Control and Prevention, National Center for Health Statistics, 3311 Toledo Road, Auditorium B and C, Hyattsville, Maryland 20782, (301) 458–4125.

Status: Open.

Purpose: Section 1179 of the Health Insurance Portability and Accountability Act (HIPAA) creates an exemption from compliance with HIPAA and accompanying rules when a financial institution is “engaged in authorizing, processing, clearing, settling, billing, transferring or collecting payments.” The purpose of this meeting is to learn how banking and other financial service businesses are using personal health data as their services evolve in support of the health industry.

The objectives of this hearing are as follows:

- Increase awareness of current and anticipated financial services involving personal health data, understand section 1179 in light of these practices, and identify areas where outreach, education, technical assistance, or guidance may be useful.

Contact Person For More Information: Debbie M. Jackson, Acting Executive Secretary, NCVHS, National Center for Health Statistics, Centers for Disease Control and Prevention, 3311 Toledo Road, Room 2339, Hyattsville, Maryland 20782, telephone (301) 458–4614 or Maya Bernstein, ASP/OSDP, Room 436E, Department of Health and Human Services, 200 Independence Avenue SW., Washington, DC 20201, Phone: (202) 690–5896. Program information as well as summaries of meetings and a roster of committee members are available on the NCVHS home page of the HHS Web site: http://www.ncvhs.hhs.gov/, where further information including an agenda will be posted when available.

Should you require reasonable accommodation, please contact the CDC Office of Equal Employment Opportunity on 770–488–3204 as soon as possible.

Dated: April 15, 2015.

James Scanlon,
Deputy Assistant Secretary for Planning and Evaluation, Science and Data Policy, Office of the Assistant Secretary for Planning and Evaluation.

Submission for OMB Review; 30-Day Comment Request; Assessing an Online Process To Study the Prevalence of Drugged Driving in the U.S.: Development of the Drugged Driving Reporting System (NIDA)

SUMMARY: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the Federal Register on November 24, 2014, page 69864 and allowed 60 days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Institute on Drug Abuse (NIDA), the National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to: the Office of Management and Budget, Office of Regulatory Affairs, OIRA Submission@omb.eop.gov or by fax to 202–395–6974. Attention: NIH Desk Officer.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact the NIDA Contract Officer’s Representative (COR) Harold Perl, Ph.D., Chief, Prevention Research Branch, Division of Epidemiology, Services & Prevention Research, NIDA, 6001 Executive Blvd., Rockville, MD 20852 or call this non-toll-free number (301) 443–6504 or email your request, including your address to: hperl@nida.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

Need and Use of Information Collection: The study seeks to provide an improved understanding of the prevalence of drugged driving among adult drivers in the U.S. and will assess the effectivenes of the online survey implementation process. The primary objectives of the study are to: (a) To provide comprehensive data on drugged driving; (b) determine if the Drugged Driving Survey Instrument (DDS) is an effective and accurate measure of drugged driving among licensed U.S. Drivers aged 18 and older. and, (c) to assess the effectiveness of the survey implementation process, including various levels of incentives for participation to determine the appropriate/optimal incentive amount needed to obtain the desired number of total survey respondents within the timeframe within which survey data will be collected. The findings will provide valuable information concerning various aspects of substance use and driving behavior, including: (1) Demographic information about drivers who do and do not drive while impaired by medication and/or drugs (e.g. age, zip code, type of driver’s license); (2) which drugs/medications are most likely to be used while driving; (3) drivers’ beliefs and attitudes toward drugged driving.

OMB approval is requested for 2 years. There are no costs to respondents other than their time. The total annualized estimated burden hours are 750.

National Institute of Environmental Health Sciences Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meetings. The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Environmental Health Sciences Special Emphasis Panel, Child Health and the Environment Review Committee.

Date: May 12–14, 2015.

Time: 8:00 a.m. to 4:00 p.m.

Agenda: To review and evaluate grant applications.

Place: Crystal City Marriott at Reagan National Airport, 1999 Jefferson David Highway, Arlington, VA 22202.

Contact Person: Linda K Bass, Ph.D., Scientific Review Officer, Scientific Review Branch, Division of Extramural Research and Training, Nat’l Institute Environmental Health Sciences, P.O. Box 12233, MD EC–30, Research Triangle Park, NC 27709, (919) 541–1446, bassl1@niehs.nih.gov.

Name of Committee: National Institute of Environmental Health Sciences Special Emphasis Panel, Cell Differentiation Assays.

Date: May 15, 2015.

Time: 8:00 a.m. to 5:00 p.m.

Agenda: To review and evaluate grant applications.

Place: Sheraton Chapel Hill, One Europa Drive, Chapel Hill, NC 27517.

Contact Person: Sally Eckert-Tilotta, Ph.D., Scientific Review Officer, Nat. Institute of Environmental Health Sciences, Office of Program Operations, Scientific Review Branch, P.O. Box 12233, Research Triangle Park, NC 27709, (919) 541–1446, eckertt1@niehs.nih.gov.
