By letter dated February 5, 2015 (ADAMS Accession No. ML15086A262), NWMI withdrew and resubmitted this portion of their construction permit application

On February 5, 2015, in accordance with 10 CFR 2.101(a)(5), NWMI submitted the following in part one of the construction permit application:

- the description and safety assessment of the site required by 10 CFR 50.34(a)(1),

- the agreement limiting access to classified information required by 10 CFR 50.37.

As stated in NWMI's February 5, 2015, letter, part two of NWMI's application for a construction permit will contain the remainder of the preliminary safety analysis report required by 10 CFR 50.34(a) and will be submitted in accordance with the requirements of 10 CFR 2.101(a)(5).

Subsequent **Federal Register** notices will address the acceptability of this part of the tendered construction permit application for docketing and provisions for public participation in the construction permit application review process.
