[Docket No. SSA–2015–0023]

Request for Information on Early Intervention Strategies for Serving Individuals With Disabilities

AGENCY: Social Security Administration.

ACTION: Request for information.

SUMMARY: The Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113–235), provided us with money under section 1110 of the Social Security Act to begin the design, development, and implementation of an early intervention demonstration to test innovative strategies aimed at helping people with disabilities remain in the workforce. The President’s FY 2016 Budget requested additional funds to support a complete demonstration project. In order to inform the development of that demonstration, this request for information (RFI) seeks recommendations on targeted design features related to improving employment and earnings outcomes for people with disabilities, specifically individuals with mental impairments. The input we receive will inform and complement ongoing interagency deliberations about the best use of funds for an initial demonstration project relevant to future policy discussions for the Social Security Disability Insurance

(DI) and Supplemental Security Income (SSI) programs.
