### Notice of Lodging of Stipulation and Proposed Order Under the Comprehensive Environmental Response, Compensation, and Liability Act

On May 1, 2015, the Department of Justice lodged a Stipulation and Proposed Order Amending the Requirements Set Forth in Paragraph 13(c) of the Consent Decree (“Stipulation and Proposed Order”) with the United States District Court for the Southern District of Ohio in the lawsuit entitled *United States of America v. Elsa Morgan-Skinner, et al*, 1:00-cv-424.

In its February 21, 2001, amended complaint in this action, brought under Sections 106 and 107(a) of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. 9606 and 9607(a), the United States sought: (1) Reimbursement of costs incurred by the United States for response actions at the Skinner Landfill Superfund Site in West Chester, Ohio (“Site”); and (2) performance of response work. On April 3, 2001, the Court entered a Consent Decree that required the Settling Generator/Transporter Defendants to conduct a remedial action at the Site. In particular, Paragraph 13(c) of the Consent Decree required the construction of an upgradient groundwater control system if the Environmental Protection Agency (“EPA”) determined that there would be prolonged contact between groundwater and waste material at the Site. Although monitoring established that such contact existed, EPA has determined that
