

proposing a revision of an existing information collection.

DATES: Interested persons are invited to submit comments on or before June 3, 2015.

ADDRESSES: Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting Docket ID number ED–2015–ICCD–0021 or via postal mail, commercial delivery, or hand delivery. If the regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted; ED will ONLY accept comments during the comment period in this mailbox when the regulations.gov site is not available. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Mailstop L–OM–2–2E319, Room 2E103, Washington, DC 20202.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Kashka Kubzdela, 202–502–7411.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note

that written comments received in response to this notice will be considered public records.

Title of Collection: 2015–16 National Teacher and Principal Survey (NTPS) Full-Scale Data Collection.

OMB Control Number: 1850–0598.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 50, 028.

Total Estimated Number of Annual Burden Hours: 26, 235.

Abstract: The National Teacher and Principal Survey (NTPS) is a redesign of the Schools and Staffing Survey (SASS) and is ED's primary source of information on the teacher and principal labor market and on what is happening in K–12 public schools from teachers' and principals' perspectives. NTPS is an in-depth, nationally representative survey of first through twelfth grade public school teachers, principals, and schools. Kindergarten teachers in schools with at least a first grade are also eligible for NTPS. Starting in 2015–2016, the NTPS will be conducted every two years utilizing core content and a series of rotating modules to allow timely collection of important education trends and conducting trend analyses. The NTPS is the Department's regular source of data on salaries, out-of-pocket expenses, qualifications, and race/ethnic and age distribution of teachers; along with salaries and race/ethnic and age distribution of principals; and school start times and student teacher ratios. This request is to conduct the 2015–16 NTPS full-scale data collection.

Dated: April 29, 2015.

Kate Mullan,

Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

BILLING CODE 4000–01–P

DEPARTMENT OF EDUCATION

[Docket No.: ED–2015–ICCD–0058]

Agency Information Collection Activities; Comment Request; Application for the Rural Education Achievement Program (REAP)

AGENCY: Office of Elementary and Secondary Education (OESE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44

U.S.C. chapter 3501 *et seq.*), ED is proposing an extension of an existing information collection.

DATES: Interested persons are invited to submit comments on or before July 6, 2015.

ADDRESSES: Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting Docket ID number ED–2015–ICCD–0058 or via postal mail, commercial delivery, or hand delivery. If the regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted; ED will ONLY accept comments during the comment period in this mailbox when the regulations.gov site is not available. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Mailstop L–OM–2–2E319, Room 2E115, Washington, DC 20202.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Jean Marchowsky, (202) 205–2161.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use

of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Application for the Rural Education Achievement Program (REAP).

OMB Control Number: 1810–0646.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local and Tribal Governments.

Total Estimated Number of Annual Responses: 549.

Total Estimated Number of Annual Burden Hours: 3,277.

Abstract: This data collection is pursuant to the Secretary's authority under Part B of Title VI of the Elementary and Secondary Education Act (ESEA), to award funds under two grant programs designed to address the unique needs of rural school districts—the Small, Rural School Achievement (SRSA) program (ESEA Section 6212) and the Rural and Low-Income School (RLIS) program (ESEA Section 6221). Under the SRSA program, the Secretary awards grants directly to eligible local educational agencies (LEAs) on a formula basis. Under the RLIS program, eligible school districts are sub-recipients of funds the Department awards to State educational agencies (SEAs) on a formula basis. For both grant programs, the Department awards funds based on a determination of the eligibility of individual school districts and the calculation of the allocation each eligible district should receive according to formula prescribed in the statute. This data collection package consists of two forms and related documents that are used to accomplish the grant award process each year: (1) A spreadsheet used by SEAs to submit information to identify RLIS and SRSA-eligible LEAs and to allocate funds based on the appropriate formula, and (2) an application form for SRSA-eligible LEAs to apply for funding. This submission requests a three-year extension of the current approved collection package (OMB #1810–0646). The REAP eligibility spreadsheet (Form 1) has no substantive changes or revisions from the previously-approved collection under OMB#1810–0646. Similarly, the SRSA Application (Form 2) is essentially unchanged from the previous collection. The instructions accompanying both Form 1 and Form 2 remain unchanged from the previously-approved collection, except for minor changes to update dates and contact information. None of these changes require SEAs to submit additional data.

