### Notice of Lodging of Proposed First Amendment To Consent Decree Under The Clean Water Act (“CWA”)

On May 19, 2015, the Department of Justice lodged a proposed First Amendment to Consent Decree with the United States District Court for the

District of Columbia, in the lawsuit entitled *United States of America v. District of Columbia Water and Sewer Authority, et al., and the District of Columbia*, Civil Action No. 1:00-cv-00183 (TFH).

The proposed First Amendment to Consent Decree, if approved, will amend and supersede the 2005 Clean Water Act Consent Decree in the same action. Under the 2005 Consent Decree, DC Water was required to implement its Long Term Control Plan (LTCP) which primarily consisted of the construction of a system of pumps and three underground storage tunnels to store excess flows pending treatment. The proposed Amendment provides for the incorporation of Green Infrastructure (GI) in the Potomac River and Rock Creek sewersheds, reduction of the size of the tunnel in the Potomac River, and construction of facilities at the Blue Plains wastewater treatment plant including a Tunnel Dewatering Pumping Station and an Enhanced Clarification Facility. Construction of the Anacostia tunnel has begun according to schedule and will not be affected by this proposed Amendment. The final compliance date of 2025 imposed in the 2005 Consent Decree would be extended to 2030.

The publication of this notice opens a period for public comment on the proposed First Amendment to Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America v. ### Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On May 19, 2015, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Eastern District of Michigan in the lawsuit entitled *United States and Michigan Department of Environmental Quality v. AK Steel Corporation*, Civil Action No. 15-11804.

The United States filed this lawsuit under the Clean Air Act (CAA), naming AK Steel Corporation as the defendant. The complaint seeks injunctive relief and civil penalties for violations of the environmental regulations that govern iron and steel mills and the emission of particulate matter from certain sources at defendant's iron and steel mill in Dearborn, Wayne County, Michigan. The Michigan Department of Environmental Quality (MDEQ) joined the complaint as a co-plaintiff asserting the same claims under equivalent state laws and regulations. Under the proposed consent decree, AK Steel agrees to implement procedures to improve future compliance with the CAA and State regulations, and pay a total of \$1,353,126 in civil penalties, to be divided equally between the United States and MDEQ. Under the proposed consent decree, AK Steel also agrees to fund the installation of air filtration systems at nearby public schools. In return, the United States and MDEQ agree not to sue the defendant under section 113 of the CAA related to its past violations.

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States and MDEQ v. AK Steel Corp.*, D.J. Ref. No. 90-5-2-1-
