drivers to drive in interstate commerce as opposed to restricting him or her to driving in intrastate commerce. The driver must comply with the terms and conditions of the exemption. This includes reporting any crashes or accidents as defined in 49 CFR 390.5 and reporting all citations and convictions for disqualifying offenses under 49 CFR part 383 and 49 CFR 391.

Conclusion

The Agency is granting exemptions from the hearing standard, 49 CFR 391.41(b)(11), to 51 individuals based on a thorough evaluation of each driver’s safety experience. Safety analysis of information relating to these 51 applicants meets the burden of showing that granting the exemptions would achieve a level of safety that is equivalent to or greater than the level that would be achieved without the exemption. By granting the exemptions, the CMV industry will gain 51 additional CMV drivers. In accordance with 49 U.S.C. 31136, each exemption will be valid for 2 years from the effective date with annual recertification required unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31135.

FMCSA exempts the following 51 drivers for a period of 2 years from the physical qualification standard concerning hearing: Brooks Andresen (UT); Alexey Belousov (MD); Richard Boggs (OH); Conley Bowling (KY); Marquarius Boyd (MS); Charles Breidenthal (CA); Adam Brown (TX); Kwinton Carpenter (OH); Ronald Dillon, Jr. (CA); Clark Dobson (CA); Louis Dominik (TX); Kareem M. DEPARTMENT OF TRANSPORTATION
Federal Motor Carrier Safety Administration

Qualification of Drivers; Application for Exemptions; Hearing

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to grant requests from 39 individuals for exemptions from the Agency’s physical qualifications standard concerning hearing for interstate drivers. The current regulation prohibits hearing impaired individuals from operating CMVs in interstate commerce. After notice and opportunity for public comment, the Agency concluded that granting exemptions for these drivers to operate property-carrying CMVs will provide a level of safety that is equivalent to or greater than the level of safety maintained without the exemptions. The exemptions are valid for a 2-year period and may be renewed, and the exemptions preempt State laws and regulations.

DATES: The exemptions are effective April 8, 2015. The exemptions expire on April 10, 2017.

FOR FURTHER INFORMATION CONTACT: Charles A. Horan, III, Director, Office of Carrier, Driver and Vehicle Safety, (202) 366–4001, fmcsamedical@dot.gov, FMCSA, Department of Transportation, 1200 New Jersey Avenue SE., Room W64–224, Washington, DC 20590–0001. Office hours are 8:30 a.m. to 5 p.m., e.t., Monday through Friday, except Federal holidays.

Docket: For access to the docket to read background documents or comments, go to http://www.regulations.gov and/or Room W12–140 on the ground level of the West Building, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., e.t., Monday through Friday, except Federal holidays.

Privacy Act: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.dot.gov/privacy.

B. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the safety regulations for a 2-year period if it finds ‘‘such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.’’ The statute also allows the Agency to renew exemptions at the end of the 2-year period. The current provisions of the FMCSRs concerning hearing state that a person is physically qualified to drive a CMV if that person:

First perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5–1951.

49 CFR 391.41(b)(11). This standard was adopted in 1970, with a revision in 1971 to allow drivers to be qualified under this standard while wearing a hearing aid, 35 FR 6458, 6463 (April 22, 1970) and 36 FR 12857 (July 3, 1971).

FMCSA grants 39 individuals an exemption from 49 CFR 391.41(b)(11) concerning hearing to enable them to operate property-carrying CMVs in interstate commerce for a 2-year period. The Agency’s decision on these exemption applications is based on the current medical literature and information and the ‘‘Executive Summary on Hearing, Vestibular Function and Commercial Motor Driving Safety’’ (the 2008 Evidence Report) presented to FMCSA on August 26, 2008. The evidence report reached two conclusions regarding the matter of hearing loss and CMV driver safety: (1) No studies that examined the relationship between hearing loss and crash risk exclusively among CMV
drivers were identified; and (2) evidence from studies of the private driver license holder population does not support the contention that individuals with hearing impairment are at an increased risk for a crash. In addition, the Agency reviewed each applicant’s driving record found in the CDLIS,\(^1\) for CDL holders, and inspections recorded in MCMIS.\(^2\) For non-CDL holders, the Agency reviewed the driving records from the State licensing agency. Each applicant’s record demonstrated a safe driving history. The Agency believes the drivers covered by the exemptions do not pose a risk to public safety.

