

In accordance with the FTZ Board's regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is July 7, 2015. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to July 22, 2015.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz. For further information, contact Camille Evans at Camille.Evans@trade.gov or (202) 482-2350.

Dated: May 2, 2015.

Andrew McGilvray,
Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-29-2015]

Foreign-Trade Zone (FTZ) 148— Knoxville, Tennessee; Notification of Proposed Production Activity; CoLinx, LLC (Bearing Units); Crossville, Tennessee

The Industrial Development Board of Blount County and the Cities of Alcoa and Maryville, Tennessee, grantee of FTZ 148, submitted a notification of proposed production activity to the FTZ Board on behalf of CoLinx, LLC (CoLinx), located in Crossville, Tennessee. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on April 29, 2015.

The CoLinx facilities are located within Sites 2, 6 and 7 of FTZ 148. The facilities are used for the distribution and assembly of kits of bearing products. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted

notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt CoLinx from customs duty payments on the foreign status components used in export production. On its domestic sales, CoLinx would be able to choose the duty rates during customs entry procedures that apply to: Mounted unit roller assemblies (housed, spherical roller bearing units); and, mounted unit ball assemblies (housed ball bearing units) (duty rate 4.5%) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components and materials sourced from abroad include: Mineral oil based, lithium soap thickened bearing grease; double row insert bearings (spherical rollers), nitrile rubber contact lip seals with spring-loaded lips; and, plastic end caps for bearing housings (duty rate ranges from 2.5% to 1.3¢/kg + 5.7%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is June 17, 2015.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Elizabeth Whiteman at Elizabeth.Whiteman@trade.gov or (202) 482-0473.

Dated: April 30, 2015.

Andrew McGilvray,
Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Education Trade Mission to Africa, March 7-10, 2016

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice.

SUMMARY: The United States Department of Commerce, International Trade Administration, is organizing an

education mission to South Africa and Ghana with an optional stop in the Côte d'Ivoire. Department of Commerce is partnering with the Department of State's EducationUSA Advising Centers in each location. This trade mission will be led by a senior Department of Commerce official and the emphasis will be on higher education programs, community college programs and summer, undergraduate and graduate programs.

This mission will seek to connect U.S. higher education institutions to potential students and university/institution partners in these three African countries. The mission will include student fairs organized by Education USA, embassy briefings, site visits, and networking events in our target cities of Johannesburg, Accra, and Abidjan. Participation in the Education Mission to these nations, rather than traveling independently to each market, will enhance the ability of participants to secure appropriate meetings with productive contacts in the target markets.

Summer programs seeking to participate should be appropriately accredited by an accreditation body recognized by the U.S. Department of Education. Community colleges, undergraduate and graduate programs seeking to participate should be accredited by a recognized accreditation body listed in Council for Higher Education Accreditation (CHEA) or Accrediting Council for Education and Training (ACCET), in the Association of Specialized and Professional Accreditors (ASPA), or any accrediting body recognized by the U.S. Department of Education.

The delegation will include representatives from approximately 25 different educational institutions.

Mission Goals

The goals of the United States Education Mission to Africa are: (1) To help participants gain market exposure and to introduce participants to the vibrant African market in the countries of South Africa, Ghana, and Côte d'Ivoire (2) to help participants assess current and future business prospects by establishing valuable contacts with prospective students and educational institutions/partners; and (3) to help participants develop market knowledge and relationships leading to student recruitment and potential partnerships.

Proposed Mission Schedule—March 6 to 12, 2016

Johannesburg, South Africa—March 6–8, 2016

Sunday, March 6, 2016 Johannesburg

- Arrive in Johannesburg.
- Check into hotel.

Monday, March 7, 2016 Johannesburg

- Welcome and Briefing from the U.S. and Foreign Commercial Service.
- Visit to Oprah Winfrey's Leadership Academy.
- Visit to schools.
- Networking reception.

Tuesday, March 8, 2016 Johannesburg.

- Additional visits to schools.
- Education Fair.
- Travel to Accra, Ghana.

Accra, Ghana—Wednesday, March 9–10, 2016

Wednesday, March 9, 2016 Accra

- Travel recovery.
- Welcome and briefing from the U.S. and Foreign Commercial Service.
- Visits to schools.
- Reception at the U.S. Ambassador's residence.

Thursday, March 10, 2016 Accra

- Education Fair.
- Depart to Abidjan, Côte d'Ivoire for optional stop or return to the United States on own itinerary.

Official Trade Mission Ends

Abidjan, Cote d'Ivoire (OPTIONAL)

Friday, March 11, 2016 Abidjan

- Welcome and briefing from the U.S. Department of State (EducationUSA)
- Visits to schools.
- Education Fair.
- Reception.