Dated: April 28, 2015.

Tomakie Washington,

Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

Office of Energy Efficiency and Renewable Energy

Wave Energy Prize

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Notice of the Wave Energy Prize.

SUMMARY: The U.S. Department of Energy (DOE) gives notice of the availability of the Wave Energy Prize and of DOE's responses to public comments on the draft Prize Rules and Prize Terms and Conditions. The prize is designed to achieve game-changing performance enhancements to wave energy conversion (WEC) devices, establishing a pathway to sweeping cost reductions on a commercial scale. The prize consists of three phases—design, build, and test and evaluation. Prize purses to the winner(s): Grand Prize (\$1,500,000), 2nd Place Finisher (\$500,000), and 3rd Place Finisher (\$250,000).

DATES: DOE launches the Wave Energy Prize and opens the Prize for public registration on May 1, 2015. The Winner(s) of the Prize, if any, is expected to be announced by the end of 2016. All dates are subject to change.

ADDRESSES: Interested persons can register for the Wave Energy Prize at waveenergyprize.org on the "Register" page. The final Prize Rules, the final Prize Terms and Conditions, and DOE's responses to public comments on the draft Prize Rules and Prize Terms and Conditions, can all be found under the "Rules" tab of the "About" page. Please submit questions and comments to: info@waveenergyprize.org.

FOR FURTHER INFORMATION CONTACT: Please submit questions and comments to: info@waveenergyprize.org.

SUPPLEMENTARY INFORMATION: The America COMPETES Reauthorization Act of 2010 (America COMPETES), Public Law 111–358, enacted January 4, 2011, authorizes Federal agencies to issue competitions to stimulate innovations in technology, education, and science. The Wave Energy Prize leverages the America COMPETES Act

to provide incentives to design, build, and test innovative WEC concepts.

DOE launches the Wave Energy Prize, a public prize challenge sponsored by DOE's Water Power Program. The prize is designed to increase the diversity of organizations involved in WEC technology development, while motivating and inspiring existing stakeholders. DOE envisions this competition will achieve game-changing performance enhancements to WEC devices, establishing a pathway to sweeping cost reductions on a commercial scale.

The wave energy industry is young and is experiencing many new innovations as evidenced by a sustained growth in patent activity. While the private industry is developing these early-concept WEC devices through design and benchtop prototype testing, funding is hard to secure for performance testing and evaluation of WEC devices in wave tanks at a meaningful scale. This is a problem for the industry since scaled WEC prototype tank testing, validation, and evaluation are key steps in the advancement of WEC technologies through the technical readiness levels to reach commercialization.

Goal of the Wave Energy Prize: The Wave Energy Prize will encourage the development of more efficient WEC devices that double the energy captured from ocean waves, which in turn will reduce the cost of wave energy, making it more competitive with traditional energy solutions.

Economic impact of the Wave Energy Prize: A successful Wave Energy Prize could jump-start private sector innovation critical to the country's long-term economic growth, energy security, and international competitiveness in the wave energy conversion sector.

Why participate in the Wave Energy Prize? The Wave Energy Prize seeks to attract innovative ideas from developers new to the industry and next-generation ideas from existing developers by offering a monetary prize purse and providing an opportunity for tank testing and evaluation of scaled WEC device prototypes at the U.S. Navy's Maneuvering and Seakeeping Basin (MASK) facility in Carderock, MD.

Eligibility: U.S. entities are able to participate in the Wave Energy Prize. This includes U.S. persons and companies as well as foreign companies that are incorporated in and maintain a primary place of business in the United States. Full eligibility requirements for the Wave Energy Prize are set in accordance with those established by America COMPETES, and are fully outlined in the Wave Energy Prize Rules
