SUPPLEMENTARY INFORMATION:

I. Background

The uniform regulation for the procurement of supplies and services by federal departments and agencies, the Federal Acquisition Regulation (FAR), was promulgated on September 19, 1983 (48 FR 42102). The FAR is codified in title 48, chapter 1, of the Code of Federal Regulations. HUD promulgated its regulation to implement the FAR on March 1, 1984 (49 FR 7696).

The HUDAR (title 48, chapter 24 of the Code of Federal Regulations) is prescribed under section 7(d) of the Department of HUD Act (42 U.S.C. 3535(d)); section 205(c) of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 121(c)); and the general authorization in FAR 1.301. The HUDAR was last revised by final rule published on December 10, 2012 (77 FR 73524), and a subsequent correcting amendment published on August 15, 2013 (78 FR 49697).

II. This Proposed Rule

This proposed rule would amend the HUDAR at 48 CFR chapter 24, as follows:

The rule proposes several administrative corrections, including: Revising section 2404.7001 to refer to the correct contract clause 2452.204-70, "Preservation of, and Access to, Contract Records (Tangible and Electronically Stored Information (ESI) Formats)," and removing the title and redesignating the clause that is codified at section 2432.705-70 as 2432.705-70(a).

In part 2406, the rule would add section 2406.303 which requires the use of HUD Form 24012¹ for justifications for other than full and open competition, and section 2406.304(a)(3),

which designates the HUD Deputy Chief Procurement Officer as the responsible official with the authority to approve, in writing, justifications for other than full and open procurements for proposed contracts over \$12.5 million, but not exceeding \$62.5 million.

In part 2408, this rule would add subpart 2408.4, "Federal Supply Schedules," and, in that subpart, would add section 2408.405-6(c)(2), which requires the use of HUD form 24013 for justifications for limiting sources exceeding the simplified acquisition threshold when using the Federal Supply Schedules.² This rule would also add section 24(d)(3) which designates the HUD Deputy Chief Procurement Officer as the responsible official with the authority to approve, in writing, justifications for Limited Source considerations for proposed Federal Supply Schedule order or Blanket Purchase Agreement (BPA) with an estimated value exceeding \$12.5 million, but not exceeding \$62.5 million.

In part 2409, this rule would add subpart 2409.1, entitled "Responsible Prospective Contractors," and, within that subpart, section 2409.105, "Procedures," which includes information to be collected in determining financial responsibility.

This rule would also:

Revise section 2415.303(a) to HUDAR section 2415.303(a)(1) and, except for those acquisitions identified in HUDAR section 2415.303(a)(2), designate HUD Assistant Secretaries, or their equivalent, as the Source Selection Authorities for selections made using the tradeoff process and to allow Assistant Secretaries to delegate this function to other departmental officials;

Add section 2415.303(a)(2) to designate HUD's General Counsel as the Source Selection Authority, regardless of contract amount, in all Headquarters procurements for legal services, unless the General Counsel specifically designates another agency official to perform that function;

Clarify section 2415.305(a)(5) to apply to Best Value Tradeoff technical evaluations;

Add part 2444 and, within that part, section 2444.204 entitled "Subcontracting Policies and Procedures"; and

Codify a class deviation approved by HUD's Chief Procurement Officer dated April 10, 2013 to add Alternate 1 to clauses 2452.232-70 and 2452.232-71.

In part 2452, the proposed rule would:

Add clause 2452.232-74, entitled "Not to Exceed Limitation," and, in part 2432, add a reference to that clause and requirements regarding its use at section 2432.705;

Revise clause 2452.237-77(c)(1)(A) to change "21 days per month" to "number of business days in the month";

Add clause 2452.237-79, "Post-Award Conference," and a reference to that clause and requirements regarding its use at section 2437.110(e)(5);

Add clause 2452.237-81, "Labor Categories, Unit Prices Per Hour and Payment," and a reference to that clause and requirements regarding its use at section 2437.110(e)(6);

Add section 2452.244-70, "Consent to Subcontract," and a reference to that clause and requirements regarding its use at section 2444.204; and

Incorporate a new HUDAR matrix under subpart 2452.3.

