There is an alternate route for vessel traffic under the main span of the Sara M. Long Bridge. Vessels are advised to remain clear of the secondary draw and related construction activities during this closure. The secondary draw may be opened in the event of an emergency.

The Coast Guard will inform the users of the waterways through our Local and Broadcast Notice to Mariners of the change in operating schedule for the bridges so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.
