SUPPLEMENTARY INFORMATION: In 2011, the Department of Commerce published a Green Paper, *Cybersecurity, Innovation, and the Internet Economy*, identifying the challenges of securing the digital ecosystem, and the importance of a multistakeholder policy model.¹ Building off this approach, in March of 2015, the IPTF announced a new initiative to complement existing cybersecurity programs by focusing on risks that exist between multiple parts of the digital ecosystem.² Please see the prior Notice, *Stakeholder Engagement on Cybersecurity in the Digital Ecosystem*, for the original questions posed in the request for public comments to identify substantive cybersecurity issues to be addressed by a multistakeholder process.³ The request for public comments originally set a deadline for submission of comments on May 18, 2015. With this notice, NTIA announces that the closing deadline for submission of comments has been extended until 5:00 p.m. EDT on May 27, 2015.

Dated: May 8, 2015.
