

include questions to obtain only the legal and technical information that is essential to grant authority to U.S. broadcasters to supply program material to a foreign radio or TV broadcast station whose signals are consistently received in the U.S. or to extend the current authority. After the applicant completes the form, it is mailed to the U.S. Bank along with the application fee. Then, it is forwarded to the International Bureau with the exception of fee exempt applications which are filed directly with the FCC Secretary's Office and then forwarded to the Bureau.

FCC Form 308 applicants now have the *option* to file their applicants in the Electronic Comment Filing System (ECFS) and make their payment of their application filing fees electronically in the FCC Fee Filer System. Please note that this method is optional rather than mandatory. We believe that the availability of this option will substantially decrease or eliminate paper filings of FCC Form 308's with the Commission. This option will save time for the applicant and Commission staff. There are no other changes to the information collection, including burden estimates.

Without this collection of information, the Commission would not be able to ascertain whether the main studio owner in the U.S. meets various legal requirements or the foreign broadcast facility, which receives and retransmits programming from the main studio in the U.S., meets various technical requirements that prevent harmful interference to other broadcast stations or telecommunications facilities.

*OMB Control Number:* 3060-1204.

*OMB Approval Date:* April 20, 2015.

*OMB Expiration Date:* April 30, 2018.

*Title:* Deployment of Text-to-911.

*Form No.:* N/A.

*Respondents:* Business or other for-profit entities, not for profit institutions and state, local or tribal government.

*Number of Respondents and Responses:* 3,370 respondents; 58,012 responses.

*Estimated Time Per Response:* 1-8 hours.

*Frequency of Response:* One time reporting requirements.

*Total Annual Burden:* 76,237 hours.

*Annual Cost Burden:* None.

*Obligation to Respond:* Mandatory. Statutory authority for this information

collection is contained in 47 U.S.C. 151, 152, 154(i), 154(j), 154(o), 251(e), 303(b), 303(g), 303(r), 316, and 403.

*Privacy Act Impact Assessment:* This information collection does not affect individuals or households, and therefore a privacy impact assessment is not required.

*Nature and Extent of Confidentiality:* The Commission will work with respondents to ensure that their concerns regarding the confidentiality of any proprietary or business-sensitive information are resolved in a manner consistent with the Commission's rules.

*Needs and Uses:* On August 13, 2014, the Commission released the Order, FCC 14-118, published at 79 FR 55367, September 16, 2014, adopting final rules—containing information collection requirements—to enable the Commission to implement text-to-911 service, providing enhanced access to emergency services for people with disabilities and fulfilling a crucial role as an alternative means of emergency communication for the general public in situations where sending a text message to 911 as opposed to placing a voice call could be vital to the caller's safety. The *Second Report and Order* adopts new rules to commence the implementation of text-to-911 service with an initial deadline of December 31, 2014 for all covered text providers to be capable of supporting text-to-911 service. The *Second Report and Order* also provides that covered text providers then have a six-month implementation period—they must begin routing all 911 text messages to a Public Safety Answering Point (PSAP) by June 30, 2015 or within six months of a valid PSAP request for text-to-911 service, whichever is later. To implement these requirements, the Commission seeks to collect information primarily for a database in which PSAPs will voluntarily register that they are technically ready to receive text messages to 911. As PSAPs become text-ready, they may either register in the PSAP database (or, if the database is not yet available, submit a notification to PS Docket Nos. 10-255 and 11-153), or provide other written notification reasonably acceptable to a covered text messaging provider. Either measure taken by the PSAP shall constitute sufficient notification pursuant to the adopted rules in the *Second Report and Order*. PSAPs and covered text providers may mutually agree to an alternative implementation timeframe (other than six months). Covered text providers must notify the FCC of the dates and terms of the alternate timeframe that they have mutually agreed on with PSAPs within 30 days of the parties' agreement.

Additionally, the rules adopted by the *Second Report and Order* include other information collections for third party notifications that need to be effective in order to implement text-to-911, including necessary notifications to consumers, covered text providers, and the Commission. These notifications are essential to ensure that all of the affected parties are aware of the limitations, capabilities, and status of text-to-911 services. These information collections will enable the Commission to meet the objectives for the implementation of text-to-911 service as of December 31, 2014 and for compliance by covered text providers with the six-month implementation period in furtherance of the Commission's core mission to ensure the public's safety.

## FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-xxxx]

### Information Collection Being Reviewed by the Federal Communications Commission

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business

concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

**DATES:** Written PRA comments should be submitted on or before July 17, 2015. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

**ADDRESSES:** Direct all PRA comments to Nicole Ongele, FCC, via email [PRA@fcc.gov](mailto:PRA@fcc.gov) and to [Nicole.Ongele@fcc.gov](mailto:Nicole.Ongele@fcc.gov).

**FOR FURTHER INFORMATION CONTACT:** For additional information about the information collection, contact Nicole Ongele at (202) 418-2991.

The information sought in this information collection is needed to enable the Commission to ensure that the American public can report to the Commission directly problems associated with the use of 911 services. While we expect such reports to be few in number, examples of potential problems using 911 services include,

but are not limited to: 911 service outages, Phase1/Phase 2 deployments, location accuracy, text-to-911 service, fraudulent and harassing 911 calls, PSAP-carrier lines of demarcation and requests for an update of master PSAP registry.

The Commission has established a web portal that allows citizens to file complaints or inquiries online. The simple questionnaire will ask the filer to type in the following information: (1) Name of PSAP; (2) PSAP ID (enables a link to the Master PSAP Registry); (3) PSAP Physical Address (number, street, city, state, zip code); (4) PSAP County of Operation; (5) Complainant's Name; (6) Complainant's Title; (7) Complainant's Organization; (8) Complainant's Phone Number; (9) Complainant's Email; (10) Nature of Inquiry—a. PSAP—Carrier Lines of Demarcation; g. Request for Update of Master PSAP Registry; (12) Description of complaint/inquiry (Max. 1500 words); and (13) Attachments—Upload tool (should support Word Suite, PDF, Text). The questionnaire will also provide filers with the ability to upload documents and files to complete their complaints and inquiries.
