### Notice of Lodging of Proposed Consent Decree Under the Clean Water Act

On April 28, 2015, the Department of Justice filed a complaint and lodged a Consent Decree with the United States District Court for the Northern District of California pertaining to the cement manufacturing and limestone mining facility ("Facility") in Cupertino, California owned by Hanson Permanente Cement, Incorporated ("Hanson") and operated by Lehigh Southwest Cement Company ("Lehigh"). The complaint and proposed Consent Decree were filed contemporaneously in the matter of *United States of America and People of the State of California by and through the California Regional Water Quality Control Board, San Francisco Bay Region v. Lehigh Southwest Cement Company and Hanson Permanente Cement, Incorporated*, Civil Action No. 5:15-cv-01896 (N.D. Cal.).

The Consent Decree resolves claims under Sections 301 and 402 of the Clean Water Act, 33 U.S.C. 1311 and 1342, and related state law claims, arising from releases of selenium, mercury, hexavalent chromium, nickel, thallium, and other pollutants from the Facility to Permanente Creek. The Consent Decree provides that Lehigh and Hanson will pay a civil penalty of \$2,550,000 to the United States and the State of California

(with the United States and the State of California each receiving half of the civil penalty payment), and will install treatment for the pollutants described above in order to come into compliance with the Clean Water Act.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America and People of the State of California by and through the California Regional Water Quality Control Board, San Francisco Bay Region v. ### Notice of Lodging of Proposed Consent Decree Under the Clean Water Act

On April 29, 2015, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Massachusetts

in the lawsuit entitled *United States v. City of Lawrence, Massachusetts*, Civil Action No. 1:15-cv-11743-RGS.

In the Complaint, the United States, on behalf of the U.S. Environmental Protection Agency (EPA), alleges that the defendant City of Lawrence (“the City”) violated the Clean Water Act (“CWA”), 33 U.S.C. 1251, *et seq.*, and applicable regulations relating to the City’s failure to comply with its National Pollution Discharge System and small municipal separate storm sewer system permits owned and operated by the City. The Consent Decree requires the City to undertake various measures to study and correct the problems causing the permit violations in order to achieve compliance with the CWA and applicable regulations.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. City of Lawrence*, D.J. Ref. No. 90-5-1-1-11060. **SUPPLEMENTARY INFORMATION:** Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and/or
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

**Overview of This Information Collection**

1. *Type of Information Collection:* New Collection; Perceptions of Safety and Police-Community Relations.
2. *The Title of the Form/Collection:* Survey of Resident Perceptions of Safety and Policing & Survey of Officer Perceptions of Policing and Department/Organization.
3. *The agency form number:* None.
4. *Affected public who will be asked or required to respond, as well as a brief abstract:*

The affected public who will be asked to respond to the surveys include:

- Community residents of the CRI-TA site over the age of 18;
- Sworn and non-sworn police officers; and

The information collected through the two respective surveys is to establish a baseline to measure the impact of technical assistance given to Collaborative Reform Initiative (CRI) sites to advance community police and improve community confidence in the police. The four technical assistance providers (The Police Foundation, the Center for Naval Analyses (CNA), Institute of Intergovernmental Research (IIR), and Hillard Heintze) or one or more survey administration organizations will utilize each of the two surveys at one point in time for two different populations. The surveys will be administered prior to the application of technical assistance (or shortly thereafter) to establish a baseline of public and police perception of safety, community policing, and police-community relations. The data collected will cover one point in time in 2015 to establish this baseline. The survey results will not be used to draw conclusions that can be applied to the entire nation, but rather only for sites COPS chooses to provide technical assistance, so a nationally representative sample is not recommended. However, the surveys can be used in any municipality or region in the United States. To enhance site sustainability, the surveys will serve as tools for CRI sites (and future COPS community policing sites) to monitor their own
