

Hurricane Sandy recovery research to the impacted communities.

DATES: The 2015 Hurricane Sandy Conference: Translating Research into Practice is scheduled on August 10 from 9 a.m. to 4:30 p.m. EST and on August 11 from 9 a.m. to 12:30 p.m. EST.

ADDRESSES: New York University's Kimmel Center for University Life, 60 Washington Square South, New York City, NY 10010. Registration is required for public attendance. Individuals who wish to attend the meeting should complete the registration via www.PHE.gov/Research2Practice.

FOR FURTHER INFORMATION CONTACT: Please contact sciencepreparedness@hhs.gov for additional information.

SUPPLEMENTARY INFORMATION:

Background: Shortly after Hurricane Sandy, ASPR, CDC, and NIEHS each funded a series of two-year research grants and training awards under the Disaster Relief Appropriations Act of 2013 (Pub. L. 113–2) that examine the long-term recovery of health systems, communities, and workers in the area of the country hardest hit by the storm. As the projects near completion, ASPR is hosting a public conference to share the research products and outcomes broadly with the impacted communities and other stakeholders.

Availability of Materials: The meeting agenda and materials will be posted on www.PHE.gov/Research2Practice prior to the meeting.

Registration for the Public Meeting: Information about registration for the meeting is available at www.PHE.gov/Research2Practice.

Dated: May 22, 2015.

Nicole Lurie,

Assistant Secretary for Preparedness and Response.

Proposed Collection; 60-day Comment Request; National Institute of Mental Health Recruitment and Milestone Reporting System (NIMH)

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Institute of Mental Health (NIMH), National Institutes of Health (NIH), will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be

collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

To Submit Comments And For Further Information: To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact: Keisha Shropshire, NIMH Project Clearance Liaison, Science Policy and Evaluation Branch, OSPPC, NIMH, NIH, Neuroscience Center, 6001 Executive Boulevard, MSC 9667, Rockville Pike, Bethesda, MD 20892, or call 301–443–4335 or Email your request, including your address to: nimhprapubliccomments@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

Comment Due Date: Comments received within 60 days of the date of this publication will receive fullest consideration.

Proposed Collection: The National Institute of Mental Health Recruitment Milestone Reporting System (NIMH); REVISION; OMB Control Number 0925–0697. National Institute of Mental Health, National Institutes of Health.

Need and Use of Information Collection: Recruitment Milestone Reporting (RMR) allows NIMH staff to monitor more accurately the required recruitment of participants in NIMH-sponsored clinical trials and other clinical research studies that plan to enroll 150 or more human subjects in a single study. Clinical studies can have difficulty recruiting, and accurate and timely reporting is the best way to ensure proper use of the grant funds. Investigators develop a recruitment plan that includes tri-yearly milestones for recruitment of the total study population, and for recruitment of racial and ethnic minority participants. Once recruitment is scheduled to begin, investigators report actual progress on recruitment milestones three times per year, by April 1, August 1, and December 1. Studies that fail to meet their milestones may be requested to provide interim monthly reports. The primary use of this information is to ensure that realistic recruitment targets are established from the onset of a project, and that these targets are met throughout the course of the research. By ensuring timely recruitment into clinical research studies, NIMH can reduce the need to extend timelines or supplement funds in order to complete the research project, and potentially