III. Findings and Certifications

Paperwork Reduction Act Statement

The information collection requirements contained in this proposed rule are currently approved by the Office of Management and Budget (OMB) in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520) and assigned OMB control number 2535-0091. The information collection requirements for the HUDAR are currently approved by OMB under control number 2535-0091. In accordance with the Paperwork Reduction Act, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless the collection displays a currently valid OMB control number.

Unfunded Mandates Reform Act

Title II of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) (UMRA) establishes requirements for federal agencies to assess the effects of their regulatory actions on state, local, and tribal governments and the private sector. This rule does not impose any federal mandate on any state, local, or tribal government or the private sector within the meaning of UMRA.

Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*) generally requires an agency to conduct a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements, unless the agency certifies that the rule will not have a significant economic impact on a substantial

number of small entities. This proposed rule makes technical changes to existing contracting procedures and does not make any major changes that would significantly impact businesses. Accordingly, the undersigned certifies that this rule will not have a significant economic impact on a substantial number of small entities.

Notwithstanding HUD's determination that this rule will not have a significant economic impact on a substantial number of small entities, HUD specifically invites comments regarding less burdensome alternatives to this rule that will meet HUD's objectives as described in this preamble.

Environmental Impact

This proposed rule does not direct, provide for assistance or loan and mortgage insurance for, or otherwise govern or regulate real property acquisition, disposition, leasing, rehabilitation, alteration, demolition, or new construction, or establish, revise, or provide for standards for construction or construction materials, manufactured housing, or occupancy. Accordingly, under 24 CFR 50.19(c)(1), this proposed rule is categorically excluded from environmental review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321).

Executive Order 13132, Federalism

Executive Order 13132 (entitled "Federalism") prohibits an agency from publishing any rule that has federalism implications if the rule imposes substantial direct compliance costs on state and local governments and is not required by statute, or the rule preempts state law, unless the agency meets the consultation and funding requirements of section 6 of the Executive Order. This proposed rule would not have federalism implications and would not impose substantial direct compliance costs on state and local governments or preempt state law within the meaning of the Executive Order.

PART 2408—REQUIRED SOURCES OF SUPPLIES AND SERVICES

■ 6. The authority citation for part 2408 is revised to read as follows:

Authority: 40 U.S.C. 121(c); 42 U.S.C. 3535(d).

■ 7. Add subpart 2408.4 to read as follows:

Subpart 2408.4—Federal Supply Schedules

2408.404 Pricing.

(d) Supplies offered on the schedule are listed at fixed prices. Services offered on the schedule are priced either at hourly rates, or at fixed price for performance of a specific task (*e.g.*, installation, maintenance, and repair). GSA has determined the prices of supplies and fixed-price services, and rates for services offered at hourly rates, to be fair and reasonable for the purpose of establishing the schedule contract. GSA's determination does not relieve the ordering activity contracting officer from the responsibility of making a determination of fair and reasonable pricing for individual orders, BPAs, and orders under BPAs. Contracting Officers shall follow the general principles and techniques outlined in FAR Section 15.404–1, Proposal Analysis Techniques, to ensure that the final agreed-to price is fair and reasonable, keeping in mind that the complexity and circumstances of each acquisition should determine the level of detail of the analysis required.

(c)(2) Justifications for Limiting Sources, under the Federal Supply Schedules when exceeding the simplified acquisition threshold, must be prepared and approved using the latest version of HUD Form 24013.

(d)(3) HUD's Chief Procurement Officer, as the Head of Contracting Activity, has delegated the authority to the Deputy Chief Procurement Officer to approve, in writing, justifications for Limited Source considerations for a proposed Federal Supply Schedule order or Blanket Purchase Agreement (BPA) with an estimated value

exceeding \$12.5 million, but not exceeding \$62.5 million.