Saturday, March 12, 2016

- Departure to the USA.

Participation Requirements

All parties interested in participating in the Education Trade Mission to Africa must complete and submit an application package for consideration by the Department of Commerce. All applicants will be evaluated on their ability to meet certain conditions and best satisfy the selection criteria as outlined below. The mission will open on a rolling basis to a minimum of 20 and a maximum of 25 appropriately accredited U.S. educational institutions. U.S. educational institutions already recruiting in Africa, as well as U.S. education institutions seeking to enter the African market for the first time, may apply.

Fees and Expenses

After an institution has been selected to participate on the mission, a payment to the Department of Commerce in the form of a participation fee is required. The participation fee is \$2,800 for one principal representative from each non-profit educational institution or educational institution with less than 500 employees and \$3,300 for for-profit universities with over 500 employees.¹ An institution can choose to participate in the optional stop in Cote d'Ivoire for an additional \$1,800 for one principal representative from each non-profit educational institution or educational institution with less than 500 employees and \$1,900 for for-profit universities with over 500 employees. The fee for each additional representative is \$600. Expenses for lodging, some meals, incidentals, and all travel (except for transportation to and from airports in-country, previously noted) will be the responsibility of each mission participant. The U.S. Department of Commerce can facilitate government rates in some hotels.

Conditions of Participation

An applicant must submit a timely, completed and signed mission application and supplemental application materials, including adequate information on course offerings, primary market objectives, and goals for participation. The institution must have appropriate accreditation as specified per paragraph one above. The institution must be represented at the student fair by an employee. No agents will be allowed to represent a school on the mission or participate at the student fair. Agents will also not be allowed into the fairs to solicit new partnerships. If the Department of Commerce receives an incomplete application, the Department may reject the application, request additional information, or take the lack of information into account when evaluating the applications.

Participants must travel to both stops in South Africa and Ghana on the mission. Côte d'Ivoire is the only optional stop.

¹ An SME is defined as a firm with 500 or fewer employees or that otherwise qualifies as a small business under SBA regulations (see <http://www.sba.gov/services/contractingopportunities/sizestandardstopsis/index.html>). Parent companies, affiliates, and subsidiaries will be considered when determining business size. Non-profit educational institutions will be considered SMEs for purposes of this guidance. The dual pricing reflects the Commercial Service's user fee schedule that became effective May 1, 2008 (see <http://www.export.gov/newsletter/march2008/initiatives.html> for additional information).

Each applicant must certify that the services it seeks to export through the mission are either produced in the United States, or, if not, marketed under the name of a U.S. firm and have at least 51 percent U.S. content of the value of the service.

Selection Criteria for Participation

- Consistency of the applicant's goals and objectives with the stated scope of the mission.
- Applicant's potential for doing business in Africa, including the likelihood of service exports (education)/knowledge transfer resulting from the mission.

Referrals from political organizations and any documents containing references to partisan political activities (including political contributions) will be removed from an applicant's submission and will not be considered during the selection process.

Timeframe for Recruitment and Applications

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission calendar (<http://export.gov/industry/education/>) and other Internet Web sites, press releases to general and trade media, direct mail, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows. Recruitment for the mission will begin immediately and conclude no later than January 15, 2016. Applications for the mission will be accepted on a rolling basis. Applications received after January 15, 2016, will be considered only if space and scheduling constraints permit.

BILLING CODE 3510-FR-P

DEPARTMENT OF COMMERCE

International Trade Administration

[A-570-832]

**Pure Magnesium From the People's
Republic of China: Final Results of
Antidumping Duty Administrative
Review; 2013-2014**

AGENCY: Enforcement and Compliance,
International Trade Administration,
Department of Commerce.

DATES: *Effective Date:* May 8, 2015.

SUMMARY: On January 30, 2015, the
Department of Commerce ("the
Department") published in the **Federal
Register** the preliminary results of the
administrative review of the
antidumping duty order on pure
magnesium from the People's Republic
of China ("PRC"), covering the period
May 1, 2013, through April 31, 2014.¹
This review covers one PRC exporter,
Tianjin Magnesium International, Co.,
Ltd. ("TMI") and Tianjin Magnesium
Metal, Co., Ltd. ("TMM") (collectively
"TMI/TMM"). The Department gave
interested parties an opportunity to
comment on the *Preliminary Results*,
but we received no comments. Hence,
these final results are unchanged from
the *Preliminary Results*, and we
continue to find that TMI/TMM did not
have reviewable entries during the
period of review ("POR").

