

change efforts and progress over time. Sites will be encouraged to administer the same survey tools at varying time intervals in order to compare pre- and post-technical assistance perceptions. The sites can infer the impact of technical assistance as well as their own capacity to sustain change. The community resident survey should over-represent those who have or likely have had contact with the police in that locality, determined by arrest rates by zip code or neighborhood delineation, race, and ethnicity. The police survey will be disseminated to all sworn and non-sworn officers. The detainee survey shall be comprised of a convenience sample of those who have had recent contact with the police in that locality.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimated one to five percent of members of each community will take part in the Survey of Resident Perceptions of Safety and Policing. The COPS Office estimates 50 sites over the approval period of this collection. Based on previous use of the survey at the Program in Criminal Justice Policy and Management at the John F. Kennedy School of Government at Harvard University (PCJ), the estimated range of completion for respondents is expected to be between 10 minutes to 15 minutes for completion. An estimated 15% of police officers of each agency will take part in the Survey of Officer Perceptions of Policing and Department/Organization. The COPS Office estimates 50 sites over the approval period of this collection. Based on previous use of the survey by the PCJ, the estimated range of completion for respondents is expected to be between 15 minutes and 20 minutes. Of the detainees offered the opportunity to participate, an estimated 20–25% of detainees will agree to participate in the Survey of Detainee Perceptions of Policing. Based on previous use of the survey the PCJ, the estimated range of completion for detainee respondents is expected to be between five minutes and 10 minutes.

6. *An estimate of the total public burden (in hours) associated with the collection:* Surveys will be disseminated to respective CRI sites pre-technical assistance to gather baseline data. For the approval timeframe of this collection, the COPS Office estimates that it will administer the survey to 50 community and agency sites: The COPS Office estimates that it will administer 400 community member and 100 officer surveys per site:

- 400 surveys × 50 sites (20,000 surveys) × 20 minutes = 6,667 hours.

- 100 surveys × 50 sites (5,000 surveys) × 20 minutes = 1,667 hours.
- The total estimated burden associated with this collection is 8,334 hours.