PART 2409—CONTRACTOR QUALIFICATIONS

■ 8. The authority citation for part 2409 continues to read as follows:

Authority: 40 U.S.C. 121(c); 42 U.S.C. 3535(d).

■ 9. Add subpart 2409.1 to read as follows:

Subpart 2409.1—Responsible Prospective Contractors

2409.105 Procedures.

(a) The contracting officer shall perform a financial review when the contracting officer does not otherwise have sufficient information to make a positive determination of financial responsibility. In addition, the contracting officer shall consider performing a financial review—

(1) Prior to award of a contract, when—

(A) The contractor is on a list requiring pre-award clearance or other special clearance before award;

(B) The contractor is listed on the Consolidated List of Contractors Indebted to the Government, or is otherwise known to be indebted to the Government;

(C) The contractor may receive Government assets such as contract financing payments or Government property;

(D) The contractor is experiencing performance difficulties on other work; or

(E) The contractor is a new company or a new supplier of the item.

(2) At periodic intervals after award of a contract, when—

(b) The contracting officer shall obtain the type and depth of financial and other information that is required to establish a contractor's financial capability or disclose a contractor's financial condition. While the contracting officer should not request information that is not necessary for protection of the Government's interests, the contracting officer must insist upon obtaining the information that is necessary. The unwillingness or inability of a contractor to present reasonably requested information in a timely manner, especially information that a prudent business person would be

expected to have and to use in the professional management of a business, may be a material fact in the determination of the contractor's responsibility and prospects for contract completion.

(c) The contracting officer shall obtain the following information to the extent required to protect the Government's interest. In addition, if the contracting officer concludes that information not listed herein is required to determine financial responsibility, that information should be requested. The information must be for the person(s) who are legally liable for contract performance. If the contractor is not a corporation, the contracting officer shall obtain the required information for each individual/joint venturer/partner:

(1) Balance sheet and income statement—

(A) For the current fiscal year (interim);

(B) For the most recent fiscal year and, preferably, for the 2 preceding fiscal years. These should be certified by an independent public accountant or by an appropriate officer of the firm; and

(C) Forecasted for each fiscal year for the remainder of the period of contract performance.

(2) Summary history of the contractor and its principal managers, disclosing any previous insolvencies—corporate or personal, and describing its products or services.

(3) Statement of all affiliations disclosing—

(A) Material financial interests of the contractor;

(B) Material financial interests in the contractor;

(C) Material affiliations of owners, officers, members, directors, major stockholders; and

(D) The major stockholders if the contractor is not a widely-traded, publicly-held corporation.

(4) Statement of all forms of compensation to each officer, manager, partner, joint venturer, or proprietor, as appropriate—

(A) Planned for the current year;

(A) Shows, by significant markets, existing contracts and outstanding offers, including those under negotiation; and

(B) Is reconcilable to indirect cost rate projections.

(6) Cash forecast for the duration of the contract.

(7) Financing arrangement information that discloses—

(A) Availability of cash to finance contract performance;

(B) Contractor's exposure to financial crisis from creditor's demands;

(C) Degree to which credit security provisions could conflict with Government title terms under contract financing;

(D) Clearly stated confirmations of credit with no unacceptable qualifications; and

(E) Unambiguous written agreement by a creditor if credit arrangements include deferred trade payments or creditor subordinations/repayment suspensions.

(8) Statement of all state, local, and Federal tax accounts, including special mandatory contributions, *e.g.*, environmental superfund.

(9) Description and explanation of the financial effect of issues such as—

(A) Leases, deferred purchase arrangements, or patent or royalty arrangements;

(B) Insurance, when relevant to the contract;

(C) Contemplated capital expenditures, changes in equity, or contractor debt load;

(D) Pending claims either by or against the contractor;

(E) Contingent liabilities such as guarantees, litigation, environmental, or product liabilities;

(F) Validity of accounts receivable and actual value of inventory, as assets; and

(G) Status and aging of accounts payable.

