AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to requests from interested parties, the Department of Commerce (“Department”) is conducting the administrative review of the antidumping duty order on certain activated carbon from the People’s Republic of China (“PRC”) for the period of review (“POR”) April 1, 2013, through March 31, 2014. The Department preliminarily finds that subject merchandise has been sold in the United States at prices below normal value (“NV”) during the POR. The Department invites interested parties to comment on these preliminary results.

DATES: Effective Date: May 5, 2015.

FOR FURTHER INFORMATION CONTACT: Bob Palmer or Frances Veith, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–9068, or (202) 482–4295, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise subject to the order is certain activated carbon. The products are currently classifiable under the Harmonized Tariff Schedule of the United States (“HTSUS”) subheading 3802.10.00. Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the order remains dispositive.

Preliminary Determination of No Shipments

Based on an analysis of U.S. Customs and Border Protection (“CBP”) information, and no shipment certifications submitted by Sinoacarbon International Trading Co., Ltd. (“Sinoacarbon”), the Department preliminarily determines that Sinoacarbon had no shipments during the POR. For additional information regarding this determination, see the Preliminary Decision Memorandum.

Methodology

The Department conducted this review in accordance with section 751(u)(1)(B) of the Tariff Act of 1930, as amended (“the Act”). We calculated constructed export prices and export prices in accordance with section 772 of the Act.Because the PRC is a non-market economy (“NME”) within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of the topics included in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“ACCESS”). ACCESS is available to registered users at https://access.trade.gov/login.aspx and it is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum is available at http://enforcement.trade.gov/frn/. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of the Review

The Department preliminarily finds that four companies subject to this review did not establish eligibility for a separate rate. As such, we preliminarily determine they are part of the PRC-wide entity. Because no party requested a review of the PRC-wide entity and the Department no longer considers the PRC-wide entity as an exporter conditionally subject to administrative reviews,\textsuperscript{4} we did not conduct a review of the PRC-wide entity. Thus, the rate for the NME entity is not subject to change as a result of this review.

For companies subject to this review which established their eligibility for a separate rate, the Department preliminarily determines that the following weighted-average dumping margins exist for the POR from April 1, 2013, through March 31, 2014:

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from the PRC.

1. For entries that were not reported in the U.S. sales data submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the rate for the PRC-wide entity.

2. Additionally, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries entered under that exporter’s case number will be liquidated at the rate for the PRC-wide entity.

3. In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated antidumping duties, where applicable.

Where either the respondent’s ad valorem weighted-average dumping margin is zero or de minimis, or an importer-specific ad valorem assessment rate is zero or de minimis, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries that were not reported in the U.S. sales data submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the rate for the PRC-wide entity.
