[B–26–2015]

Foreign-Trade Zone (FTZ) 39—Dallas-Fort Worth, Texas, Notification of Proposed Production Activity, Valeo North America, Inc. d/b/a Valeo Compressor North America, (Motor Vehicle Air-Conditioner Compressors), Dallas, Texas

Valeo North America, Inc. d/b/a Valeo Compressor North America (Valeo), an operator of FTZ 39, submitted a notification of proposed production activity to the FTZ Board for its facility in Dallas, Texas, within FTZ 39. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on April 20, 2015.

Valeo already has authority to produce air-conditioner compressor assemblies for motor vehicles. The current request would add a new finished product (electromagnetic compressor/clutch assemblies) and certain foreign-status components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Valeo from customs duty payments on the foreign status components used in export production. On its domestic sales, Valeo would be able to choose the duty rates during customs entry procedures that apply to air-conditioner compressor assemblies (free) and electromagnetic compressor/clutch assemblies (3.1%) for the foreign status materials and components noted below and in the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components sourced from abroad include: compressor/clutch assemblies; compressor bodies and housings; coils; rotors; armatures; and, fittings (parts of compressors) (duty rate ranges from free to 3.1%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is June 15, 2015.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the ''Reading Room'' section of the FTZ Board's Web site, which is accessible via *www.trade.gov/ftz.*

Sugar From Mexico: Continuation of Antidumping and Countervailing Duty Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* May 4, 2015.

SUMMARY: As of December 19, 2014, the Department of Commerce (the Department) suspended the antidumping duty (AD) investigation of imports of sugar from Mexico, based on an agreement between the Department and signatory producers/exporters accounting for substantially all imports of sugar from Mexico, and the countervailing duty (CVD) investigation of imports of sugar from Mexico, based on an agreement between the Department and the Government of Mexico. Both agreements eliminate completely the injurious effects of exports of the subject merchandise to the United States. The Department has received timely requests to continue the AD and CVD investigations of sugar from Mexico. Pursuant to sections 734(g) and 704(g) of the Tariff Act of 1930, as amended (the Act), respectively, the Department is resuming its investigations. We are resuming the investigations as if our preliminary determinations had been published on this notice's publication date.

FOR FURTHER INFORMATION CONTACT: Kaitlin Wojnar or David Lindgren at (202) 482–3857 or (202) 482–3870, respectively; AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On April 17, 2014, the Department initiated AD and CVD investigations of sugar from Mexico under sections 732 and 702 of the Act, respectively.[1] On August 25, 2014, the Department made an affirmative preliminary CVD determination and aligned the date of its final determination with that of the concurrent AD investigation.[2] On October 24, 2014, the Department made a preliminary determination of sales at less than fair value and fully extended the final determination deadline.[3]

On October 27, 2014, the Department and a representative for the Mexican sugar producers/exporters initialed a proposed agreement to suspend the AD investigation of sugar from Mexico.[4] On the same day, the Department and the Government of Mexico initialed a proposed agreement to suspend the CVD investigation of sugar from Mexico.[5] Consistent with sections 734(e)(1) and 704(e)(1) of the Act, the Department notified all interested parties and the U.S. International Trade Commission (ITC) of the proposed agreement.[6] On October 30, 2014, the Department issued a memorandum proposing a clarification of the scope of the investigations.[7] Interested parties were invited to submit written comments on the proposed suspension agreements and the proposed scope clarification by November 10, 2014. On November 7, 2014, that deadline was extended to November 18, 2014.[8] The Department received timely comments from numerous parties.

The Department and a representative of the signatory producers/exporters accounting for substantially all imports of Mexican sugar to the United States, Camara Nacional de Las Industrias Azucarera y Alcoholera (the Mexican Sugar Chamber), signed an agreement suspending the AD investigation on December 19, 2014.[9] On the same day, the Department and the Government of Mexico signed an agreement suspending the CVD investigation.[10] In accordance with sections 734(f) and 704(f) of the Act, the Department notified the ITC of its suspension of the AD and CVD investigations.[11] The scope of the investigations was revised, as provided in the Suspension Agreements, based on comments received from interested parties.

On January 8, 2015, Imperial Sugar Company (Imperial) and AmCane Sugar LLC (AmCane) each notified the Department that they had petitioned the ITC to conduct a review to determine whether the injurious effects of imports of the subject merchandise are eliminated completely by the AD Suspension Agreement (a section 734(h) review) and the CVD Suspension Agreement (a section 704(h) review).[12] On January 16, 2015, Imperial and AmCane also submitted timely requests for continuation of the AD and CVD investigations.[13] The American Sugar Coalition and its members[14] (collectively, Petitioners) and the Mexican Sugar Chamber challenged both Imperial's and AmCane's standing to request continuation under sections 734(g) and 704(g) of the Act.[15] The Department solicited comments on the standing issue and notified interested parties that, if it was determined that continuation is warranted, the suspended investigations would resume following the March 24, 2015, deadline for the ITC's section 734(h) and section 704(h) reviews.[16] We received comments and rebuttal comments on the standing issue from several interested parties.[17]

On March 19, 2015, in a unanimous vote, the ITC found that the Suspension Agreements eliminate completely the injurious effects of imports of sugar from Mexico.[18] On the same day, the Department announced that it would issue a decision regarding continuation

of the investigations promptly after the ITC made its views and findings available.[19] On March 24, 2015, the ITC notified the Department of its determinations.[20] On April 10, 2015, the ITC provided a report of its views and findings in the section 734(h) and section 704(h) reviews to the Department.[21] On April 24, 2015, we issued a memorandum regarding our determination that Imperial and AmCane are interested parties which are parties to the investigations and, accordingly, have standing to request continuation of the AD and CVD investigations.[22]

Continuation of Investigations

Sections 734(g) and 704(g) of the Act require the Department to continue a suspended investigation if it receives a request for continuation within 20 days of the notice of suspension of an investigation from an interested party, as described in section 771(9)(C) through (G) of the Act, which is a party to the investigation. As noted above, Imperial and AmCane filed timely requests for continuation. Having determined that Imperial and AmCane have standing to request continuation, the Department is continuing its AD and CVD investigations of imports of sugar from Mexico pursuant to sections 734(g) and 704(g) of the Act, respectively. The Department is resuming the investigations as if its preliminary determinations had been published on this notice's publication date. Consistent with section 735(a)(2)(A) of the Act, as well as the CVD investigation's prior alignment with the concurrent AD investigation, we intend to make our final determination in both investigations within 135 days of this notice's publication date.

Dated: April 24, 2015.