(10) Significant ratios such as—

(A) Inventory to annual sales;

(B) Inventory to current assets;

(C) Liquid assets to current assets;

(D) Liquid assets to current liabilities;

(E) Current assets to current liabilities; and

(F) Net worth to net debt.

Subpart 2415.3—Source Selection

- 14. In section 2415.303, redesignate paragraph (a) as (a)(1); revise the redesignated paragraph; and add section 2415.303(a)(2), all to read as follows:

2415.303 Responsibilities.

(a)(1) Except as identified in HUDAR Section 2415.303(a)(2), HUD's Chief Procurement Officer, as the Senior Procurement Executive, designates Assistant Secretaries, or their equivalent, for requiring activities as the Source Selection Authorities for selections made using the tradeoff process. Assistant Secretaries may delegate this function to other departmental officials. This designation also applies to acquisitions not performed under the requirements of FAR Part 15, but utilizing tradeoff analysis.

(a)(2) HUD's Chief Procurement Officer, as the Senior Procurement Executive, designates HUD's Office of General Counsel (OGC) as the Source Selection Authority, regardless of contract amount, in all Headquarters procurements for legal services, unless (s)he specifically designates another agency official to perform that function. A proposal shall be considered unacceptable if it is so clearly deficient that it cannot be corrected through written or oral discussions. Under the tradeoff process, predetermined threshold levels of technical acceptability for proposals shall not be employed. A technical evaluation report, which complies with FAR 15.305(a)(3), shall be prepared and signed by the technical evaluators, furnished to the contracting officer, and maintained as a permanent record in the official procurement file.

■ 29. Revise section 2452.239–70 to read as follows:

2452.239–70 Access to HUD systems.

As prescribed in 2439.107(a), insert the following clause:

ACCESS TO HUD SYSTEMS (*[Insert month and year of publication of final rule]*)

(a) Definitions: As used in this clause—

“Access” means the ability to obtain, view, read, modify, delete, and/or otherwise make use of information resources.

“Application” means the use of information resources (information and information technology) to satisfy a specific set of user requirements (see OMB Circular A–130).

“Contractor employee” means an employee of the prime contractor or of any subcontractor, affiliate, partner, joint venture, or team members with which the contractor is associated. It also includes consultants engaged by any of those entities.

“Mission-critical system” means an information technology or telecommunications system used or operated by HUD or by a HUD contractor, or organization on behalf of

HUD, that processes any information, the loss, misuse, disclosure, or unauthorized access to, or modification of which would have a debilitating impact on the mission of the agency.

“NACI” means a National Agency Check with Inquiries, the minimum background investigation prescribed by OPM.

“PIV Card” means the Personal Identity Verification (PIV) Card, the Federal Government-issued identification credential (*i.e.*, identification badge).

“Sensitive information” means any information of which the loss, misuse, or unauthorized access to, or modification of, could adversely affect the national interest, the conduct of federal programs, or the privacy to which individuals are entitled under section 552a of title 5, United States Code (the Privacy Act), but which has not been specifically authorized under criteria established by an Executive Order or an Act of Congress to be kept secret in the interest of national defense or foreign policy.

“System” means an interconnected set of information resources under the same direct management control, which shares common functionality. A system normally includes hardware, software, information, data, applications, communications, and people (see OMB Circular A–130). System includes any system owned by HUD or owned and operated on HUD’s behalf by another party.

(b) *General.*

(1) The performance of this contract requires contractor employees to have access to a HUD system or systems. All such employees who do not already possess a current PIV Card acceptable to HUD shall be required to provide personal background information, undergo a background investigation (NACI or other OPM-required or approved investigation), including an FBI National Criminal History Fingerprint Check, and obtain a PIV Card prior to being permitted access to any such system in performance of this contract. HUD may accept a PIV Card issued by another Federal Government agency but shall not be required to do so. No contractor employee will be permitted access to any HUD system without a PIV Card.

