

Participants who believe that they have a good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing requesting authorization to continue to submit documents in paper format. Such filings must be submitted by: (1) first-class mail addressed to the Office of the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemaking and Adjudications Staff; or (2) courier, express mail, or expedited delivery service to the Office of the Secretary, Sixteenth Floor, One White Flint North, 11555 Rockville Pike, Rockville, Maryland, 20852, Attention: Rulemaking and Adjudications Staff. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants are requested not to include copyrighted materials in their submission.

The Commission will issue a notice or order granting or denying a hearing request or intervention petition, designating the issues for any hearing that will be held and designating the Presiding Officer. A notice granting a hearing will be published in the **Federal**

II. Background

The NRC is issuing for public comment NUREG-2179, "Draft Environmental Impact Statement for the Combined License (COL) for the Bell Bend Nuclear Power Plant." The PPL submitted an application for the COL to construct and operate one new nuclear power plant at its BBNPP site, located in Luzerne County, Pennsylvania. The

application was submitted by letter dated October 10, 2008, pursuant to part 52 of Title 10 of the *Code of Federal Regulations* (CFR). A notice of receipt and availability of the application including the environmental report was published in the **Federal Register** on November 13, 2008 (73 FR 67214). A notice of acceptance for docketing of the COL application was published in the **Federal Register** on December 29, 2008 (73 FR 79519). A notice of intent to prepare a draft EIS and to conduct scoping was published in the **Federal Register** on January 6, 2009 (74 FR 470). On March 30, 2012, PPL submitted a revised environmental report (Part 3 of the COL application), in accordance with 10 CFR 51.45 and 51.50, to provide detailed information regarding the revised site layout that was developed in order to avoid wetland impacts by relocating the power block footprint and other plant components. A notice of intent to conduct a supplemental scoping process on the revised site layout was published in the **Federal Register** on June 15, 2012 (77 FR 36012).

The draft EIS also supports the USACE's review and was prepared in accordance with the National Environmental Policy Act of 1969, as amended. The draft EIS also supports the USACE's review of the Department of the Army permit application from PPL (CENAB-OP-RPA-2008-01401). The USACE's Public Interest Review will be part of its Record of Decision and is not addressed in the draft EIS. As part of the USACE public comment process, the USACE will publish a notice (in the **Federal Register**) within 30 days of the publication of the draft EIS to solicit comments from the public regarding PPL's Department of the Army permit application for proposed work at the BBNPP site.

II. Request for Comment and Public Meetings

The NRC is requesting public comments on the draft EIS. The NRC and USACE staff will conduct two public meetings to present an overview of the draft EIS and to accept public comments on both the document and the associated Department of the Army permit application on Thursday, June 4, 2015, at Bloomsburg University, Monty's Building Upper Campus, 400 East Second Street, Bloomsburg, Pennsylvania 17815. The first meeting will convene at 3:00 p.m. and will continue until 5:30 p.m., as necessary. The second meeting will convene at 7:30 p.m., with a repeat of the overview portions of the first meeting, and will continue until 10:00 p.m., as necessary. For additional information regarding the

meetings, see the NRC's Public Meeting Schedule Web site at <https://meetings.nrc.gov/pmns/mtg>. The agenda will be posted no later than 10 days prior to the meetings.

Dated at Rockville, Maryland, this 14th day of April 2015.