C. Comments

FMCSA announced the exemption applications and requested public comment for each of the applicants in one of the notices below. For those applicants discussed in a previous notice but who are not mentioned in this notice, the Agency announced its decision in a previous notice.

**Docket # FMCSA–2013–0121**

On May 3, 2013, FMCSA published a notice of receipt of exemption applications and requested public comment on 9 individuals. The comment period ended on June 3, 2013. In response to the notice, FMCSA received three comments. All three commenters support the idea of granting exemptions.

**Docket # FMCSA–2013–0122**

On May 6, 2013, FMCSA published a notice of receipt of exemption applications and requested public comment on 16 individuals. The comment period ended on June 5, 2013. In response to the notice, FMCSA received four comments. All four commenters support the idea of granting exemptions.

**Docket # FMCSA–2013–0123**

On July 16, 2013, FMCSA published a notice of receipt of exemption applications and requested public comment on 27 individuals. The comment period ended on August 15, 2013. In response to the notice, FMCSA received seven comments. All seven commenters support the idea of granting exemptions.

**D. Exemptions Granted**

Following individualized assessments of the exemption applications, FMCSA grants exemptions from 49 CFR 391.41(b)(11) to 39 individuals. Under current FMCSA regulations, all of the 39 drivers receiving exemptions from 49 CFR 391.41(b)(11) would have been considered physically qualified to drive a CMV in interstate commerce except that they do not meet the hearing requirement. E. Basis For Exemption
Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the hearing standard in 49 CFR 391.41(b)(11) if the exemption is likely to achieve an equivalent or greater level of safety than would be achieved without the exemption. With the exemption, applicants can drive in interstate commerce. Thus, the Agency’s analysis focuses on whether an equal or greater level of safety is likely to be achieved by permitting each of these drivers to drive in interstate commerce as opposed to restricting him or her to driving in intrastate commerce. The driver must comply with the terms and conditions of the exemption. This includes reporting any crashes or accidents as defined in 49 CFR 390.5 and reporting all citations and convictions for disqualifying offenses under 49 CFR part 383 and 49 CFR 391.

Conclusion
The Agency is granting exemptions from the hearing standard, 49 CFR 391.41(b)(11), to 39 individuals based on an evaluation of each driver’s safety experience. Safety analysis of information relating to these 39 applicants meets the burden of showing that granting the exemptions would achieve a level of safety that is equivalent to or greater than the level that would be achieved without the exemption. By granting the exemptions, the CMV industry will gain 39 additional CMV drivers. In accordance with 49 U.S.C. 31315, each exemption will be valid for 2 years from the effective date with annual recertification required unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315. FMCSA exempts the following 39 drivers for a period of 2 years from the physical qualification standard concerning hearing: Andrew Alcozer (IL); James Allen (VT); Michael Beebe (NJ); Shayne Bumbalough (WA); Barry Carpenter (SD); Gregorio Corin-Perez (VA); Charles Cofield (MS); Chase Cook (VA); Barry Crisman (GA); Michael Desarmeaux (OH); Robert Douglas (CA); William Faulk (AL); Michael Fuller (NC); Daniel Grossinger (MD); Gregory Hill (MS); Kyle Hornung (WI); Ronald Jardine (NJ); Michael Jenkins (VA); Roman Landa (CA); Bryan Macfarlane (VT); Aminder Malhi (CA); Mark Martin (MI); Joshua Moorhart (OR); Robert Munson (NJ); Jayson Lawson (AR); Albert Nicholson (NM); Darren Nordquist (WI); Edwin Oakes II (NY); Jeffrey Pagenkopf (MN); Jacob Paullin (WI); Ryan Pope (CA); Thomas Potterfield (SC); Thomas Prickett (MN); Fernando Ramirez-Savon (NM); Ralph Reno (PA); Ronald Rutter (AZ); Russell Smith (OH); James Weir (WA); and Billy White (TX).