(2) All contractor employees who require access to mission-critical systems or sensitive information contained within a HUD system or application(s) are required to have a more extensive background investigation. The investigation shall be commensurate with the risk and security controls involved in managing,

using, or operating the system or applications(s).

(c) *Citizenship-related requirements.* Each affected contractor employee as described in paragraph (b) of this clause shall be:

(1) A United States (U.S.) citizen; or,
(2) A national of the United States (see 8 U.S.C. 1408); or,

(3) An alien lawfully admitted into, and lawfully permitted to be employed in the United States, provided that for any such individual, the Government is able to obtain sufficient background information to complete the investigation as required by this clause. Failure on the part of the contractor to provide sufficient information to perform a required investigation or the inability of the Government to verify information provided for affected contractor employees will result in denial of their access.

(d) *Background investigation process.*

(1) The Government Technical Representative (GTR) shall notify the contractor of those contractor employee positions requiring background investigations.

(i) For each contractor employee requiring access to HUD information systems, the contractor shall submit the following properly completed forms: Standard Form (SF) 85, “Questionnaire for Non-Sensitive Positions,” FD 258 (Fingerprint Chart), and a partial Optional Form (OF) 306 (Items 1, 2, 6, 8–13, 16, and 17).

(ii) For each contractor employee requiring access to mission-critical systems and/or sensitive information contained within a HUD system and/or application(s), the contractor shall submit the following properly completed forms: SF–85P, “Questionnaire for Public Trust Positions;” FD 258; and a Fair Credit Reporting Act form (authorization for the credit-check portion of the investigation). Contractor employees shall not complete the Medical Release behind the SF–85P.

(iii) The SF–85, 85P, and OF–306 are available from OPM’s Web site, <http://www.opm.gov>. The GTR will provide all other forms that are not obtainable via the Internet.

(2) The contractor shall deliver the forms and information required in paragraph (d)(1) of this clause to the GTR.

(3) Affected contractor employees who have had a federal background investigation without a subsequent break in federal employment or federal contract service exceeding 2 years may be exempt from the investigation requirements of this clause subject to verification of the previous

investigation. For each such employee, the contractor shall submit the following information in lieu of the forms and information listed in paragraph (d)(1) of this clause:

Employee's full name, Social Security number, and place and date of birth.

(4) The investigation process shall consist of a range of personal background inquiries and contacts (written and personal) and verification of the information provided on the investigative forms described in paragraph (d)(1) of this clause.

(5) Upon completion of the investigation process, the GTR will notify the contractor if any contractor employee is determined to be unsuitable to have access to the system(s), application(s), or information. Such an employee may not be given access to those resources. If any such employee has already been given access pending the results of the background investigation, the contractor shall ensure that the employee's access is revoked immediately upon receipt of the GTR's notification.

(6) Failure of the GTR to notify the contractor (see subparagraph (d)(1)) of any employee who should be subject to the requirements of this clause and is known, or should reasonably be known, by the contractor to be subject to the requirements of this clause, shall not excuse the contractor from making such employee(s) known to the GTR. Any such employee who is identified and is working under the contract, without having had the appropriate background investigation or furnished the required forms for the investigation, shall cease to perform such work immediately and shall not be given access to the system(s)/application(s) described in paragraph (b) of this clause until the contractor has provided the investigative forms required in paragraph (d)(1) of this clause for the employee to the GTR.

(7) The contractor shall notify the GTR in writing whenever a contractor employee for whom a background investigation package was required and submitted to HUD, or for whom a background investigation was completed, terminates employment with the contractor or otherwise is no longer performing work under this contract that requires access to the system(s), application(s), or information. The contractor shall provide a copy of the written notice to the Contracting Officer.

