

3.105(j) and 102–3.140 and section 10(a)(3) of the Federal Advisory Committee Act, and the procedures described in this notice.

Individuals desiring to provide comments to the DHB may do so by submitting a written statement to the DHB Designated Federal Officer (DFO) (see **FOR FURTHER INFORMATION CONTACT**). Written statements should not be longer than two type-written pages and address the following details: The issue, discussion, and a recommended course of action. Supporting documentation may also be included, as needed, to establish the appropriate historical context and to provide any necessary background information.

If the written statement is not received at least five (5) business days prior to the meeting, the DFO may choose to postpone consideration of the statement until the next open meeting.

The DFO will review all timely submissions with the DHB President and ensure they are provided to members of the DHB before the meeting that is subject to this notice. After

reviewing the written comments, the President and the DFO may choose to invite the submitter to orally present their issue during an open portion of this meeting or at a future meeting. The DFO, in consultation with the DHB President, may allot time for members of the public to present their issues for review and discussion by the Defense Health Board.

POLICY JUSTIFICATION

Egypt—AGM-114K/R3 Hellfire II Missiles

The Government of Egypt has requested a possible sale of 356 AGM-114K/R3 Hellfire II Air-to-Ground missiles with containers, spare and repair parts, support equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The estimated cost is \$57 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country that has been and continues to be an important force for political stability and economic progress in the Middle East.

Egypt will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense. While this potential sale would be the first transfer of the R variant of this missile to Egypt, Egypt already has the F and K variants in its inventory and will have no difficulty absorbing these additional missiles.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin Corporation in Orlando, Florida. There are no known offset agreements proposed in connection with this potential sale.

Implementation of the proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Egypt.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 15-03

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended Annex Item No. vii

(vii) *Sensitivity of Technology:*

1. The AGM-114K/R Hellfire II is an air-to-ground missile used against heavy and light armored targets, thin skinned vehicles, urban structures, bunkers, caves and personnel. The new AGM-114R missile is Inertial Measurement Unit (IMU) based, with a variable delay fuse and improved safety and reliability.

2. The highest level for release of the AGM-114K/R Hellfire II is Secret, based upon the software. The highest level of classified information that could be disclosed by a proposed sale or by testing of the end item is Secret; the highest level that must be disclosed for production, maintenance, or training is Confidential. Vulnerability data, countermeasures, vulnerability/counterceptibility analyses, and threat definitions are classified up to Secret.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures or equivalent system with might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

4. A determination has been made that the Government of Egypt can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

5. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Egypt.

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

Sunshine Act Notice; Correction

AGENCY: Defense Nuclear Facilities Safety Board.

ACTION: Notice; correction.

SUMMARY: The Defense Nuclear Facilities Safety Board (Board) published a document in the **Federal Register** on April 2, 2015, (80 FR 17735), concerning notice of a public meeting and hearing on April 29, 2015, regarding the underground recovery of the Waste Isolation Pilot Plant and safe resumption of waste operations. That notice stated that the Board would be setting aside time for three public comment periods: (1) At the conclusion of Sessions II; (2) at the conclusion of Session III; and (3) just prior to the Board beginning deliberations in Session IV. The Board wishes to correct that statement to indicate that opportunity for public comment is limited to just two comment periods: (1) At the conclusion of Session II; and (2) just prior to the Board's deliberations in Session IV.

FOR FURTHER INFORMATION CONTACT: Mark Welch, General Manager, Defense Nuclear Facilities Safety Board, 625 Indiana Avenue NW., Suite 700, Washington, DC 20004-2901, (800) 788-4016. This is a toll-free number.

Correction

In the **Federal Register** of April 2, 2015, in FR Doc. 2015-07648, on page 17736, under the "Supplementary Information" caption, first column, lines 62-68, correct the statement to read:

The Board is setting aside time at the end of Session II for presentations and comments from the public. The public will be given one final opportunity for comment before the Board begins deliberations in Session IV.

Dated: April 21, 2015.

Jessie H. Roberson,
Vice-Chairman.