FOR FURTHER INFORMATION CONTACT:
Brendan Quinn or Erin Begnal, AD/CVD
Operations, Office III, Enforcement and
Compliance, International Trade
Administration, U.S. Department of
Commerce, 14th Street and Constitution
Avenue NW., Washington, DC 20230;
telephone: (202) 482-5848 or (202) 482-
1442, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 30, 2015, the Department
published the *Preliminary Results* of the

¹ See *Pure Magnesium From the People's
Republic of China: Preliminary Results of
Antidumping Duty Administrative Review; 2013-
2014*, 80 FR 5087 (January 30, 2015) ("*Preliminary
Results*").

instant review.² TMI/TMM submitted
timely-filed certifications indicating that
they had no shipments of subject
merchandise to the United States during
the POR.³ In addition, in response to the
Department's query, U.S. Customs and
Border Protection ("CBP") did not
provide any evidence that contradicted
TMI/TMM's claims of no shipments.⁴
The Department received no comments
from interested parties concerning the
results of the CBP query. Therefore,
based on TMI/TMM's certification and
our analysis of CBP information, we
preliminarily determined that TMI/
TMM did not have any reviewable
entries during the POR.⁵ We invited
interested parties to comment on the
Preliminary Results.⁶ We received no
comments from interested parties.

The Department conducted this
review in accordance with section
751(a)(1)(B) of the Tariff Act of 1930, as
amended ("the Act").

Scope of the Order

Merchandise covered by the order is
pure magnesium regardless of
chemistry, form or size, unless expressly
excluded from the scope of the order.
Pure magnesium is a metal or alloy
containing by weight primarily the
element magnesium and produced by
decomposing raw materials into
magnesium metal. Pure primary
magnesium is used primarily as a
chemical in the aluminum alloying,
desulfurization, and chemical reduction
industries. In addition, pure magnesium
is used as an input in producing
magnesium alloy. Pure magnesium
encompasses products (including, but
not limited to, butt ends, stubs, crowns
and crystals) with the following primary
magnesium contents:

- (1) Products that contain at least
99.95% primary magnesium, by weight
(generally referred to as "ultra pure"
magnesium);
- (2) Products that contain less than
99.95% but not less than 99.8% primary
magnesium, by weight (generally
referred to as "pure" magnesium); and
- (3) Products that contain 50% or
greater, but less than 99.8% primary
magnesium, by weight, and that do not
conform to ASTM specifications for

² *Id.*

³ See letter from TMM, "Pure Magnesium from
the People's Republic of China; A-570-832;
Certification of No Sales by Tianjin Magnesium
Metal, Co., Ltd.," dated July 23, 2014; see also letter
from TMI, "Pure Magnesium from the People's
Republic of China; A-570-832; Certification of No
Sales by Tianjin Magnesium International, Co.,
Ltd.," dated July 22, 2014.

⁴ See *Preliminary Results*, 80 FR at 5088.

⁵ *Id.*

⁶ *Id.*

alloy magnesium (generally referred to
as "off-specification pure" magnesium).

"Off-specification pure" magnesium
is pure primary magnesium containing
magnesium scrap, secondary
magnesium, oxidized magnesium or
impurities (whether or not intentionally
added) that cause the primary
magnesium content to fall below 99.8%
by weight. It generally does not contain,
individually or in combination, 1.5% or
more, by weight, of the following
alloying elements: Aluminum,
manganese, zinc, silicon, thorium,
zirconium and rare earths.

Excluded from the scope of the order
are alloy primary magnesium (that
meets specifications for alloy
magnesium), primary magnesium
anodes, granular primary magnesium
(including turnings, chips and powder)
having a maximum physical dimension
(*i.e.*, length or diameter) of one inch or
less, secondary magnesium (which has
pure primary magnesium content of less
than 50% by weight), and remelted
magnesium whose pure primary
magnesium content is less than 50% by
weight.

Pure magnesium products covered by
the order are currently classifiable
under Harmonized Tariff Schedule of
the United States ("HTSUS")
subheadings 8104.11.00, 8104.19.00,
8104.20.00, 8104.30.00, 8104.90.00,
3824.90.11, 3824.90.19 and 9817.00.90.
Although the HTSUS subheadings are
provided for convenience and customs
purposes, the written description of the
scope is dispositive.

Final Determination of No Shipments

As explained above, in the
Preliminary Results, the Department
found that TMI/TMM did not have
reviewable entries during the POR.⁷

After issuing the *Preliminary Results*,
the Department received no comments
from interested parties, nor has it
received any information that would
cause it to revisit its preliminary results.
Therefore, for these final results, the
Department continues to find that TMI/
TMM did not have any reviewable
entries during the POR.

Assessment Rates

The Department determined, and CBP
shall assess, antidumping duties on all
appropriate entries of subject
merchandise in accordance with the
final results of this review.⁸ The
Department intends to issue assessment
instructions to CBP 15 days after the

⁷ See *Preliminary Results*, 80 FR at 5088.