(e) *PIV Cards.*

(1) HUD will issue a PIV Card to each contractor employee who is to be given access to HUD systems and does not already possess a PIV Card acceptable to HUD (see paragraph (b) of this clause).

HUD will not issue the PIV Card until the contractor employee has successfully cleared an FBI National Criminal History Fingerprint Check, and HUD has initiated the background investigation for the contractor employee. Initiation is defined to mean that all background information required in paragraph (d)(1) of this clause has been delivered to HUD. The employee may not be given access prior to those two events. HUD may issue a PIV Card and grant access pending the completion of the background investigation. HUD will revoke the PIV Card and the employee's access if the background investigation process (including adjudication of investigation results) for the employee has not been completed within 6 months after the issuance of the PIV Card.

(2) PIV Cards shall identify individuals as contractor employees. Contractor employees shall display their PIV Cards on their persons at all times while working in a HUD facility, and shall present cards for inspection upon request by HUD officials or HUD security personnel.

(3) The contractor shall be responsible for all PIV Cards issued to the contractor's employees and shall immediately notify the GTR if any PIV Card(s) cannot be accounted for. The contractor shall promptly return PIV Cards to HUD as required by the FAR clause at 52.204-9. The contractor shall notify the GTR immediately whenever any contractor employee no longer has a need for his/her HUD-issued PIV Card (e.g., the employee terminates employment with the contractor, the employee's duties no longer require access to HUD systems). The GTR will instruct the contractor as to how to return the PIV Card. Upon expiration of this contract, the GTR will instruct the contractor as to how to return all HUD-issued PIV Cards not previously returned. Unless otherwise directed by the Contracting Officer, the contractor shall not return PIV Cards to any person other than the GTR.

(f) *Control of access.* HUD shall have and exercise full and complete control over granting, denying, withholding, and terminating access of contractor employees to HUD systems. The GTR will notify the contractor immediately when HUD has determined that an employee is unsuitable or unfit to be permitted access to a HUD system. The contractor shall immediately notify such employee that he/she no longer has access to any HUD system, physically retrieve the employee's PIV Card from the employee, and provide a suitable replacement employee in accordance with the requirements of this clause.

(g) *Incident response notification.* An incident is defined as an event, either accidental or deliberate, that results in unauthorized access, loss, disclosure, modification, or destruction of information technology systems, applications, or data. The contractor shall immediately notify the GTR and the Contracting Officer of any known or suspected incident, or any unauthorized disclosure of the information contained in the system(s) to which the contractor has access.

(h) *Nondisclosure of information.*

(1) Neither the contractor nor any of its employees shall divulge or release data or information developed or obtained during performance of this contract, except to authorized government personnel with an established need to know, or upon written approval of the Contracting Officer. Information contained in all source documents and other media provided by HUD is the sole property of HUD.

(2) The contractor shall require that all employees who may have access to the system(s)/application(s) identified in paragraph (b) of this clause sign a pledge of nondisclosure of information. The employees shall sign these pledges before they are permitted to perform work under this contract. The contractor shall maintain the signed pledges for a period of 3 years after final payment under this contract. The contractor shall provide a copy of these pledges to the GTR.

(i) *Security procedures.*

(1) The Contractor shall comply with applicable federal and HUD statutes, regulations, policies, and procedures governing the security of the system(s) to which the contractor's employees have access including, but not limited to:

(i) The Federal Information Security Management Act (FISMA) of 2002;

(ii) OMB Circular A-130, Management of Federal Information Resources, Appendix III, Security of Federal Automated Information Resources;

(iii) HUD Handbook 2400.25, Information Technology Security Policy;

(iv) HUD Handbook 732.3, Personnel Security/Suitability;

(v) Federal Information Processing Standards 201 (FIPS 201), Sections 2.1 and 2.2;

(vi) Homeland Security Presidential Directive 12 (HSPD-12); and

(vii) OMB Memorandum M-05-24, Implementing Guidance for HSPD-12. The HUD Handbooks are available online at: <http://www.hud.gov/offices/adm/hudclips/> or from the GTR.

