**AGENCY:** Office of Special Education and Rehabilitative Services, Department of Education.

**ACTION:** Notice of public meetings.

**SUMMARY:** The Secretary announces plans to hold two public meetings to seek comments about the proposed regulatory changes contained in a notice of proposed rulemaking (NPRM) that was published in the **Federal Register** on April 16, 2015, which would implement statutory changes to the State Vocational Rehabilitation Services and the State Supported Employment Services programs, as well as provisions governing Limitations on the Use of Subminimum Wage that fall under the Secretary's purview. The statutory changes made by the Workforce Innovation and Opportunity Act (WIOA), which amended the Rehabilitation Act of 1973 (Rehabilitation Act), form the basis for this NPRM. In addition, the Secretary proposes to update, clarify, and improve the current regulations.

**DATES:** The meetings will take place on April 30, 2015, and May 20, 2015.

**ADDRESSES:** We will hold two public meetings about the NPRM:

1. April 30, 2015, 1:00 p.m. to 5:00 p.m. EDT, Washington-Lyndon Baines Johnson (LBJ), U.S. Department of Education Building, 400 Maryland Ave. SW., Barnard Auditorium, Washington, DC 20202.

#### SUPPLEMENTARY INFORMATION:

##### Background

The Workforce Innovation and Opportunity Act (WIOA) (Pub. L. 113–128), signed into law on July 22, 2014, made significant changes to the Rehabilitation Act of 1973 (Rehabilitation Act). As a result, in the separate NPRM (80 FR 21059, April 16, 2015), the Secretary proposes to amend parts 361 and 363 of title 34 of the Code of Federal Regulations (CFR). These parts, respectively, implement the:

- State Vocational Rehabilitation (VR) Services program; and
- State Supported Employment Services program.

In addition, WIOA added section 511 to title V of the Act. Section 511 limits the payment of subminimum wages to individuals with disabilities by employers holding special wage certificates under the Fair Labor Standards Act (FLSA). Although the Department of Labor administers the FLSA, some requirements of section 511 fall under the purview of the Department of Education. Therefore, the Secretary proposes to add a new part 397 to title 34 of the CFR to implement those particular provisions.

The proposed changes are further described under the *Summary of Proposed Changes and Significant Proposed Regulations* sections of the separate NPRM related to 34 CFR parts 361, 363, and 397.

**Announcement of Public Meetings:** The Office of Special Education and Rehabilitative Services will hold two public meetings during April and May of 2015. The meetings will provide the public with the opportunity to present public comments on only the separate NPRM amending 34 CFR parts 361, 363, and 397, which is the NPRM associated with Docket ID ED–2015–OSERS–0001. It is likely that each participant will be limited to five minutes. Speakers may also submit written comments at the public meetings. In addition, the Department will accept written comments through [www.regulations.gov](http://www.regulations.gov), as explained in the separate NPRM. This notice provides specific information about dates, locations, and times of these meetings in the **ADDRESSES** section.

**Accessible Format:** Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or compact disc) on

request to the contact person listed under **FOR FURTHER INFORMATION CONTACT**.

**Assistance to Individuals with Disabilities at the Public Meetings:** The meeting sites are accessible to individuals with disabilities, and sign language interpreters will be available. If you will need an accommodation or auxiliary aid other than a sign language interpreter in order to participate in the meeting (e.g., other interpreting service such as oral, cued speech, or tactile interpreter; assistive listening device; or materials in accessible format), please contact the person listed under **FOR FURTHER INFORMATION CONTACT** at least two weeks before the scheduled meeting date. Although we will attempt to meet a request we receive after this date, we may not be able to make available the requested accommodation or auxiliary aid because of insufficient time to arrange it.

**Electronic Access to This Document:** The official version of this document is the document published in the **Federal Register**. Free Internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available via the Federal Digital System at: [www.gpo.gov/fdsys](http://www.gpo.gov/fdsys). ## POSTAL SERVICE

### 39 CFR Part 501

#### Revisions to the Requirements for Authority To Manufacture and Distribute Postage Evidencing Systems

**AGENCY:** Postal Service.™

**ACTION:** Proposed rule.

**SUMMARY:** The Postal Service is proposing to revise the rules concerning

authorization to manufacture and distribute postage evidencing systems to reflect new revenue assurance practices.

**DATES:** Submit comments on or before May 26, 2015.

**ADDRESSES:** Mail or deliver written comments to the Manager, Payment Technology, U.S. Postal Service®, 475 L'Enfant Plaza SW., Room 3500, Washington, DC 20260. You may inspect and photocopy all written comments at the Payment Technology office by appointment only between the hours of 9 a.m. and 4 p.m., Monday through Friday by calling 1-202-268-7613 in advance. Email and faxed comments are not accepted.

**FOR FURTHER INFORMATION CONTACT:** Marlo Kay Ivey, Business Systems Analyst, Payment Technology, U.S. Postal Service, (202) 268-7613.

**SUPPLEMENTARY INFORMATION:** These proposed changes to the CFR support the ongoing effort of the Postal Service (USPS) to collect the appropriate revenue on mail pieces in a more automated fashion. Presently the system relies on a manual process to weigh and rate pieces and collect at the point of induction or at the point of delivery. The USPS is upgrading mail processing equipment to validate postage paid on individual pieces and working with the PC Postage Providers to make corrections to the postage paid collecting additional revenue when appropriate with an electronic process. The PC Postage Providers will have piece level information and interface with the customers to make the needed postage corrections. Customers will have the opportunity to appeal the process in an electronic format. The USPS will be the final decision maker in all disputes.

**List of Subjects in 39 CFR Part 501**

■ 3. In § 501.2, revise paragraph (d) to read as follows:

The provider must supply customers with visibility into the

identified postage correction, facilitate a payment adjustment from the customer in the amount equivalent to the identified postage discrepancies to the extent possible, and enable customers to submit electronic disputes of such postage discrepancies to the Postal Service. Further if the Customer does not have funds sufficient to cover the amount of the discrepancies or the postage discrepancies have not been resolved, the provider may be required to temporarily suspend or permanently shut down the customer's ability to print PC Postage as described in the Domestic Mail Manual section 604.4. ■ 5.
