SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations: The NASDAQ Stock Market LLC; Order Approving a Proposed Rule Change, as Modified by Amendment No. 1, To List and Trade the Shares of the Tuttle Tactical Management Multi-Strategy Income ETF of ETFis Series Trust I

May 21, 2015.

I. Introduction

On March 25, 2015, The NASDAQ Stock Market LLC (“Exchange” or “Nasdaq”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) 1 of the Securities Exchange Act of 1934 (“Act”) or “Exchange Act” 2 and Rule 19b–4 3 thereunder, 4 a proposed rule change to list and trade shares (“Shares”) of the Tuttle Tactical Management Multi-Strategy Income ETF (“Fund”), a series of ETFis Series Trust I (“Trust”) under NASDAQ Rule 5735. The proposed rule change was published for comment in the Federal Register on April 10, 2015. 4 On May 20, 2015, the Exchange filed Amendment No. 1 to the proposed rule change. 5 The Commission received no comments on the proposed rule change. This order approves the proposed rule change, as modified by Amendment No. 1.

II. Description of the Proposal

The Exchange proposes to list and trade the Shares under Nasdaq Rule 5735, which governs the listing and trading of Managed Fund Shares on the Exchange. The Fund will be an actively-managed exchange-traded fund (“ETF”). The Shares will be offered by the Trust. 6 The Trust is registered with the Commission as an investment company and has filed a registration statement on Form N–1A (“Registration Statement”) with the Commission. 7 The Fund is a series of the Trust.

ETFi Capital LLC will be the investment adviser (“Adviser”) to the Fund. Tuttle Tactical Management, LLC will be the investment sub-adviser (“Sub-Adviser”) to the Fund. ETF Distributors LLC will be the principal underwriter and distributor of the Fund’s Shares. The Bank of New York Mellon will act as the administrator, accounting agent, custodian, and transfer agent to the Fund. The Exchange states that the Adviser and Sub-Adviser are not registered as broker-dealers but that the Adviser is affiliated with a broker-dealer. 8 In addition, the Exchange states that the Adviser has implemented a fire wall with respect to its broker-dealer affiliate regarding access to information concerning the composition and/or changes to the portfolio, and will be

**Notes:**

subject to procedures designed to prevent the use and dissemination of material non-public information regarding the Fund’s portfolio. In the event (a) the Adviser or the Sub-Adviser becomes newly affiliated with a broker-dealer or registers as a broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, it will implement a fire wall with respect to its relevant personnel and/or such broker-dealer affiliate, if applicable, regarding access to information concerning the composition and/or changes to the portfolio and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio.

The Exchange has made the following representations and statements regarding the Fund.

Investments for the Fund

The Fund’s investment objective will be to seek current income while maintaining a secondary emphasis on long-term capital appreciation and low volatility. The Fund will seek to achieve its investment objective by utilizing a long-only, multi-strategy, tactically-managed exposure to the U.S. equity market. To obtain such exposure, the Sub-Adviser will invest, under normal market conditions, the Fund’s assets in ETFs, exchange-traded notes (“ETNs”), exchange-traded trusts that hold commodities (“ETTs”) (collectively, ETFs, ETNs and ETTs are referred to hereinafter as “exchange-traded products” or “ETPs” 

12) and individually selected U.S. exchange-traded common stocks (when the Sub-Adviser determines that is more efficient or otherwise advantageous to do so), money market funds, U.S. treasuries or money market instruments. The Exchange states that, to the extent that the Fund invests in ETFs or money market funds to gain domestic exposure, the Fund is considered, in part, a “fund of funds.”

Investment Restrictions

• The Fund will not use derivative instruments, including options, swaps, forwards and futures contracts.
• The Fund will not invest in leveraged, inverse, or leveraged inverse ETPs.
• The Fund’s net assets that are invested in exchange-traded equities, including ETPs and common stock, will be invested in instruments that trade in markets that are members of the Intermarket Surveillance Group (“ISG”) or are parties to a comprehensive surveillance sharing agreement with the Exchange.