(2) The contractor shall develop and maintain a compliance matrix that lists each requirement set forth in paragraphs (b), (c), (d), (e), (f), (g), (h), (i)(1), and (m) of this clause with specific actions taken, and/or procedures implemented, to satisfy each requirement. The contractor shall identify an accountable person for each requirement, the date upon which actions/procedures were initiated/completed, and certify that information contained in this compliance matrix is correct. The contractor shall ensure that information in this compliance matrix is complete, accurate, and up-to-date at all times for the duration of this contract. Upon request, the contractor shall provide copies of the current matrix to the contracting officer and/or government technical representative.

(3) The Contractor shall ensure that its employees, in performance of the contract, receive annual training (or once if the contract is for less than one year) in HUD information technology security policies, procedures, computer ethics, and best practices in accordance with HUD Handbook 2400.25.

(j) *Access to contractor's systems.* The Contractor shall afford authorized personnel, including the Office of Inspector General, access to the Contractor's facilities, installations, operations, documentation (including the compliance matrix required under paragraph (i)(2) of this clause), databases, and personnel used in performance of the contract. Access shall be provided to the extent required to carry out, but not limited to, any information security program activities, investigation, and audit to safeguard against threats and hazards to the integrity, availability, and confidentiality of HUD data and systems, or to the function of information systems operated on behalf of HUD, and to preserve evidence of computer crime.

(k) *Contractor compliance with this clause.* Failure on the part of the contractor to comply with the terms of this clause may result in termination of this contract for default.

(l) *Physical access to Federal Government facilities.* The contractor and any subcontractor(s) shall also comply with the requirements of HUDAR clause 2452.237-75 when the contractor's or subcontractor's employees will perform any work under this contract on site in a HUD or other Federal Government facility.

(m) *Subcontracts.* The contractor shall incorporate this clause in all subcontracts where the requirements specified in paragraph (b) of this section are applicable to performance of the subcontract.

(End of clause)

■ 30. Add section 2452.244-70 to read as follows:

2452.244-70 Consent to subcontract.

As prescribed in HUDAR Section 2444.204(a), insert the following clause in contracts and task orders with an estimated value exceeding \$10,000,000.

CONSENT TO SUBCONTRACT
([Insert month and year of publication of final rule])

(a) Due to the substantive nature of subcontracting that may be necessary during performance of this contract, the Contracting Officer has determined that a consent for individual subcontracts is required to adequately protect the Government. Consent is required for—

(1) Cost-reimbursement, time-and-materials, or labor-hour subcontracts, or combination of such, in excess of \$150,000 per year to a single subcontractor or consultant;

(2) Fixed price subcontracts in excess of 25% of the annual contract value to a single subcontractor or consultant.

(b) If subcontracts meeting the above parameters were not provided during the negotiation of the original contract award, the Contractor shall obtain post

award consent and provide signed copies of the subcontract agreements within 10 days of consent.

(c) The Contractor shall provide the Contracting Officer with 30 days advance notification prior to changing subcontractors or existing subcontracting agreements, unless precluded due to circumstances beyond the control of the contractor. If advance notification is not feasible, the Contractor shall provide notification to the Contracting Officer no later than 10 days after the Contractor identifies the need to replace a subcontractor. The notification shall include a copy of the proposed new subcontracting agreement. Upon consent and finalization of the final subcontract agreement, the Contractor shall provide a copy of the signed agreement to the Contracting Officer.

(d) The Contracting Officer's consent to a subcontract does not constitute a determination of the acceptability of the subcontract terms or price, or of the allowability of costs.

(e) If not required elsewhere in the contract, no more than 30 calendar days after award, the Contractor shall provide a separate continuity of services plan to the Contracting Officer that will ensure services performed by subcontractors that cost more than 25% of the cost/price of the contract will continue uninterrupted in the event of performance problems or default by the subcontractor.
