

17A(b)(3)(F) of the Act⁶ requires, among other things, that the rules of a clearing agency are designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions and, in general, to protect investors and the public interest.

The Commission finds that the proposed rule change is consistent with Section 17A of the Act⁷ and the rules thereunder applicable to ICE Clear Europe. The proposed rule change will provide for clearing of the CDX.NA Contracts, which are similar to the index CDS Contracts currently cleared by ICE Clear Europe, in accordance with existing rules and procedures. Specifically, the Commission believes that ICE Clear Europe's proposal to clear the CDX.NA Contracts pursuant to its risk management framework, operational procedures, end-of-day pricing policies, settlement procedures and default management policies (as modified by the proposed rule change) is designed to promote the prompt and accurate clearance and settlement of securities transactions, derivative agreements, contracts, and transactions, and in general, to protect investors and the public interest, consistent with Section 17A(b)(3)(F) of the Act.⁸ The Commission further believes that the clearing of CDX.NA Contracts in accordance with ICE Clear Europe's existing CDS risk policies (including margin and guaranty fund), as modified by the proposed rule change, is reasonably designed to meet the requirements of Rules 17Ad-22(b)(1)-(3)⁹ related to the measurement and management of credit exposures, margin requirements, and the maintenance of sufficient financial resources required for a registered clearing agency acting as a central counterparty for security-based swaps.

Additionally, the Commission believes that the proposed rule change, as it relates to various clarifying and conforming changes with respect to iTraxx Contracts and single name CDS Contracts, is designed to promote the prompt and accurate clearance and settlement of securities transactions and in general, to protect investors and the public interest, consistent with Section 17A(b)(3)(F) of the Act.¹⁰

The Commission therefore finds that the proposed rule change is designed to promote the prompt and accurate

clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions and, in general, to protect investors and the public interest in accordance with Section 17A(b)(3)(F) of the Act.¹¹

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposal is consistent with the requirements of the Act and in particular with the requirements of Section 17A of the Act¹² and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹³ that the proposed rule change (File No. SR-ICEEU-2015-005) be, and hereby is, approved.¹⁴

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁵

Brent J. Fields,

Secretary.