• The Fund may hold up to an aggregate amount of 15% of its net assets in illiquid securities and other illiquid assets (calculated at the time of investment).
• The Fund does not presently intend to engage in any form of borrowing for investment purposes, and will not be operated as a “leveraged ETP”, i.e., it will not be operated in a manner designed to seek a multiple of the performance of an underlying reference index.

III. Discussion and Commission Findings

After careful review, the Commission finds that the Exchange’s proposal to list and trade the Shares on the Exchange is consistent with Section 11A(a)(1)(C)(iii) of the Exchange Act, which sets forth Congress’ finding that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers and investors of information with respect to quotations and transactions in securities. Quotation and last-sale information for the Shares and any underlying exchange-traded products will be available via Nasdaq proprietary quote and trade services, as well as in accordance with the Unlisted Trading Privileges and the Consolidated Tape Association plans for the Shares.

Price information regarding the ETPs, equity securities, U.S. treasuries, money market instruments and money market funds held by the Fund will be available through the U.S. exchanges trading such assets, in the case of exchange-traded securities, as well as automated quotation systems, published or other public sources, or on-line information services such as Bloomberg or Reuters. Intra-day price information for all assets held by the Fund will also be available through subscription services, such as Bloomberg, Markit and Thomson Reuters, which can be accessed by authorized participants and other investors. Information regarding market price and volume of the Shares will be continually available on a real-time basis throughout the day on brokers’ computer screens and other electronic services. The previous day’s closing price and trading volume information for the Shares will be published daily in the financial section of newspapers.

The Commission also believes that the proposal to list and trade the Shares is reasonably designed to promote fair disclosure of information that may be necessary to price the Shares appropriately and to prevent trading when a reasonable degree of transparency cannot be assured. On each business day, before commencement of trading in Shares in the Regular Market Session on the
Exchange, the Fund will disclose on its Web site the identities and quantities of the portfolio of securities and other assets ("Disclosed Portfolio," as defined in Nasdaq Rule 5735(c)(2)) held by the Fund that will form the basis for the Fund's calculation of NAV at the end of the business day. The Web site information will be publicly available at no charge. The NAV will be determined as of the close of trading (normally 4:00 p.m., E.T.) on each day the NYSE is open for business. The Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time. The Intraday Indicative Value, available on the NASDAQ OMX stock exchange is open for business.

The Exchange represents that it may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund.

The Exchange, make trading in the Shares inadvisable. Trading in the Shares also will be subject to Rule 5735(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted.

The Exchange states that it has a general policy prohibiting the distribution of material, non-public information by its employees. The Exchange states that the Adviser and Sub-Adviser are not registered as broker-dealers, but that the Adviser is affiliated with a broker-dealer. In addition, the Exchange states that the Adviser has implemented a fire wall with respect to its broker-dealer affiliate regarding access to information concerning the composition and/or changes to the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding the Fund's portfolio. In the event (a) the Adviser or the Sub-Adviser becomes newly affiliated with a broker-dealer or registers as a broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, it will implement a fire wall with respect to its relevant personnel and/or such broker-dealer affiliate, if applicable, regarding access to information concerning the composition and/or changes to the portfolio and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio.

FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares and other exchange-traded securities and instruments held by the Fund with other market participants that are members of ISG, and FINRA may obtain trading information regarding trading in the Shares and other exchange-traded securities and instruments held by the Fund from such market participants. In addition, the Exchange may obtain information regarding trading in the Shares and the exchange-traded securities and instruments held by the Fund from markets and other entities that are members of ISG, or with which the Exchange has in place a comprehensive surveillance sharing agreement.

The Commission notes that the Fund and the Shares must comply with the requirements of Nasdaq Rule 5735 to be listed and traded on the Exchange. The Exchange states that it may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund.
