

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposal is consistent with Section 6(b)(8) of the Act⁶ in that it does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any aspect of competition, but would provide authority for the Exchange to directly share risk settings with Clearing Members regarding the Members with whom the Clearing Member has executed a letter of guarantee so the Clearing Member can better monitor and manage the potential risks assumed by the Members, thereby providing them with greater control and flexibility over setting their own risk tolerance and exposure. The proposed rule change does not pose an undue burden on non-Clearing Members because, unlike Clearing Members, non-Clearing Members do not guarantee the execution of the Member transactions on the Exchange. The proposed rule change is structured to offer the same enhancement to all Clearing Members, regardless of size, and would not impose a competitive burden on any participant.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange believes that the foregoing proposed rule change may take effect upon filing with the Commission pursuant to Section 19(b)(3)(A)⁷ of the Act and Rule 19b-4(f)(6) thereunder⁸ because the foregoing proposed rule change does not (i) significantly affect the protection of investors or the public interest, (ii) impose any significant burden on competition, and (iii) become operative for 30 days after its filing date, or such shorter time as the Commission may designate.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if

it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections II.A., II.B., and II.C. below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to modernize the Exchange's rules regarding the termination of letters of guarantee provided by clearing member organizations which guarantee the financial responsibilities of non-clearing member organizations. The proposal would permit clearing member organizations to terminate letters of guarantee which guarantee the financial responsibilities of non-clearing member organizations on an intraday basis. The amendment would conform this aspect of Rule 703 to the Letter of Guarantee termination provisions of the NASDAQ Options Market ("NOM") and NASDAQ OMX BX, Inc. ("BX") rules.⁴

Currently, Rule 703(a)(iv) provides that a clearing member guarantee remains in effect until the Exchange receives from the clearing member organization written notice of its intent to cancel its guarantee. It further provides that written notice of such cancellation received by the Exchange at least one-half hour before the normal opening of trading shall take effect on the day of receipt, except that written notice received less than one-half hour before the opening of trading shall take effect only on the opening of the business day following Exchange receipt. Consequently, a guaranteeing clearing member organization concerned about its guaranteed member organization's credit is unable to terminate its guarantee on an intraday basis.

The proposed amendment to Rule 703(a)(iv) would enable the guaranteeing clearing member organization to terminate the guarantee during the trading day, avoiding financial responsibility for trades that would otherwise have occurred during the rest of the day for which the guaranteeing member would, under the current rule, remain financially responsible. As stated above, the change would conform the Phlx rule to the

⁴ Chapter VII, Section 8(c) of the BX Rules provides in relevant part that "[a] Letter of Guarantee filed with BX Regulation shall remain in effect until a written notice of revocation has been filed with BX Regulation by the Guarantor Clearing Participant." Chapter VII, Section 8(c) of the NOM rules is nearly identical, stating that "[a] Letter of Guarantee filed with Nasdaq Regulation shall remain in effect until a written notice of revocation has been filed with Nasdaq Regulation by the Guarantor Clearing Participant." The BX and NOM rules also state, like the Phlx proposal, that a revocation shall in no way relieve the issuer of responsibility for transactions guaranteed prior to the effective date of such revocation.

NOM and BX rules which permit revocation of a Letter of Guarantee to take effect upon filing of a written notice of revocation, which permits termination to become effective without waiting until the next trading day. The Exchange will terminate the registered options trader's access to trading as soon as it processes the withdrawn guarantee. Clearing member organizations will therefore be able to react more quickly under the amended rule to any potential rapid deterioration in the guaranteed entity's condition.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act⁶ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by permitting clearing member organizations to revoke letters of guarantee effective upon filing written notice of revocation with the Exchange. The proposal should encourage additional clearing member organizations to consider issuing letters of guarantee, knowing they may revoke the guarantee more quickly upon an adverse change in the guaranteed entity's circumstances than is currently permitted under Rule 703(a)(iv).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act because the proposed change would apply to all issuers of clearing member guarantees equally and because it would also apply equally to all guaranteed entities whose guarantees are revoked under Rule 703(a)(iv).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect

⁵ See 15 U.S.C. 78f(b).

⁶ See 15 U.S.C. 78f(b)(5).

the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁷ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
