, and blood diseases. The primary goal of the program is to help facilitate a better understanding of the underlying mechanisms in heart, lung, and blood diseases which could contribute to more effective diagnoses, risk stratification, intervention, and prevention. Given the rapid developments in proteomic technologies and approaches in the last five years, it is important to determine the extent to which the efforts of the centers have matured, leading to discovery of new targets for intervention and clinically actionable tool sets. An eighteen-month outcome evaluation will coincide with the completion of funding for the program. This information collection request is being made for one component of this evaluation: semi-structured interviews with key informants across four targeted groups, internal and external to the program. The results of the evaluation will help determine the extent to which these desired outcomes were achieved as well as to inform future of proteomics research funding and commitments by the NHLBI. The key informant interviews are necessary to understand the perspectives of internal and external program stakeholders as it relates to the success, limitations, and opportunities that can shape future research funding.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 48.

National Institutes of Health

National Cancer Institute Notice of Charter Renewal

In accordance with title 41 of the U.S.
Code of Federal Regulations, section
102–3.65(a), notice is hereby given that
the Charter for the Frederick National
Advisory Committee to the National
Cancer Institute was renewed for an
additional two-year period on March 30,
2015.

It is determined that the Frederick
National Advisory Committee to the
National Cancer Institute, is in the
public interest in connection with the
performance of duties imposed on the
National Cancer Institute and the
National Institutes of Health by law, and
that these duties can best be performed
through the advice and counsel of this
group.

Inquiries may be directed to Jennifer
Spaeth, Director, Office of Federal
Advisory Committee Policy, Office of the
Director, National Institutes of Health,
6701 Democracy Boulevard,
Suite 1000, Bethesda, Maryland 20892
(Mail code 4875), Telephone (301) 496–
2123, or spaeth@od.nih.gov.

Dated: April 1, 2015.

Melanie J. Gray,
Program Analyst, Office of Federal
Advisory Committee Policy.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG–2015–0231]

Distant Water Tuna Fleet Manning
Exemption

AGENCY: Coast Guard, DHS.

ACTION: Notice of availability.

SUMMARY: The Coast Guard announces the availability of an updated policy letter entitled “Distant Water Tuna Fleet (DWTF) Vessels Manning Exemption Guidance.” The letter provides revised guidance on procedures for requesting and issuing a Manning Exemption Letter as a result of recent statutory changes that affected the previous 2013 guidance.

DATES: The revised policy guidance is effective May 1, 2015.

FOR FURTHER INFORMATION CONTACT: For information about this document call or email Mr. Jack Kemerer, Coast Guard; telephone 202–372–1249, email Jack.A.Kemerer@uscg.mil. For information about viewing or submitting material to the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202–366–9826, toll free 1–800–647–5527.

SUPPLEMENTARY INFORMATION:
Discussion

The revised policy letter is available at www.fishsafe.info. It updates guidance on the issuance of Distant Water Tuna Fleet Manning Exemption Letters. Similar guidance was issued in 2013, and is being brought up to date in light of recent statutory changes.

The DWTF consists of U.S. commercial purse seine fishing vessels, under masters who are U.S. citizens, that operate in the tuna fisheries of the Western Pacific Ocean far from U.S. territories other than Guam and American Samoa. Because of the difficulty of hiring U.S. merchant mariners (other than vessel masters) to serve in this fleet, the law authorizes foreign citizens to hold required navigation and engineering positions, if they are properly licensed by their countries, and subject to certain restrictions and limitations, and if qualified U.S. citizens are not readily available. Vessels that comply with these conditions may apply for and receive a Coast Guard Manning Exemption Letter attesting to compliance. The letter may expedite a vessel boarding or examination process. This notice is issued under authority of 5 U.S.C. 552(a).

Dated: April 2, 2015.

J.C. Burton,
Captain, U.S. Coast Guard, Director of
Prevention and Compliance.

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

[Docket No. TSA–2005–20118]

Intent To Request Renewal From OMB
of One Current Public Collection of
Information; Maryland Three Airports:
Enhanced Security Procedures for
Operations at Certain Airports in the
Washington, DC, Metropolitan Area
Flight Restricted Zone

AGENCY: Transportation Security
Administration, DHS.

ACTION: 60-Day Notice.

SUMMARY: The Transportation Security
Administration (TSA) invites public
comment on one currently approved
Information Collection Request (ICR),
Office of Management and Budget
(OMB) control number 1652–0029,
abstracted below that we will submit to
OMB for renewal in compliance with
the Paperwork Reduction Act (PRA).
The ICR describes the nature of the
information collection and its expected
burden. This collection requires
individuals to successfully complete a
security threat assessment (1) to operate
an aircraft to or from the three Maryland
airports (Maryland Three Airports) that
are located within the Washington, DC,
Metropolitan Area Flight Restricted Zone
(FRZ), or (2) to serve as an airport
security coordinator at one of these
three airports.

DATES: Send your comments by June 8,
2015.

ADDRESSES: Comments may be emailed
to TSAPA@dhs.gov or delivered to the
TSA PRA Officer, Office of Information
Technology (OIT), TSA–11,

1 The name of the collection has been revised to correspond with the regulation mandating the collection of information. See CFR 49 CFR part 1562, subpart A—Maryland Three Airports: Enhanced Security Procedures for Operations at Certain Airports in the Washington, DC, Metropolitan Area Flight Restricted Zone
